

# Camp Kawanhee

The George and Raymond Frank Foundation was created in 1998 to perpetuate Camp Kawanhee. The Foundation now owns and operates Camp Kawanhee as a 501(c)(3) corporation. At the 2002 annual meeting, the Frank Foundation Board of Directors adopted the following mission and values statements:

## Our Mission

The Frank Foundation's mission is to provide boys and young men with experiential educational opportunities designed to encourage self-sufficiency and teamwork and an appreciation of the natural world. Our program consists of a summer session of seven weeks that promotes cooperative living in a safe and nurturing environment. We offer a rustic camp setting on the shores of a pristine lake surrounded by mountains, together with a staff sensitive to the needs of boys and a liberal arts philosophy that has stood the test of time, and yet continues to evolve. It is our hope that members of the Kawanhee community will return to their everyday lives as better, more productive citizens of the world.

## Our Values

### A Caring Community

A network of supportive interpersonal relationships is the foundation for all we do. We show the value we place on succeeding generations by establishing for them an environment of acceptance and belonging and by mentoring in the values of fellowship, mutual respect, and service to others.

### Integrity

We accept personal responsibility for our words and actions. When we give our word, we honor it. We finish what we start. We treat each other directly and fairly. And we build trust in the community of those we serve by delivering on our promise to provide quality in everything we do.

### Freedom Within a Framework

Personal safety is our priority. Within this framework we provide a flexible, open environment rich in self-challenge and self-discovery where all are encouraged to seek, find and gain acceptance for their own personal best. The lessons learned are for life, and we recognize that some of life's best insights and memories come from so-called idle hours spent in ideal settings in the company of close friends.

### Character Development

We do not preach leadership; we practice it. We consciously strive to enhance the self-awareness and self-esteem of all whom we serve. We provide opportunities for the kind of personal growth, leadership development and personal enrichment that come from prudent risk-taking, good sportsmanship and perseverance toward the achievement of a worthy goal.

### Environmental Consciousness

Our programs reflect our belief that to appreciate the natural world one must experience it, directly, personally and authentically. We are committed to fostering a sense of personal responsibility toward the natural world and to taking a hand in preserving our surroundings.

### Financial Stability

Financial stability is our way of securing our traditions in perpetuity. Our financial health provides the freedom and the resources to focus on quality programming, share our offerings with those less fortunate, and protect our pristine setting from possible threat.

# A Message To Parents

George ("G.R.") Frank and his brother Raymond ("R.C.") Frank founded Camp Kawanhee in 1920 as a character building force for boys. Their basic philosophies remain alive as a vital part of Kawanhee's spirit. The Kawanhee mottos "Fun With A Purpose", "Learn To Do By Doing", and "Finish What You Start" still serve today as motivating forces in the lives of Kawanhee campers and counselors.

The Directors of Camp Kawanhee believe that when a youngster starts for camp, three people from his home go to that camp, for just as surely as the boy is there in person, his mother and father are with him in spirit.

At Kawanhee your boy will be comfortably housed with boys his own age in a dry, sanitary cabin.

He will be fed the finest of nourishing foods and in quantities to satisfy the ravenous appetites of growing boys.

At the slightest sign of sickness, he will be under the care of a registered nurse who is in attendance through the

season. Hospitals are within thirty minutes drive of the camp.

Swimming, boating, canoeing, sailing, kayaking, and skiing are all carefully supervised by qualified personnel. No boy is permitted to take out a boat by himself until he has passed the necessary swimming and boating tests, and a beach guard is on duty to supervise boat sign-outs and check-ins.

He will be under the guidance of experienced men. There is one man for every four boys enrolled. A senior and junior counselor are assigned to each lodge. Boys are never left alone at night. One man is always on duty.

He will live for seven weeks in a climate famous for its invigorating air and sunshine, and will return to his home in the fall, healthy, rugged and brown.

Through encouragement to progress in various activities, he will grow in self-reliance, initiative, and perseverance.

If he is timid and shy, or a poor mixer, he will be encouraged in developing a higher degree of confidence as he reaches out to capture new goals of accomplishment.

Hundreds of cases can be cited where a boy's whole attitude and outlook were changed when he found something in which he could excel and in which he won recognition. Such experiences, day after day, build backbone and dependability during the early formative period of boyhood.

With new vision and understanding, he will return to his home in the fall, a boy of courage and bigger powers.

I am Grateful for all the staff did for Royce.  
He is ecstatic in his description of his first camp happening and the people who have taught him in so many activities. He made a wide range of friends and has grown in proficiency in many areas.

I am so proud of Kawanhee and Royce.

Bonnie Birch

*P.S.* A visit to my first "other camp" leads me to confirm Father's belief "there is none better than Kawanhee!"

Chief Kawanhee challenges the campers to live up to their potential throughout their summer experiences. As shadows lengthen and the stars appear, we gather for our camp fires at Council Point. It is here that the heart of camp life glows as boys and men sit before the blazing fire, enjoying their games and stunts, the presentation of awards, and the reading of the Grey and Maroon Camp Score for the week.

# An Ideal Location

Safe, Healthy, and Thrilling for Growing Boys

Camp Kawanhee is located on the east shore of Webb Lake, at Weld, Maine—eighty-five miles north of Portland,—and thirty miles south of the Rangeley Lakes. It has a shore line of woods and sandy beaches. Early legend tells us that Chief Kawanhee and his braves lived here for many generations.

Weld was practically unknown until 1772 when hunters from the southern part of the state explored this section of the country. In passing through this valley, they discovered a pond about six miles long near which they found an old gun and several traps, and on a tree was cut the name of Thomas Webb. This name they gave to the lake. Around 1797, Webb Settlement came into existence. A few years later, the name of the settlement was changed to Weld in honor of Benjamin Weld, one of the first settlers.

The exceptional location of the camp has been pronounced by men qualified to judge camp sites, as one of the finest natural settings for a boys' camp in the country. There

is a protected cove and sandy beach for safe swimming, miles of pines and pointed firs, invigorating air, cool nights, and refreshing sleep. Neither word nor picture can do full justice to its delightful, well-adapted location.

Lake Webb is six miles long and two miles wide, and is completely surrounded by mountains. The water is clear and pure and never too cold for the early morning plunge. It averages between 72 and 78 degrees at the late morning swim period.

