# THE SUMMER CAMP

## *A Message to Parents*

HERE are many parents to whom the summer vacation is the biggest problem of the year. Those who appreciate the value and need of a change in environment for the wide-awake boy, are realizing, as never before, that summer resorts, hotels, hot streets or vacant lots, do not furnish the type of environment that makes for growth and happiness. The need of something different, involving life in the great out-of-doors, has caused the Summer Camp to spring into favor throughout the country.

What can compare, for an organized summer outing, with a camp among the mountains, with its invigorating air, picturesqueness and touch of wild life? Such an experience, day after day, makes a stronger appeal to a boy's finer instincts and imagination than anything that could be devised for the idle summer months. Each boy may here gain something of the craft and cunning of the Indians in the out-of-doors; something of the self-reliance and service-to-others spirit of the scouts; and a better understanding of himself as a boy in his association with others.

## *The Aim of Kawanhee*

The aim of KAWANHEE is to reach the individual boy and give him a clean, wholesome, useful vacation. He is encouraged in building up a fine, strong body by regular habits, abundant sleep, wholesome diet and outdoor life. He learns to rely on his resources and to experience the joy of achievement in work and play. Every tendency is to develop the manly side of his nature and to make him rise above all that is weak and effeminate. He is taught to know himself and trust himself; to know courage and to use it; and to understand the virtue of unselfishness among his fellows.

CRESCENT BEACH  
Kawanhee Cove

ENTRANCE TO WELD VILLAGE

## *Location and Environment*

**C**AMP KAWANHEE is located on the east shore of Webb Lake in the village of Weld, Maine—eighty miles north of Portland and twelve miles from the nearest railroad. It is about two miles from the center of the village.

In every direction from camp, giant hills and mountains pile up in succeeding ranges. Northwest, across the lake, from the camp, Tumbledown Mountain rises, as it were, from the water's edge, while directly west from the camp shore, West Mountain, with its dense forest, stands out like a rugged "sentinel" against the sky. Towards the north and northeast, Big Jackson, Little Jackson and Mt. Blue are perhaps best known, and in the southeast, Bald Mountain cuts across the horizon, high above the surrounding hills.

**The Grounds** The camp comprises sixty acres of heavy timber land situated at the entrance to "Narrows" of the lake. Its wooded shore line extends a half mile in length and includes a crescent beach of white sand, where swimming and a variety of water sports are held. The beach is protected in rough weather by "Pine Point Ridge," which extends far out in the lake. This natural breakwater assures the daily schedule of water events when the waves are high.

The natural location and general development of KAWANHEE, together with its excellent sanitation and equipment, are considered by men qualified to judge "Camp Sites," as being ideal for a Boys' Summer Camp.

**The Lake** Lake Webb is seven miles long and three miles wide, and is considered, by many, to be Maine's most beautiful lake. It is fed by springs and mountain brooks. White birches, pines and pointed firs mark the shore line. Its clear, pure water and clean bottom of sand and gravel, make ideal conditions for swimming and bathing. The entire country surrounding the lake confirms the statements of old campers and tourists that a more healthful spot for a summer outing cannot be found.

As he appears when rendering his blessing  
at the opening and closing of Camp

play and all play and no work are harmful policies. Every boy must do his share of the work about camp each morning and spend at least one forenoon a week in some definitely assigned task. Such duties are educational and constructive, placing most of the responsibility in the hands of the boys. The importance of a cheerful, willing obedience and good sportsmanship, are emphasized from the opening day of camp. Pampered and selfish spirits cannot long endure in such an atmosphere. Promptness in the performance of duties, neatness of person and lodge, observance of courtesy and purity of language are required at all times. The use of tobacco in any form is prohibited.

**Real Boys' Country** The wild and rugged country surrounding Weld, offers many attractions which appeal to the adventurous spirit of a red-blooded boy. There are trails over the mountains, with their forests and dens. The deer, clumsy moose, and many of the fur bearing animals are in this vicinity. The lake offers fishing of great variety, while sailing, rowing and canoeing, can be enjoyed to the fullest extent.

## *Management and Supervision*

**Directors** CAMP KAWANHEE is under the joint ownership and direction of George R. Frank, Supervisor of Manual Training, Columbus, Ohio, and his brother, Raymond C. Frank, at present engaged in Boy Scout and Boy Club work, New York City. They were born in Maine, and lived there for twenty years, and have had a long experience in work with boys.

**Counselors** One of the outstanding features at KAWANHEE are its counselors of matured men. They are college bred and are men of fine personality and strong character, and are good chums as well as leaders. They know and appreciate the value of boy life, but are especially chosen because of their high ideals, their fondness for boys and their practical experience in some form of boys' work. The camp considers it worth while to pay as much for its counselor personnel as it does, even, for its food. Each man must measure up to the high standard of KAWANHEE. There is one counselor to every five boys in camp.

