CAMP
KAWANHEE
for Boys

Camping in Maine

From the days of "Thoreau," Maine has been one of the most favored regions for camping in the country. With its great stretches of unspoiled forests, its thousands of clear, sparkling lakes, its fine fishing and lofty mountains, it has become, indeed, the "Playground of the Nation."

Here, Kawanhee boys revel in the rare beauty of its scenery, its quaint old country roads, its soft carpeted woodsy trails, its blue skies and gorgeous sunsets.

Here is a climate famous for its bracing air, with a "mountainy" tang that is unsurpassed. There are more hours of sunshine during July and August than is found in any other place this side of the Torrid Zone.

Here is wild life in abundance, from the screech of the eagle to the eerie cry of the loon at sunrise. Deer and moose roam its woods, and now and then one catches a glimpse of the busy beaver working on a new dam and home for the coming winter.

This is indeed, God's Great Out-of-Doors, where Beauty! Health! and Color! lie in wait at every turn.

The camp is entirely free from hay fever and asthma

As shadows lengthen and the stars appear, we gather for our camp fires at Council Rock. It is here that the heart of camp life glows as boys and men sit before the blazing fire, enjoy their games and stunts, the presentation of awards, and the final reading of the Grey and Maroon camp score for the week.

WATER SKIING — FOR ALL AGE GROUPS

With the addition of our new 15 ft. speed boat, propelled by a 60 H.P. Johnson motor, Kawanhee boys enjoy the keen sport of skiing. Two men man the boat. All skiers wear life vests or belts, and must have swum the lake.

A Message To Parents

THE Directors of Camp Kawanhee believe that when a youngster starts for camp, three people from his home go to that camp, for just as surely as the boy is there in person, his mother and father are with him in spirit. To the parents we want to say that:

At Kawanhee your boy will be comfortably housed with boys his own age in a dry sanitary cabin, and will sleep in his own individual cot.

He will be fed the finest of nourishing food and in quantities to satisfy the ravenous appetites of growing boys. Pasteurized milk, only, is served.

At the slightest sign of sickness he will be under the care of a graduate nurse who will be in attendance throughout the season. Three reputable physicians are within thirty minutes drive of the camp.

He will never be in the water except at the scheduled swim periods, and will never take a canoe, rowboat, or sailboat out by himself, until he has passed the necessary swimming and boating tests. A beach guard is on duty throughout the day.

He will be under the guidance of experienced men. There is one man for every five boys enrolled. A senior and junior counselor are assigned to each lodge. Boys are never left alone at night. One man is always on duty.

He will live for eight weeks in a climate famous for its invigorating air and sunshine, and will return to his home in the fall, healthy, rugged and brown. To many boys it means a keener appetite, and greater resistance to colds for the coming school days.

It is traditional for Kawanhee boys to work toward the achievement of some worthy objective. We do not believe in an aimless summer for healthy, active boys. "*Fun With A Purpose*," and "*Learning To Do By Doing*" is the Kawanhee Way.

He will learn to do many things that normal boys enjoy. And, in the process of learning, develop in self-reliance, initiative, and perseverance to "*finish what he starts*".

If he is timid and shy, or a poor mixer, he will be encouraged in developing a higher degree of confidence as he reaches out to capture new goals of accomplishment.

Hundreds of cases can be cited where a boy's whole attitude and outlook were changed when he found something in which he could excel and in which he won recognition. Such experiences, day after day, build backbone and dependability during the early formative period of boyhood.

With new vision and understanding, he will return to his home in the fall, a boy of courage and bigger powers.

An Ideal Location

Safe, Healthy and Thrilling for Growing Boys

CAMP KAWANHEE is located on the east shore of Webb Lake, at Weld, Maine—eighty-five miles north of Portland, and thirty-five miles south of the Rangeley Lakes. It has a shore line of woods and sandy beaches extending over a mile in length.

The exceptional location of the camp has been pronounced by men qualified to judge camp sites, as one of the finest natural settings for a boys' camp in the country. There is a protected cove and sandy beach for safe swimming—gravel subsoil and good drainage, miles of pines and pointed firs, invigorating air, cool nights, and refreshing sleep. Neither word nor picture can do full justice to its delightful, well-adapted location.

Lake Webb is five miles long and two miles wide, and is completely surrounded by mountains. The water is clear and pure and never too cold for the early morning plunge. It averages between 72 and 78 degrees at the eleven o'clock swim period.

The surrounding country is wild and rugged and appeals to the adventurous spirit of growing boys. Just to run, to swim, to follow trails over lofty peaks, to spy on deer and moose as they come to the lake to drink, to investigate beaver dams, to sit by glowing camp fires at night, or roll up in blankets under the stars and listen to strange noises of the deep woods—What a life! Such thrilling experiences make every fellow worth his "salt"—a bigger, better, more self-reliant man.

IT'S FUN TO SLEEP OUT

Lean-to built by boys in the campcraft department. They slept in it several nights during the season.

THE FISH CLEANING TABLE

Hundreds of fish, including bass, pickerel, perch, salmon and trout, are cleaned here each year.

Health and Food

PHYSICAL IMPROVEMENT—During the past several years, hundreds of parents have sent their boys to this beautiful spot in the Maine woods. Boys are entirely free from hay fever and asthma. A long night's sleep of ten to eleven hours, and rest periods preceding and following the noon meal, prevent any possibility of over-doing.

MEDICAL ATTENTION—We are indeed fortunate to have the services of three reputable physicians, who are within 30 minutes drive of the camp. The camp hospital has all conveniences needed in caring for emergencies. A graduate nurse is in attendance throughout the season. Skillful surgical assistance is available at the Rumford Memorial Hospital and the Franklin County Memorial Hospitals, less than an hour's drive from the camp.

