

CAMP
KAWANHEE
for Boys

2007

*On a Mountain Lake
In the Maine Woods*

The George and Raymond Frank Foundation was created in 1998 to perpetuate Camp Kawanhee. The Foundation now owns and operates Camp Kawanhee as a 501(c)(3) corporation. At the 2002 annual meeting, the Frank Foundation Board of Directors adopted the following mission and values statements:

Our Mission

The Frank Foundation's mission is to provide boys and young men with experiential educational opportunities designed to encourage self-sufficiency and teamwork and an appreciation of the natural world. Our program consists of a summer session of seven weeks that promotes cooperative living in a safe and nurturing environment. We offer a rustic camp setting on the shores of a pristine lake surrounded by mountains, together with a staff sensitive to the needs of boys and a liberal arts philosophy that has stood the test of time, and yet continues to evolve. It is our hope that members of the Kawanhee community will return to their everyday lives as better, more productive citizens of the world.

Our Values

A Caring Community

A network of supportive interpersonal relationships is the foundation for all we do. We show the value we place on succeeding generations by establishing for them an environment of acceptance and belonging and by mentoring in the values of fellowship, mutual respect, and service to others.

Integrity

We accept personal responsibility for our words and actions. When we give our word, we honor it. We finish what we start. We treat each other directly and fairly. And we build trust in the community of those we serve by delivering on our promise to provide quality in everything we do.

Freedom Within a Framework

Personal safety is our priority. Within this framework we provide a flexible, open environment rich in self-challenge and self-discovery where all are encouraged to seek, find and gain acceptance for their own personal best. The lessons learned are for life, and we recognize that some of life's best insights and memories come from so-called idle hours spent in ideal settings in the company of close friends.

Character Development

We do not preach leadership; we practice it. We consciously strive to enhance the self-awareness and self-esteem of all whom we serve. We provide opportunities for the kind of personal growth, leadership development and personal enrichment that come from prudent risk-taking, good sportsmanship and perseverance toward the achievement of a worthy goal.

Environmental Consciousness

Our programs reflect our belief that to appreciate the natural world one must experience it, directly, personally and authentically. We are committed to fostering a sense of personal responsibility toward the natural world and to taking a hand in preserving our surroundings.

Financial Stability

Financial stability is our way of securing our traditions in perpetuity. Our financial health provides the freedom and the resources to focus on quality programming, share our offerings with those less fortunate, and protect our pristine setting from possible threat.

Share the Experience!

If you would like to support the mission and values of the Frank Foundation with a tax-deductible contribution, please make your check payable to and send to:

Why Camp? Why Kawanhee?

A Message to Parents...

A camp experience plays a special and unique role in the growth and development of a child in today's world. It provides opportunities that cannot be found anywhere else. At Kawanhee, a boy can step outside of his fast-paced, everyday routines and experience life and relationships in a brand new context. He can remake himself if he desires, try on different aspects to his developing identity or simply express and expand those characteristics and behaviors which have served him well. A Kawanhee camper does this all within the context of a cohesive and supportive community, where each and every child and adult is considered a valuable member and individual differences are respected.

During activity times, boys gain specific outdoor living and athletic skills. Every camper is encouraged to try every activity that is offered and then, after several weeks of scheduled activities, is allowed to sign-in and out of activities depending upon what he has learned his interests to be and how far he elects to pursue his participation and achievements in that activity. Campers gain memories from climbing Tumbledown Mountain, canoeing down the Androscoggin River or camping out on Skookamee or on Monhegan Island. They also gain respect for the natural world as they become comfortable within it and carry forward a desire to care for it.

At Kawanhee we have a healthy respect for free-time as well, which becomes a chance for boys to hang-out and talk with each other, play a spontaneous game of frisbee or tetherball, read, fish, take out a canoe, or go for a sail. Although free-time activities are not always directly supervised,

they are when safety demands it; no boy is able to take a boat out by himself until he has passed the necessary boating and swimming tests, and a beach guard is on duty to supervise boat sign-outs and check-ins.

Camp is about traditions, traditions that bond us to one another and help to define the community to which we all belong. Whether it be the legend of Chief Kawanhee, our spirited Maroon/Grey competitions, Saturday night campfires, these are all time honored traditions that have existed here at Kawanhee since its beginning in 1920. We often say about the Kawanhee experience that here we make "Friends for the summer, and family for life!" The majority of our staff, both lodge counselors and non-lodge counselors alike, have been campers at Kawanhee, helping to carry forward the sense of tradition and family that is so pervasive here.

Chief Kawanhee challenges the campers to live up to their potential throughout their summer experiences. As shadows lengthen and the stars appear, we gather for our camp fires at Council Point. It is here that the heart of camp life glows as boys and men sit before the blazing fire, enjoying their games and stunts, the presentation of awards, and the reading of the Grey and Maroon Camp Score for the week.

Our goal at Kawanhee is to have campers leave their camp experience with greater self confidence, a sense of responsibility both to themselves and to others, the ability to make good choices and to develop greater respect for others and their individual differences.

Last, but not least, Kawanhee is about having fun! The photographs in the catalog best illustrate how we do that. We hope you enjoy these pages; please do not hesitate to call with any questions or feedback.

Hope to see you next summer!

Mark, Liz and Pete

*I am Grateful for all the staff did for Royce.
He is ecstatic in his description of his first camp happen-
ing and the people who have taught him in so many
activities. He made a wide range of friends and has
grown in proficiency in many areas.
I am so proud of Kawanhee and Royce.*

Bonnie Birch

*P.S. A visit to my first "other camp" leads me
to confirm Father's belief
"there is none better than Kawanhee!"*

An Ideal Location

Camp Kawanhee is located on the east shore of Webb Lake, at Weld, Maine – eight-five miles north of Portland, and thirty miles south of the Rangeley Lakes. It has a shore line of woods and sandy beaches. Early legend tells us that Chief Kawanhee and his braves lived here for many generations.

Weld was practically unknown until 1772 when hunters from the southern part of the state explored this section of the country. In passing through this valley, they discovered a pond about six miles long near which they found an old gun and several traps. On a tree was cut the name of Thomas Webb. This name they gave to the lake. Around 1797, Webb Settlement came into existence. A few years later, the name of the settlement was changed to Weld in honor of Benjamin Weld, one of the first settlers.

The location of the camp is one of the finest natural settings for a boys' camp in the country. Situated at the "Narrows" of the lake, there is a protected cove for sailing, canoeing, boating and fishing, and a sandy beach for swimming. The lake is surrounded by miles of pines and pointed firs and spectacular mountains producing fabulous sunsets. Wild life is in abundance, from bald eagles, loons and deer to moose and bear. The surrounding country is unspoiled and pristine with quaint country roads and farmhouses, an area that has remained virtually unchanged for many, many years.

George and Raymond Frank said about this location when they founded Camp Kawanhee in 1920..."The

surrounding country is wild and rugged and appeals to the adventurous spirit of growing boys. Just to run, to swim, to follow trails over lofty peaks, to spy on deer and moose as they come to the lake to drink, to investigate beaver dams, to capture woodchucks and porcupines, to fish for trout in swirling rapids, to sit by glowing camp fires at night, or to roll up in blankets under the stars and listen to strange noises of the deep woods-What a life! Such thrilling experiences make every fellow worth his 'salt' – a bigger, better, more self-reliant man!"