**Camp Discipline** The disciplinary training of a summer at KAWANHEE produces a healthy reaction in a growing boy. The camp believes that all work and no

**A RIFT IN THE MOUNTAINS**

MADE IN THE SHOP

SHOP  
A Great Place for Rainy Days

## *Special Attractions*

**Shop Work** Shop work is one of the most favorite occupations in camp, especially on rainy days and open periods. It is here that each boy has the time of his life, just building things. There is a complete outfit of tools and an experienced teacher of Manual Training in charge. No attempt is made to present a formal course. The boy-project is our chief concern. A "job well done," however, is emphasized in all instances. If a boy is interested in archery, he makes a bow and arrow; if in model boat sailing, a boat; if in kite flying, a kite; if in radio, a radio set; if in catching squirrels, a box trap. There is never a dull moment in the shop.

EVERY BOY KNOWS HIS HORSE

**Riding** Riding is very popular at KAWANHEE. The camp owns its horses and ponies. Four more will have to be added for the coming season. It is a well known fact that riding cultivates not only physical strength, patience and grit, but also love and understanding of one of the noblest of animals. The boy who masters the art as it is taught at KAWANHEE will acquire a knowledge of and have a taste for a beneficial exercise that will follow him through life. Instruction in riding, bridling, saddling and the care of a horse is given by an expert instructor. An extra charge is made for instruction and riding. See Extra Expenses—page 39.

**Shooting** Before the opening of camp in 1923, a new rifle range containing four targets was constructed. Target practice is open to all boys over ten years of age with the parents' consent. Rifles, targets and ammunition are supplied by the camp. All rifles are kept under lock and key and are used only at scheduled hours, and always under the careful supervision of a special instructor. The range is conducted under the rules and regulations of the Winchester Junior Rifle Corps. Medals are awarded at the close of the season.

THIRTY-TWO POUNDS OF SALMON—CAUGHT AT WELD

**Fishing** Each boy in camp has his “fill” of good fishing. Fine catches are made only a few feet from shore. Farther down the lake, through the “Narrows,” fish of the four and five pound variety are caught. When the season is right, land-locked salmon, trout, pickerel, bass and white perch are found in abundance. Most of the fishing is done at stated times in regular camp groups, as a part of the morning program, but boys may go fishing whenever the “spirit moves” providing a counselor accompanies them and no camp activities are scheduled. Many boys enjoy fishing before breakfast, while others get heaps of fun catching “big strings” of perch in the evening.

As a part of his training at KAWANHEE each boy must dig his own bait and clean his own fish. In many cases it is so much easier to catch fish than it is to clean them that some boys lose their enthusiasm after the catch is made. It is a standing rule at camp, however, that only those who “catch and clean” may eat. Fish are fried any day for those complying with this rule. Medals are awarded to the boy catching the greatest variety of fish during the season and the largest one over three pounds in weight.

## *Athletics and Aquatic Sports*

**E**VERY boy attending KAWANHEE is a living testimony of the beneficial effects gained from a summer's outing in the Maine woods, with its outdoor exercise and keen element of competitive sports.

Ample space is provided for tennis (three courts), basket and volley ball (two courts), two baseball diamonds in an athletic field of two acres, a ring for boxing and wrestling, three horse-shoe courts and parallel and horizontal bars. Boys eager to improve their athletic abilities have all the advantages of expert coaches and instruction. Athletic meets are held each week.

**Swimming** Water sports are among the most enjoyable activities at camp. Every boy is urged to learn the art of swimming. Those who cannot swim are given special instruction in a place provided for them. The instructor has seldom failed to teach a boy to swim during the season, and most of the boys acquire skill and self-reliance in the water. Unless swimming tests are passed, no boy is allowed to use boats, except in company with a counselor or expert swimmer.

The "ole swimmin' hole" cannot compare with a swim in Webb Lake. The water is great and never real cold, as would be expected in a lake of this altitude. The beach has a slope extending gradually into the water, which makes bathing for smaller boys and non-swimmers perfectly safe. This feature is quite the exception, as the majority of mountain lakes have very abrupt shores.

**The safety** of all boys is most carefully guarded. To avoid any possibility of accident, the swimming instructors, or their aids, are always present in boats watching the boys and ready to give instant assistance should need arise. No boy, in fact, is permitted to enter the water until the guards are in position and the whistle has blown.

**Aquatic meets** are held each week involving row-boat and canoe races (single and double), swimming races, diving, water polo, canoe tilting, aqua planing, etc. Every boy in camp who can swim 25 yards is entered in each meet. The friendly rivalry experienced shows the boy how he measures up with his fellows in a general test, and stimulates him to gain the things he lacks.