SANITATION—Our "Class A" Sanitary Rating, awarded each year by the State Sanitary Inspector, ranks among the highest for camps in Maine. Hot and cold shower baths and flush toilets are included

in the equipment. Drinking water is secured from a hillside spring. Each year it passes the most severe tests by the State authorities.

FOOD—Throughout the camp's long history, it has been traditional to serve the very finest of food. No expense is spared to make it appetizing and nourishing. The planning and balancing of meals are most carefully supervised. Boys with birthdays in camp receive a delicious cake for their table.

Pasteurized milk only is served.

SKILLFUL COOKS—OUR HEAD CHEF—

We are fortunate, indeed, that Mr. Leonard Taylor, will return again this year for his eighth season as Head Chef. From 1928 to 1971, Leonard was Head Chef at the Lawrenceville School for Boys in N.J.—rated among the finest Prep Schools in the country. It is safe to say that once again Kawanhee will enjoy its envious reputation as one of the "best feed camps" in the state.

Management

WE are happy to announce that both Mr. and Mrs. George Frank will again be members of our staff. Mr. Frank's 53 years of experience as Camp Director and owner of Kawanhee provide us with an invaluable source of guidance. Mr. Frank will serve in 1974 as Associate Director.

Mr. Walter Estabrook, Managing Director and principal owner of Kawanhee, Inc., was a camper and counselor at Kawanhee for many years. After graduating from Wesleyan University, Middletown, Connecticut he served overseas two years as Athletic Director of a U.S. Naval Air Base. Following his military service, he became Assistant Purchasing Agent of a large textile firm. For the past 16 years he has been a top Sales Representative for the Brown Steel Company, Columbus, Ohio.

Mr. Estabrook has three fine sons—each became Master Campers, and two were advanced to Sr. Counselors. He is a former Scoutmaster, and for 14 years had a large Sunday School Class for boys. He is a former Church Vestryman, and Chairman for four years of his Church Planning Committee. Mrs. Estabrook, a Home Economist, is Resident Manager of Kawanhee Inn. Their daughter Kate is a camper at Camp Kineowatha, 12 miles from Kawanhee.

Mr. John Detrick, Assistant Director, has been a camper or counselor at Kawanhee a total of ten years. He is a graduate of Ohio Wesleyan University,

Delaware, Ohio. For the past twelve years he has been Physics and Mathematics Master at an all-boys school—The Columbus Academy. Mr. and Mrs. Detrick's three sons are enrolled at Kawanhee, and Mrs. Detrick serves as Assistant Manager of Kawanhee Inn.

STAFF CONSULTANTS

Mr. Clarence Bateman, Mr. Herbert Birch, Mr. Edward Chace, and Mr. Robert Duffey are key counselors at Kawanhee—each with over 25 years experience and loyal service for Kawanhee.

Reverend William Taylor is the Executive Director of the Franklin County Society for Crippled Children. He is well-known throughout Ohio as one of its finest swimming coaches, as well as one of its ablest youth counselors.

Dr. Richard A. Miller, Treasurer of Kawanhee, Inc., is Professor of Economics and Chairman of the Department of Economics, Wesleyan University, Middletown, Connecticut. His father, Dean Ross Miller, was Kawanhee Chaplain for 38 years.

General Equipment

THE camp is splendidly equipped. Most of the buildings are of heavy log construction, roomy, rustic, built for our purpose, and exactly suited to our needs.

Fifteen sleeping lodges are nestled among the trees by the shore of the lake. They are safe and comfortable, and are absolutely free from dampness in rainy weather. Each is equipped with comfortable cots and mattresses and accommodates from seven to nine boys and two counselors.

Convenient to the sleeping lodges are the dining lodge, recreation building, adjacent to our wrestling building, nature building, a large shop where thirty-six boys may be accommodated, a scout and camp-craft building, rifle and archery ranges, the camp hospital, boat houses, and the finest of boating and athletic equipment.

SLEEPING LODGES—AMONG STATELY PINES

KAWANHEE COVE—SWIMMING AND BOATING AREA—FINE SANDY BEACH

The camp is well equipped with row boats and canoes, eight sail boats, and four motor boats—one a speed boat, with 60 H.P. motor, for water skiing and aquaplaning.

THE RECREATION HALL

THE RECREATION HALL contains an assembly room, a large stage, the camp store and post office, the directors' office, and a private room for counselors. It is here that boys gather for those more intimate conferences so dear to the heart of every youngster. The day's work and fun must be talked over with the gang. A massive nine-foot fireplace keeps the building warm and cheerful on rainy days and chilly evenings.

A Day at Kawanhee

Fun

Pl

A SUMMER at Kawanhee assures each boy a never-to-be-forgotten experience of wholesome fun and sports, new friends and new accomplishments. A typical day begins with reveille at 7:15. Within the next half hour the camp is alive with jokes and laughter. Several boys are already on their way to wash-up, brush their teeth, and comb (??) their hair.

By 7:45 o'clock, following the flag-raising ceremony, the entire group of hungry braves file into breakfast, keen with anticipation. And such a meal! The smell of sizzling bacon is in the air! By 8:30 we are ready for the day's program. No two days are just alike.

First of all, each boy does his bit in cleaning up for lodge inspection. Beds are made, floors swept, shoes, toilet articles and clothes must all be in place, ready for the daily inspection. There's lots of competition between the lodges, and a tense moment at the noon meal when the final ratings are announced. Lodges winning a total of seven inspections receive a special candy treat.