CAMP MANAGEMENT

Mark Standen, President of the George and Raymond Frank Foundation from 2003 to 2005, now serves as the Foundation's Executive Director, along with his wife Liz Standen. Mark's association with Kawanhee began in 1960 when he was an Eagle-lodger. He spent the next twenty-three summers in various roles, as camper, lodge counselor, wrestling instructor, trip leader and director of activities. Mark received a B.A. from Colby College and a law degree from the University of Maine. He is a former educator and coach and now practices law on the coast of Maine, where he and Liz live with their children, Mary, Jed and Alex. Sons Jed and Alex have attended camp for many summers as campers and counselors.

Liz Standen joins Mark in the Executive Directors' role. Liz has summered on Lake Webb for many summers and worked at both Kawanhee and Kawanhee Inn as secretary, WIGWAM editor and waitress. She has a degree in early childhood education from Tufts University, is an educator of many years and most recently the Director of a school in Falmouth, Maine. Both Mark and Liz enjoy the Maine outdoors including canoeing, hiking, and flyfishing.

Pete St. John, who has been at Kawanhee since 1998, is the Camp Director. Pete has over thirty years' experience in organized summer camping: as a camper, counselor, administrator and parent.

He lives on a farm in Weld with his wife Margot, son Matthew and Newfoundlands Walter and Pope. A graduate of Choate School, Pete has a B.A. from the University of Connecticut and an M.A. from the University of Massachusetts. He studied abroad in England, Austria, and Germany. Pete's professional career has been spent in secondary teaching and administration in western Maine: at GoodWill Hinckley's Averill High School, Dirigo High School in Dixfield, Madison High School and Mountain Valley High School in Rumford, where he currently teaches English to seniors and advanced placement juniors and chairs the District's Assessment Team. A Registered Maine Guide, Pete enjoys hiking and snowshoeing in the Maine woods. His wife Margot Joly practices law in Wilton, Maine.

Pete St. John

Mark & Liz Standen
Executive Directors

Walter and Jane Estabrook, Directors Emeriti, join the Kawanhee team as former directors of the camp for 30 years. Their able advice and consistent support helps the entire Kawanhee community in its goal to be the best possible camp environment for growing boys.

Walter Estabrook & Jane Estabrook
Directors Emeriti

*Graham again had a spectacular time at camp.
Thank you for the wonderful environment you add to the beautiful surroundings. We are
very happy for him that he feels it is such a special and "magic" place.*

We will see you next year.

*Jameson and Polly Marvin
Lexington, Massachusetts*

2006-2007 George and Raymond Frank Board of Directors

Robert "B.A." Altmaier

B.A. Altmaier lives in Wilton, Maine with wife Anita and has three children: Becca, Andrew, and Ben. All three have been either campers, staff members or both, and Becca and Andrew were on the staff in 2006. B.A. has been involved with Camp Kawanhee for 41 years as a camper and staff member. Has been a member of the board since it started and is still on the staff as the Camp Scorekeeper along with other duties such as being the head guardian angel for camp in the winter. After working at Bass for over 27 years in Distribution until it moved out of Maine, B.A. has been working for Walmart's new Distribution in Lewiston, Maine since it opened in 2005.

Beth Cuda Baker

Beth resides in New Canaan, CT with her husband, Todd, and their three children. Their son, Foster, 15, was a Kawanhee camper for four years. Their daughter, Ellie, 13, goes to Camp Arcadia and their son, Fred, 10, will be a 2007 Kawanhee camper. Beth grew up in West Hartford, CT and has fond memories of summers spent at Camp Avalon, which was a girls' camp in Chatham, MA. She majored in Spanish and Economics at St. Lawrence University and went on to earn a Masters in International Management at Thunderbird. Beth worked in New York as an International Private Banking Officer for Banque Nationale de Paris and The Chase Manhattan Bank. She now spends her time taking care of her family and volunteering at her children's schools and local organizations. She is fluent in Spanish and relishes opportunities to speak it. In her free time she likes to take long walks in the woods, cook and play golf.

Tom "Tim" Bolon

Tom (Tim) Bolon is a native of Columbus, Ohio and first came to Kawanhee in 1970 with his cousins and several family friends. He has two son's, ages 13 and 15 and a daughter, 16. Both boys have fallen in love with Kawanhee as he did, his oldest Tommy has attended camp for the past six seasons and his youngest Jamie for the past four seasons. Tim has chaperoned the campers from the Ohio area to and from camp since 1999 and joined the Board in 2007. His wife Laura and daughter Kara, who has attended Camp Arcadia during this same time period, have both grown to love and appreciate what Kawanhee means as much as the boys in the family. After graduating from Bexley High School, Tim was a professional musician for 7 years. He later graduated from The Ohio State University and the Ohio State College of Law. Tim is a real estate attorney and developer and runs MyTeam Ltd., a licensed sports merchandise company. After experiencing Kawanhee as a boy and then seeing what Kawanhee has meant to his two sons, Tim is looking forward to helping keep the traditions of Kawanhee alive as well as helping to bring this wonderful Kawanhee experience to a whole new generation of campers.

Don Casto

Don M. Casto, III, is a partner of CASTO, a Columbus, Ohio, regional development company specializing in the development of shopping centers, multi-family housing and mixed-use entertainment projects. He is a graduate of Stanford University and Stanford Law, and George Washington University. His professional associations include membership in the California and Ohio Bar Associations, the Urban Land Institute and the International Council of Shopping Centers. He has written a number of publications regarding retail commercial development. Casto is on the Board of Directors for Huntington BancShares, Inc., and The Capital Club and the Greater Columbus Chamber of Commerce. He serves on the Board of the Columbus Regional Airport Authority of which he is past Chairman; and also serves as a trustee of the Columbus Museum of Art. He and his wife, Ann, have two children and reside in Bexley, a Columbus suburb. Mr. Casto attended Camp Kawanhee as did his son, John.

John Detrick

Retired as McElroy Chair of Mathematics and 34 years of teaching at the Columbus Academy. Believer in Camp Kawanhee, starting in 1947 as a camper, counselor, assistant director, parent, grandparent, board member, and maybe some day great sachem ad astra!

Keith Erf

Keith resides in western New Hampshire with his wife, daughter and three sons, two of whom presently attend Kawanhee. A board member since the inception of the Foundation he currently serves as Treasurer. He was a camper at Kawanhee in the 60's, a counselor in the 70's and again in the 80's. A graduate of MIT, he currently runs KyTek, the software development and publishing company he founded in 1990.

John Estabrook

John and his wife Iris live in Durham, NH. John was a camper and counselor at Kawanhee from 1959 through 1965. He has been a member of the board since its inception and is an emergency room physician in Durham, New Hampshire. John has two daughters, Rachael and Sarah.

Don Long

Don "DL" Long lives in Vienna, Virginia, with his wife, Diane, a Kawanhee-Innean, and two future Kawanhees, William (age nine) and Nicholas (age seven). DL is a member of the most select of clubs: those who met their true loves at Kawanhee. And he, along with Steve Yale and Lorenzo Baker, were the first ones to see the sun come into the 1980s by ascending the summit of Mount Katahdin on New Years Eve, 1980. DL works in education policy and research, and is a program director for the Council of Chief State School Officers (CCSSO), a non-profit K-12 education organization in Washington DC that serves the chiefs (Oh Kawanhee!!) of the state education departments. Quite immodestly, DL says he is excited about his work for the opportunity to transform education by recentring standards-based reform on teaching and learning in the classroom.

Jeff Morgan

Jeff has been associated with Kawanhee his entire life. He was a camper and counselor from 1969 to 1976 and his son Ben was a camper and counselor from 1998 to 2004. Jeff has been a board member since its inception. He is married to Molly Morgan and they have three children. They live in Darien CT. Jeff is the president of product licensing for Polo Ralph Lauren in New York City.