The surrounding country is wild and rugged and appeals to the adventurous spirit of growing boys. Just to run, to swim, to follow trails over lofty peaks, to spy on deer and moose as they come to the lake to drink, to investigate beaver dams, to sit by glowing camp fires at night, or lie in a sleeping bag under the stars and listen to strange noises of the deep woods—What a life! Such thrilling experiences make every boy become a bigger, better, and more self-reliant man.

# CAMP MANAGEMENT

In order to best serve the George and Raymond Frank Foundation and Camp Kawanhee, a new management structure and team are in place for 2006.

Mark Standen, President of the Foundation's Board of Directors from 2003 to 2005, has stepped down from the Board to serve as the Foundation's first Executive Director.

Mark's association with Kawanhee began in 1960 as an Eagle-lodger. He spent the next twenty-three summers in various roles, as camper, lodge counselor, wrestling instructor, trip leader and director of activities. Mark received a B.A. from Colby College and a law degree from the University of Maine. He is a former educator and coach and now practices law on the coast of Maine, where he lives with his wife Liz and children, Mary, Jed and Alex. Sons Jed and Alex have attended camp for several summers as campers and counselors. Liz has a degree in early childhood education from Tufts University and is a former educator and school director. Mark will count on Liz's able assistance in his role as Executive Director, which will include oversight of the seven-week camp program, development of new programs to be offered before and after the traditional camp season, camper and staff recruitment, budgeting, strategic planning and alumni relations. Mark enjoys canoeing, hiking and flyfishing in Maine's western mountains.

Mark Standen

Pete St. John, a Kawanhee veteran of eight years, is the new Camp Director. Pete has over thirty years' experience in organized summer camping: as a camper, counselor, administrator and parent. He lives on a farm in Weld with his wife Margot, son Matthew and Newfoundland Walter. A graduate of the Choate School, Pete has a B.A. from the University of Connecticut and an M.A. from the University of Massachusetts, and studied abroad in England, Austria and Germany. For the past nineteen years Pete has been working in secondary teaching and administration in western Maine: at GoodWill Hinckley's Averill High School, Dirigo High School in Dixfield, Madison High School and Mountain Valley High School in Rumford, where he currently teaches English to seniors and advanced placement juniors and chairs the District's Assessment Team. Pete made Kawanhee history and the record books in 2004, when a record thirteen campers under his supervision as Junior Maine Guide Director went to Swan Island for testing and twelve of them passed! A Registered Maine Guide, Pete enjoys hiking and

snowshoeing in the Maine woods. His wife Margot has had a general practice law firm in Wilton for the past several years, and has served as Assistant District Attorney in Franklin County and as an Assistant Attorney General in Augusta.

Walter Estabrook, Director Emeritus, was previously the Managing Director of

Camp Ka-wanhee for 30 years, and is a former camper and counselor at Kawanhee. A graduate of Wesleyan University, Middletown, Connecticut, he served in World War II as overseas Athletic Director of a U.S. Naval Air Base. He has extensive experience in Sales and Purchasing, and following 26 years of service with the Brown Steel Co., Columbus, Ohio, Mr. Estabrook is now retired to devote full time to Camp Kawanhee. His

Pete St. John

vast knowledge of "good camping" has contributed to Kawanhee's enviable reputation as one of the best camps in the New England area.

Jane Estabrook, Director Emeritus, is a graduate of the University of Wisconsin, Stout College, with a major in Home Economics. She has advanced work in Hospitality Management and Food Service. She served several summers as Food Production Supervisor at Kawanhee, and for over thirty years as Kawanhee's bookkeeper.

# Food and Facilities

**W**e want the cook! We want the cook!" This familiar phrase is a frequent cheer in our dining hall, and is our campers way of expressing appreciation for the delicious meals. Our basic philosophy is to plan well balanced menus which are both appetizing and nourishing for healthy, hungry campers. Boys who are fortunate to celebrate a birthday while in camp receive a delicious cake for their table. Sean Minear, our chef, is the Director of Culinary Arts Department at Mt. Blue High School, Farmington, Maine. Everyone in camp thanks Sean and his talented staff for the delicious meals.

Conveniently located near the sleeping lodges are the dining hall, recreation building, wrestling building, nature building, archery supply cabin, a shop large enough to accommodate up to thirty-six boys and four instructors at one time, a scout and campcraft building, rifle and archery ranges, the camp hospital, boat houses, the toilet build-

ing with showers and our camp laundry.

Most of Kawanhee's buildings are of heavy log construction, roomy, rustic, and built to suit our specific needs. The sleeping lodges are nestled among the pines along the shores of the lake. They are safe, comfortable, and free from dampness in rainy weather. Each is equipped with comfortable cots and mattresses, and accommodates from seven to ten boys and two counselors.

A. J. just loves camp and is in hopes to return next year. He talks about getting his paddle and putting all his accomplishments for the summer on it. He seems like he is maturing in a positive direction. Please pass on to all staff that you guys do an excellent job with the organization of camp, your work is very impressive. All boys should have this experience. Thanks again for everything you do!!

# Age Distribution and Level System

Jr. C—7, 8, 9 years, Jr. B—10 and 11 years, Jr. A—12 and 13 years, Senior 14 and 15 years, C.I.T. (Counselor-in-Training)—15 and 16 years.

Physical development and camping experience, along with age, are important factors in determining the proper group for a boy.

Kawanhee's program consists of some 20 activities, and all campers are required to report daily, Monday through Friday, to their four one-hour assigned activity periods. Attendance is compulsory, although participation is not demanded if a boy and his parents request exemption from a certain activity.

During the first three weeks at camp, boys are scheduled to attend all activities to become better acquainted with the entire program, and to develop new interests. Following the three-week introductory period, campers may sign-out from an assigned activity, and resign back into another activity of their choice with the approval of the Program Director.

The Achievement Level is the common unit for evaluating accomplishment at Kawanhee. Progress in each activity is divided into three levels with the first level purposely de-

signed to be quite easy to allow a boy to discover if a particular activity interests him. Levels two and three are progressively more difficult. Each of the several age classifications has a different set of 1-2-3 level requirements, so that a boy's level challenges will match his age group.