At 9:00 o'clock the instruction activities begin and last for two hours. It may be on the lake learning to row or paddle a canoe—passing tests in J.L.S. or sailing the Sea Gull in a stiff breeze. It

may be down through the Narrows after big fish—or on the baseball field in a close game—learning to water ski and aquaplane—or mastering a difficult stroke in tennis. It may be learning to wrestle—or how to handle the bow and arrow, and shoot for a bull's-eye on the rifle range—how to build a fir-bough lean-to—or cook a meal over an open fire. It may be in the shop building boats, bows, airplanes, hunting knives and kayaks—or learning the trees, the birds and the flowers—or grinding and polishing beautiful minerals—or completing merit tests in Scouting.

The 11:30 o'clock swim comes just at the right time. Everyone cools off after a wonderful morning in the open. The air is filled with joyous shouts of happy youngsters. Some are learning to swim, others are mastering new strokes and dives, while a few are stretched out in the sun on the warm, sandy beach, hoping to look like young Indians before camp closes. By 12:15 the all-out whistle sounds. Boys and counselors return to their lodges for a brisk rub-down, after which a period of relaxation is enjoyed.

Dinner at 12:45 is followed by an hour's rest period—just enough time to write a letter home, or take a nap.

FISHING FROM THE CAMP DOCK

Boy Life at Its Best

The afternoon program is equally as interesting as the morning activities. One group leaves for basketball and soccer, a second for tennis, a third works in the shop, the nature laboratory or dark room. Range and archery are filled to capacity. Two Little League teams are warming up for a tight game; and the Skunk Ridge dock is lined with boys waiting their turn in skiing.

Eddie has challenged Frank to a sailboat race in the Gull and Hawk—both boys are all pepped up to get underway. Bill and Jack have just pushed off on a lake trip after bass. Joe, Tom and "Slim" are preparing for an overnight trip on the mountains. They expect to make this a real he-man trip—paddling to the head of the lake and hiking the rest of the way. They are training for football.

"Jerry" and "Mike," equipped with hammers and spikes are on their way to Sunday Beach to complete the log raft which has been under construction for the past few days. "Mac" and "Skip" have reached their secret cabin down by the dam. The ring of their axe is plainly heard through the dense forest. Smoke from their camp fire curls through the tree tops. They are getting hungry, and it won't be long until cocoa, steak, bacon and perhaps, a freshly caught bass are all done to a turn. What a life! What a thrill to be on your own in such a glorious setting!

Those who remained in camp have already enjoyed the 4:00 o'clock swim. Before a boy realizes it, the sunshine of another day draws to a close, full of happy experiences never-to-be-forgotten.

Supper follows at 5:30, after which sailing, rowing, canoeing, fishing, baseball, tennis, soccer, capture the fort, and other interesting games are enjoyed. By 7:30 we gather in the Recreation Hall for movies, powwows, singing, and stories. Friday nights are reserved for camp shows, when every lodge group "struts its stuff."

On Saturday nights we gather for the big council fire of the week at Council Rock. The challenge of the "Four Winds," opens the ceremony and the lighting of the fire. There is singing, games and stunts and the presentation of awards. The tense moment of the evening is the report of the Maroon and Grey team scores for the week. As the embers glow and the stars appear we rise, and in the stillness of the forest, sing our good night song to the tune of taps. Such a program, day after day, becomes a living force in a boy's life.

Taps is at 9:00—9:30 and 10:00 for the different age groups.

LEARNING THE BACK DIVE

THE YOUNG BOAT BUILDER

When you complete a beautiful boat in the shop, there's no thrill that quite equals the satisfaction of placing 'er in the water for the first time, and watching 'er sail away on an even keel.

Sailing

SAILING has become a major activity at Kawanhee. Many boys, who return year after year, consider it the most interesting activity in camp. "Sign ups" for sailing are always filled.

The new "rating" system has captured the interest and enthusiasm of the Kawanhee Yachtmen. The new plan institutes seven progressive categories of sailing accomplishment—Novice—Crew—Bosun—Second Mate—First Mate—Skipper and Racing Skipper, with an appropriate insignia for each. During the past season, boys completing the "Novice" requirements, learned to "headup", "head-off", and "come about", all of which acquainted them with the thrill of sailing yet to come.

The month of July is devoted to group instruction. To pass the required tests, boys must demonstrate their ability to do four things well: (1) To tie the

common sailor knots; (2) To do at least one form of splice; (3) To pass an examination based upon a course in Theory and Practice of Seamanship; (4) To go to a sailboat lying at her moorings, get her under way, sail her around a prescribed course, pick up moorings, tie up, and leave the boat in shipshape condition as to sails, centerboard, etc. A thorough grounding is given in how to meet the unusual situation, such as a sudden squall or a difficult landing. **All sailors wear life-belts.**

By August, the majority of boys have passed the Novice tests, and are ready for the thrills and excitement of crew racing. We anticipate the keenest kind of rivalry as to who will be awarded the most skillful skippers at the close of camp season. One and two-men crews compete.

Baseball

LITTLE LEAGUE BASEBALL is the great favorite throughout the season. Boys who are interested are chosen on one of the four teams. There's a try-out for positions the first week of camp. Two games a week are scheduled for each team, in addition to many challenge games played in the evening.

A SOFTBALL LEAGUE will be scheduled in '74 for the younger boys, seven, eight and nine years of age, who are not quite ready for the Little League.

BABE RUTH LEAGUE—A Babe Ruth League, which was a big success in '73, will be organized for the coming season for boys 13 years and older. We are looking forward to some keen competition.

Athletics

SPECIAL MEETS — are held throughout the season. The training is most rewarding for the boy who is willing to "get out and work." It is safe to say that the great majority of boys love the competition in a lively meet in seeing how they "stack up" with the other fellow in the various events. Football is also enjoyed by many of the older boys.