Henry "Butch" O'Neill

Henry "Butch" O'Neill resides in Columbus, Ohio and is an executive in the software industry. He is a graduate of The Ohio State University and attended Camp Kawanhee for over 10 years during the 40's and 50's. Both of Butch's sons have attended Kawanhee.

Kate Estabrook Schoedinger

Katie has grown up with Camp Kawanhee and savored the year round world of its operation. She stuffed envelopes, hand delivered catalogues with her dad, stained lodges for her mom, planted flowers, swam laps, began the tutoring program and married the water ski instructor. Her favorite job remains Camp Mother, but now she delights in working as a reading specialist in a New Hampshire middle school that services over 1000 kids in three grades. It's her thrill to send her daughter to Camp Arcadia and her son to Camp Kawanhee. May there always be a Kawanhee!

Tim Vrabel

Tim has the good fortune to live less than three hours away from Camp Kawanhee in Bath, Maine, where he and his wife Barbara have raised two daughters. Tim has been a Board member since its inception, and he has been connected to Kawanhee as a friend of the Estabrook family since the 1970's. He graduated from Lake Forest College in Illinois and received his graduate degree in business from Husson College in Maine. He is employed by Bangor Savings Bank and at every opportunity in every season, he escapes to the mountains.

Steve Yale

Steve Yale has been associated with Camp Kawanhee for almost forty years. He has been a camper, team captain, JC, SC, DOA and Assistant Director and then served as the first President of the Frank Foundation. Steve is strong advocate for organized camping, and the values and ideals taught at Kawanhee. Steve is President of Summit Medical Services, Inc., a distributor of medical devices. He currently lives in Truckee, California with his wife Diana, and children, Eli, age 9, and Olivia, age 8.

Food and Facilities

We want the cook! We want the cook!" This familiar phrase is a frequent cheer in our dining hall, and is our campers way of expressing appreciation for the delicious meals. Our basic philosophy is to plan well balanced menus which are both appetizing and nourishing for healthy, hungry campers. At every meal we offer a broad selection of choices, including plenty of fresh vegetables and fruit. A salad bar is available at every lunch and dinner. Boys who are fortunate to celebrate a birthday while in camp receive a delicious cake for their table. Sean Minear, our chef, is the Director of Culinary Arts Department at Mt. Blue High School, Farmington, Maine. Everyone in camp thanks Sean and his talented staff for the delicious meals.

Conveniently located near the sleeping lodges are the dining hall, recreation building, wrestling building, nature building, archery supply cabin, a shop large enough to accommodate up to thirty-six boys and four instructors at one time, a campcraft building, rifle and archery ranges, a ropes course and climbing wall, the camp hospital, boat houses, the toilet build-

ing with showers and our camp laundry.

Most of Kawanhee's buildings are of heavy log construction, roomy, rustic, and built to suit our specific needs. The sleeping lodges are nestled among the pines along the shores of the lake. They are safe, comfortable, and free from dampness in rainy weather. Each is equipped with comfortable cots and mattresses, and accommodates from seven to ten boys and two counselors.

Kitchen Staff

Sean Minear, Carrie Youcis, Ryanne Brown, Angie Belskis, Jessie Scott, Bailey Scott, Catherine Zachary, Casey Wade, Chelsea Steele, Kaylee Rumley.

A. J. just loves camp and is in hopes to return next year. He talks about getting his paddle and putting all his accomplishments for the summer on it. He seems like he is maturing in a positive direction. Please pass on to all staff that you guys do an excellent job with the organization of camp, your work is very impressive. All boys should have this experience. Thanks again for everything you do!!

*Denise Carrier
Dixfield, Maine*

Age Distribution and Level System

Jr. C—7, 8, 9 years, Jr. B—10 and 11 years, Jr. A—12 and 13 years, Senior 14 and 15 years, C.I.T. (Counselor-in-Training)—15 and 16 years.

Physical development and camping experience, along with age, are important factors in determining the proper group for a boy.

Kawanhee's program consists of some 20 activities, and all campers are required to report daily, Monday through Friday, to their four one-hour assigned activity periods. Attendance is compulsory, although participation is not demanded if a boy and his parents request exemption from a certain activity.

During the first three weeks at camp, boys are scheduled to attend all activities to become better acquainted with the entire program, and to develop new interests. Following the three-week introductory period, campers may sign-out from an assigned activity, and sign into another activity of their choice with the approval of the Director of Activities.

The Achievement Level is the common unit for evaluating accomplishment at Kawanhee. Progress in each activity is divided into three levels with the first level purposely de-

signed to be quite easy to allow a boy to discover if a particular activity interests him. Levels two and three are progressively more difficult. Each of the several age classifications has a different set of 1-2-3 level requirements, so that a boy's level challenges will match his age group.

The stimulus to complete levels is enhanced through the honors which are presented at the Saturday night campfires. Every boy needs recognition for his achievements, and it is a prized moment in a camper's life when he is asked to rise and stand before the campfire as his name is read for each level completed during the previous week. At this impressive ceremony, lodge groups form a huge circle around the big council fire. There is singing, games, and stunts, the presentation of awards, and the reading of the weekly camp log. Since each camper is a member of either the Maroon or Grey team, there is a tense silence the moment before the weekly team scores are announced—then mighty cheers led by the team captains.

As the embers glow and the stars appear we rise, face the west, and in the stillness of the woods, sing our good night song to the tune of taps.

*"Day is gone—gone from the sun—from the lake,
From the hills, from the sky,
All is well, safely rest—
God is nigh"*

A Day at Kawanhee

A typical day (Monday through Friday) at Kawanhee starts with reveille at 7:00 a.m., and then a delicious breakfast following the flag-raising ceremony. Next, all campers share in the clean-up for lodge inspection, for which there is eager competition, as lodges winning seven inspections receive a special treat. Morning activities then follow in two periods—9:00 to 10:00 and 10:00 to 11:00, after which comes morning swim. The noon meal is followed by an hour's rest period—time enough to write a letter home, read, or take a nap. Afternoon activity periods are scheduled for 2:00 to 3:00 and 3:00 to 4:00. Free time 'til supper finds boys having fun with tetherball, fishing, or going to the library to read or play a game of checkers. Supper is at 5:30, and after our meal, boys may go sailing, canoeing, fishing, water skiing, take part in a baseball or softball game, play "capture the flag", or another challenging game. At 7:30 all lodges gather in the Recreation Hall for movies, singing, stories, or camp shows.

On Saturdays special events are scheduled, such as water

meets, track meets, mountain climbs, Little League games, soccer, or tennis matches. Certain activities, such as Shop, are scheduled to permit boys to work on projects. In the evening extra events, such as a talk by a Forest Ranger or a Senior Maine Guide, prove to be educational and fascinating for all hands.

Sundays at Kawanhee are spent quietly. Our religious life is non-sectarian. Lodge groups walk to Council Point, where we assemble on the side of the hill facing beautiful Lake Webb, sing hymns, and listen to an inspirational talk by one of our staff members, visiting alumni, counselors or campers. Catholic boys are taken to Mass at Dixfield, twelve miles from camp. In the afternoon it is traditional for boys to hike into the town of Weld—they walk in lodge groups with their respective counselors in charge. Also, short mountain trips, sailing, tennis, canoeing, soccer, skiing, and other activities are supervised and open for selection.