LOUNGING AND READING ROOM

to nine boys and a counselor. Each cabin is built high from the ground and has double wood floors which assure absolute freedom from dampness in rainy weather. They are equipped with standard army cots and mattresses.

**Other Buildings and Equipment** Located farther down the shore, near the end of Crescent Beach, are the boat house, garage and shop combined, and the athletic headquarters. These buildings are substantially built and are a splendid addition to the equipment.

A flotilla of sixteen canoes, eight row boats, a cat boat, motor boat, diving tower, float with slide, tend to stimulate out-of-door life at KAWANHEE.

**New Buildings—1924** Before the opening of camp in 1924, a new sleeping lodge and large recreation hall will be constructed. The hall will be about one hundred and fifty feet from the shore, facing Crescent Beach. It will contain game rooms, assembly room, lounging and reading room, large dark room for developing and printing pictures, and a nature study and exhibit room.

## *Buildings and Equipment*

**A**MONG the unique and striking features at KAWANHEE are its buildings of log-cabin construction built from heavy spruce and pine logs.

**Dining Lodge** The dining lodge, which has also been used for recreation purposes, is 45 ft. wide and 55 ft. long. On the first floor is the main hall, facing the lake, and a well equipped kitchen, storage, refrigeration and cook room. On the second floor are to be found the lounging and reading room, nine bedrooms, available for guests, and a fully equipped bath.

**Sleeping Lodges** On either side of the main lodge, extending along the shore, are the “woody” sleeping lodges, built to accommodate from seven

View from Porch of Dining Lodge

BOAT INSPECTION  
Held Once Each Week

**Boating** There is no pleasure in camp that surpasses rowing, sailing, canoeing or speeding in the "Pete," the fastest pleasure craft on the lake. Boat privileges are granted only to those who have passed their swimming tests. Careful instruction is given at regular class periods. The boats and canoes are divided among the lodge groups, who are held responsible for their condition at all times. Each boat must be kept at its corresponding number on the beach. All boating is governed by the Flag System. A white flag indicates safe boating on any part of the lake; a red and white flag denotes safe boating in the cove and through the narrows only; a red flag means that all boats must remain within the cove; if no flag is flying, boats cannot be taken out. The Directors of camp are responsible for all flag signals. The smaller boys of camp, whom the instructors believe are not strong enough to properly manage a boat or canoe, cannot take one out alone, beyond the cove, even though they have passed the swimming tests. The camp believes that too stringent rules cannot be enforced effecting the use of boats.

## Camp Life

CAMP life at KAWANHEE is never forgotten. The daily routine is organized on the flexible-program basis. "What's on for today?" is the familiar expression heard each morning, as the boys gather for a snappy setting-up drill, before breakfast. Type written copies of the day's activities are distributed to each lodge-group during the breakfast hour.

Most of the instruction activities take up the entire morning period. And what a variety of activities there are! It may be on the lake learning to handle a canoe; or sailing a new boat made in the shop; or down through the Narrows after big fish; or on the athletic field in a close game; or off in the woods with a bow and arrow; or learning to box and wrestle and how to shoot; or how to ride and manage a horse; how to cook a meal over an open fire and to build a lean-to from fir bows; or learning the trees, the birds and the flowers; or rolling a pack for an over-night trip; or developing a picture for dad and mother. Whether it be a scheduled or an open period, each boy must keep busy.

The eleven o'clock swim comes just at the right time. Every one cools off after a strenuous morning in the open. The air is full of joyous shouts from happy youngsters. Some are learning to swim, others are mastering new strokes and dives, while a few are stretched out in the sun on the warm beach, hoping to look like young Indians before camp closes.

After a carefully prepared dinner of wholesome food, cooked especially for hungry boys, the camp rests for an hour in sleeping, reading and writing.

Afternoons are generally devoted to hikes, games and competitive events. The four o'clock swim is a necessity, especially after one of those tie games in baseball. Before a boy realizes it, another day has drawn to a close, full of experiences never to be forgotten.

## Daily Program

- 7:00 FIRST HORN
- 7:05 SETTING-UP EXERCISES
- 7:15 DIP (Optional)
- 7:30 BREAKFAST

- 9:30 TAPS—Seniors (15-18)

CAMP FIRE SONG  
Before the Logs are Lighted

**T**HE climax of the day is the camp fire in the evening, when fat pine logs light up the forest and cast a mystic glow over the faces of healthy contented boys. Camp fire games, songs and stories are enjoyed until the embers die out and "taps" are sounded. Not until then, is a day in camp finished and all is quiet for the night. Such a gathering, day after day, becomes a living force in a boy's life.