SOCCER — Has become one of our most interesting sports. It is scheduled both mornings and afternoons, and is enjoyed by all age groups. The new soccer field was developed in '73.

TENNIS — Three counselors give their full time to coaching tennis. Three clay courts are occupied throughout the day. Special classes are organized for beginners. Singles and doubles tournaments are scheduled the last week of camp.

BASKETBALL — A basketball court is provided for those who wish to keep in training during the summer. Several games are scheduled in the Senior and Junior Leagues each year.

WRESTLING — Many boys select wrestling as part of their daily program. They are trained in small groups. Those who are interested are matched, by weight, in the annual tournament, which is one of the highlights in the athletic program. Our new wrestling building is one of the finest in the state with a mat area of 30 by 30 feet.

Water Sports

KAWANHEE COVE, with its fine sandy beach and clear sparkling water, is unsurpassed as a safe and ideal setting for every conceivable type of fresh water sports.

The first two days of the season, each boy is classified as to his swimming ability. Boys working for their J.L.S. meet at 10:00 o'clock. Non-Swimmers and Advanced Beginners, who cannot swim 100 feet, receive individual instruction at 11:00 and 2:00 o'clock.

At these hours, several boys will swim the cove, to be followed the next day with the $\frac{1}{4}$ mile lake swim. The morning free-for-all swim, (just for fun), is at 11:30, and the afternoon swim is at 4:00 o'clock. If the day has been hot, a twilight swim is enjoyed by the entire camp.

Won Sr. Red Cross Life Saving Emblem in '73

Accredited Red Cross Guards are stationed on the docks and diving tower during all free-swim periods. The Buddy System is followed, and no boy is permitted to enter the water until he has chosen his buddy. Each boy must pass swimming tests before he is privileged to use the boats. A Beach Guard is on duty throughout the day.

THE BIG AQUATIC MEET of the week is held Saturday afternoon. This is the time when Grays and Maroons compete for honors. There is swimming, diving, rowing, canoeing, aquaplaning, water skiing, water polo, and sailing races. The competition is keen and exciting.

EXCELLENT INSTRUCTION GIVEN

Boys who have not learned to swim receive instruction in a roped-off area of shallow water. We are pleased to report that, every boy enrolled in '73 completed the beginner's swim. The majority passed the Cove swim of $\frac{1}{4}$ th mile, and several made the Lake Swim of $\frac{1}{4}$ mile. Eighteen older boys also completed the mile swim to Bass Rock. Guard Boats accompany all long-distance swimmers.

SWIM TIME

This is the happiest event of the day. The water is clear as crystal and pure enough to drink. Coaches of championship quality are on the camp staff. During the past season of '73 Jim Beaver, of Ohio State University, was Director of Aquatics, assisted by Jim Keny and Peter Wetherbee. Rev. Bill Taylor who Directed Aquatics in '70 also assisted for four weeks during the season.

We are proud to state that Mike Peppe, the famous swimming and Diving Coach at Ohio State University for several years, and Olympic Diving Coach in '48 and '52, was Director of Aquatics at Kawanhee for four years.

A LITTLE ROUGH — BUT LOTS OF FUN

Skiing periods for all age groups are 9:00 to 11:00 and 2:00 to 4:00, and Sunday afternoons.

PADDLE WINNERS
A Proud Moment in a Camper's Life

Canoeing

THERE is no activity in camp that surpasses the fun of canoeing on Lake Webb. Before using the canoes, each boy must pass swimming and canoe tests, and win his right to a paddle.

The camp furnishes paddles for each canoe but not for each individual boy. Those who prefer to have one of their own—with symbols of accomplishment painted on the blade, may purchase it, at cost, at the boathouse.

To win his "C", a boy must swim the Cove, one-eighth mile. If he swims the lake in front of the camp, one-quarter mile, he receives a grey and maroon bar painted at the top of the blade. After passing the advanced canoe test, two bars are added at the bottom. Junior Life Savers, 12 to 16 yrs. of age, receive a J.L.S. between the top and bottom bars. Senior Life Savers, 16 yrs. of age and older, receive the S.L.S. between the bars.

Jr. Cubs—boys 7, 8 and 9 years of age, who receive canoe privileges, must stay within the cove and in sight of the Beach Guard at all times.

IN EVERY American boy there lurks the urge and spirit of "Robin Hood", to pull a strong bow and send an arrow true to its mark.

The camp furnishes all equipment. There are the great six-foot bows, powerful enough to bring down a deer or the largest moose that roams the woods of Maine. Then there are the smaller bows and arrows such as any Indian would handle with pride.

Camcraft — Junior Maine Guide — Scouting

THE CAMPCRAFT program appeals to boys who enjoy the fun of camping out. Preparation for trips is an important part of the program — Learning the safety rules in cooking over an open fire — how to make rain-proof shelters and comfortable bough beds — how to make and follow trails through the deep woods — how to roll blankets into a neat pack — how to fish, and the best bait to use.

THE JUNIOR MAINE GUIDE program is of special interest to boys 14 yrs. and older. Under the coaching Counselors in the Camcraft Dept., they train in July before leaving for the testing area at Lake Mooselookmeguntic — about 50 miles from camp. They must select and develop their own campsite in virgin wilderness, where they remain for the four-day testing period.

The J.M.G. program was organized by the state under the direction of Registered Maine Guides.

THE SCOUTING program makes it possible for boys to advance in scouting throughout the summer. During the past several years, twenty-two boys have qualified for their Eagle Badges. Kawanhee holds its own Board of Review and certifies the boys who are passed to their own local councils who have always accepted the camp's recommendations.