Andres' enjoyment of this season has been very satisfactory to us. He reports that he has taken on new challenges and has not wasted this precious opportunity. I'm sure he'll remember all his time at Kawanhee, but will probably treasure this summer with special fondness. We deeply appreciate the fine work that the whole staff puts into making these summers important experiences for all campers. We also value the special efforts you have made to help Andres grow and mature. Children are not born with little instruction booklets, so we have to figure them out one by one. Some turn out to be harder to put together than others.

We have been especially fortunate to find people like the Kawanhee team who help the make the process a little easier. Thank you all so much.

Jaime and Tata Figueroa, Guaynabo, Puerto Rico

Beginning in 2007, Kawanhee's activities will fall into one of four departments. They are: Waterfront Activities, Wilderness Living, Athletics, and Shop and Arts.

WATERFRONT ACTIVITIES

Sailing

Sailing has long been a major activity at Kawanhee. Many boys who return year after year consider it the most interesting activity in Camp. "Sign-ups" for Sailing are always filled.

The Beginning Sailing Program—the **Novice** and **Crew** ratings—introduces the new sailor to basic safety requirements, common sailing terms and knots and the practical procedures which acquaint him with the thrills of sailing yet to come.

The Intermediate Program—**Bosun** and **Second Mate**—teaches the emergency procedures and responsibilities of the skipper; Sailing Theory and Rules of the Road; and practical procedures including getting under weigh, setting sails, tacking, landing, furling sails, shipshape condition, and basic Racing Procedures.

The Advanced Program—**First Mate** and **Skipper**—challenges a boy with advanced sailing terms, theory, navigation, yacht design, boat maintenance, splicing, sailing traditions, the proper handling of sloops, and an in-depth study of Racing Rules and Tactics. The coveted **Racing Skipper** award is presented to persons who have demonstrated outstanding skill, service, and performance.

Following several informal practice races, sailors may sign up for the racing program which encourages boys to compete in two types of regattas—Part One, **Team Racing**—Grey and Maroon—Part Two, **Individual Racing**—the final regatta. Any boy earning Second Mate receives credit for Part One in

Sailing Staff

Ben Friedlander, Alex Sanchez, Matt Gering.

Basic Sailing. Those earning First Mate receive credit for Part Two.

Due to popular demand, wind surfers, Sun Fish, and Sail Fish were added to the Kawanhee fleet. An exciting development after camp in 1997 was the complete renovation of the Sea Hawk and the Sea Gull, the two Cape Cod Knockabouts. Under the enthusiastic and talented leadership of sailing directors Matt Gering and Alex Sanchez-Navarro, and Ben Friedlander, sailing popularity reached new highs in 2006.

WATERFRONT ACTIVITIES

Swimming

The Kawanhee cove, with its fine sandy beach and clear sparkling water, is unsurpassed as a safe and ideal setting for every conceivable type of fresh water sport.

During the first day of camp each boy takes a swimming test. Some will do the Lake Swim, a distance of 1/4 mile. Some may swim across the cove, a distance of 100 yards, and some will swim between the docks, a distance of 100 feet. Boys who cannot comfortably swim 100 feet are given daily instruction until they can.

During swim periods, all boys receive instruction geared to their individual swimming ability. The camp uses the American Red Cross Swimming Levels in its swimming program. The morning free swim is at 11:00, and the afternoon swim is at 4:00. If the day has been hot, an evening free swim will be enjoyed by all.

Fully accredited lifeguards are stationed on the docks any time boys are in the water. The buddy system is followed, and no boy is allowed into the water until he has a buddy. Each boy must pass both swimming and boating tests before he is allowed the privilege of using the boats. A Beach Guard is on duty to monitor all boating activities, and to emphasize safety.

Other swimming activities include the popular Ten Mile Swim, where boys swim laps in order to complete ten miles by the end of the summer, and the special Bass Rock Swim, a distance of 3/4 of a mile. The big Aquatic Meet is held on a Saturday afternoon, and is a time when Greys and Maroons compete for honors. There are swimming and boating events, and the competition is keen and exciting.

Kawanhee also conducts Red Cross classes in Basic Rescue and Water Safety (BLS) for boys 11 years and older, and Lifeguard Training (LGT) for boys 15 years and older. Graduates of the LGT class become certified lifeguards, a difficult but worthwhile achievement!

Waterfront Director Peter van den Honert and his excellent staff, Jeremy Street, David Wirth, Adam Aldrich, and Corey Connor are to be commended for operating a superior waterfront program!

Just a note to thank you first and foremost for the wonderful experience you and your staff at Kawanhee provided our son, Gabriel.

He grew not only physically, but also emotionally. He is today a much more mature boy than the one I left in Maine in July.

Thank you again for such an enriching experience and for all your patience and kind words for us "first-timers".

Our sons, Phil and Mike, spent quite a number of seasons in camp. For us, as parents, it was always sad to spend the summer without them. We were rewarded by the stories they told us upon return.

The influence of camp is still with our family. Thank you very much for helping us raise our boys in a positive and rewarding way.

Manfred and Sylvia Kunze
Vienna, Austria

WATERFRONT ACTIVITIES

Boating & Canoeing

There is no activity in camp that surpasses the fun of canoeing on Lake Webb. Before using the canoes, each boy must pass swimming and canoe tests, and win his right to a paddle.

The camp furnishes paddles for each canoe but not for each individual boy. Those who prefer to have one of their own—with symbols of accomplishment painted on the blade, may purchase it, at cost, at the boathouse.

To win his "C", a boy must swim the Cove, one-eighth mile. If he swims the lake in front of the camp, one-quarter mile, he receives a grey and maroon bar painted at the top of the blade. After passing the advanced canoe test, two bars are added at the bottom. Basic Life Savers 12 to 16 yrs. of age, receive a BLS, between the top and bottom bars. Those

passing Life Guard Training, 15 years of age and older, receive the LGT between the bars.

Jr. C's—boys, 7, 8 and 9 years of age, who receive canoe privileges, must stay within the cove and in sight of the Beach Guard.

Congratulations to Director Gabe Martin and his talented staff, Ryan Albert and Frank Cook, for a highly successful season!

Boater of the Year in 2006,
Enrique Garcia-Thompson

War Canoes on Lake Webb

The grand finale of every Water Meet at Kawanhee is the exciting Maroon-Grey War Canoe Race!

HOW TO READ A PADDLE

I just want to tell you how grateful I am for your help in making Kawanhee happen for Matt this year, and for your watchful eyes over him this summer. He had, without a doubt, the most wonderful summer of his life. Kawanhee was everything you told us it would be, and more.

Susan Wilson
Westerville, Ohio

WATERFRONT ACTIVITIES

Kayaking

KAYAKING CAPTURES KAWANHEE'S IMAGINATION

For over ten years, Kawanhee kayakers have graced our cove with their powerful forward strokes, elegant sweep strokes, and amazing Eskimo rolls. We are constantly updating the equipment in the kayak department, so the boys can experience many different types of whitewater kayaks. We have several models from top North American manufacturers like Perception, Dagger, and even the cutting edge designs of Riot Kayaks!

For 2006, our Kayak Department was headed by Ben Connelly and assisted by Trevor Branch and Spencer Branch. Basic instruction includes preparation of the boat for use,

forward strokes, sweep strokes, and the important wet exit (safely exiting a capsized boat). Intermediate skills consist of Eskimo rescue, sculling, slap braces, and proper boat lean. More advanced paddlers are able to learn the Eskimo roll (righting one's boat after it has capsized).

The Kayak Department plans voluntary excursions to class II and III rivers to boys who are qualified. They teach such basic river skills as ferrying, eddy turns, playing in mild to moderate rapids, and basic safety.