The stimulus to complete levels is enhanced through the honors which are presented at the Saturday night campfires. Every boy needs recognition for his achievements, and it is a prized moment in a camper's life when he is asked to rise and stand before the campfire as his name is read for each level completed during the previous week. At this impressive ceremony, lodge groups form a huge circle around the big council fire. There is singing, games, and stunts, the presentation of awards, and the reading of the weekly camp log. Since each camper is a member of either the Maroon or Grey team, there is a tense silence the moment before the weekly team scores are announced—then mighty cheers led by the team captains.

As the embers glow and the stars appear we rise, face the west, and in the stillness of the woods, sing our good night song to the tune of taps.

“Day is gone—gone from the sun—from the lake,  
From the hills, from the sky,  
All is well, safely rest—  
God is nigh”

# A Day at Kawanhee

A typical day (Monday through Friday) at Kawanhee starts with reveille at 7:00 a.m., and then a delicious breakfast following the flag-raising ceremony. Next, all campers share in the clean-up for lodge inspection, for which there is eager competition, as lodges winning seven inspections receive a special treat. Morning activities then follow in two periods—9:00 to 10:00 and 10:00 to 11:00, after which comes morning swim. The noon meal is followed by an hour's rest period—time enough to write a letter home, read, or take a nap. Afternoon activity periods are scheduled for 2:00 to 3:00 and 3:00 to 4:00. Free time 'til supper finds boys having fun with tetherball, fishing, or going to the library to read or play a game of checkers. Supper is at 5:30, and after our meal, boys may go sailing, canoeing, fishing, water skiing, take part in a baseball or softball game, play "capture the flag", or another challenging game. At 7:30 all lodges gather in the Recreation Hall for movies, singing, stories, or camp shows.

On Saturdays special events are scheduled, such as water

meets, track meets, mountain climbs, Little League games, soccer, or tennis matches. Certain activities, such as Shop, are scheduled to permit boys to work on projects. In the evening extra events, such as a talk by a Forest Ranger or a Senior Maine Guide, prove to be educational and fascinating for all hands.

Sundays at Kawanhee are spent quietly. Our religious life is non-sectarian. Lodge groups walk to Council Point, where we assemble on the side of the hill facing beautiful Lake Webb, sing hymns, and listen to an inspirational talk by one of our chaplains or by one of our counselors. Catholic boys are taken to Mass at Dixfield, twelve miles from camp. In the afternoon it is traditional for boys to hike into the town of Weld—they walk in lodge groups with their respective counselors in charge. Also, short mountain trips, sailing, tennis, canoeing, soccer, skiing, and other activities are supervised and open for selection. Six days a week, as well as on Sundays, there is an unobtrusive yet very positive religious influence felt throughout the whole program at Kawanhee.

Andres' enjoyment of this season has been very satisfactory to us. He reports that he has taken on new challenges and has not wasted this precious opportunity. I'm sure he'll remember all his time at Kawanhee, but will probably treasure this summer with special fondness. We deeply appreciate the fine work that the whole staff puts into making these summers important experiences for all campers. We also value the special efforts you have made to help Andres grow and mature. Children are not born with little instruction booklets, so we have to figure them out one by one. Some turn out to be harder to put together than others. We have been especially fortunate to find people like the Kawanhee team who help the make the process a little easier. Thank you all so much.

Jaime and Tata Figueroa, Guaynabo, Puerto Rico

# Sailing

Sailing has long been a major activity at Kawanhee. Many boys who return year after year consider it the most interesting activity in Camp. "Sign-ups" for Sailing are always filled.

The Beginning Sailing Program—the **Novice** and **Crew** ratings—introduces the new sailor to basic safety requirements, common sailing terms and knots and the practical procedures which acquaint him with the thrills of sailing yet to come.

The Intermediate Program—**Bosun** and **Second Mate**—teaches the emergency procedures and responsibilities of the skipper; Sailing Theory and Rules of the Road; and practical procedures including getting under weigh, setting sails, tacking, landing, furling sails, shipshape condition, and basic Racing Procedures.

The Advanced Program—**First Mate** and **Skipper**—challenges a boy with advanced sailing terms, theory, navigation, yacht design, boat maintenance, splicing, sailing traditions,

the proper handling of sloops, and an in-depth study of Racing Rules and Tactics. The coveted **Racing Skipper** award is presented to persons who have demonstrated outstanding skill, service, and performance.

Following several informal practice races, sailors may sign up for the racing program which encourages boys to compete in two types of regattas—Part One, **Team Racing**—Grey and Maroon—Part Two, **Individual Racing**—the final regatta. Any boy earning Second Mate, receives credit for Part One in Basic Sailing. Those earning First Mate, receive credit for Part Two.

Due to popular demand, wind surfers, Sun Fish, and Sail Fish were added to the Kawanhee fleet. An exciting development after camp in 1997 was the complete renovation of the Sea Hawk and the Sea Gull, the two Cape Cod Knockabouts. Under the enthusiastic and talented leadership of sailing directors Scott Barnes and his able assistants Matt Gering, Jeff Ruhle, Alex Sanchez-Navarro, Jon Denby, and Ben Friedlander sailing popularity reached new highs in 2005.

# Tennis

Kawanhee is fortunate to have four clay courts in excellent condition, and according to the New England Tennis Court Company which refurbished these courts in 2005, the courts are among the finest in the entire state of Maine. Because of our top quality courts, and because of the excellent instruction from our coaches, Dan Osar, Doug Mitchell, Carl Barnard, Gavin Cadwallader, and Gonzalo Canas tennis popularity reached new highs in 2005.

# Wrestling

Many boys select wrestling as a part of their daily program. They are trained in small groups. Those who are interested are matched, by weight, in the annual tournament, which is one of the highlights in the athletic program. Our wrestling building is one of the finest in the state with a mat area of 30 by 30 feet. See page 39 for Ribbon Awards.

Coaches Derrick Gilbert, Bobby Michaels, and Storm Horine interjected plenty of skill, interest, and enthusiasm into the wrestling program for 2005.

# Swimming

The Kawanhee cove, with its fine sandy beach and clear sparkling water, is unsurpassed as a safe and ideal setting for every conceivable type of fresh water sport.

During the first day of camp each boy takes a swimming test. Some will do the Lake Swim, a distance of 1/4 mile. Some may swim across the cove, a distance of 100 yards, and some will swim between the docks, a distance of 100 feet. Boys who cannot comfortably swim 100 feet are given daily instruction until they can.