Boys from 12 to 15 camps compete each year. Candidates must pass the requirements in twenty separate tests, including axemanship — canoeing and canoe repairing — wet-dry fire building — topographical mapping — personal shelters — reading and following the compass, first aid, and cooking. To win this coveted award in three seasons is an accomplishment of which any boy may well be proud. During the season of '73 Ken Chapman, Lee McCleave, John Ireland, Jeff Morgan and Frank Finetto completed the tests during their second season.

The Junior Cub Program

For Boys 7-8 and 9 Years of Age

MANY parents who appreciate the value of mature leadership for their younger boys are enrolling them at Kawanhee. Perhaps at no other age does camping offer more glamour and appeal. The days are never quite long enough. They learn to live and play happily with boys their own age, develop self-confidence, resourcefulness, and a spirit of comradeship.

For the coming season there will be hours to play on the sandy beach and grow strong in the mountain air and sunshine; time to sail small boats and fly toy airplanes; to explore fields and woods under trained leaders and learn many of Nature's wonders.

In the shop, they will enjoy boat building, metal and leather work.

Each boy will learn to fish and swim and row. Some will even swim the one-eighth mile across the cove, and the one-quarter mile across the lake, and receive the coveted paddle and use of canoes in the cove. Best fun of all will be trips to the nearby mountains, or rowing across the lake to sleep in an Adirondack lean-to, and cooking over an open fire. Baseball, tennis, archery, range, skiing and aquaplaning, will be carefully taught under safe supervision.

Throughout the entire program the importance of adequate rest is emphasized. A quiet hour from 1:00 to 2:00 precedes the afternoon activities. Taps is at 9:00.

BEAUTIFUL JEWELRY

THIS IS THE WAY IT'S DONE

Many Boys Specialize In Nature Study

Learning From Nature

KAWANHEE is unusually rich in natural beauty, with plant and animal life in abundance. "Learning by doing" is the Kawanhee way and nowhere in camp is this more observed than in the Nature department. Acquaintance with wild life is gained by caring for pets in the camp zoo, pursuing birds on trips afield, and observation of the beaver colony a short distance from the camp.

Overnight trips are made occasions for study of the stars, simplified by the "stellarium" in the Nature Museum which flashes familiar constellations later to be identified under the open sky.

Microscopic observations, study of ferns and fungi, moth and butterfly propagation, nature photography and other fields of original research voluntarily chosen, are open to boys who wish to become "Naturalists," the highest honor the department confers. Such activities aim to quicken appreciation, awaken interests and develop resources which will in many cases continue throughout the boy's life.

Many interesting collections of ferns, insects, moths, and butterflies, are prepared for mounting in the latest approved method.

THE NATURE BUILDING

MINERAL MINING TRIPS—The splendid collection of minerals noted below, were mined at Newry, where the boys go to add to their rock collections. Each specimen was identified, carefully labeled and placed in mineral boxes. Every boy has the thrill of finding beautiful green tourmalines and clear quartz crystals. The more fortunate may emerge with pieces of beryl, rose and smoky quartz, green, black, and pink tourmaline, or even amethyst.

FASCINATING WORK IN THE LAPIDARY SHOP

THE LAPIDARY SHOP—The strange fascination that rocks and minerals possess for many boys is given added stimulus by the new lapidary equipment which was installed at Kewanee as a part of the Nature Department's expanding interest in geology and mineralogy. The equipment consists of diamond saws for slicing or cutting, horizontal metal disks for rough grinding, and a series of wood and metal wheels for polishing.

ROUNDING A BEND IN THE STREAM

Canoe Trips

THE KENNEBEC RIVER TRIP — For the boys who are interested in an all-river trip, the 35-mile one-day cruise down the Kennebec is hard to beat. It is especially suitable for younger boys. There is plenty of wild country and good stretches of fast water to tempt the adventurous spirit of any boy.

THE CHAIN-O-PONDS TRIP—A three-day trip for Jr. B's, and one of the most interesting trips out of Kawanhee. It is 85 miles from camp, and passes through a country of dense forests and rare scenic beauty. We reach the Ponds in the early afternoon and proceed at once to unload—paddle to our campsite, which is accessible only by water, and make camp for the night.

A highlight of the trip is the Horseshoe Stream, which flows into the Chain from Canada. It is navigable for nearly two miles.

THE RANGELEY LAKES TRIP—This trip of three days has been a "wilderness" classic for over half a century. There's ideal fishing, and an elevation throughout the trip of 1,500 feet above sea-level.

We put in at the village of Rangeley, about thirty five miles from camp. In the river between Upper Richardson Lake and Upper Dam, is the famous "Upper Dam Pool," renowned the world over for trout and salmon.

THE UPPER ANDROSCOGGIN RIVER TRIP — This thrilling two-day trip is limited to boys who have first taken the Kennebec River Trip. It's a white-water trip most of the way and tests the skill of advanced canoeists who must prove their skill in handling a canoe in fast water before they are permitted to take this trip. Lifebelts or vests are worn on all canoe trips.

APPROACHING THE RAPIDS
Kennebec River Trip

MAKING CAMP FOR THE NIGHT

There are many choice camping spots on Lake Webb where boys may camp out for two or three days. On such trips each boy gains valuable experience preparatory for longer and more difficult trips to be taken later in the season.

Mountain Trips

Good Training For Football

KAWANHEE is a mountain paradise for the boys who enjoy healthy, vigorous life in the open. Within the radius of eight miles, seven mountain peaks, ranging from 2,500 to 3,200 feet in elevation, cut across the horizon.

Later in the season, one or two special trips are scheduled for boys who want something really spectacular. There's Mt. Bigelow—4,200 feet, mile-high Mt. Katahdin—5,280 feet, and the great Presidentials, of which Mt. Washington is the highest—6,293 feet.