2006 Kayaking Staff
Ben Connelly, Trevor Branch, and Spencer Branch.

Water Skiing

A LITTLE ROUGH - BUT THRILLING

Kawanhee's 16 ft. ski boat with its 88 h.p. motor makes for thrilling experiences for all age skiers. Our instructors have had several summers' experience, and patiently encourage the new learners. All skiers must wear life jackets. The campers themselves voted skiing one of the most popular activities in camp. Thanks to leaders Eduardo Saldana, Jed Standen, and Juan de la Lastra for a great season.

Archery

Many a boy has at one time or another dreamed of shooting a bow. At Kawanhee, those dreams become reality at the Archery Range, where boys receive expert instruction in the use of recurve bows. There is a bow for every age level and degree of strength, and each bow is equipped with a sight to help the camper achieve a high degree of success.

At Kawanhee boys are given the opportunity to earn Camp Archery Association medals, and National Archery Association patches, in addition to the prestigious Kawanhee Robin Hood awards. Campers are also given the opportunity to shoot competitively in tournaments both at Kawanhee and with other camps. Kawanhee has achieved impressive results in tournaments, and has placed second in the state of Maine for the past two years. As a result, Archery continues to be one of the most popular activities in camp.

Under the regulations of the National Camp Archery Association, the following medals are awarded at the Saturday night Camp Fires.

- | | |
|---------------------------------|--|
| 1. Jr. Yeoman Pin | 9. Archer Pin |

Riflery

Range Directors Betty Simanek and Mary Birch put in many extra hours at our rifle range to accommodate all of the eager marksmen. During the 2006 Season, over thirty thousand rounds of ammunition were shot. Every boy learns the correct and safe way to handle a gun. The camp furnishes guns although several boys prefer to bring their own to camp. Under the auspices of the National Rifle Association, boys shoot for the following medals, and the awards are presented at the Saturday night Camp Fires:

1. Pro Marksman 2. Marksman
3. Marksman 1st Class 4. Sharpshooter
5. BARS 1-2-3-4-5-6-7-8-9

Multiple Medal Winners

Ropes Course

Kawanhee's Challenge Course, which encompasses a 40 foot climbing tower and multiple high and low elements, was constructed by Project Adventure before the 2000 camp season. The course is a model of experiential learning that involves participants in a variety of group and individual activities aimed at developing group trust, problem-solving skills, and cooperation within a team.

In addition, it provides individuals with opportunities that focus on personal challenge and constructive risk taking as ways to build a healthy self-concept. An integral component of the program is the "Challenge By Choice" concept which empowers participants to make decisions that are correct for them while utilizing this completely safe environment with trained professional leaders.

Director Kris Simanek and her talented staff of Peter Baker, Alex Aldrich, Graham Marvin, and Paul Bonasera brought tremendous instruction and contagious enthusiasm for this fourth season out at Ropes!

Ropes Staff

Alex Aldrich, Peter Baker, Graham Marvin, Paul Bonasera, Kris Simanek

WILDERNESS

Ropes Course

Dear Camp Kawanhee,

Thank you for giving me the chance to come to your great camp. It was a lot of fun to go there and give me the chance to do things I wouldn't be able to do at home including: climbing mountains, kayaking on the lake, canoeing, running into other canoes with a war canoe boat, and teaching other people how to do things they never tried before. Also, thank you for letting me have one of the greatest summers of my life and for giving me the best counselors, and some of the coolest C.I.T.'s that anyone could ask for. One of the best things that happened to me at camp was at the first vespers when Crow Lodge ate on the swimming docks and pushed each other into the lake. The funniest part about that dinner was when Pedro lifted Jack onto his shoulder and jumped off the dock into the lake. I loved camp so much that I hope to be able to come back and be a J.C. and I know a lot of campers and counselors want me to come back next year because they told me themselves before they left and before I left on Sunday.

Sincerley,
Nick Colello

Campcraft—Junior Maine Guide

THE CAMPCRAFT program appeals to boys who enjoy the fun of camping out. Preparation for trips is an important part of the program—learning the safety rules in cooking over an open fire—how to make rainproof shelters and comfortable bough beds—how to make and follow trails through the deep woods—how to fish, and the best bait to use. For the 2006 season, Campcraft was very ably guided by Directors James Chagaris, Sam Morris, and Alex Nering.

THE JUNIOR MAINE GUIDE program is of special interest to boys 14 yrs. and older. Under the coaching of Counselors in the Campcraft Dept., J.M.G. candidates train in July before leaving for the testing area at Swan Island—about 70 miles from camp. They must select and develop their own campsite in virgin wilderness, where they remain for the four-day testing period.

BOYS FROM 12 to 15 camps compete each year. Candidates must pass the requirements in twenty separate tests, including use of the axe—canoeing and canoe repairing—wet-dry fire building—topographical mapping—personal shelters—reading and following the compass, first aid, and cooking.

Winning this coveted award is an accomplishment of which any boy may well be proud. Usually, two summers of preparation for J.M.G. are needed. Congratulations to the 3 young men who successfully completed the very difficult J.M.G. course, and special thanks to their coach, Alex Nering, and the entire campcraft staff.

Campcraft Staff 2006 with Junior Maine Guides

2006 Junior Maine Guides
Luke Randall, Geb Keny, and Steve Harvell.

Learning From Nature

Kawanhee is unusually rich in natural beauty, with plant and animal life in abundance. "Learning by doing" is the Kawanhee way and nowhere in camp is this more observed than in the Nature Department. Acquaintance with wild life is gained by caring for pets in the camp, pursuing birds on trips afield, and observation of the beaver colony a short distance from the camp.

Overnight trips are made occasions for study of the stars, simplified by the "stellarium" in the Nature Museum which flashes familiar constellations later to be identified under the open sky.

Microscopic observations, study of ferns and fungi, moth and butterfly propagation, nature photography and other fields of original research voluntarily chosen, are open to boys who wish to become "Naturalists," the highest honor the department confers. Such activities aim to quicken appreciation, awaken interests and develop resources which will in many cases continue throughout the boy's life.

MINERAL MINING TRIPS—A splendid collection of minerals was mined at Newry, where the boys go to add to their rock collections. Each specimen was identified, carefully labeled and placed in a mineral box. Every boy has the thrill of finding beautiful green tourmalines and clear quartz crystals. The more fortunate may emerge with pieces of beryl, rose and smoky quartz, green, black, and pink tourmaline, or even amethyst.

THE LAPIDARY SHOP—The strange fascination that rocks and minerals possess for many boys is given added stimulus by the lapidary equipment which is a part of the Nature Department's expanding interest in geology and mineralogy. The equipment consists of diamond saws for slicing or cutting, horizontal metal disks for rough grinding, and a series of wood and metal wheels for polishing. Special thanks to Nature Directors Doty Jones Estabrook, Rebecca Altmaier, and Tim Walsh for conducting such a popular program in 2006!

Nature has a new dimension now with the addition of two pottery wheels and boys of all ages have shown great interest in making things using clay. Lots of artistic talent has been displayed!

Nature Staff

Nature Award Winners

WILDERNESS TRIP PROGRAM

Mountain Men

Mountain Men I: Will Gering, Alfonso Rodriguez, Peter Erf, Drake Williams, John Gill, Chase McReynolds, Carlos Tamames.
Mountain Men II: Ryan Erf, Ned Carson, Dan Alexander, Gaston Chassin de Kergommeaux.