During swim periods, all boys receive instruction geared to their individual swimming ability. The camp uses the American Red Cross Swimming Levels in its swimming program. The morning free swim is at 11:00, and the afternoon swim is at 4:00. If the day has been hot, an evening free swim will be enjoyed by all.

Fully accredited lifeguards are stationed on the docks any time boys are in the water. The buddy system is followed, and no boy is allowed into the water until he has a buddy. Each boy must pass both swimming and boating tests before he is allowed the privilege of using the boats. A Beach Guard is on duty to monitor all boating activities, and to emphasize safety.

Other swimming activities include the popular Ten Mile Swim, where boys swim laps in order to complete ten miles by the end of the summer, and the special Bass Rock Swim, a distance of 3/4 of a mile. The big Aquatic Meet is held on a Saturday afternoon, and is a time when Greys and Maroons compete for honors. There are swimming and boating events, and the competition is keen and exciting.

Kawanhee also conducts Red Cross classes in Basic Rescue and Water Safety (BLS) for boys 11 years and older, and Lifeguard Training (LGT) for boys 15 years and older. Graduates of the LGT class become certified lifeguards, a difficult but worthwhile achievement!

Waterfront Director Peter van den Honert and his excellent staff, Jeremy Street and David Wirth are to be commended for operating a superior waterfront program!

Just a note to thank you first and foremost for the wonderful experience you and your staff at Kawanhee provided our son, Gabriel.

He grew not only physically but also emotionally. He is today a much more mature boy than the one I left in Maine in July.

Thank you again for such an enriching experience and for all your patience and kind words for us "first-timers".

# Boating & Canoeing

There is no activity in camp that surpasses the fun of canoeing on Lake Webb. Before using the canoes, each boy must pass swimming and canoe tests, and win his right to a paddle.

The camp furnishes paddles for each canoe but not for each individual boy. Those who prefer to have one of their own—with symbols of accomplishment painted on the blade, may purchase it, at cost, at the boathouse.

To win his "C", a boy must swim the Cove, one-eighth mile. If he swims the lake in front of the camp, one-quarter mile, he receives a grey and maroon bar painted at the top of the blade. After passing the advanced canoe test, two bars are added at the bottom. Basic Life Savers 12 to 16 yrs. of age, receive a B.L.S., between the top and bottom bars. Advanced Life

Congratulations to Director Ed Watson and his talented staff, Frank Cook and Ryan Albert, for a highly successful season!

## War Canoes on Lake Webb

The grand finale of every Water Meet at Kawanhee is the exciting Maroon-Grey War Canoe Race!

I just want to tell you how grateful I am for your help in making Kawanhee happen for Matt this year, and for your watchful eyes over him this summer. He had, without a doubt, the most wonderful summer of his life. Kawanhee was everything you told us it would be, and more.

# Kayaking

## KAYAKING CAPTURES KAWANHEE'S IMAGINATION

For over ten years, Kawanhee kayakers have graced our cove with their powerful forward strokes, elegant sweep strokes, and amazing Eskimo rolls. We are constantly updating the equipment in the kayak department, so the boys can experience many different types of whitewater kayaks. We have several models from top North American manufacturers like Perception, Dagger, and even the cutting edge designs of Riot Kayaks!

For 2005, our Kayak Department was headed by Rob Connelly and Ed Watson, who were ably assisted by Ben Connelly and David Ruhle. Basic instruction includes prepa-

ration of the boat for use, forwards stroke, sweep strokes, and the important wet exit (safely exiting a capsized boat). Intermediate skills consist of Eskimo rescue, sculling, slap braces, and proper boat lean. More advanced paddlers are able to learn the Eskimo roll (righting one's boat after it has capsized).

The Kayak Department plans voluntary excursions to class II and III rivers to boys who are qualified. They teach such basic river skills as ferrying, eddy turns, playing in mild to moderate rapids, and basic safety.

# Water Skiing

## A LITTLE ROUGH - BUT THRILLING

Kawanhee's 16 ft. ski boat with its 88 h.p. motor makes for thrilling experiences for all age skiers. Our instructors have had several summers experience, and patiently encourage the new learners. All skiers must wear life belts. The campers themselves voted skiing one of the most popular activities in camp. Thanks to leaders Eduardo Saldana, Peter Sengelmann, and Cory Keny for a great season.

# Archery

Many a boy has at one time or another dreamed of shooting a bow. At Kawanhee, those dreams become reality at the Archery Range, where boys receive expert instruction in the use of recurve bows. There is a bow for every age level and degree of strength, and each bow is equipped with a sight to help the camper achieve a high degree of success.

At Kawanhee boys are given the opportunity to earn Camp Archery Association medals, and National Archery Association patches, in addition to the prestigious Kawanhee Robin Hood awards. Campers are also given the opportunity to shoot competitively in tournaments both at Kawanhee and with other camps. Kawanhee has achieved impressive results in tournaments, and has placed second in the state of Maine for the past two years. As a result, Archery continues to be one of the most popular activities in camp.

Under the regulations of the National Camp Archery Association, the following medals are awarded at the Saturday night Camp Fires.

# Riflery

**R**ange Directors Betty Simanek, Mary Birch, and Bonnie Birch put in many extra hours at our rifle range to accommodate all of the eager marksmen. During the 2005 Season, over thirty thousand rounds of ammunition were shot. Every boy learns the correct and safe way to handle a gun. The camp furnishes guns although several boys prefer to bring their own to camp. Under the auspices of the National Rifle Association, boys shoot for the following medals, and the awards are presented at the Saturday night Camp Fires:

# Kawanhee Shop

Craftsmen of 2005

Our shop is one of the busiest activities in camp with at least two Industrial Arts teachers and two assistants working full time with the campers. Between fifty and seventy-five project choices are on display from which campers may make a selection. Some of the more popular projects include: 15 and 27 inch sailboats, small replica paddles, airplanes, boats, cars, trucks, inlaid and slab tables, wood carvings, bird houses and feeders; also choices in metal working and plaster.

There's never a dull moment in the shop where our philosophy is "learn by doing" and "finish what you start," which encourages RESPONSIBILITY, known in the shop as "THE BIG R". Director of Shop Brian Birch was very ably assisted by Linda Fairbanks, Brandon Jiaconia, Jane Estabrook, Kirk Neiswander, and Scott Ackers.