TUMBLEDOWN MOUNTAIN — Across from camp, at the end of the lake, rise the peaks of Tumbledown, the Jacksons, West, and white-topped Blueberry—climbed for the first time in '54 by Kawanhee boys, blazing a trail as they went. There's always a thrill on Tumbledown, from a crawl through "Fat Man's Misery" and the "Lemon Squeeze", to curling up in blankets and sleeping on top on a moonlight night.

THE CLIMB UP WASHINGTON IS ALWAYS THRILLING

MT. KATAHDIN

MT. KATAHDIN TRIP—There is no trip in New England that surpasses the one to Mt. Katahdin, Maine's highest mountain, and declared by experienced mountain climbers *the most spectacular and beautiful elevation east of the Rockies*. Thrusting its spruce-clad slopes and rocky summit a mile into the clouds, this giant of the East is the first spot in the United States to greet the morning sun.

The trip takes three days. Enroute to the mountain we stop at Old Town, to see the famous Old Town Canoe Factory, where our camp paddles are made each year.

THE MT. WASHINGTON PRESIDENTIALS TRIP is about sixty miles away in New Hampshire, and covers a period of three days.

The first night is spent in the Madison Huts, tucked away 4,900 feet high between Mt. Madison and Mt. John Quincy Adams. The next day we begin the circuit of the Great Gulf, climbing Mt. Adams, Mt. Jefferson, Mt. Clay, and finally Mt. Washington.

The second night is spent in the Lake of the Clouds Hut on Washington, the highest spot in New England. On all sides stretch breath-taking views. There are higher mountains in the world but none in America has filled so large a place in popular favor as this majestic peak.

ALL PACKED FOR AN OVER-NIGHT TRIP ON TUMBLEDOWN

MT. BLUE — A short distance from camp — and easily climbed over a trail one and one-half miles in length.

BALD MOUNTAIN — This is a favorite trip for many of the younger boys in camp — especially those who wish to "train" for the more difficult climbs later in the season.

MT. BIGELOW — This trip of two days adds a touch of romance and history to the scenic beauties that are revealed from its summit. History tells us that Major Bigelow, a member of Benedict Arnold's expeditionary force that marched through the Maine wilderness to Quebec during the Revolutionary War, climbed this mountain, hoping to see the Canadian city from its top. It is 65 miles from camp.

THE APPALACHIAN TRAIL TRIP — A new back-packing trip along the famous Appalachian Trail was offered for the first time in '72. Some sixty miles of trail were covered by a group of seven boys and two counselors in eight exciting days. The last two days were spent in climbing mile-high Mt. Katahdin.

The trip was both challenging and rewarding. Most of the boys were Master Campers who welcomed the chance to apply their skills in cooking and shelter building, although there were several Trail shelters along the way. Each boy carried his own pack and gear, including a sleeping bag, food, and cooking utensils.

SOME OF THE BIG ONES LANDED IN '73
Mr. Bateman, known as "Bates" throughout the Camp, has directed the Monhegan Trip for the past 25 years.

Seashore Trip

MONHEGAN ISLAND TRIP—The three-day trip to Monhegan, for boys 10 years of age and older, has been so popular it has been necessary to schedule two trips each summer.

Monhegan is sixteen miles out from the mainland, and abounds in history, romance and new adventure. Captain John Smith landed here in 1610.

We plan to visit Cathedral Woods, The Boars Head, the Old Hermit, on the adjacent islet of Manana, the seagoing tug that went aground in '42, and also enjoy deep-sea fishing.

The Balmy Days

We leave Boothbay Harbor on the "Balmy Days." She is 60 feet in length, has two 225 H.P. diesel engines, automatic steerer, radio compass, depth recorder, radar, and radio telephone. Captain Charles W. Wade, a skillful skipper with over thirty years' experience is in charge.

Deep-Sea Fishing

There's fun, thrills and good fishing at Monhegan. You never know what the catch will be—cod, pollock, haddock, mackerel, or maybe a tuna. During the season of '73, over 500 pounds of cod and pollock were landed with hook and line. All equipment is furnished by the skipper, including necessary bait.

Many Harbor Pollock are caught from the main dock as well as in deep water from the skipper's boat.

REV. WILLIAM (Bill) TAYLOR, and REV. STANLEY McCLEAVE
CAMP CHAPLAINS — 1973

Weather permitting, we gather for our morning service at the outdoor chapel, facing the Lake and Mountains. The Little White Cross still "Points The Way."

Sundays

THE religious life of Camp Kawanhee is non-sectarian. Sundays are spent quietly. Every fellow adorns himself in his cleanest "whites". At 11:00 we assemble in our outdoor chapel by the shore of the lake. Catholic boys attend Mass at Wilton, twelve miles from camp. In the afternoon, Sunday letters are written, and plans are made for short trips, sailing, tennis, canoeing, skiing, etc.

Throughout the whole Kawanhee program there is an unobtrusive yet very positive religious influence. We seek leaders of broad sympathies, with an inspiring message for all.

Vesper Services are held at 7:30 in the recreation hall. This is one of the highlights of the day. There is singing together, talks by counselors; a short prayer by our Chaplain, followed by an interesting camp movie.

BOY, O BOY, DOES THAT SMELL GOOD!
It won't be long now.

The Outpost Camp Trip on Swift River

THE two and three-day trips to the Outpost Camp on Swift River are of special interest to boys in all groups. This is the trip that every healthy, normal boy dreams about, long before camp opens.

Here, under the shadow of Tumbledown Mountain, is a real "back to Nature" camp. There are pup tents, a large main tent, a cook's tent for rainy weather, a spring hole where milk and other perishables are kept ice cold, and nearby, a good supply of firewood.