From the days of Henry Thoreau, Maine has been one of the most favored regions for camping in the country. With its great stretches of unspoiled forests, its thousands of clear, sparkling lakes, its fine fishing and lofty mountains, it's the perfect answer to a boy who yearns for the opportunity to explore, to hike in the woods, to spy on God's creatures in the great out-of-doors. Every boy is invited to participate in Kawanhee's Tripping Program, and practically all campers are eager to accept the exciting challenges.

Survival Trips Mountain Man Program

This club was started in '93. Seven boys demonstrated great interest in trips in 2006 and completed a number of requirements ranging from knots to outdoor knowledge, making them the first "Kawanhee Mountain Men". 150 team points are also awarded to each Mountain Man.

In 1994 a second level was added, Mountain Man II. Available only to those who are already Mountain Men, this rigorous achievement, worth 250 team points, was reached by only 4 boys in 2006.

In 1995 there was a 3rd and final level added to the Kawanhee Mountain Man Club.

TRIP PROGRAM

Shore Trips Monhegan Island Trip

The three-day trip to Monhegan, for boys 10 years of age and older, has been so popular it has been necessary to schedule two trips each summer.

Monhegan is twelve miles out from the mainland at Port Clyde, and abounds in history, romance and new adventure. Captain John Smith landed here in 1610.

We plan to visit Cathedral Woods, the Boars Head, the sea-going tug that went aground in '42, and also enjoy deep-sea fishing.

The "Laura B"

We leave Port Clyde on the "Laura B". She's a trim little craft, and seaworthy in every respect. She is 60 feet in length, has two 225 H.P. diesel engines, automatic steerer, radio compass, depth recorder, radar, and radio telephone. Captain James Barstow, a skillful skipper with many years experience is in charge. He likes boys and boys like him. When it's not too rough, he lets them stand by him at the wheel.

Clarence Bateman Award
2006 Tripper of the Year
Chase McReynolds

Deep-Sea Fishing

There's fun, thrills and good fishing at Monhegan. You never know what the catch will be—cod, pollock, haddock, mackerel, or maybe a tuna. All equipment is furnished by the skipper, including necessary bait.

For those boys who prefer to remain on the island and work with some of the local artists, arrangements have been made for the 2007 Monhegan trip to offer this alternative if boys wish to do water colors and receive art instruction instead of joining the deep-sea fishermen.

Whitewater Rafting Trip

In 2006 for the twenty-fourth time, Camp Kawanhee offered boys who are excellent swimmers and 12 or over in age the opportunity to participate in a whitewater rafting trip down the Kennebec River. Tripping Counselors Dan Webster, Alan Spencer, Aaron Krouse, Brian Buckett, and Juan de la Lastra headed up a group of 24 older campers. They reported spectacular scenery, a hearty steak lunch, and tons of whitewater. They all got a taste of big water and tremendous waves. Professional whitewater personnel accompanied and guided the group. This trip will be scheduled again in 2007 only with special permission from parents. It is an extra charge one-day trip.

Mountain Trips

Good Training For Football

Tumbledown Mountain

Across from camp, at the end of the lake, rise the peaks of Tumbledown, the Jacksons, West, and white-topped Blueberry. There's always a thrill on Tumbledown, from a crawl through "Fat Man's Misery" and the "Lemon Squeeze", to curling up in a sleeping bag near the summit on a moonlit night.

Mt. Katahdin Trip

There is no trip in New England that surpasses the one to Mt. Katahdin, Maine's highest mountain, and declared by experienced mountain climbers *the most spectacular and beautiful elevation east of the Rockies*. Thrusting its spruce-clad slopes and rocky summit a mile into the clouds, this giant of the East is the first spot in the United States to greet the morning sun. Katahdin is a four-day trip.

Mt. Blue

A short distance from camp—and easily climbed over a trail one and one-half miles in length.

Bald Mountain

This is a favorite trip for many of the younger boys in camp—especially those who wish to "train" for the more difficult climbs later in the season.

Kawanhee Shop

Craftsmen of 2006

Our shop is one of the busiest activities in camp with at least two Industrial Arts teachers and two assistants working full time with the campers. Between fifty and seventy-five project choices are on display from which campers may make a selection. Some of the more popular projects include: 15 and 27 inch sailboats, small replica paddles, airplanes, boats, cars, trucks, inlaid and slab tables, wood carvings, bird houses and feeders; also choices in metal working and plaster.

There's never a dull moment in the shop where our philosophy is "learn by doing" and "finish what you start," which encourages RESPONSIBILITY, known in the shop as "THE BIG R". Director of Shop Brian Birch was very ably assisted by Linda Fairbanks, Jane Estabrook, Kirk Neiswander, and Chris Yardley.

Shop Staff
Chris Yardley, Jane Estabrook, Kirk Neiswander,
Linda Lou Fairbanks, Brian Birch.

We would like to thank all of you for welcoming us during our recent visit to Kawanhee. It was our first time and we now know why campers and staff keep coming back! We know our son, A.J., realizes what a great opportunity it is to spend summers at such a nurturing (spiritually and physically) place. We're sure all the boys know how special Kawanhee is!

*Doug and Betsy Johnson
Bexley, Ohio*

SHOP & ARTS

Arts

Art Staff
Quinn Kielbassa, Ted Simanek, Andy Bourassa.

The independent Visual Arts Center was established in 2002 to offer the best possible creative opportunities for our campers. This past summer Director Ted Simanek, and his able assistant Andy Bourassa were able to offer a wide range of projects in a variety of mediums, and the outcome was nothing short of wonderful.

I want to express my gratitude again for allowing Robbie to have such an incredible experience this summer. He was able to learn so many new things and had such a great time doing it. He really came home a different person. All of the lessons he was taught at Kawanhee have stuck with him and he is definitely a more mature and responsible young man! He constantly talks about Kawanhee and his many experiences there. He cannot wait to go back and he has already decided he will one day be a counselor at Kawanhee.

*Michelle Savacool
Chatham, New Jersey*

Kawanhee's Flyfishing School

The state of Maine is a fisherman's paradise, and Camp Kawanhee enjoys the good fortune of being situated within striking distance of some of the best of Maine's flyfishing waters. The Kennebec, Androscoggin and Kennebago Rivers, Upper and Middle Dams are among the fabled flowages where Kawanhees have cast a fly. The mystique of the Rangeley region, and the challenges and aesthetics of flyfishing have held an appeal for many Kawanhee boys over the years; in fact, interest in flyfishing has been on the rise.

We have been offering since the 1998 season our own flyfishing school, where novice and intermediate flyfishers can develop and refine the many skills involved in this challenging pursuit. The school is a structured, comprehensive curriculum, with small groups meeting at regular intervals throughout the season. Boys who choose to participate will receive approximately 15 hours of instruction in groups no larger than six, with the program culminating in a trip to one of the region's better trout and salmon rivers. Topics covered will include: flycasting, tackle and accessories, knots, wading, river ecology, stream entomology, flytying and angling ethics. Campers will be able to hone their skills in pursuit of the bass, perch, and pickerel that thrive in Webb Lake, enticing the fish with flies they have tied themselves. Several boys completed the school in 2006.

Involvement in Kawanhee's flyfishing school entails a commitment of time and the diligent practice of a variety of skills; a camper who attains even the most basic proficiency has accomplished much. In recognition of this, a boy who completes the school will have a "Black Ghost" streamer fly painted on his paddle. The addition of this famous Rangeley fly signifies commitment, learning, and a demonstrated proficiency in a number of skill areas.

John Bell, a Kawanhee veteran of 28 seasons, will be conducting the school. John was a

sales associate with the L. L. Bean Flyfishing Department in Freeport for the past 14 years, and models his school closely after Bean's highly effective curriculum.