# Ropes Course

**K**awanhee's Challenge Course, which encompasses a 40 foot climbing tower and multiple high and low elements, was constructed by Project Adventure before the 2000 camp season. The course is a model of experiential learning that involves participants in a variety of group and individual activities aimed at developing group trust, problem-solving skills, and cooperation within a team.

In addition, it provides individuals with opportunities that focus on personal challenge and constructive risk taking as ways to build a healthy self-concept. An integral component of the program is the "Challenge By Choice" concept which empowers participants to make decisions that are correct for them while utilizing this completely safe environment with trained professional leaders.

Director Kris Simanek and her talented staff of Tim Walsh, Will Dargusch, and Paul Bonasera brought tremendous instruction and contagious enthusiasm for this fourth season out at Ropes!

# Learning From Nature

**K**awanhee is unusually rich in natural beauty, with plant and animal life in abundance. "Learning by doing" is the Kawanhee way and nowhere in camp is this more observed than in the Nature department. Acquaintance with wild life is gained by caring for pets in the camp, pursuing birds on trips afield, and observation of the beaver colony a short distance from the camp.

Overnight trips are made occasions for study of the stars, simplified by the "stellarium" in the Nature Museum which flashes familiar constellations later to be identified under the open sky.

Microscopic observations, study of ferns and fungi, moth and butterfly propagation, nature photography and other fields of original research voluntarily chosen, are open to boys who wish to become "Naturalists," the highest honor the department confers. Such activities aim to quicken appreciation, awaken interests and develop resources which will in many cases continue throughout the boy's life.

**MINERAL MINING TRIPS**—A splendid collection of minerals was mined at Newry, where the boys go to add to their rock collections. Each specimen was identified, carefully labeled and placed in a mineral box. Every boy has the thrill of finding beautiful green tourmalines and clear quartz crystals. The more fortunate may emerge with pieces of beryl, rose and smoky quartz, green, black, and pink tourmaline, or even amethyst.

**THE LAPIDARY SHOP**—The strange fascination that rocks and minerals possess for many boys is given added stimulus by the lapidary equipment which is a part of the Nature Department's expanding interest in geology and mineralogy. The equipment consists of diamond saws for slicing or cutting, horizontal metal disks for rough grinding, and a series of wood and metal wheels for polishing. Special thanks to Nature Directors Dotty Jones Estabrook, Jody Barnard, Mike Altmaier, and Rebecca Altmaier for conducting such a popular program in 2005!

Nature has a new dimension now with the addition of two pottery wheels and boys of all ages have shown great interest in making things using clay. Lots of artistic talent has been displayed!

# Arts

Art Staff  
L to R: Andrew Bourassa, Ted Simanek.

The independent Visual Arts Center was established in 2002 to offer the best possible creative opportunities for our campers. This past summer Director Ted Simanek, and his able assistant Andy Bourassa were able to offer a wide range of projects in a variety of mediums, and the outcome was nothing short of wonderful.

I want to express my gratitude again for allowing Robbie to have such an incredible experience this summer. He was able to learn so many new things and had such a great time doing it. He really came home a different person. All of the lessons he was taught at Kawanhee have stuck with him and he is definitely a more mature and responsible young man! He constantly talks about Kawanhee and his many experiences there. He cannot wait to go back and he has already decided he will one day be a counselor at Kawanhee.

# The Junior C Program

For Boys 7, 8 and 9 Years of Age

Many parents who appreciate the value of mature leadership for their younger boys are enrolling them at Kawanhee. Perhaps at no other age does camp offer more glamour and appeal. The days are never quite long enough. They learn to live and play happily with boys their own age, develop self-confidence, resourcefulness, and a spirit of comradeship.

For the coming season there will be hours to play on the sandy beach and grow strong in the mountain air and sunshine; time to sail small boats and fly toy airplanes; to explore fields and woods under trained leaders and learn many of Nature's wonders. In the shop, they will enjoy boat building, metal and leather work.

Each boy will learn to fish, swim and row. Some will even swim the one-eighth mile across the cove, and the one-quarter mile across the lake, and receive the coveted paddle and use of canoes in the cove. Best fun of all will be trips to the nearby mountains, or rowing across the lake to sleep in an Adirondack lean-to and cooking over an open fire. Baseball, tennis, archery, range and

skiing will be carefully taught under supervision.

Throughout the entire program the importance of adequate rest is emphasized. A quiet hour from 1:00 to 2:00 precedes the afternoon activities. Taps is at 9:00.

## Message to Campers

Dear Campers,

Happy Birthday! It's your day! Birthdays are filled with presents, friends, games, fun, cake and great food. What could be better? How about 49 straight days of birthdays? Hard to believe? Spending the summer at Camp Kawanhee is like having your birthday for 49 days in a row. It's true!

Every day there are big presents and little presents for you to open. Greeting old buddies and making new friends is just the first day. There are mountains to climb, campfires to build, sunsets to photograph, home runs to hit, baskets to shoot, quivers to fill, rifles to load, and brownies to gulp. You just need to imagine the wrapping paper, bows, and ribbons on friends, the mountains, campfires, sunsets, home runs, baskets, quivers, rifles, and brownies! Just like your own birthday party, you get to do these exciting events with friends!

Your party can begin at 7:00 A.M. in the morning with Polar Bear swim and song and go all the way until 9:00 P.M. at night when you settle down in your lodge, or on the beach or on a mountain. But don't forget to unwrap your little presents. You'll be treated to hearing loons call to one another on the lake, seeing the humming birds flit by the feeders at the kitchen bakery, splashing from the high dive, smelling the pine trees, and drinking ice cold mountain water. Be sure to listen to the camp score given on the Saturday night campfire. Be sure to cheer loudly for the cook after a great meal. Be sure to pack a party hat because Camp Kawanhee will provide everything else for your 49 day birthday party! Call or write soon to R.S.V.P. so you won't miss the fun. See you there!

Love,  
Your Camp Mother

*P.S.* If your own birthday is during camp season you will have a big birthday cake and be tossed in the lake!

Seth had the best year he's had at camp, I believe. I just wanted to tell you how much he liked his counselors this year, especially his senior counselor. He tried things this year, such as waterskiing, that he didn't have the confidence to do prior to. I want to thank you and the entire staff for your guidance, kindness, and support you have given him the last three years. You all have changed his life and I, as a single mom, thank you so much.

