

CAMP KAWANHEE *for Boys*

FOREWORD

 HE purpose of this booklet is to give a comprehensive and fair idea of what CAMP KAWANHEE offers a boy. A visit at camp will convince you that we have not over-stated its advantages.

Men who have devoted their lives to education and training of boys and who have studied the problems of camp life for years are giving their most earnest efforts to make Kawanhee the best possible place for a boy to spend his summer.

From the days of "Thoreau," Maine has been one of the most favored regions for camping in the country. With its great stretches of unspoiled forests, its thousands of clear, sparkling lakes, its fine fishing and lofty mountains, it has become, indeed, the "Playground of the Nation."

The Camp is entirely free from hay fever and asthma.

Camp Fire Group at Council Rock

As the shadows lengthen and the stars appear, we gather for our camp fire at Council Rock. It is here that the heart of camp life glows as boys and men sit before the blazing fire, enjoy their games and stunts and the thrilling stories by Dean Miller.

(Two)

A MESSAGE TO PARENTS

THE Directors of Camp Kawanhee believe that when a youngster starts for camp, three people from his home go to that camp, for just as surely as the boy is there in person, his mother and father are with him in spirit. To the parents we want to say that:

At Kawanhee your boy will be comfortably housed with boys his own age in a dry sanitary cabin.

He will sleep in his own individual cot and will never be left alone at night. A counselor assigned to each cabin will always be on duty.

He will be fed the finest of nourishing food and in quantities to satisfy the ravenous appetites of growing boys.

At the slightest sign of sickness he will be under the care of two graduate nurses who are in attendance throughout the season. Three reputable physicians are within twenty minutes drive of the camp.

He will never be in the water except at the scheduled swim periods and always under the direction of skillful instructors. A beach guard is on duty throughout the day.

