MAROONS PILE UP POINTS

The Maroons have pulled out the throttle and roared far ahead of the Greys. On August 5, the announcement of the score credited them with 6035 points to 4953 for the Greys. This puts them out in front by 1082, a notable increase over the advantage of 460 points which they boasted the previous Saturday. Achievement Levels, as usual, were the chief source of profit, although a sizable contribution was made by the eight boys who successfully completed their J.L.S. tests for 75 points apiece. Five of them were Maroons and three were Greys.

The Greys could at least claim individual scoring honors, for the highest ranking campers were Greys. S. Licklider, Jr. A, led with 11 levels worth 295 points. He was closely followed by R. Sayer, Jr. B, who had to his credit 9 levels scored at 280, and W. Licklider, Jr. B, with 9 valued at 265 points.

Stunts and Movie Bring Laughs. Hot Piano Gets Warm Response

By F. CAPRA, JUNIOR A

Thursday night, August 3, was stunt night. First on the program was a stunt put on by the Beaver Lodge. This took the form of a shadow operation, in which Dr. Tommy Brydon and Dr. Dick Taylor took everything, from a can of soup to a fishing reel and line, out of the patient, Pete Baldwin.

As the second item on the bill, Frank Harrah offered some hot piano playing. Much applause demanded and received four or five encores, among them *The G. I. Jive*, *The Cow-cow Boogie*, and *Mairzy Doats*.

The final attraction was a very funny sketch, entitled *The Still Alarm*, in which Jerry Staton and Phil Norton starred, ably assisted by Mickey Fisher, Frank Sparrow, Bob Miller.

The amusement program of the week also included the regular Tuesday night movie. The main picture was *Here We Go Again*, which had for its stars Fibber McGee and Molly, and Edgar Bergen and Charlie McCarthy. Many loud laughs testified to the enjoyment of the whole camp.

Double-barreled War Canoe Race Wins Maroons Two Water Meets

During the afternoon of August 5, the Maroons won the water meet by the score of 136½ to 121½. The war canoe race was more important than ever, for not only did it decide the winner of the current contest, but it was also counted a second time as the final event of the unfinished meet of July 26. Thus the Maroons were also credited with a 107-92 victory for the earlier battle.

There follows a list of the winners of first places in the events of the afternoon.

Blueberries Easier to Find Than Trail on Mt. Bald

By COBURN BRITTON, JUNIOR C

The Eagle and Falcon and Panther lodges climbed Mt. Bald on August 2. The rocks were slippery and there was a lot of falling down.

When we got to the top it was very windy and we could see all over. There were lots of blueberries and we picked them for a blueberry pie. It was fun sliding on the rocks.

Going down we got lost and had to wait before we found an old trail and the trail led us out onto the road. Then we walked down the road a ways and Bates picked us up in the truck and took us back to camp.

Kawanhee Veterans See Service From New Guinea to Normandy

The Armed Forces of the United States have claimed most of the men whose names are missing from the Kawanhee roster this summer.

A number of Kawanhee men have been sent far afield. Murray Chism, a first lieutenant in the Adjutant General's Department, is stationed at an air base in British Guiana. Lt. John Marble is at present somewhere in the southwest Pacific. He is a member of the Air Force doing administrative work. He was in Hawaii for many months and only recently was moved on to parts unspecified. Reed Murphy, a Naval Lieutenant, J.G., is in New Guinea. Captain Richard Bittenbender of the Marine Corps has returned to this country after a year and a half spent in the Solomons. He is teaching at Quantico. At least one former counsellor participated in the invasion of Normandy. An Oswego, N. Y., paper carried a story describing a Fourth of July celebration in a recently

Mineralogists Explore Newry, Black Mountain and Perham's

By R. TAYLOR, JUNIOR A

On Thursday, August 3, a group of fourteen boys and three counsellors, Mr. Bateman, Mr. Kiefer and Ted Mixer, went on a mineral trip.

We started out around the lake and drove through Byron Gap. Then we drove further and finally reached Black Mountain. Many good minerals were found here, some of them being lepidolite and tourmaline. We stayed at Black Mountain about an hour and a half, ate lunch on top and started on. We stopped at Andover and then we drove on to Newry. We were fortunate to get to go up to the mine and here we found many tourmalines. We stayed at Newry about an hour. Then we drove for half an hour or so and had supper. After we ate we drove on to Perham's Mineral Shop. Mr. Perham was very nice to us and we stayed there about an hour and a half. We finally left there about eight o'clock and arrived in camp a little after Taps.

Genberg Pitches No-hit Game For Greys. Hardball Revived

On the sunny, hot afternoon of August 3, the Greys defeated the Maroons, 13 to 1, in a hardball game, thereby winning 50 points, to 15 for the losers. Dave Genberg pitched a no-hitter for the Greys. The Maroons scored their only run by a walk, an error and an outfield fly. Besides pitching a no-hit game, Genberg got four singles and a walk, and scored three runs. Kawanhee had not played hardball for many seasons.

liberated fishing village, conducted by Lt. William Weld of the U. S. Navy. It was an event which many old tribesmen would have liked to witness.

Many more Kawanhee men in the Armed Forces are still in training in this country. Ross Chism is in a Provisional Aviation Training Detachment at Cochran Field, Macon, Georgia, and is waiting to be sent to Pre-flight School. Phil Drake received his commission as a second lieutenant in the Army Air Force last April. He is a pilot, flying a Marauder B26 twin-engined bomber. He was stationed at Del Rio, Texas, as lately as the first of July. Frank Henry is also in training with the Army Air Corps, at Decatur, Alabama. Within the month he has made his first solo flight. Pvt. Nolan Kerschner, one of the Aquatics counsellors two summers ago, has completed four weeks of jump training at the Army Paratroop School, Ft. Benning, Georgia. Kingsley Noble is in the Coast Guard, attending the school at New London, Conn. Pvt. Charles Windle is in an anti-tank company of the Infantry, training at Ft. Jackson, S. C.

❁ VARIATION ❁