# Campcraft—Junior Maine Guide

**T**HE CAMPCRAFT program appeals to boys who enjoy the fun of camping out. Preparation for trips is an important part of the program—learning the safety rules in cooking over an open fire—how to make rainproof shelters and comfortable bough beds—how to make and follow trails through the deep woods—how to fish, and the best bait to use. For the 2005 season, Campcraft was very ably guided by Directors James Chagaris, Sam Morris, Alex Nering, Corey Connor, and Luke Morris.

**THE JUNIOR MAINE GUIDE** program is of special interest to boys 14 yrs. and older. Under the coaching Counselors in the Campcraft Dept., they train in July before leaving for the testing area at Swan Island—about 70 miles from camp. They must select and develop their own campsite in virgin wilderness, where they remain for the four-day testing period.

**BOYS FROM 12 to 15 camps** compete each year. Candidates must pass the requirements in twenty separate tests, including use of the axe—canoeing and canoe repairing—wet-

dry fire building—topographical mapping—personal shelters—reading and following the compass, first aid, and cooking. Winning this coveted award is an accomplishment of which any boy may well be proud. Usually, two summers of preparation for J.M.G. are needed. Congratulations to the 3 young men who successfully completed the very difficult J.M.G. course, and special thanks to their coach, Pete St. John, and the entire campcraft staff.

# TRIP PROGRAM

From the days of Henry Thoreau, Maine has been one of the most favored regions for camping in the country. With its great stretches of unspoiled forests, its thousands of clear, sparkling lakes, its fine fishing and lofty mountains, it's the perfect answer to a boy who yearns for the opportunity to explore, to hike in the woods, to spy on God's creatures in the great out-of-doors. Every boy is invited to participate in Kawanhee's Tripping Program, and practically all campers are eager to accept the exciting challenges.

Mountain Men

L to R: Staff Aaron Krouse, Gaston Chassin de Kergommeaux, Spencer Branch, Dan Alexander, Ryan Erf, Juan de la Lastra, Brian Bucket.

## Survival Trips Mountain Man Program

This club was started in '93. Four boys demonstrated great interest in trips in 2005 and completed a number of requirements ranging from knots to outdoor knowledge, making them the first "Kawanhee Mountain Men". 150 team points are also awarded to each Mountain Man.

In 1994 a second level was added, Mountain Man II. Available only to those who are already Mountain Men, this rigorous achievement, worth 250 team points, was reached by only 2 boys in 2005.

In 1995 there was a 3rd and final level added to the Kawanhee Mountain Man Club.

## Wilderness Trips

In the summer of 2005 about 30 boys participated in one of the several "Wilderness Survival" classes taught by Trip Director Dan Webster. During these 1/2 day classes, boys learned how to help ensure their own survival in an emergency situation by learning to: always alert people of their whereabouts and return time, to S.T.O.P. when unsure of their surroundings (ask your boy if he knows what S.T.O.P. stands for), how to purify water, the international distress signal, and how to build a survival shelter. Upon his return home from Kawanhee your boy may begin putting together his own "survival kit" to keep handy at all times.

## Shore Trips

### Monhegan Island Trip

The three-day trip to Monhegan, for boys 10 years of age and older, has been so popular it has been necessary to schedule two trips each summer.

Monhegan is twelve miles out from the mainland at Port Clyde, and abounds in history, romance and new adventure. Captain John Smith landed here in 1610.

We plan to visit Cathedral Woods, the Boars Head, the sea-going tug that went aground in '42, and also enjoy deep-sea fishing.

#### The "Laura B"

We leave Port Clyde on the "Laura B". She's a trim little craft, and seaworthy in every respect. She is 60 feet in length, has two 225 H.P. diesel engines, automatic steerer, radio compass, depth recorder, radar, and radio telephone. Captain James Barstow, a skillful skipper with many years experience is in charge. He likes boys and boys like him. When it's not too rough, he lets them stand by him at the wheel.

#### Deep-Sea Fishing

There's fun, thrills and good fishing at Monhegan. You never know what the catch will be—cod, pollock, haddock, mackerel, or maybe a tuna. All equipment is furnished by the skipper, including necessary bait.

For those boys who prefer to remain on the island and work with some of the local artists, arrangements have been made for the 2006 Monhegan trip to offer this alternative if boys wish to do water colors and receive art instruction instead of joining the deep-sea fishermen.

## Whitewater Rafting Trip

In 2005 for the twenty-third time, Camp Kawanhee offered boys who are excellent swimmers and 12 or over in age the opportunity to participate in a whitewater rafting trip down the Kennebec River. Tripping Counselors Dan Webster, Alan Spencer, Aaron Krouse, Brian Buckett, and Juan de la Lastra headed up a group of 40 older campers. They reported spectacular scenery, a hearty steak lunch, and tons of whitewater. They all got a taste of big water and tremendous waves. Professional whitewater personnel accompanied and guided the group. This trip will be scheduled again in 2006 only with special permission from parents. It is an extra charge one-day trip.

## Mountain Trips

Good Training For Football

### Tumbledown Mountain

Across from camp, at the end of the lake, rise the peaks of Tumbledown, the Jacksons, West, and white-topped Blueberry. There's always a thrill on Tumbledown, from a crawl through "Fat Man's Misery", and the "Lemon Squeeze", to curling up in a sleeping bag near the summit on a moonlight night.

### Mt. Katahdin Trip

There is no trip in New England that surpasses the one to Mt. Katahdin, Maine's highest mountain, and declared by experienced mountain climbers *the most spectacular and beautiful elevation east of the Rockies*. Thrusting its spruce-clad slopes and rocky summit a mile into the clouds, this giant of the East is the first spot in the United States to greet the morning sun. Katahdin is a four-day trip.

### Mt. Blue

A short distance from camp—and easily climbed over a trail one and one-half miles in length.

### Bald Mountain

This is a favorite trip for many of the younger boys in camp—especially those who wish to "train" for the more difficult climbs later in the season.

# Kawanhee's Flyfishing School

The state of Maine is a fisherman's paradise, and Camp Kawanhee enjoys the good fortune of being situated within striking distance of some of the best of Maine's flyfishing waters. The Kennebec, Androscoggin and Kennebago Rivers, Upper and Middle Dams are among the fabled flowages where Kawanhees have cast a fly. The mystique of the Rangeley region, and the challenges and aesthetics of flyfishing have held an appeal for many Kawanhee boys over the years; in fact, interest of flyfishing has been on the rise.