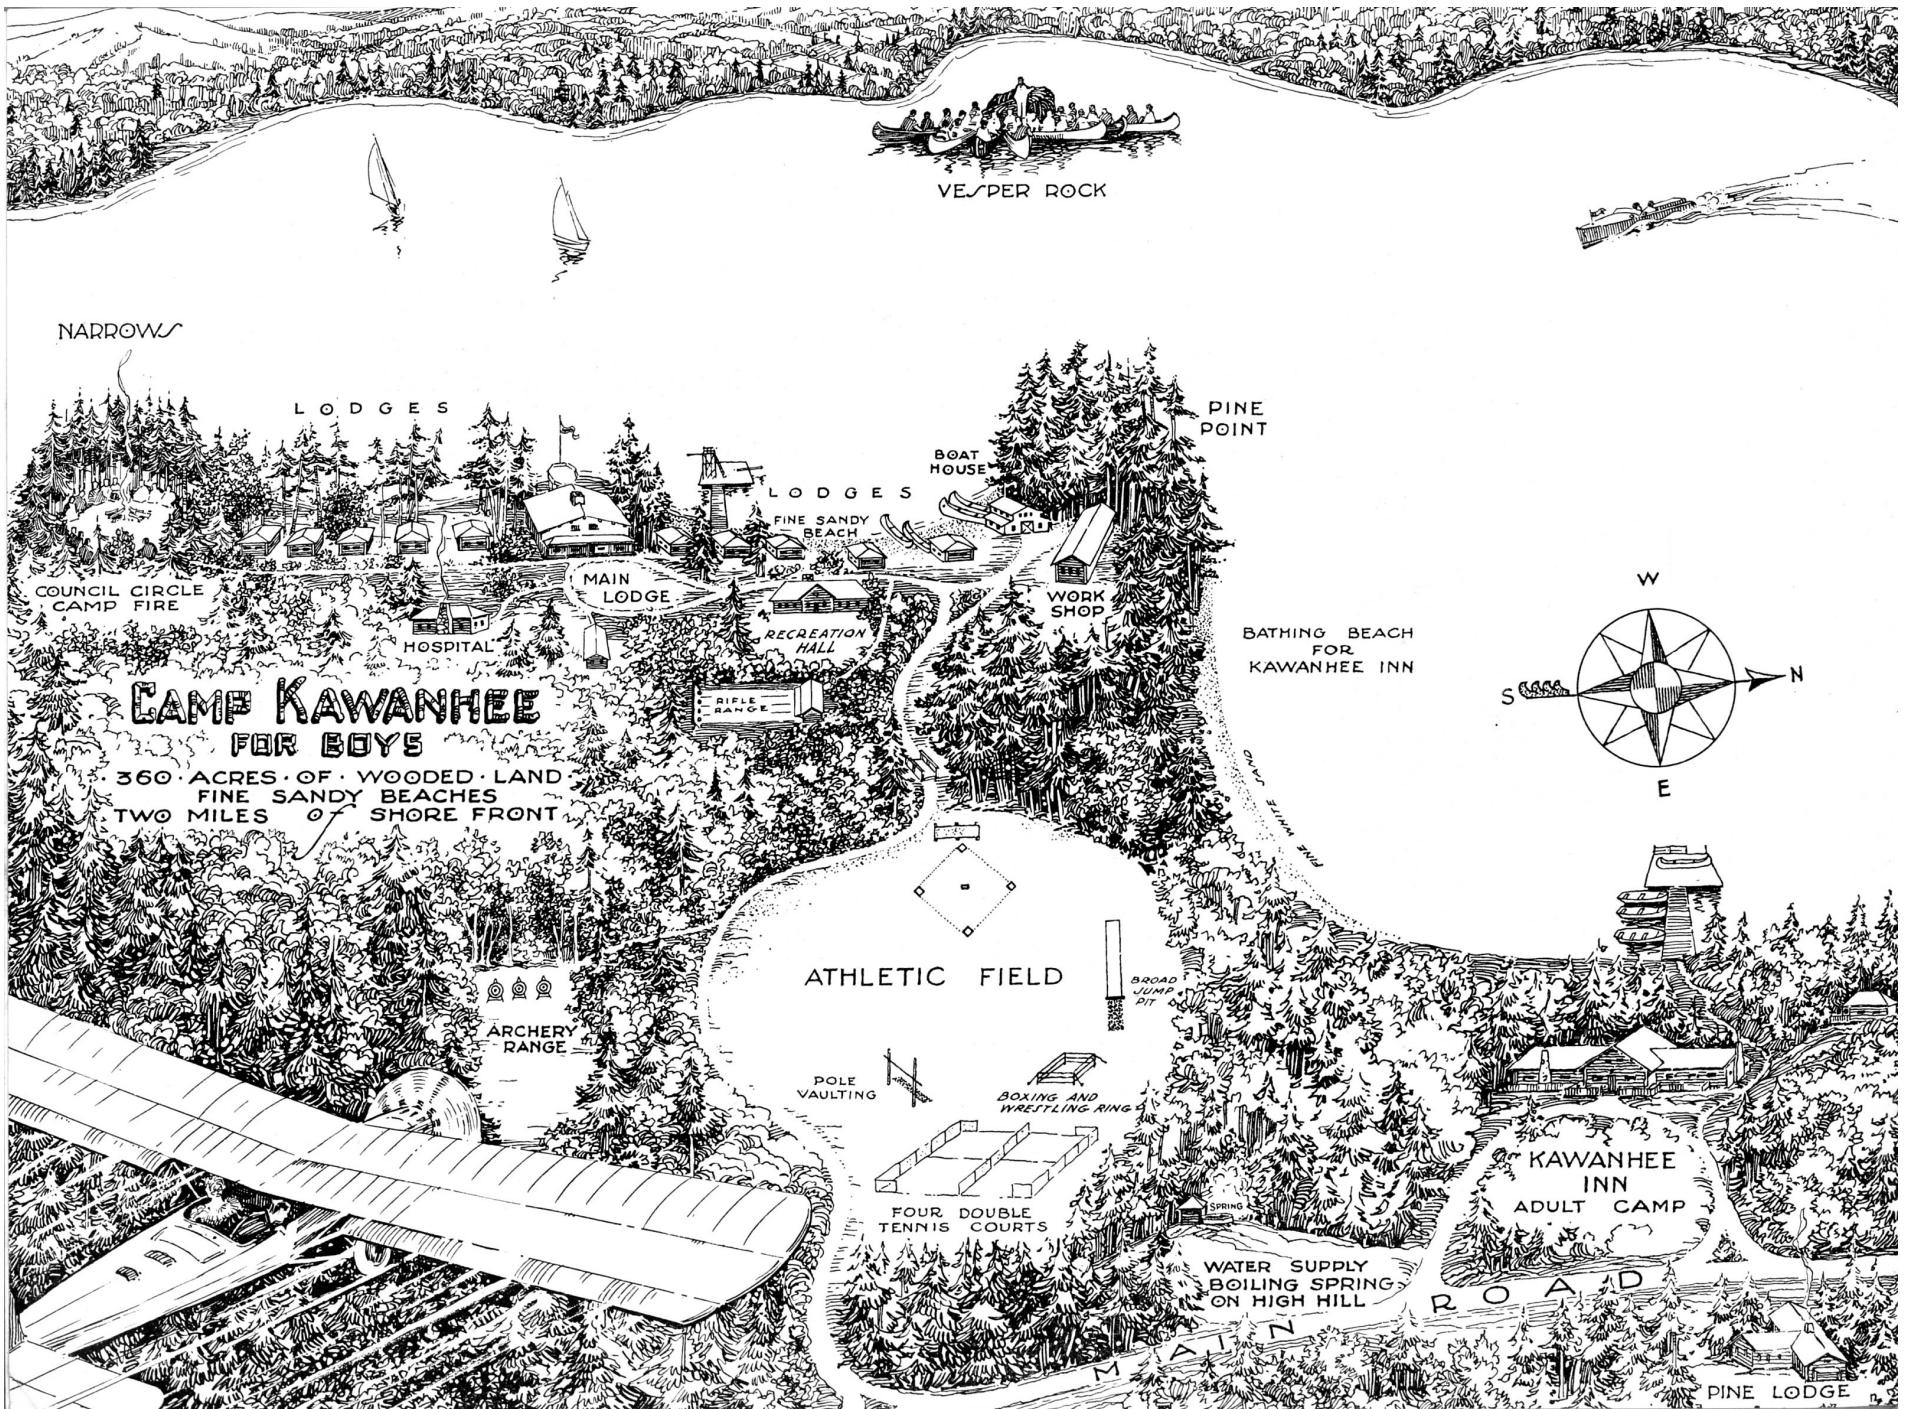

He will never take a canoe, rowboat or sailboat out by himself until he has passed the necessary swimming and boating tests.

He will at all times be under the guidance of a group of mature men, who will surround him with safe, intelligent supervision. There is one man for every five boys enrolled. Permanent "life forces" effecting clean moral and spiritual growth are awakened in many boys through the close association and companionship with Kawanhee men.

At no time in life is health more rapidly or more permanently established than during the growing years. Boys who have camped at Kawanhee during the past eighteen years have returned to their homes in the fall greatly benefited in health. Every condition at Kawanhee, with its clear mountain air, its balanced diet of home-cooked food, its cool nights and refreshing sleep, contributes toward the development of strong, vigorous stamina so needed by the modern boy. To many boys it means greater resistance to colds for the coming school days, a keener appetite, and a more intelligent appreciation of regular health habits.

The benefits derived from a season at Camp Kawanhee are so numerous and varied that each boy enrolled is assured improvement along many lines. It is traditional for Kawanhee boys to work toward the achievement of some worthy objective. We do not believe in an aimless summer for the active boy. Our program is highly diversified to meet the needs of a variety of interests. Each boy is encouraged to find his interests early in the season—something in which he can excel. In that accomplishment he learns not only the value of initiative and resourcefulness, but also how to apply himself to get effective results.

If he is timid and shy, he will learn through the joy of new adventure to do many things which every normal boy longs to accomplish. It will give him a chance to express himself in a group, to develop a higher degree of confidence, to stand on "his own" and realize he is standing alone without mother or dad to help him. Such experiences build backbone and dependability as no other youth experience can. With new vision and understanding, he will return to his home in the fall a lad of courage and bigger powers.

PINE LODGE

An Ideal Location

Safe, Healthy, and Thrilling for Growing Boys

CAMP KAWANHEE is located on the east shore of Webb Lake, at Weld, Maine—eighty-five miles north of Portland and twelve miles from the nearest railroad. It comprises three hundred and sixty acres of timber land and has a shore line of woods and sandy beaches extending over a mile in length, on either side of the lake, from Vesper Rock and Pine Point to the outlet of the lake.

The exceptional location of the camp, at the entrance to the "Narrows" of the lake, has been pronounced by men qualified to judge camp sites, as one of the finest natural settings for a boys' camp in the New England states. There is a protected cove and sandy beach for safe swimming, gravel subsoil and good drainage, pure drinking water from a hillside spring, miles of pines and pointed firs, an unsurpassed view of mountains, glorious sunsets, invigorating air, cool nights, and refreshing sleep.

Lake Webb is five miles long and two miles wide, and is completely surrounded by mountains. It is fed by springs and mountain brooks. The water is clear and pure and never too cold for the early morning plunge. During the past several seasons the temperature of the water has averaged between 72° and 78° at the eleven o'clock swim period.

The surrounding country is wild and rugged and appeals to the adventurous spirit of regular boys. Just to run, to swim, to shout like a wild Indian on the warpath, to follow trails over lofty peaks, to spy on deer and moose as they come to the lake to drink, to investigate beaver dams, to capture woodchucks and porcupines, to fish for trout in swirling rapids, to peep into lovely birds' nests, to sit by glowing camp fires at night, or roll up in blankets under the stars and listen to strange noises of the deep woods—What a life! Such thrilling experiences make every fellow worth his "salt"—a bigger, better, more self-reliant man.

under the watchful eye of a mother who knows and loves boys*

(Six)

Management

A Unique Family Organization

Directors Camp Kawanee is under the joint ownership and direction of two brothers, George R. Frank, Principal of McGuffey School, Columbus, Ohio—former Director of Manual Arts in the Columbus Schools and Raymond C. Frank, Director of Young People's activities at the First Presbyterian Church, Englewood, N. J. They were born and reared in Maine, and are trained workers with boys of early adolescent age.

Camp Mother "Ma" Frank, mother of the directors, has served as Camp Mother during the past sixteen years. One reason for the success and popularity which the camp has enjoyed may be attributed to the confidence which parents have had in Kawanee because of her presence there. She gives special attention to the smaller boys in camp in way of general cleanliness, seeing that they have sufficient covers for the night, sewing on buttons, patching torn trousers, making sails for new boats, or administering affection where it is needed.

Her cabin is one of the social centers of camp. Here, boys and counselors gather to talk things over with Ma. There is a comfortable lounging room with a large stone fireplace which adds cheer and comfort on rainy days and chilly evenings.

Camp Dietitian Mrs. George Frank serves as Camp Dietitian. She has made dietetics, as it relates to the proper feeding of growing boys, a careful study for several years. It is because of her personal interest in the success of the camp that Kawanee has always been noted for its excellent food and carefully balanced meals.

In addition to her duties at the boys' camp, she is resident manager and dietitian at Kawanee Inn, for parents. See page 53.

Leadership

CAMP Kawanhee stands for one fundamental principle in the training of boys, namely, that boys learn more from close, intimate companionship with the right kind of adult advisers, than from any other source. *Boys love to imitate what they admire.* The camp puts its practice behind this theory by taking the greatest precaution in securing men with high ideals, camping experience, and a sympathetic understanding of boy-life. There is one man on the Kawanhee staff for every five boys enrolled. Their average age during the past year was thirty-one years.

Perhaps the keynote of Kawanhee's success may be summed up in a statement from a parent whose three boys have spent a total of twelve years at the camp. He said: "To me the best thing about Kawanhee is that the boys have the companionship of the right kind of men who encourage them to *do things* that they did not know or believe they could do, and as they acquire skill, they gain confidence in themselves and ease in their relation with other boys."

Master Campers—Of special interest to many parents and boys is the Master Camper group which was organized in 1931. Boys who have camped at Kawanhee are privileged to return to camp in their sixteenth year and join the "Master" group, which is the beginning of our counselor-training course. The boys serve as part-time assistants to the Senior Counsellors and are usually assigned two hours of definite responsibility during the day. They are privileged to participate in all the activities in which they are interested and are members of the Maroon and Grey teams. These boys displayed a fine spirit during the past season and were a real asset to the camp.