Note to Parents: Camp furnishes all equipment for school instruction and for the fishing trip to Rangeley. John would be happy to advise any camper before or during the camp season regarding the purchase of his own fly outfit. L.L. Bean has an excellent value in an introductory level outfit at around \$100.00. Other reputable companies, such as Orvis, Martin, or South Bend, also have beginner outfits at a similar or more modest price level.

"There are still some big ones left in Rangeley." This large male landlocked salmon posed for John Bell at Upper Dam.

The Junior C Program

For Boys 7, 8 and 9 Years of Age

Many parents who appreciate the value of mature leadership for their younger boys are enrolling them at Kawanhee. Perhaps at no other age does camp offer more glamour and appeal. The days are never quite long enough. They learn to live and play happily with boys their own age, develop self-confidence, resourcefulness, and a spirit of comradeship.

For the coming season there will be hours to play on the sandy beach and grow strong in the mountain air and sunshine; time to sail small boats and fly toy airplanes; to explore fields and woods under trained leaders and learn many of Nature's wonders. In the shop, they will enjoy boat building, metal and leather work.

Each boy will learn to fish, swim and row. Some will even swim the one-eighth mile across the cove, and the one-quarter mile across the lake, and receive the coveted paddle and use of canoes in the cove. Best fun of all will be trips to the nearby mountains, or rowing across the lake to sleep in an Adirondack lean-to and cooking over an open fire.

Baseball, tennis, archery, range and skiing will be carefully taught under supervision.

Throughout the entire program the importance of adequate rest is emphasized. A quiet hour from 1:00 to 2:00 precedes the afternoon activities. Taps is at 9:00.

Camp Mom

Camp Mom to me means I am the boys' Mom away from home. I do many of the things that their own Moms would do. I give them hugs and encouragement. I cheer them on at their ball games, read to them at night and give them encouragement and comfort when they feel sad. I play games with them, sew on a button or patch, listen to their joys and sorrows. I remind them to brush their teeth, shower and change their clothes, work towards their summer goals, and lead them by example, just as they would expect their own parent to.

We have evening snacks after the ball games together. Once a week we have a special evening snack. I cook donuts over the campfire, or we make s'mores and laugh and talk. I also plan an extra special event once a summer for the boys to enjoy. This year we had Halloween in July!

I love my job as Camp Mom. Being a nurturing Mom myself, I realize how hard it can be to leave a child far from home, even though it is a wonderful experience for them.

I keep in close contact with parents, especially if a boy is homesick. I reassure parents and children that I am here for them. I really try to connect to each child as if they were my own. I hope that it helps reassure families knowing that someone is here loving their son and looking out for them. Most of all, I enjoy every moment of the summer being camp Mom. Many of the boys I have met and spent time with, feel like family to me. I look forward to seeing them summer after summer. I love being a part of the Kawanhee family. I will always treasure my summer memories here.

- Debi Sullivan
Camp Mother

Seth had the best year he's had at camp, I believe. I just wanted to tell you how much he liked his counselors this year, especially his senior counselor. He tried things this year, such as waterskiing, that he didn't have the confidence to do prior to. I want to thank you and the entire staff for your guidance, kindness, and support you have given him the last three years. You all have changed his life and I, as a single mom, thank you so much.

Karen Fowler
Osborn, Maine

FREE TIME

Relaxation and change of pace from our busy Kawanhee schedule is a part of our program for all campers. There are many options for a boy to choose. He may decide upon fishing some evening and pull in a couple dozen white perch for his efforts and assure himself and friends of an extra delicious breakfast. Our Fishing Counselor is ready to offer help to any boy wanting to learn angler secrets.

Perhaps a boy may elect to check the library & take out a book, or challenge a buddy to a game of pingpong, chess or checkers. If he's ready for more physical activity, he'll enter into one of the frisbee, tetherball, or volleyball games invariably in progress. Get-up games of softball also are popular. Maybe just a stroll through camp with a friend will do the trick.

Tutoring is available at Camp Kawanhee.

The J.C. Program

Kawanhee's Junior Counselor Program is intended to give 16 and 17 year-olds training to become Senior Counselors. Through assisting in a chosen activity, and living with a lodge group under the supervision of a Senior Counselor, they begin to learn the value and importance of the role of a counselor in the camp experience. The leadership opportunities we provide for them also includes several extended backpacking, canoe, or kayaking trips, and reinforcement of wilderness skills and self-sufficiency. These leadership opportunities also include specific training in how to understand the development of the younger boys they are, and will be, serving as role models, and how to best communicate with them. Community service opportunities have increased over the last several summers and are becoming a more prominent feature of our Junior Counselor Program.

The C.I.T. Program

Kawanhee is fortunate to have many former campers who have elected to become counselors, and each season we promote several young men to Senior Counselor status after they have successfully completed both the C.I.T. (Counselor-In-Training) program, and the additional challenge of serving as a J.C. (Junior Counselor). In 2006 the primary emphasis of the C.I.T. training was to focus on learning how to teach others, and how to improve communication skills. These valuable experiences provide each participant with the necessary tools to apply not only in a camp environment, but in situations throughout life.

“A Traditional Maroon and Grey Tug of War”

The Greys and Maroons

Much of the fun and enthusiasm at Kawanhee revolves around the Greys and Maroons—the two competing teams in camp. Every boy enrolled is included on one of the teams and endeavors to win as many points as possible for his team.

The interest and excitement increases as both groups gather for the Saturday night camp fires. The names of those who have won special medals and passed achievement levels during the week are read. Then the big moment arrives. The score is announced.

In 2006 the race was very close until the final week of camp when the Maroons jumped ahead. No one really knew the outcome until Scorekeeper “B.A.” Altmaier announced the final tally of 52,775 for the Greys and 53,999 for the Maroons. The most important factor was not the final official score, but it was the spirit, the fun, and how much both teams learned throughout the season.

Juan de la Lastra, Captain of the Greys,
and Dan Alexander, Captain of the Maroons.

the Senior Plaque in
the last 30 years.

PLAQUE ACHIEVEMENTS

Finishing a Kawan-
hee Plaque means
completing the three
levels in each of the
fifteen activities in a
camper's age bracket.
These divisions are
Junior C, Junior B,
Junior A, and Senior.
Junior C includes
Eagle, Falcon, and
Pine Tree Lodges.
Junior B includes
Hawk, Deer, Birch,
Beaver, and Moose

Lodges. Junior A includes Lynx, Wildcat and Trout Lodges.
Senior includes Coyote, Bear, Loon, Badger and Crow
Lodges. Usually, a Kawanhee camper takes several summers
to complete a plaque. Twenty boys finished their plaques this
summer.

Polar Bear

Tuition for 2007 Summer Season

7 Week Program	June 24-Aug 12	\$5,675.00	
4 Week Program	June 24-July 22	\$4,475.00	
4 Week Program	July 15-Aug 12	\$4,475.00	
2 Week Program (option available in addition to the 7 week and 4 week program for 1 st year campers entering 3,4,5 th grades) June 24- July 8			\$2,500.00
3 rd ,4 th and 5 th graders may sign up for 4 or 7 week program if they desire. The 2 week program is simply an additional option available.			
CIT Program	(15 and 16 year olds)	\$5,375.00	
Junior Counselor Program	1 st year	\$4,775.00	
	2 nd year	\$1,800.00	

\$500 non refundable deposit is required with the application and then the balance in two equal installments due on March 31st and May 31st.