We have been offering since the 1998 season our own flyfishing school, where novice and intermediate flyfishers can develop and refine the many skills involved in this challenging pursuit. The school is a structured, comprehensive curriculum, with small groups meeting at regular intervals throughout the season. Boys who choose to participate will receive approximately 15 hours of instruction in groups no larger than six, with the program culminating in a trip to one of the region's better trout and salmon rivers. Topics covered will include: flycasting, tackle and accessories, knots, wading, river ecology, stream entomology, flytying and angling ethics. Campers will be able to hone their skills in pursuit of the bass, perch, and pickerel that thrive in Webb Lake, enticing the fish with flies they have tied themselves. A dozen boys completed the school in 2005.

Involvement in Kawanhee's flyfishing school entails a commitment of time and the diligent practice of a variety of skills; a camper who attains even the most basic proficiency has accomplished much. In recognition of this, a boy who completes the school will have a "Black Ghost" streamer fly painted on his paddle. The addition of this famous Rangeley fly signifies commitment, learning, and a demonstrated proficiency in a number of skill areas.

John Bell, a Kawanhee veteran of 27 seasons, will be conducting the school. John was a

sales associate with the L. L. Bean Flyfishing Department in Freeport for the past 14 years, and models his school closely after Bean's highly effective curriculum.

Note to Parents: Camp furnishes all equipment for school instruction and for the fishing trip to Rangeley. John would be happy to advise any camper before or during the camp season regarding the purchase of his own fly outfit. L.L. Bean has an excellent value in an introductory level outfit at around \$100.00. Other reputable companies, such as Orvis, Martin, or South Bend, also have beginner outfits at a similar or more modest price level.

# FREE TIME

Relaxation and change of pace from our busy Kawanhee schedule is a part of our program for all campers. There are many options for a boy to choose. He may decide upon fishing some evening and pull in a couple dozen white perch for his efforts and assure himself and friends of an extra delicious breakfast. Our Fishing Counselor is ready to offer help to any boy wanting to learn angler secrets.

Perhaps a boy may elect to check the library & take out a book, or challenge a buddy to a game of pingpong, chess or checkers. If he's ready for more physical activity, he'll enter into one of the frisbee, tetherball, or volleyball games invariably in progress. Get-up games of softball also are popular. Maybe just a stroll through camp with a friend will do the trick.

## The J.C. Program

Pete St. John, an experienced teacher and administrator with a Master's Degree in education, was the Director of the J.C. (Junior Counselor) Program. Each Junior Counselor

Pete St. John

was assigned to assist in an activity for which he had previously revealed special talents in both performing and teaching that activity. A second responsibility for each J.C. was to assist the Senior Counselor while living in a lodge group for the entire 7-week period. Pete met weekly with the J.C. young men to answer any questions they might have, and to present guidelines to help them achieve maximum success in their assignment as Junior Counselors.

## The C.I.T. Program

Kawanhee is fortunate to have many former campers who have elected to become counselors, and each season we promote several young men to Senior Counselor status after they have successfully completed both the C.I.T. (Counselor-In-Training) program, and the additional challenge of serving as a J.C. (Junior Counselor). In 2005 the primary emphasis of the C.I.T. training was to focus on learning how to teach others, and how to improve communication skills. These valuable experiences provide each participant with the necessary tools to apply not only in a camp environment, but in situations throughout life. Ed Watson closely monitored the progress of the C.I.T. group to provide the needed guidance and direction.

# “A Traditional Maroon and Grey Tug of War”

## The Greys and Maroons

Much of the fun and enthusiasm at Kawanhee revolves around the Greys and Maroons—the two competing teams in camp. Every boy enrolled is included on one of the teams and endeavors to win as many points as possible for his team.

The interest and excitement increases as both groups gather for the Saturday night camp fires. The names of those who have won special medals and passed achievement levels during the week are read. Then the big moment arrives. The score is announced.

In 2005 the race was very close until the final week of camp when the Greys jumped ahead. No one really knew the outcome until Scorekeeper “B.A.” Altmaier announced the final tally of 57,797 for the Maroons and 57,608 for the Greys. The most important factor was not the final official score, but it was the spirit, the fun, and how much both teams learned throughout the season.

L to R: David Wirth, Captain of the Greys, and Alex Sanchez-Navarro, Captain of the Maroons.

## Special Information

**Camp Program**—The complete program as outlined in this Booklet, will be followed insofar as it is physically possible. However, emergencies arising beyond our control may necessitate minor changes.

**Visiting Days for Parents**—After the first week, parents are invited to visit camp at any time with the exception of the daily rest period, from 1:00 to 2:00 o'clock. Those vacationing at the Inn may attend the Water Sports program, Athletic Meets, Camp Shows, Camp Fires, Camp Movies and the Sunday Church Services.

**The Mail—Telephone and Telegraph Address**—Camp Kawanhee, 58 Kawanhee Lane, Weld, Maine 04285-9722—Phone 207-585-2210, FAX 207-585-2620, Infirmary Phone 207-585-2585.

**Trip Schedule to Camp—Sunday, June 25th**—Boys from the Columbus area will fly to Portland, Maine, and then bus to camp. Boys from the New York City - New Jersey area will also fly to Portland, Maine, June 25th and meet with the Ohio and other groups for the drive by bus into camp. All travel groups will meet for supper in camp.

**Letters Home**—Each boy must write a letter home each Sunday. No letter, no supper, is understood by every boy in camp.

**Girls' Camps**—Over the past few years, many Camp Kawanhee families have been well pleased with the camp experiences of their daughters at Camp Arcadia, Casco,

Maine. If interested for your daughter, please write directly to Mrs. Ann Fritts, Pleasantville Road, New Vernon, N.J. 07976 (973-538-5409), and mention that your son is enrolled at Camp Kawanhee. We also recommend Camp Runoia at Belgrade Lakes, ME 04918. Contact Pam Cobb at 207-495-2228.

## Kawanhee Inn for Parents

One-half Mile From Boys' Camp

Excellent accommodations are provided at **Kawanhee Inn** for parents who wish to visit their boys in camp. Many parents drive their boys to camp and remain to enjoy the cool refreshing air of early July weather. Others arrive by the middle of July, or a week early in August, and drive their boys home at the close of camp August 13th.