Out for a Sail in the "Sea Gull"

A Day At Kawanhee

Fun

A SUMMER at Kawanhee assures each boy a never-to-be-forgotten experience of wholesome fun and sports, new friends and new accomplishments. A typical day begins with reveille at 7:30. Within the next half hour the camp is alive with jokes and laughter. "Me for a dip" is the familiar expression on every side. Altho not compulsory, several boys are already splashing in the crystal clear water on the sandy beach or taking a dive from the high board. Soon the five-minute, all-out whistle blows and everyone sprints back to his lodge for a brisk rub-down. My, but it surely makes a fellow feel great! And such appetites! The smell of sizzling bacon is in the air.

By 8:00 o'clock, following the flag raising ceremony the entire group of hungry braves file into breakfast, keen with anticipation. And such a meal! There's fresh fruit, cereal, rich cream, cocoa, flap-jacks and bacon, served in quantities to meet the needs of the most ravenous of the Kawanhee tribe. By 8:30 with appetites completely satisfied we are ready for the day's program. No two days are just alike.

First of all, each boy does his bit in cleaning up for lodge inspection, which includes the condition of the bed, cleanliness of the floor under and around it, neatness of clothes and personal belongings on the

wall, no wet towels or candy hidden away in trunks, and sweeping of porches and steps.

At 9:00 o'clock the instruction activities begin and last for two hours. And what a variety of activities there are! It may be on the lake learning to row and paddle a canoe, or sailing a new boat made in the shop, or flying an airplane just completed, or down through the Narrows after big fish, or on the athletic field in a close game, or mastering a difficult stroke in tennis, or off in the woods with a bow and arrow, or learning to box and wrestle and how to shoot, or how to cook a meal over an open fire and to build a lean-to or a log cabin, or learning the trees, the birds and the flowers, or completing merit tests in scouting.

The 11:00 o'clock swim comes just at the right time. Everyone cools off after a strenuous morning in the open. The air is filled with joyous shouts of happy youngsters. Some are learning to swim, others are mastering new strokes and dives, while a few are stretched out in the sun on the warm, sandy beach, hoping to look like young Indians before camp closes. By 11:30 the all-out whistle sounds, after which boys and counsellors return to their lodges for forty-five minutes of rest and sleep.

Dinner at 12:45 is followed by a short rest period—just enough time to write a letter

(Ten)

Plus

Boy Life at Its Best

home, take a nap, or make final plans for a new cabin across the lake.

The afternoon program, to many boys, is the most interesting part of the day. There's the baseball league Mondays, the big water meet Wednesdays, and the athletics meet Saturday. On the remaining afternoons each boy chooses what he would like to do.

Usually one group goes out for golf, a second for tennis, a third works in the shop, the nature laboratory or dark room, a fourth fills the range. Eddie has challenged Frank to a sail-boat race. Both boys are all pepped up to get underway. Bill and Tom have just pushed off on a lake trip after bass. Jack knows where a 3 lb. pickerel was jumping the other day and believes he can tempt the old fellow to bite. Joe, Tom and "Slim" are preparing for an over-night trip on the mountains. They expect to make this a real he-man trip—paddling to the head of the lake and hiking the rest of the way—no pink-tea trips for them. They are training for football and hope to be "hard as nails" when camp closes. "Jerry" and "Mike", equipped with saws, hammers and spikes are on their way to Sunday Beach to complete the log raft which has been under construction for the past few days. "Mac" and "Skip" have reached their secret cabin down by the dam, about a half mile from shore. The ring of

their ax is plainly heard through the dense forest. Smoke from their fire starts curling through the tree tops. Soon the coals are glowing red and potatoes, steak and perhaps a freshly caught bass are all done to a turn. What a life! What a thrill to be on your own in such a glorious setting! A boy never forgets days like these. Best of all are the enduring friendships which are cemented in the wholesome atmosphere of the great outdoors. Those who remained in camp have already enjoyed the 4:00 o'clock swim. Before a boy realizes it the sunshine of another day draws to a close, full of happy experiences never-to-be-forgotten.

Supper follows at 5.30, after which boating, fishing, hikes to the village, baseball, tennis, capture the fort, and other interesting games are enjoyed.

We then gather for our camp fires at Council Rock. A simple ceremony marks the lighting of the fire. There is singing together, traditional Kawanhee songs, sung to the finest old tunes. As the embers begin to glow and Dean Miller finishes one of his thrilling stories, we rise, and in the stillness of the forest, sing our good-night song. Such a gathering, day after day, becomes a living force in a boy's life.

Taps, 8:00 Midgets; 9:00 Juniors;
9:30 Seniors; 10:00 Master Campers.

(Eleven)

Health and Medical Attention

Any Normal Healthy Boy Will Be Safer at Camp Kawanhee Than in Any City in the Country.

Physical Improvement Kawanhee is a place of abounding health. Each year, many boys who come to camp in a weakened and run-down condition, return to their homes in the fall, healthy, rugged and brown, with clear eyes and brain, keen for the work of the next school year. *There is no hay fever or asthma at Kawanhee.*

Every boy receives a physical examination upon entering camp which is the basis for all corrective work throughout

the season. Weak feet, poor posture, those underweight, overweight, or with heart disturbances are given careful attention.

A long night's sleep of ten or eleven hours, and rest periods preceding and following the noon meal, prevent any possibility of over-doing.

Boys under weight receive special diets. Milk and orange juice are served during the forenoon and afternoon and chocolate malted milk before taps at night. Gains in weight of six, eight and ten pounds are quite common each season.

Medical Attention We are indeed fortunate to have the services of two reputable physicians (Harvard graduates) who are within 20 minutes drive of the camp. Also two resident graduate nurses are in attendance throughout the season. Their personal interest in each individual boy adds much toward the success which Kawanhee has always enjoyed. They give active and vigorous treatment, at the earliest possible moment of all injuries and sickness which unavoidably occur.

Skilful surgical assistance is available at the Farmington Memorial Hospital—one of the newest and most modern in the state, and less than an hour's drive from the camp. Experienced dentists are only a few miles away.

Our hospital has all necessary conveniences needed in a boys' camp. There is room for six beds, a first-aid room and a fully equipped bath with hot and cold running water.

Resident Graduate Nurses

Miss Ruth Dowler, R. N., Left — Miss Marie McAlwee, R. N., Right

(Twelve)

Food and Sanitation

We Practice Safety First, Always and Everywhere

Co-operative Medical Expense Fund At the request of our clientele and in keeping with the practice in other first-class camps and schools, we now have a Co-operative Medical Expense Fund. Two dollars, from each boy's incidental account are deposited in the Fund, with the result that, as long as the Fund lasts, any boy needing special medical attention receives it without additional expense.

Food The growing boy is prone to have three serious thoughts in life: WHEN DO WE EAT—WHERE DO WE EAT—WHAT DO WE EAT? One of the most important contributions that a camp can make toward giving health, is in the selection, preparation and serving of food. At Kawanhee, the purchase of food and the planning and balancing of meals are under the direct supervision of a dietitian. The food is excellent. No expense is spared to make it appetizing and nourishing. "Seconds" and "thirds" when needed are always on hand to satisfy the ravenous appetites of growing boys. The finest of fresh western meats are served. Fruits and vegetables are procured from nearby towns. Pasteurized milk and cream are also served in abundance.

Drinking water is secured from a hillside spring. Its sparkling purity is beyond question. Each year it passes the most severe tests by the State authorities.

Sanitation Our "Class A" sanitary rating, awarded by the State Sanitary Inspector, ranks among the highest for camps in Maine, and has been given Kawanhee for the past eighteen years in succession. This record merits careful consideration by parents who are interested in placing their boys in a safe camp for the summer. Flush toilets are a part of the equipment. Hot and cold shower baths were installed in 1932. Each boy has two hot baths per week.

Careful Physical Examinations Given
On the Basis of These Examinations, a Scientific Regime Is Laid Out

Sleeping Lodges

Well Ventilated, Screened, Dry and Sanitary — A Safeguard to Good Health

NESTLED among the trees by the shore of the lake are ten log cabins built in regular frontier style. They are absolutely free from dampness in rainy weather. Each is equipped with comfortable cots and mattresses and accommodates from seven to nine boys and a counselor. We have never considered it advisable to sleep our boys in tents, preferring instead, well-built lodges which are safe, com-

fortable and sanitary. It is interesting to note that Maine has recently discouraged the use of tents in boys' and girls' camps—the first state in the country to do so. In wet weather they are cheerless and depressing, and during rainy spells, damp bedding and constant leakage make them actually dangerous for young boys and girls.