Incidentals and Spending Money

\$175 is deposited with the camp for each boy's weekly allowance and provides for such incidentals as stationery, stamps, fishing equipment, candy, camera and flashlight supplies, haircut, toilet articles, tennis balls, etc. At the end of the season, any remaining cash balance will be mailed to parents, or a charge made if the deposit is exceeded.

Tutoring

We are able to handle all grade and high school subjects, including SAT preparation. The rate is \$25.00 per hour. Upon registration, you will be sent an additional form that allows you to request tutoring for the '07 season.

Visiting Days for Parents

After the first two weeks of camp, parents are invited to visit camp any time, but are encouraged to come on weekends. On these days, campers are more likely to have more time to visit and there is less of an opportunity to disrupt campers and the camp program. We ask parents to call ahead whenever possible so that they can be assured that their camper won't be out of camp on a trip or at a tournament.

Mail and Email Communication

Camp Address:

Camp Kawanhee, 58 Kawanhee Lane, Weld ME 04285

Telephone: 207-585-2210 (summer)

207-846-7741 (winter)

FAX 207-585-2620 (summer)

207-846-7731 (winter)

Campers can be reached via email during the summer at Campermail@Kawanhee.com.

Kawanhee Inn for Parents

One-half Mile From Boys' Camp

Excellent accommodations are provided at **Kawanhee Inn** for parents who wish to visit their boys in camp. Many parents drive their boys to camp and remain to enjoy the cool refreshing air of early July weather. Others arrive by the middle of July, or a week early in August, and drive their boys home at the close of camp August 12th.

INFORMAL, FRIENDLY AND INVITING—The atmosphere is relaxed and casual dress is appropriate for a restful vacation.

RECREATION—There's good fishing, a sandy beach for safe swimming, tennis, boating, canoeing, sailing, mountain climbing, antiquing and a fine golf course only 20 minutes drive from the Inn.

THE INN OPENS mid-June and closes Labor Day. Efficiency cabins are also available at a weekly rate. Boats and outboard motors may be rented by the day, week, or season. Those desiring detailed information should contact Inn management in Maine, phone 207-585-2000 from 9:00 a.m. to 5:00 p.m. weekdays.

One mile from camp, the **LAKE WEBB HOUSE** Bed & Breakfast offers comfortable "country-casual" accommodations and full country breakfasts. For more information and reservations call Fred and Cheryl England at 207-585-2479 or write The Lake Webb House B & B, P.O. Box 127, Rt. 142, Weld, ME 04285.

Also available are Cottages on Webb Lake. Sandy beach, canoeing, hiking, sleeps up to 6 people. Come rest and relax with us! Openings June, August, September. Call Starr and Lonny Jones, November through April at 941-294-9921 and May through October at 207-585-2581.

Available also are Williams Cottages on the beautiful sandy beach right by Kawanhee which rent by the week. Call Theta or Richard Fairbanks at 207-585-2484.

Three Ways To Give Back To Kawanhee

Eighty-six years ago, two visionary young teachers dared to dream of a place where boys could become young men. George and Raymond Frank envisioned a camp where boys would be challenged every day to excel and to try something new in the rich setting of western Maine. The dream was passed along to the Estabrooks whose extraordinary stewardship nurtured that vision until the Frank Foundation was formed to own and operate Camp Kawanhee and carry the legacy into the future. The purpose of the Frank Foundation, an IRS approved public charity, is to ensure that the traditions and mission of Camp Kawanhee last forever. The Foundation seeks to provide every necessary resource for the staff to grow boys into men, but success depends on the support of all campers, staff, alumni and friends of Kawanhee. If you've seen the value of a Kawanhee summer in your life or in the life of someone you know, you can give back to Kawanhee and share the Kawanhee experience with future campers by supporting the George and Raymond Frank Foundation with your financial donations. There are three tangible ways you can help the Frank Foundation continue the legacy left by the Franks, the Estabrooks and the many strong leaders who have helped to shape Camp Kawanhee throughout its 85-year history.

1. The Annual Campaign

In every Wigwam and the annual catalog, a remittance envelope is provided for you to send a donation toward the annual campaign. These gifts support ongoing programs, pay for small capital purchases and help to keep tuition in line. Annual gifts are a vital factor in keeping our equipment up-to-date and our leaders properly compensated. To support Kawanhee in this way, make your check payable to and mail to George and Raymond Frank Foundation, P.O. Box 789, Yarmouth, Maine 04096. Your gift will be tax deductible.

2. A Capital Campaign

From time to time, special circumstances call for extraordinary efforts. As needs or opportunities present themselves, such as a chance to purchase land adjoining the Kawanhee property or land across the cove, alumni will receive letters identifying specific campaigns and ask for your help.

3. Legacy Giving

Among the most valuable gifts the George and Raymond Frank Foundation can receive are those directed to us as part of careful and thoughtful estate planning. These generous gifts honor the leaders who have guided Kawanhee as a character building force for over eighty years and ensure that the Frank Foundation can continue that legacy into the future. To indicate your intention to include the Frank Foundation in your estate plans, please check the appropriate box on the enclosed remittance envelope or send a note to George and Raymond Frank Foundation, P.O. Box 789, Yarmouth, Maine 04096.

Recent Contributions

The George and Raymond Frank Foundation is grateful for the generosity and loyalty of many Kawanhee alumni, parents, staff and friends. The following donors have supported the mission and values of the Frank Foundation with financial contributions received between November 1, 2005 and October 31, 2006.

| 2 sweatpants | flip flops |
| books | fishing pole and tackle (optional) |
| bathrobe | nice shirt/slacks for Sunday services |
| camera and film (optional) | |
| musical instruments (optional) | |

Mark all clothes, including shoes, sandals, phone cards, cameras, tennis racquets, baseball gloves, flashlights, etc., with woven name tapes or with a good grade of indelible ink.

Shipping Baggage: Trunks and duffel bags should be shipped U.P.S. (United Parcel Service) at least ONE FULL WEEK before camp. Please ship to: Your son's name, Camp Kawanhee, 58 Kawanhee Lane Weld, ME 04285. If your son is traveling by plane, it is recommended that you ship trunk separately.

Trunks, Foot Lockers, or Rubbermaid Trunks: These should not be over 14 inches high, as they need to fit under or near cots. Paste a list of trunk's contents on inside of lid, along with boy's name and address. We strongly recommend that boys help pack their own trunk so they have a clear understanding of the contents.

Two Trunk Keys should be provided, one to be kept by camper and the other to be tagged with his name and mailed or handed to supervising counselor.

To Previous Campers: Be sure to bring unfinished Achievement Level Plaques (without frames) and your canoe paddle.

CAMP KAWANHEE -2007

P.O. Box 789, Yarmouth, Maine 04096

Season - 06/24/07 to 08/12/07

Application Fee \$500.00

I wish to enter my son in CAMP KAWANHEE for the season of 2007. Enclosed find the application fee of \$500.00.

In case of dismissal when deemed necessary in the interest of the camp, or departure, on account of voluntary withdrawal, there will be no refund of camp fees for the time reserved. If, however, unforeseen circumstances, such as sickness or accident, make it necessary for a camper to withdraw entirely from camp before the expiration of the term for which he is enrolled, one half of the unused camp tuition will be refunded. There will be no reduction for slight delays in entrance or slightly early departure.

ADVANCE APPLICATION:

Tuition is payable in two equal installments due on March 31st and May 31st. Application received by November 30, 2006 will receive an Early Bird Discount (7 week camper \$500.00; 4 week camper \$350.00) if the account is current as of May 31st.