Every boy is thrown on his own in helping to maintain a clean and healthy camp. He assists with the cooking—washing dishes—sawing and splitting wood—fetching water from the brook, etc.

The days are filled with fun, work and new adventure: There's gold-panning, building dams, trout fishing, exploring old lumber camps and beaver dams, and, best of all, delicious meals cooked in the open, and roaring campfires at night.

AN AFTERNOON OF FUN AT COOS CANYON
Enjoyed by boys at the Outpost Camp. Also, a favorite Sunday afternoon trip—about 15 miles from camp.

PANNING GOLD ON SWIFT RIVER

A thrilling and unique experience awaits every boy at Kawanhee! The first gold found in the United States was discovered not 15 miles from the Camp on Swift River. It is a most fascinating experience for a boy to hold a genuine miner's pan in his hands, just like the old "Forty-Niners," wash out a pile of pay dirt and pick out a few precious pieces of gold. We are looking forward with the keenest enthusiasm to renewing our search for gold during the coming season.

THE MESS TENT

The food is delicious—there's always enough for seconds and thirds.

THERE'S GOOD FISHING WITHIN THE COVE

LEAVING ON AN EVENING'S FISHING TRIP IN THE NARROWS

Fishing Is Good

WHEN THE weather is right, the fishing in Lake Webb is good. The majority of boys arrive in camp with poles, reels, and lines, ready to challenge the biggest fish in the lake.

MAINE IS FAMOUS for its trout, salmon, white perch, bass, and pickerel fishing. It is not unusual for boys to catch fifteen to twenty white perch in an evening's fishing. They are delicious eating and furnish many a fine breakfast for Kawanhee boys.

THE FISHING TRIP — A BIG SUCCESS

Within a period of two hours (7 to 9) 190 white perch were landed, averaging from $\frac{1}{8}$ to $\frac{1}{4}$ lb. in weight, together with 6 $1\frac{1}{4}$ lb. bass.

Creative Program and Camp Honors

THE Creative Program at Kawanhee is a free choice program. With the possible exception of Swimming, for non-swimmers and boys needing special coaching, *No Activity is Compulsory*.

The choice of interests and objectives include six major activities — **Athletics, Aquatics, Handicraft, Nature, Sailing and Campercraft**, with many contributing activities. This makes it possible for boys with varied interests to enjoy a well-rounded program for the summer. They may "sign off", from any scheduled activity, with the approval of the Program Director.

The "**Achievement Level**" is the common unit for evaluating accomplishment at Kawanhee. Each activity is divided into three levels for each age group. The stimulus to complete the levels is enhanced through the honors which are presented at the Saturday night campfires. It is considered an honor at Kawanhee to stand before the campfire as your name is read for each level completed during the week. This, perhaps, is one of the prized moments in a camper's life when recognition is given for a

"job well done." Those winning the first level in three or more major activities, are awarded a beautiful leather plaque upon which the honors won are appropriately arranged. Each level passed, credits a boy with points for his side, either Greys or Maroons. (See page 44.)

Twenty Boys Fill Achievement Plaques — '73 — It's a pleasure to give special recognition to the boys who persevered in completing their plaques during the past season.

THE TWO CAPTAINS SHAKE HANDS
 Jeff-Colon Bennet, Capt. of the Greys—Left

The Greys and Maroons

MUCH of the fun and enthusiasm at Kawanhee revolves around the Greys and Maroons—the two competing teams in camp. Every boy enrolled is chosen on one of the teams and endeavors to win as many points as possible for his team.

The interest and excitement increases as both groups gather for the Saturday night camp fires. The names of those who have won special medals and passed achievement levels during the week are read. And then the big moment arrives! The score is announced!

During the hard-fought contest of '73, the Greys finally emerged with 33,575 points, and the Maroons with 30,821.

The camp has never seen two teams more evenly matched in good spirit. A large part of this is to be attributed to the captains who stood for the highest of ideals and good sportsmanship.

Leadership

PARENTS are vitally concerned with the associates their boys have, the fellows they play with, the teachers at school, the men they admire and want to be like.

If the man is the right kind, the best that is in the boy responds. Clean sportsmanship, grit, the impulse to help the other fellow—all the finest traits of personality come out in a boy when he sees them in a favorite counselor.

That's why Kawanhee is concerned about its choice of counselors. That's why one camp is more successful than another, more helpful, more stimulating in developing the finest in fine boys.

Master Campers

The Master Campers group is organized for boys fifteen and sixteen years of age who wish to continue their camp training. It is the beginning of the Counselors-In-Training Course at Kawanhee. A slight reduction is made in tuition for boys who have had previous camp training.

The boys participate in all phases of the regular camp program. They assist, for approximately one or two hours each day, depending upon the activity in which they are interested. Those who have shown leadership potential, and those whom we feel merit the promotion, are invited to return the following year as 1st.-Year Jr. Counselors. Special consideration is given involving—Loyalty to all camp rules—General attitude and cooperation—Skill in one or two activities—and Initiative and Perseverance to "Finish What They Start".

HOUSEBOAT BUILT BY MASTER CAMPERS

It was thoroughly calked, made water-tight, and equipped with four bunks. The boys anchored it to a reef and slept in it several nights during the season.

The Wigwam

Kawanhee's Official Camp Paper

Under the leadership of Kevin Morrin, Chief Editor, the Wigwam was published in '73 for the twenty-fifth summer. He was ably assisted by Mrs. Mitchell Greenawalt, Rev. Stanley McCleave, Tom Taylor, and other activity leaders. We appreciate Mike Meserole's splendid contribution in reporting the baseball activities the last week of the season. Mike was one of our outstanding counselors and Baseball Editor for several years. (Thank you Mike.)

Copies are mailed weekly to parents during the season. Information pertaining to each boy's achievements in the different activities, and other information of special interest are mentioned in The Wigwam.