(Seventeen)

Steady! Aim! Fire!

Over thirty thousand rounds of ammunition were shot on the range last year. Kawanhee furnishes both guns and ammunition for the scheduled range periods. Several boys each year bring their own guns to camp. The range is carefully guarded with range officers always in charge. No guns are allowed off the range.

Military obedience prevails which adds to the fun of rifle practice.

(Eighteen)

Several High Medal Marksmen in This Group

Target Practice

NO wonder target practice, as it is taught at Kawanhee, is one of the most popular sports in camp. In every boy's heart there lurks a desire to fire a rifle. A thrill sweeps over you each time you pull the trigger and when you hit the bullseye, Oh Boy!

The range is conducted under the rules and regulations of the National Rifle Association of America. Rivalry is keen for pro-marksman, marksman, sharpshooter and expert rifleman medals which are awarded each week to the winners at the Saturday night camp fire.

(Nineteen)

Swim Time

This is the happiest time of day for the majority of boys at Kawanhee. The water is clear as crystal and never too cold for a glorious swim. Special classes for beginners are held in a roped-off area of shallow water on the fine sandy beach. The temperature of the water averages between 72° and 78° at the 11:00 o'clock swim period.

(Twenty)

Water Sports

THE cool clear waters of Lake Webb form an ideal setting for every conceivable type of fresh water sport.

Every boy in camp learns to swim. The morning period, beginning at 11:00 o'clock, lasts for half an hour and is used for special instruction in new strokes, diving and Red Cross tests. Non-swimmers receive careful instruction in small groups in a roped-off area of shallow water, and learn to swim within two or three weeks after camp opens. The 4:00 o'clock period is used as a free-for-all swim, aqua-planing, water polo and for lake-swimming tests (a $\frac{1}{4}$ mile swim).

During swim periods, men are stationed on the docks, diving tower, beach, and at least two in patrol boats, ready to give instant assistance should need arise. No boy is permitted to enter the water until the guards are in position and the whistle has blown. Absolute obedience is required.

Next to swimming, boating ranks among the finest sports in camp. It is a pleasure to which every boy looks forward long before camp opens. No boy is considered competent to use a boat until carefully graded tests in swimming are passed. Instruction in rowing, and the safe methods of handling a canoe are given each morning in regular class periods. A beach guard is on duty throughout the day. Those who wish to use a boat must report to him. He checks all boats out on the basis of the boat privileges each boy has won.

The big aquatic meet of the week is held Wednesday afternoon. This is the time when every fellow "struts his stuff," as Greys and Maroons compete for honors. There is swimming, diving, rowing and canoeing (singles and doubles), canoe bobbing, war canoe races, aqua-planing, water polo, sailing, exhibitions of Red Cross Life Saving, fancy diving and special clowning stunts by counselors.

Scouting

WHILE Kawanhee is not a Boy Scout camp, it offers unlimited opportunities to do Scout work and pass Scout tests. There is no better place to work on outdoor tests and Merit Badges such as Cooking, Camping, Pioneering, Bird Study and many others. With a good supply of trees and boughs available, it is a comparatively easy task to build a lean-to, a bridge, a raft, and—best of all—a comfortable bough bed.

In the past few years we have been very proud to help nine boys qualify for their Eagle badges. We have been equally proud of the much larger number of boys who have decided to join the Scouts while at Kawanhee. Scout meetings are held on Wednesday evenings in the Scout cabin and consist of contests emphasizing special phases of the work, as well as games, stories, singing, and finally a marshmallow roast. A special feature which interests many of the boys is the study of Indian lore which includes the making of war bonnets and other Indian equipment.

The Scouts have organized themselves into the Kah-ne-do-go-nah Tribe, meaning "among the pines."

Merit badge work is divided among the counselors, several of whom are trained scout leaders and Eagle Scouts. Mr. R. C. Frank is a Scout Executive in Englewood, New Jersey. Each boy is coached and passes his tests before an expert in preparation for his appearance before the Camp Board of Review. Boys too young to be Scouts are instructed in Cub work.

(Twenty-three)

Junior Sachems — Lodge Leaders — 1938

Any boy at Kawanhee may feel justly proud to be selected by his lodge mates to represent them in the "Sachem" group. Two boys from each lodge serve the entire season. Their suggestions, for the good of the camp, are presented each week at the Saturday night camp fire.

Is Unsurpassed as a Camp Site for Growing Boys

Canoe Bobbing

A Race Between Greys and Maroons. Requires
Courage and Perfect Balance

Boys Who Won a Paddle and Canoe Privileges — 1938

Canoeing Canoeing is one of the most favorite sports in camp. Before a boy may use a canoe, he must win his right to a paddle. As he progresses in his swimming and canoe tests, definite symbols of accomplishment are painted on the paddle blade. To win his "C" he swims

the Cove, $\frac{1}{8}$ mile. If he swims the lake in front of the camp, $\frac{1}{4}$ mile, he receives a grey and maroon bar painted at the top of the blade. After passing the advanced canoe test, two bars are added at the bottom. He is now privileged to use a canoe on any part of the lake in good weather.

Chicago Cubs

1938

Tigers Humble Cubs to Snatch World's Series Championship

BY R. PAGE AND W. SULLIVAN—Written for "The Wigwam"

ON Monday afternoon at four o'clock, led by the Camp Kawanhee band, the Detroit Tigers marched out to beat the Chicago Cubs, 10-4, in the Annual World's Series. The band led the procession around the infield, and then to open the ball game, "Uncle" Charlie tossed in the first ball.

The Cubs, resplendent in their flashy yellow hats, took the field first. After Robertson had singled, Cloys doubled to score Robertson with the first run of the ball game. Cloys scored a moment later. In their half of the inning, the Cubs were able to tie up the ball game on

four successive hits. The Tigers came back, however, scoring five runs in the second frame, two of them being driven in as Overton tripled to left. In the last half of the third inning, the Cubs tried desperately to tie the score. Three successive blows scored one run. Then with two out, "Chuck" Windle beat out an infield hit to score Metcalfe for the Cubs' last run. The Tigers added runs in the sixth and seventh innings, but the outcome had been decided in the early innings. Cloys and Wise were responsible for many of the Tigers' runs with four hits apiece.

Umpires: R. Miller, Sr., R. Duffey, T. DeVoe, S. Sweet, Jr.

(Thirty)

Athletics

THERE is good wholesome fun in all the games and sports at Kawanhee. Boys eager to improve their athletic abilities have all the advantages of skillful coaching and instruction. While an effort is made to develop spectacular performers among the boys who show ability, the primary interests are "Sports for All" and "Sports for Health's Sake."

On the three hundred and sixty acres of camp property, a fine, level athletic field has been developed. Games which are most beneficial, and which appeal especially to boys of camp age, are taught by trained athletes. Baseball, of course, receives special prominence. Monday afternoons are set aside for the big league games—six teams in each league competing. Three diamonds

Good Friends
After a Hard Fought Game

High in the Air
Good Form Stressed in all Athletics

are kept in excellent condition. Four double tennis courts are in great demand most of the time. Special classes are organized for beginners. Then there is football, suitable for summer camps, basket-ball and volley ball, horseshoe courts, high jump, broad jump and pole vaulting pits, and a ring for boxing and wrestling.

Careful Competition No boy is allowed to over-tax his strength. The camp is organized in four distinct age groups—Midgets 7 to 10, Juniors 11 to 13, Seniors 14 to 15 and Master Campers 16 to 17. Boys who do not enjoy athletics may follow a program requiring less physical exertion, in which emphasis is placed on such sports as sailing, rifle practice, shop work or fishing.

Handicraft Work Completed
In The Camp Shop

Sixty-five boys may be accommodated here in one Class. Such facilities solve the rainy day problem at Kawanhee.

SHOPWORK. Our new shop is the busiest place in camp. On rainy days it is filled to capacity. Many happy and profitable hours are spent here during the season. Two experienced teachers of manual training devote their full time to the work.