**INFORMAL, FRIENDLY AND INVITING**—The atmosphere is relaxed and casual dress is appropriate for a restful vacation.

**RECREATION**—There's good fishing, a sandy beach for safe swimming, tennis, boating, canoeing, sailing, mountain climbing, antiques and a fine golf course only 20 minutes drive from the Inn.

**THE INN OPENS** Mid-June and closes Labor Day. Efficiency cabins are also available at a weekly rate. Boats and outboard motors may be rented by the day, week, or season. Those desiring detailed information should contact Inn management in Maine, phone 207-585-2000 from 9:00 a.m. to 5:00 p.m. weekdays.

One mile from camp, the **LAKE WEBB HOUSE** Bed & Breakfast offers comfortable "country-casual" accommodations and full country breakfasts. For more information and reservations call Fred and Cheryl England at 207-585-2479 or write The Lake Webb House B & B, P.O. Box 127, Rt. 142, Weld, ME 04285.

Also available are Cottages on Webb Lake. Sandy beach, canoeing, hiking, sleeps up to 6 people. Come rest and relax with us! Openings June, August, September. Call Starr and Loney Jones, November through April at 941-294-9921 and May through October at 207-585-2581.

Available also are Williams Cottages on the beautiful sandy beach right by Kawanhee which rent by the week. Call Theta or Richard Fairbanks at 207-585-2484.

# Three Ways To Give Back To Kawanhee

*Eighty-five years ago*, two visionary young teachers dared to dream of a place where boys could become young men. George and Raymond Frank envisioned a camp where boys would be challenged every day to excel and to try something new in the rich setting of Western Maine. The dream was passed along to the Estabrooks whose extraordinary stewardship nurtured that vision until the Frank Foundation was formed to own and operate Camp Kawanhee and carry the legacy into the future. The purpose of the Frank Foundation, an IRS approved public charity, is to ensure that the traditions and mission of Camp Kawanhee last forever. The Foundation seeks to provide every necessary resource for the staff to grow boys into men, but success depends on the support of all campers, staff, alumni and friends of Kawanhee. If you've seen the value of a Kawanhee summer in your life or in the life of someone you know, you can give back to Kawanhee and share the Kawanhee experience with future campers by supporting the George and Raymond Frank Foundation with your financial donations. There are three tangible ways you can help the Frank Foundation continue the legacy left by the Franks, the Estabrooks and the many strong leaders who have helped to shape Camp Kawanhee throughout its 85-year history.

## **1. The Annual Campaign**

In every Wigwam and the annual catalog, a remittance envelope is provided for you to send a donation toward the annual campaign. These gifts support ongoing programs, pay for small capital purchases and help to keep tuition in line. Annual gifts are a vital factor in keeping our equipment up-to-date and our leaders properly compensated. To support Kawanhee in this way, make your check payable to and mail to George and Raymond Frank Foundation, P.O. Box 789, Yarmouth, Maine 04096. Your gift will be tax deductible.

## **2. A Capital Campaign**

From time to time, special circumstances call for extraordinary efforts, Right now, the Kawanhee community has the remarkable opportunity to secure camp's pristine cove environment by purchasing the land across the lake including Skookamee Beach. Believing this to be a once-in-a-lifetime opportunity, the Frank Foundation Board of Directors contracted to purchase this irreplaceable asset and now invites everyone in the Kawanhee family to make a special gift to pay for this land. You will soon receive a letter outlining this campaign and asking for your support. To pitch in right now, you may use the enclosed remittance envelope, make your check payable to George and Raymond Frank Foundation, mark "Skookamee" on the memo line of your check, and mail your check to George and Raymond Frank Foundation, P.O. Box 789, Yarmouth, Maine 04096. Your gift will be tax deductible.

## **3. Legacy Giving**

Among the most valuable gifts the George and Raymond Frank Foundation can receive are those directed to us as part of careful and thoughtful estate planning. These generous gifts honor the leaders who have guided Kawanhee as a character building force for over eighty years and ensure that the Frank Foundation can continue that legacy into the future. A pamphlet regarding this sort of gift is in the works now. To indicate your intention to include the Frank Foundation in your estate plans, please check the appropriate box on the enclosed remittance envelope or send a note to George and Raymond Frank Foundation, P.O. Box 789, Yarmouth, Maine 04096.

## Travel, Clothing and Equipment Information

### GENERAL DIRECTIONS

**Personal Outfit**—No expensive special uniform is required. Clothing which a boy would customarily wear at home during the summer proves quite satisfactory. **For general daily wear, each boy should be equipped with the following:**

- 7 Cotton "T" Shirts
- 5 Pairs Athletic Shorts
- 3 Pairs Bluejeans or Khaki Pants

**Mark all clothes, including shoes, sandals, phone cards, cameras, tennis racquets, baseball gloves, flashlights, etc., with woven name tapes or with a good grade of indelible ink.** (Unclaimed clothing is given to local charity at end of summer.)

**Shipping Baggage**—Information will be mailed during May relative to shipping trunks and duffel bags to camp via U.P.S. (United Parcel Service).

**Trunks, Foot Lockers, or Rubbermaid Trunks**, not over 14 inches high are preferred. They are kept near or under cots. List the contents and post on inside of lid.

**Two Trunk Keys** should be provided—one to be retained by the boy and the other tagged with his name and mailed to the camp or handed to the supervising counselor at the airport on the day of departure.

**ABSOLUTELY NO STEREOS ALLOWED. (Discman is permitted.)**

# CAMP KAWANHEE -2006

Season - 06/25/06 to 08/13/06

Application Fee \$350.00

I wish to enter my son in CAMP KAWANHEE for the season of 2006. Enclosed find the application fee of \$350.00.

In case of dismissal when deemed necessary in the interest of the camp, or departure, on account of voluntary withdrawal, there will be no refund of camp fees for the time reserved. If, however, unforeseen circumstances, such as sickness or accident, make it necessary for a camper to withdraw entirely from camp before the expiration of the term for which he is enrolled, one half of the unused camp tuition will be refunded. There will be no reduction for slight delays in entrance or slightly early departure.

### ADVANCE APPLICATION:

Application received by November 30, 2005 will have a \$100.00 Advance Application Credit applied to the account. Tuition is payable in two equal installments due on March 31st and May 31st.