Kawanhee Inn for Parents

One-half Mile From Boys' Camp

EXCELLENT ACCOMMODATIONS are provided at Kawanhee Inn for parents who wish to visit their boys in camp. Many parents drive their boys to camp and remain to enjoy the cool refreshing air of early July weather. Others arrive by the middle of July, or a week or two early in August, and drive their boys home at the close of camp August 18.

INFORMAL, FRIENDLY AND INVITING — Guests dress in comfortable outing clothes. The entire organization and development appeal to men and women of refined taste who desire a vacation of rest, relaxation, and wholesome enjoyment.

DELICIOUS FOOD—One reason for the growing popularity of the inn is its delicious home-cooked food. Choice western meats, only, are served. There are shore-dinners and an elaborate buffet Sunday nights. Special diets for children or adults are arranged without extra charge.

RECREATION—There's good fishing, delightful bathing on a beach of fine white sand, tennis, rowing, canoeing, sailing, mountain climbing, and Maine's finest golf course only 20 minutes drive from the Inn.

THE INN OPENS June 24 and closes Aug. 20. Rates are very reasonable and include board and lodging—maid and chore-boy service. Boats and outboard motors may be rented by the day, week, or season. Those desiring detailed information should consult Mrs. Walter Estabrook, Resident Manager, 415 S. Drexel Ave., Columbus, Ohio (43209), phone 614—252-4381. A beautifully illustrated brochure will be mailed upon request.

NINE COTTAGES—AMONG STATELY PINES

There are one and two bedrooms, twin beds, modern baths, living rooms with stone fireplaces, and screened porches.

KAWANHEE INN—LOUNGE ROOM WING

The Inn is splendidly equipped. There are massive fireplaces, a screened dining porch, comfortable twin beds, private baths, and other conveniences which you would expect to find in your home.

An Educator Tells of a Dad's Impressions of Kawanhee

By DR. REES EDGAR TULLOSS, Former President of Wittenberg University

ANY father who has watched the interested face of his son in a Kawanhee campfire circle, or watched the head of a little swimmer making his way across the lake to qualify for water privileges, or looked with fatherly pride upon the awards on a plaque indicating the passing of successive levels of achievement in various fields, knows what it is to appreciate the values of his son's summers at Kawanhee.

To me, far more significant than the rare beauty of its environment, its excellent physical equipment, its exhilarating lake and mountain air, is the recognition of Camp Kawanhee as a place of ideals.

Here is a camp where good times fill the hours, where every reasonable freedom is allowed, not as a privilege, but as a matter of right; but back of every phase of the whole well-rounded program is the conception of youthful activity ordered in such a way as to build character. What I have seen in the summertime growth of my own son and grandsons, what other parents have told me as to what Kawanhee has meant to their sons, justifies the statement that here is an effective influence in the development of worthy and enduring qualities of

personality. That in the end, is what makes a camp worthwhile.

If there were space for it, one would write of counselors chosen not only for their knowledge of some form of camp activity, but for their understanding of boy life and problems, their leadership ability, their personal worth and ideals; of junior counselors themselves in part a product of Kawanhee training; of the Sunday morning talks by the Camp Chaplain and his influence throughout the camp; of the moral tone and positive religious spirit of the camp as a whole; of the comments and confidences of sons revealing the learning of lessons of unselfishness, obedience, dependability, perseverance, confidence, courage, manliness.

Five hundred words allowed me to express appreciation, heartfelt gratitude, recognition of high ideals faithfully adhered to, of values of lifelong significance! Totally inadequate! To put it all in one sentence, Kawanhee must be placed along with home and church and school as agencies which have helped to shape rightly the ideals and attitudes of my son.

LOUNGING ROOM—Kawanhee Inn
Friendly and Inviting

CAMP KAWANHEE-1974

GENERAL DIRECTIONS

Personal Outfit—No expensive special costume is required. Clothing which a boy would customarily wear at home during the summer proves quite satisfactory. For general daily wear, each boy should be equipped with the following:

- 6 White Cotton "T" Shirts — (Very Important)
- 8 Pairs Shorts—Khaki or Gray Drill (Preferred)
- 4 Pairs Bluejeans or Khaki Pants — Important for cool mornings, mountain trips, and rainy days.

Mark All Clothes with woven name tapes or with a good grade of indelible ink, including clothing worn to camp. Place adhesive tape in shoes and mark plainly. There will be ample room for all clothes in the lodge.

Shipping Baggage — Information will be mailed the last of April relative to shipping trunks and duffle bags to camp via The Greyhound Bus Co. or via air express arranged by the Railway Express Co. We found last year that the expense via bus is much less expensive. For mid-western boys, a senior counselor will pick up and deliver baggage to camp.

Trunks, or Foot Lockers not over 14 inches high are preferred. They are kept under cots. List the contents and post on inside of lid.

Two Trunk Keys should be provided—one to be retained by the boy and the other tagged with his name and mailed to the camp or handed to the directors at the station or airport on the day of departure.

APPLICATION

Camp Kawanhee—1974

Full Season — June 25 to August 18

Application Fee, \$50.00

I wish to enter my son in CAMP KAWANHEE for the season of 1974. Enclosed find the application fee of fifty dollars (\$50.00) to be applied on the tuition.

In case of dismissal when deemed necessary in the interest of the camp, or departure, on account of voluntary withdrawal, there will be no refund of camp fees for the time reserved. If, however, unforeseen circumstances, such as sickness or accident, make it necessary for a camper to withdraw entirely from camp before the expiration of the term for which he is enrolled, one half of the unused camp tuition will be refunded. There will be no reduction in tuition for slight delays in entrance or departure.