Boats of all descriptions are made here, including 12-foot

Kayaks. Also hunting knives, beautiful trays, plates, book-ends—etched or pierced in pewter, brass and copper. There are lemonwood bows, birch-bark bird houses, canoe paddles and in another section all types of leather work under construction. This is indeed a wonderful place where surplus energy is burned up in creative thinking and worth while doing.

Forging

Hunting Knives of Finest Quality Are Fashioned at Our Forge Each Season. It Is Fun to Heat a Bar of Steel Red Hot and Hammer it into Shape

Racing Shell — Made in the Shop by Ralph Hird

Archery Is Very Popular

Many Fine Bows Are Made in the Shop Each Year. They Are Skillfully Fashioned from Lemonwood and Are Horn-tipped and Highly Polished

Healthy Life in the Maine Woods

The lean-to shown in the lower cut was made by boys eleven and twelve years of age. The roof and sides are covered with large sheets of birch bark which make it a cozy place to sleep, even in rainy weather. Several groups have spent the night here—cooking their supper and breakfast over an open fire.

Lean-to Made by the Boys

Cabin Under Construction

Camp Craft

Camp craft in its most vigorous forms is encouraged at Kawanhee. There is ample room on our three hundred and sixty acres of timber land to construct a great variety of cabins. The above cabin was built entirely by the boys, including felling the trees, notching the logs, and rolling them into place. A stone fireplace was constructed at the entrance to the cabin.

(Thirty-five)

Fishing Is Good

Catches of white perch, salmon, bass and pickerel, caught in Lake Webb. The lake was stocked with thousands of salmon in the fall of 1936 and 1937.

Fishing from the Main Dock

Every Now and Then Some Boy Lands a Prize and Becomes a Hero Throughout the Camp. Perch, Bass and Pickerel Are Caught Here

(Thirty-six)

Sailing

SAILING has been adopted as one of the major activities at Kawanhee. It is a part of the regular camp program and is one of the most enjoyable sports in camp. It is elected by many boys as one of their chief objectives for the summer.

Instruction is given in groups. Each boy takes his turn at the tiller and sheet. He is taught to go to a sail boat lying at her moorings, get her under way, sail her around a prescribed course, pick up moorings, tie up, and leave the boat in shipshape condition as to sails, center board, etc. He receives a thorough grounding in how to meet the unusual

situation, such as a sudden squall or a difficult landing. Advancement in the course depends upon his ability to take orders from the Sailing Master and execute them skillfully and without delay.

The entire month of July is devoted to group instruction each morning. Individual instruction and sailing for pleasure are confined to afternoons. August will see the beginning of crew racing by those who pass their individual tests. We anticipate the keenest kind of rivalry among the boys as to who will receive the silver medals awarded to the most skillful racing skippers at the close of camp.

(Thirty-seven)

The Samuel Fessenden Clark Wild Flower Prize

The Samuel Fessenden Clark wild flower prize of \$20.00 was distributed among five campers during the past summer. First prize of \$7.00 each were awarded to a Midget and a Junior B, Wm. McGuckin and Edwin Frazer, by the judges, Edgar Lupfer, Cleveland Cory and Mr. Goodwin. Both submitted collections containing but few less than 100 specimens. For three collections of lesser value from the senior camp, awards of \$2.00 went to Joe Leiper, Stanton Smith and Charles Windle.

NAMES OF BOYS — LEFT TO RIGHT

Frazer, Leiper, Smith, Windle, McGuckin — Front Row

A Corner of the Nature Museum

Here individual aquariums are kept, rock collections identified and labeled, moths, butterflies and insects prepared for mounting in the latest approved method. Several boys each year devote much of their time to the "Samuel Fessenden Clark" Wild Flower Competition, for which twenty dollars—distributed in four prizes, are awarded the boys with the most neatly pressed and mounted collection.

(Thirty-eight)

Nature

Kawanhee is unusually rich in natural beauty, with plant and animal life in abundance. Lake and hillside, with shaded paths and tangled woodland provide ideal places to explore the secrets and beauty of Nature.

"Learning by doing" is the Kawanhee way and nowhere in camp is this more observed than in the Nature department. Acquaintance with wild life is gained by caring for pets in the camp zoo, pursuing birds on trips afield, and observation of the beaver colony a short distance from the camp.

In the Nature Museum familiarization is begun by means of the Electric Bird Panel, the Ant Palace and Coal Mine, and by means of aquariums and herbariums filled by the boys themselves and watched through every stage of development.

Over night trips are made occasions for study of the stars, simplified by the "stellarium" in the Nature Museum which flashes familiar constellations later to be identified under the open sky.

A well marked Nature Trail extends a half mile or more through a beautiful wooded section of the camp. Here, under stalwart trees, the ground pine and Indian pipe, the red fruits of the bunch berry, and the blue of Clintonia are found in profusion. Ferns, together with mosses and lichens, the products of centuries, cover the rocks and brook bed, and all are made part of a carefully designed project to acquaint the observer with the wonders that Nature has to offer him who will but pause to read.

Microscopic observations, study of ferns and fungi, moth and butterfly propagation, nature photography and other fields of original research voluntarily chosen, are open to boys who wish to become "Naturalists," the highest honor the department confers. Such activities look beyond a single summer's enjoyment. They aim to quicken appreciation, awaken interests and develop resources which will in many cases continue throughout the boy's life adding to his accomplishments and contributing habits which may yield rich returns in later years.

Sundays

The religious life of Camp Kawanhee is non-sectarian. Sundays are spent quietly. At 10:45 we assemble in our outdoor chapel by the shore of the lake. The service is simple and deals directly with the problems of a boy's daily life. Boys of Catholic faith attend church at Wilton, twelve miles from camp.

Following the noon meal of chicken and all the "fixings", a short rest hour is observed. Letters are written home and plans are made for short trips, sailing, tennis, games.

Our Camp Chaplain understands the spiritual needs of boyhood and enters into the physical and social life of the camp as one of its strongest leaders.

Dramatics An excellent opportunity is afforded boys at Kawanhee who have a bent for amateur theatricals. This instructive and interesting activity is in charge of an experienced director. Every Wednesday night the boys give "a show" which is preceded by a short lodge skit—usually original with the boys. Every fellow has an opportunity to "strut his stuff." This is the big night of the week.

Orchestra Under the fine leadership of a man who knows boys as well as music, the Kawanhee orchestra was a delight to everyone in camp during the past season. Boys are encouraged to bring their musical instruments to camp. Three rehearsals are held each week. The orchestra makes its official appearance at each camp show night.

(Forty-two)

An Ideal Camping Site

Each week groups of boys leave camp by boat or by truck to enjoy the thrill of primitive camping. Shelters must be made, meals cooked and comfortable bough beds prepared for the night. Here each boy gains something of the craft and cunning of the Indians as he comes in contact with the wildness and beauty of nature

(Forty-three)

Local and Special Trips

The very vastness of the country makes it inexhaustible for trips of every description.

THERE is something about rolling a pack, securing provisions, and striking off for the hills and mountains, or up the lake in a canoe, that one never knows unless he has lived the life and experienced the thrills.

At least eighteen interesting trips will be made during the coming summer. A small fee covering the exact cost for guides, canoes, lodging and transportation is made for the trips marked *—See Rates, Page 54.

Farmington Zoo—Enjoyed by Midgets and Jr. B's, where all the wild animals of Maine and many from other parts of the world may be seen.

***Tim Pond—Trout Fishing**—A three-day trip and one of the most famous in the state. It is 85 miles from camp and requires a hike of four miles over a mountain trail. We fish from 5:00 to 7:00 each night and in the early morning. Fly-fishing only is permitted. Inexperienced fishermen quite frequently catch two, and sometimes three ten-inch trout with one cast. Over five hundred trout have been caught on one trip by Kawanhee fishermen.

***The "Rangeley" Canoe Trip**—A four to seven day trip on a chain of five lakes which has been a "wilderness" classic for over half a century. There's ideal fishing, superb scenery and an elevation throughout the entire trip of 1,500 feet above sea-level.

The cruise of nearly 100 miles begins at Rangeley Village, where we pick up our guide. It is an eight-mile paddle to Oquossoc and a mile and one-half carry (by truck) to Mooselucmeguntic—the largest lake in the Rangeley chain. Then follows a twelve mile paddle and a short carry to Upper Richardson Lake. In the river between these two lakes is the famous "Upper Dam Pool" renowned the world over for large square-tailed red-spot trout and salmon. It is eight miles more through the "Narrows" and across Lower Richardson. A run of six miles down Rapid River brings us to Lake Umbago and eight miles farther across this lake we enter the Androscoggin River—the outlet of the Rangeley system. It is six

miles down the river to Molls Rock where the Magalloway River joins the Androscoggin. From here there are two alternatives: the first is a wonderful trip into the wilds of Sawyer Lake, with a short carry to Parmechenee Lake; the second is to continue twenty-five miles down the Androscoggin to Berlin, New Hampshire, where we will be met by the camp truck.

Four Ponds—Trout Fishing—Where two and three-pounders are caught. This is an overnight trip and is about 40 miles from camp. We hike three miles over a good trail from the main road.

Flagstaff Pond—Pickerel Fishing—A one-day or over night trip, about 65 miles from camp. Cliff Wing, a typical Maine Yankee, guides our party. It is worth the whole trip just to hear "Cliff" talk. His quaint home-spun wit is unique and keeps everyone in a state of side-splitting laughter.

***Salt Water—Deep Sea Fishing**—A three-day trip of fun and new adventure. We motor to the coast at "Harpwell Neck"—about 85 miles from camp, reaching there in time for a grand sail in the afternoon. Following a good night's sleep in an old New England farm house we are up bright and early the next morning for the deep sea trip. A motor launch is chartered under the direction of a reliable Captain. If it isn't too rough outside, several good catches of cod, haddock and mackerel are made. Before returning to shore we explore the Half-Way Rock Light House—one of the largest Lights on the Atlantic. In the afternoon a clam-digging party is organized—a unique experience for most boys, followed by a big clam bake at night. The next day we leave for Old Orchard Beach for a most enjoyable afternoon of surf-bathing. Several boys take this trip year after year.

Mt. Blue Trip—A short distance from camp—and easily climbed over a trail $1\frac{1}{2}$ miles in length. At the top is a 40 ft. observation tower where a friendly Forest Ranger always welcomes our campers, allowing them to use his overnight cabin if they wish. This most interesting trip is taken many times during the season.

"Speckled Beauties"
Every Boy Catches Trout on the Tim Pond Trip

(Forty-four)

Bald Mountain Trip is also close by with a peak that is barren of trees but covered with luscious blue berries. This is a favorite trip for many of the younger boys in camp for their first year—especially those who wish to “train” for the more difficult climbs later in the season. Supper is usually cooked on the top, the boys returning to camp via the Kawanhee truck before taps.

Tumbledown Mountain Trip across the lake from camp is, perhaps, the most favorite local trip among the Kawanhee tribe. Many boys stay over night by the shore of Crater Lake near the top of the mountain and enjoy a crawl through “Fat Man’s Misery” and the “Lemon Squeeze.” Climbing Tumbledown by moonlight is a grand and exciting experience which is talked about for weeks after.

***Mt. Katahdin Trip**—For the boy with a venturesome spirit and a genuine love of the wilds, there is no trip in New England that surpasses the one to Mt. Katahdin, Maine’s highest mountain, and declared by experienced mountain climbers *the most spectacular and beautiful elevation east of the Rockies*.

The trip takes from three to four days and covers a distance of nearly 400 miles. From camp we drive directly east 100 miles to the industrial city of Bangor on the Penobscot river, then north to Orono, where the University of Maine is located. Here we see the famous gymnasium that is large enough to play either football or baseball inside it. Next we stop at the famous Old Town Canoe Factory in Old Town, and see the Penobscot Indian Reservation near by. On we move through the lumber center of Millinocket and into Katahdin State Park—penetrating into the very heart of Maine’s virgin timber land. We sleep over night in Adirondack lean-to’s.

Several trails up this famous mountain can be used and any degree of hazardous climbing can be encountered. We follow a safe trail which is well marked. Climbing up one side over the “Saddle Trail” and down the other on the “Hunt Trail”. We camp for the night at the foot of the mountain and leave for Kawanhee the following morning. Boys who do not care to climb the mountain, fly-fish in the Sourd-nahunk stream, famous for its hard fighting trout.

All Packed for a Trip to the Mountains

***The Mt. Washington Trip** of three days, needs no special introduction. It is considered the most popular climb in the country. People from all over the world climb Mt. Washington. It includes such historical land marks as the “Old Man of the Mountains,” the “Flume,” the “Tip-Top House” where we spend the night, and a hike over several of the other Presidential Ranges. It is about 80 miles from camp.

The Mt. Bigelow Trip is becoming more popular each year. It can be made in a day, by leaving camp early in the morning, although most boys prefer to spend the night on the mountains. It is about 65 miles from camp. This trip adds a touch of romance and history to the scenic beauties that are revealed from its summit. History tells us that Major Bigelow, a member of Benedict Arnold’s expeditionary force that marched through the Maine wilderness to Quebec during the Revolutionary War, climbed this mountain, hoping to see the Canadian city from its top.

Coos Canyon — On Swift River

Interesting Trips

Included in the regular tuition

Most of the mineral wealth of Maine is yet untapped, and thousands of dollars worth of semi-precious stones are taken annually from hills such as those at Newry, a short ride from camp, where the boys go to add to their rock collections. Every boy has the thrill of finding the beautiful green tourmalines and the clear quartz crystals. The more fortunate may emerge with pieces of beryl, smokey quartz or even amethyst.

Gold Panning at Kawanhee

A thrilling and unique experience awaits every boy at Kawanhee! The first gold found in the United States was discovered not fifteen miles from the Camp on Swift River, which still holds some of its hoard to give to the eager searcher.

It is a most fascinating and never to be forgotten experience for a boy to hold a genuine gold miner's pan in his hands, wash out a pile of pay dirt and pick out a few precious pieces of gold. Last season every boy who went on a gold mining trip found at least a few gleaming grains of gold to carry home.

Report says that early in the season a native lumberjack found a nugget of considerable value, and laborers are making a fair day's pay panning gold.

We are looking forward with the keenest enthusiasm to renewing our search for gold during the coming camp season. We expect to explore and prospect many new streams and locations. *Who will be the first to find a hundred dollar nugget?*

Regular gold miner's pans, and sluice-boxes are furnished by the camp.

The Coos Canyon Trip on Swift River always provides keen enjoyment for adventurous-minded boys. Its sparkling cool pools of pure mountain water offer most unusual opportunities for short trips from camp. To dive off cliffs, shoot the rapids or climb under the falls gives a boy a never-to-be-forgotten experience. For those who do not care to swim there are beautiful rock formations to be explored or gold-panning and trout-fishing to be enjoyed. Sizzling steaks, broiled to a turn over live coals, baked potatoes, cocoa, fruit and cookies provide the finish to a memorable day.

The World's Largest Fish Hatchery—One of the most valuable trips from the standpoint of both pleasure and education, is the one to the Government Trout Hatchery at Gray—about sixty miles from camp. Here the boys will see countless numbers of speckled beauties, ranging in size from one inch to twenty inches or more. Five miles of rearing pools and ponds are being used to propagate over five million fish this year. The fish are fed three times daily and reach the legal size for liberation in one season. Before returning to camp the boys visit a nearby game preserve and see many of the wild animals of Maine including deer, bear, fox, wild-cat and moose.

Camp Honors, Objectives and Awards

ACHIEVEMENT LEVELS were established in the Kawanee program of awards in 1935. They are the nucleus about which the entire activity program is built. There are three levels of accomplishment in each activity, carefully graded for Midgets, Jr. B's—Jr. A's and Seniors. Third levels are harder to earn than second levels, and second levels are harder than firsts. There were many seconds and thirds won last year;—and even the first is a real mark of achievement. The requirements necessary to earn a level in any activity include the things a boy should know and the things (skills) he should be able to do in his division.

After completing the requirements for a first level, special recognition is given at the formal camp fire Saturday night. The boy's name is read and he is presented a maroon leather bar. This stimulates him to work for his second level and then for his third. If he wins the first level in any three activities he receives a beautiful leather plaque upon which the bars he has won are placed. If he completely fills his plaque, as eighteen boys did last summer, the coveted Camp Emblem is awarded him as a definite recognition of distinguished progress.

One of the most prized moments of the camper's life is when at the final banquet, boys who have won prominent honors have the various medals, plaques, cups and ribbons presented to them, while the whole camp sings and cheers in their honor.

THE Point System of camp honors is so organized that each boy is encouraged to find something in which he can excel, and in that accomplishment learn not only the value of initiative, but also how to apply himself to get effective results.

While each boy is urged to undertake a schedule which will keep him fairly busy, no activity at camp is compulsory. For instance, if a boy does not like baseball or shop work, he is not required to participate in them. There are plenty of other things he may do, making it possible for him to have a worth while summer learning and enjoying the sports and activities which he prefers.

Special Cup Winners — 1938

Most Helpful Boy in Camp

(Decided by vote of boys; name engraved on "Crane" Cup)

1. John AiglerBellevue, Ohio

Highest Point Winner

(Name engraved on Camp Plaque)

2. Theo. Huntington(Won 810 Points).....Bexley, Ohio

Greatest Physical Improvement

(Name engraved on "Lattimer" Cup)

3. Stanton SmithCumberland Mills, Me.

Greatest Improvement in Swimming

(Name engraved on "Sheppard" Cup)

4. Arthur ReeveEnglewood, N. J.

Greatest Athletic Improvement

(Name engraved on "Benue" cup)

5. Donald WambaughBexley, Ohio

Greys Triumph Over Maroons

As the 1938 season came to an end the Greys emerged victorious over their rival Maroons by a score of 13,326 to 12,529.

During the first week the Greys took the lead by six points, but during the second week the Maroons caught up and passed them by thirty-five points. The Maroon lead was short-lived, however, because the Greys jumped ahead again and remained there for the rest of the summer. This does not mean, however, that the Maroons were completely outclassed, as they vanquished their rivals in many a hard fought athletic contest.

Eighteen Boys Fill Achievement Level Plaques — 1938 Season

OF this number, five achieved this noteworthy accomplishment in 1938—their first season at camp. These were Edward Donovan, Larry Fagan, Wm. McGuckin, Peter Taussig and Vernon Williams, all of them in the Midget group. Thirteen others finished plaques which they had started during the previous season of 1937. They were Graham Mack,

Arthur Reeve and Lynne White. Midget Plaque— Joe Lupfer, John Morrison and Alexander Towt. Jr. B Plaque—Brewster Beach, Herbert Griggs, Joe Leiper and Ross Miller. Jr. A Plaque—John Aigler, Phil Drake and Wm. Myers. Senior B Plaque—Tommy Bateman and Chas. Windle completed the Midget and Jr. B Plaques, respectively, in three years' time.

THE WIGWAM

Under the talented and skillful leadership of Mr. Campbell Scarlett, and a staff of loyal assistants, the official camp paper "The Wigwam" was published last summer for the third consecutive season. It has proved to be one of the finest additions to the camp program which has been made during the past several years.

Copies are mailed to parents each week during the season: Information pertaining to each boy's achievements in the different activities and other information of special interest to parents are mentioned in "The Wigwam".

The editorial staff for 1938 was composed of the following men and boys:

Mr. Scarlett.....	Senior Counselor
Ralph Lucas	Junior Counselor
Murray Chism	Junior Counselor
David Metcalf	Senior Camper
Robert Page	Senior Camper
Malcolm McGuckin	Senior Camper
Warren Sullivan	Senior Camper
Ross Miller	Jr. A Camper
Donald MacGregor	Jr. B Camper
Edward Donovan	Midget Camper
William McGuckin	Midget Camper

Ladder Climbers in Chess, Checkers and Ping-Pong

When the final halt was called in the recreation hall activities, the various ladders, showing the progress made in the games played, registered the following winners:

Lee Cloys	Camp Champion
Fred Taussig	Senior Ping Pong Champion
Ross Chism	Junior A Ping Pong Champion
Lawrence Bugbee.....	Junior B Ping Pong Champion
Robt. Southworth.....	Senior Checkers Champion
Ted Huntington.....	Junior A Checkers Champion
Lee Cloys	Senior Chess Champion
David Ballard	Junior Chess Champion

Much Interest Shown in Photo Contest

Several boys became quite enthused in photography during the past season under the careful instruction of Mr. Chas. Goodwin.

The winners, in the final contest held at the close of the season, are as follows:

Class I — Landscapes		
1st Edward Brockie	2nd Stanton Smith	3rd Glenn Goodwin
Class III — Animals		
1st Wm. Southworth	2nd Addison Beckley	3rd Carlton Amison
Class II — Candid Camera Shots		
1st Wm. Southworth	2nd Donald MacGregor	3rd Stanton Smith

The House-Boat Shown Above Was Planned and Constructed by Master Campers. It Was Thoroughly Calked, Water-tight, and Equipped with Four Bunks

The Sun Breaks Through Near the Close of Day

Keep Your Eye on the Ball

A Sporty Golf Course

Boys in increasing numbers are bringing their clubs to camp. Ideal facilities and arrangements are available at the Wilson Lake Course for those who wish to improve their game during the season. Careful instruction is given each year by one of our counselors who is a high ranking amateur. During the past season several boys spent two and three afternoons a week at the Course which is only twenty minutes drive from camp. The Course is sporty with natural hazards in abundance, and splendid turf—a combination to delight any golfer's heart. Special club-rates are given Kawanhee boys.

Near the close of the season an all-day tournament is held at the Course. The boys play 18 holes and compete in driving, approaching and putting.

Kawanhee Inn Adult Camp

Fine Accommodations for Parents

One-half Mile from the Boys' Camp

Parents are cordially invited to visit camp as often as they wish and we urge them to arrange their vacations so that they may spend a few weeks in this beautiful lake and mountain region while their boy is in camp. Weld is such a delightful locality and the beauty and charm of Webb Lake is so attractive that many parents have formed the habit of spending their vacations here, deriving a great deal of pleasure from watching the progress of their boy in the various activities. *There is absolute freedom from hay fever and asthma.*

Exceptional accommodations are provided at Kawanhee Inn Adult Camp—built especially for the comfort of parents who visit camp. It has all modern conveniences including large lounging rooms, massive fireplaces, a screen dining porch accommodating forty-five guests, fourteen bed rooms—some with running water and private bath, electric lights, and many other comforts.

The finest of home cooked food is served, and in quantities that has gained the Inn an enviable reputation. Guests may order extra portions of any part of the menu without additional expense.

For those who enjoy a program of activities, there is lake fishing of great variety, trout fishing in mountain streams, swimming (fine white sandy beach), tennis, rowing, canoeing, sailing, and mountain climbing. Maine's finest nine-hole golf course is within easy riding distance of camp.

The camp opens June 15th and closes October 1st. Reservations may be made by the week, month or the entire season. Prices are very reasonable and include board, and the use of boats.

As our capacity is limited, those desiring accommodations should consult the directors of Camp Kawanhee as soon as possible for detailed information and reservations. *A beautifully illustrated booklet will be mailed upon request.*

Special Information

The Camp Fee for the entire season of eight weeks, from July 1, to August 26, is **\$300.00**. Of this amount, **\$10.00** is due with the application and the balance in equal payments on June 25 and July 25. The half-season rate of four weeks is **\$165.00** payable in advance. A weekly rate of **\$25.00** per boy is charged for those who enroll for the pre-camp or post-camp season.

The camp fee includes all regular camp activities, the finest of board and lodging, all local lake and mountain trips, except those marked "Special Trips" on this page, and the use of the entire camp equipment.

Where enrollment is for the half season only, and it is then desired to remain all summer, such arrangement will be cheerfully made as far as vacant space will permit, but such accommodations cannot be guaranteed.

Spending Money and Incidentals—Although the Camp Fee includes everything which goes to make up a complete and happy summer, there are naturally a few personal expenditures. It is recommended that not less than **\$25.00** be deposited in the camp bank and credited to the camper for incidentals and spending money, such as: weekly allowance of 25c for Junior B's and Midgets, and 50c for Junior A's and Seniors, hair cuts, stationery, rifle ammunition, canoe paddle, Co-operative Medical Expense Fund (See page 12), shop and photographic supplies, fishing tackle, candy, etc. Personal laundry (unless sent home) goes to the Village Steam Laundry in Wilton. The rate is \$1.00 per week per boy.

A statement showing the amount spent for each item during the season will be mailed the parent at the close of camp with refund checks enclosed where a credit balance is due. Every effort is made to keep all incidental expenses at a minimum.

Tutoring. Under the direct supervision of experienced teachers we are able to handle all grade and high school subjects. The rate is \$1.75 per hour. Each year finds a few boys doing advanced work while others are making up work in which they failed during the previous school term. Please notify the Directors, before camp opens if tutoring is desired.

Special Trips. The following trips are offered this year at very attractive rates. (See pages 44 and 45 for details.)

The Mt. Washington Trip.....	Three days	\$10.00
The Mt. Katahdin Trip.....	Three days	10.00
The Tim Pond Trout Fishing Trip.....	Three days	10.00
Salt Water-Deep Sea Fishing Trip.....	Three days	10.00
Canoe Trip—Rangeley Lakes.....	Four to Seven days	15.00

We Accept Only the Best. Only those who are in good health and are of A-1 character are accepted. We prefer to meet prospective campers personally whenever possible. Our new campers, each year, are selected almost entirely from immediate friends of families already served with entire mutual satisfaction. This is for the protection of the campers as well as for the camp. We select our campers as well as our campers select us.

Smoking in Camp. The camp rules are as few as possible, consistent with the welfare of the whole. It goes without saying that smoking, admittedly injurious to growing youth, cannot be permitted by the campers. Master Campers and Jr. Counselors are permitted to smoke at a specific time and place, if permission is granted in writing by their parents. Firearms are prohibited except as used under camp supervision on our own regular rifle range.

Positively no liquors of any kind are tolerated by anyone, anywhere, any time, upon penalty of prompt dismissal.

Please Note. Food, sweets, etc., sent to the campers will not be delivered. Food in cabins attracts flies and ants. Please cooperate. Our food is well balanced and adequate. No boy at Kawanhee goes to bed hungry.

In advance of the opening of camp, the Directors will mail to the parents of each boy enrolled the order and measurement blank for the camp uniform, necessary physical examination blank, general child information sheet, final traveling instructions and baggage tags. (See attached sheet of suggested equipment on back cover.)

You will be informed of the safe arrival of your boy at camp by collect telegram and of the method and time of his departure for home by letter.

The Postoffice and Telegraph address is Camp Kawanhee, Franklin County, Me. There is a long-distance telephone in camp and also at Kawanhee Inn.

Distance from Camp. Only 22 hours from Columbus. Only 12 hours from New York City.

Letters Home. Each boy must write a letter home on Wednesdays and Sundays. These letters are collected as the boys file in to supper. No letter, no supper, is understood by every fellow in camp.

Girls' Camp. One of Maine's finest camps for girls is located at Wilton, Maine, only twelve miles from Kawanhee. Booklets describing the camp will be furnished upon request.

Good Trout Fishing Here

An Educator Tells of a Dad's Impressions of Kawanhee

By DR. REES EDGAR TULLOSS
President of Wittenberg College

Any father who has watched the interested face of his son in a Kawanhee camp-fire circle, or seen him in the midst of the group of attentive listeners in boats around Vesper Rock at sunset on a Sunday evening, or watched the head of a little swimmer making his way across the lake to qualify for water privileges, or looked with fatherly pride upon the awards on a plaque indicating the passing of successive levels of achievement in various fields, knows what it is to appreciate the values of his son's summers at Camp Kawanhee.

To me, far more significant than the rare beauty of its environ-

ment, its excellent physical equipment, its exhilarating lake and mountain air, is the recognition of Kawanhee as a place of ideals.

If every worthy institution is "but the lengthened shadow of some great man", we should expect Kawanhee to reflect the ideals and purposes of its founders and directors. Here George and Raymond Frank have built into actuality their fully developed conceptions of what a camp should be, and what a camp should mean, to boys. Here is a camp where good times fill all the hours, where every reasonable freedom is allowed, not as a privilege, but as a matter of right; but back of every phase of the whole well-rounded program—aquatics, athletics, woodcraft, nature study, shop, scouting, range, archery, dramatics—is the conception of youthful activity ordered in such a way as to build character. What I have seen in the summer-time growth

of my own son, what other parents have told me as to what Kawanhee has meant to their sons, justifies the statement that here is an effective influence in the development of worthy and enduring qualities of personality. That in the end, is what makes a camp worth while.

If there were space for it, one would write of counselors chosen not only for their knowledge of some form of camp activity, but for their understanding of boy life and problems, their leadership ability, their personal worth and ideals; of junior counselors themselves in part a product of Kawanhee training; of men like "Colonel" Sweet and Ross Miller; of the unlimited helpfulness and pervasive influence of Ma Frank; of the Sunday morning talks by various members of the staff; of the impressive Sunday evening service, of the moral tone and positive religious spirit of the camp as a whole; of the comments and confidences of sons revealing the learning of lessons of unselfishness, obedience, dependability, perseverance, confidence, courage, manliness.

Five hundred words allowed me to express appreciation, heartfelt gratitude recognition of high ideals faithfully adhered to, of values of life-long significance! Totally inadequate! To put it all in one sentence, Kawanhee must be placed along with home and church and school as agencies which have helped to shape rightly the ideals and attitudes of my son.

It's Fun to Bait a Hook when the Fish Are Biting

(Fifty-six)

CAMP KAWANHEE -- Weld, Maine

TUITION REDUCED - 1939

To

\$285.00

For Ohio boys and those from states South
and West who enroll for the full period of
eight weeks.

Personal Outfit—Simple and Inexpensive.

Because of the rugged outdoor type of country and activity, no absolute uniform is required. However, experience has proven that a certain sort of garment is most satisfactory for life at camp. The outfit which we recommend, which is worn by most of our boys may be secured at our official outfitters—R. R. Macy & Co., New York. The total cost does not exceed \$5.50. Order and Measurement blanks will be mailed to all boys who enroll for the coming season.

Mark all clothes with woven tapes with your name upon them. There will be ample room for all your clothes in your lodge. A small wardrobe trunk serves admirably. Large, heavy trunks not allowed. No expensive special costume is required. Only clothing of general utilitarian value is suggested.

Camp Kawanhee Uniform

Camp Colors—Gray and Maroon

- 2 C. K. Sleeveless Jerseys.....@ \$1.80 each
2 Pairs Gray Drill Flappers.....@ .92 each

Necessary Articles

In addition to the suggested uniform, each boy should bring the following:

- | | | |
|-----------------------|---|-------------------------------------|
| 1 Pillow | *2 Bathing suits | * Cooking kit <i>Very important</i> |
| *3 Pillow cases | *1 Laundry bag | |
| *4 Sheets | *2 Pairs linen or white knickers (for Sundays) | * Canteen |
| *4 Heavy blankets | *2 White or linen blouses or shirts (for Sundays) | *6 Bath towels |
| *3 Pairs pajamas | *1 Pair extra pants | *4 Face towels |
| *1 Bathrobe | *1 Sweater—either new or old | |
| *2 Pairs sneakers | | Toilet articles |
| *1 Pair hiking shoes | *1 Pair rubbers to fit | Handkerchiefs |
| *3 Suits underwear | *2 Woolen or flannel shirts | |
| *1 Poncho or raincoat | | |

Suggested Articles

The following equipment list is merely a suggested one and is by no means required. Campers may add to or subtract from the list as the individual case may require.

- | | | |
|--|---|---|
| *Collapsible drinking cup | *Tennis racket and balls | *Sailboats |
| *Scout knife | *Baseball glove | Clothes bag for putting away travel clothes |
| *Scout hatchet
(For Juniors and seniors only) | *Hiking pedometer | Corduroy Pants |

| Camera and films | Rifle | Summer sport shirts |
| *Fishing tackle
(Pole, line and reel) | *Flashlight, extra batteries | Woolen sweat sox for hiking |
| *Compass | Oil painting materials | Sweatshirt |
| | Musical instruments
(for camp orchestra) | Books |

APPLICATION

Camp Kawanhee - 1939

Full Season—July 1st to August 26th

Application Fee, \$10.00

I wish to enter my son in CAMP KAWANHEE for the season of 1939. Enclosed find the application Fee of ten dollars (\$10.00) to be applied on the tuition.

In case of dismissal, or departure on account of voluntary withdrawal, there will be no refund of camp fees for the time reserved. If, however, unforeseen circumstances, such as sickness or accident, make it necessary for a camper to withdraw before the expiration of the term for which he is enrolled, the tuition loss will be shared equally by the camp with the parent.