**Religious Influences** The camp is non-sectarian. The boys are under the influence of active Christian men. Sundays are spent quietly. The boys sleep half an hour longer. In place of setting-up exercises, a short canoe trip is made to Sunday Beach, where a real soap and scrub bath are enjoyed. Simple devotional services are held in the morning at 10:30, among the trees at Council Rock, and Vesper services on the lake at twilight.

"ROBIN HOOD" ARCHERY CLUB

In a secret spot, far back in the dense woods, the youthful members of the "Robin Hood" Club and their leader, meet to discuss the various ways of emulating the helpful and unselfish spirit of that brave leader of old, whose heroic life is dear to the heart of every boy. It is needless to say that each boy constructs his own bow and arrows, to become a member of this club.

**Social Value** KAWANHEE is represented by some of the finest boys from the central and eastern states. The broadening influence of this intermingling of boys from widely separated localities is the foundation of many new acquaintances and enduring friendships.

PETE—CAMP MOTOR BOAT  
(Leaving Cove for Trip up the Lake)

## *Trips*

**W**AS there ever a live, normal, wide-awake boy who didn't just naturally thrill when some one said "Let's go camping?" Just the thought of sizzling bacon over an open fire, the clear whiff of pine boughs, the untrodden forest trail, or the adventures of night in the big woods, full of faint entrancing noises, are experiences never to be forgotten.

Trips at KAWANHEE are looked forward to by every boy in camp. Perhaps the most popular ones taken are visits to "The Devil's Kitchen," overnight trips on Tumbledown, with a crawl through "Fat Man's Misery," hikes up Blue and Bald Mountains, two days' trout fishing at Swift River, and shorter trips around the lake and woods. A trip of much interest for the coming season will be up West Mountain over the newly blazed trail. Rainy nights will be spent in "Wildcat Scofield's" Hunting Lodge. On such trips, each boy gains practical experience in making shelters, building fires in wind and rain, cooking, reading the compass, trail making and all the various means of overcoming the difficulties of life in the "open."

### **SPECIAL TRIPS**

1. Mt. Washington trip of five days, open to Seniors and Juniors who qualify as good hikers.
2. A long canoe trip of seventy-five miles through the famous Rangely Lakes—open to Seniors and Junior A's. The trip will take about one week and is under the supervision of registered guides.
3. Three days' trout fishing trip in the vicinity of Alder Brook Farm, eighty miles from camp in the heart of the Maine woods. "Wild Cat" Schofield will guide the party.

See page 39 for Extra Expenses.

SETTING-UP EXERCISES  
A Healthy Tonic Before Breakfast

**"AUNT NELL," CAMP COOK**

One of the reasons for healthy contented boys at "Kawanhee." Her specially prepared dishes are never forgotten, and her pancakes on a cool morning are a joy to the whole camp.

## *Health and Food*

**T**HE healthfulness and sanitation of a camp should receive first consideration. In this respect CAMP KAWANHEE is unusually favored, being located on high dry ground with gravel sub-soil, and on a lake nearly a thousand feet above sea level. The air is rich with resinous odors of pine and fir trees. The days are warm and the nights are cool. Blankets are a real comfort every night of the season.

Many parents are finding that it is a good investment to send their sons into a more bracing climate for the summer months. To many boys physically weak, a season in camp means a new "lease" on life. Each boy receives a physical examination upon entering camp, which is the basis for all corrective work throughout the season. Round shoulders, deficient chest development, and poor carriage are given careful attention.

**Sanitation** *It will be of interest to the camp's many friends and patrons, to know that KAWANHEE was one of four camps throughout the state, during the season of 1923, to receive the highest sanitary rating of "Class A" from the State Sanitary Inspector. The same rating was also given the camp in 1922.*

Drinking water is secured from a mountain spring which has passed the most severe tests by the State authorities. Its purity is beyond question.

Chemical toilets, most approved by the Government, were installed in a new building constructed before the opening of camp in 1923.

**Camp Dietitian** CAMP KAWANHEE is noted for its excellent food and carefully balanced meals. The purchase of food and the planning of meals are under the supervision of a dietitian, wife of one of the Camp Directors. She is vitally interested in the success of the camp and understands the needs of growing boys. No trouble is spared to make the food appetizing and nourishing. A special

study is made of all boys under weight. The average gain in weight during the season of 1923 was over four pounds per boy. Fresh meats and fruits are procured from nearby towns; while an abundance of rich milk, from a tuberculin tested herd, butter, eggs, poultry, berries and vegetables are obtained from neighboring farms.

**Camp Mother** The mother of the Directors of KAWANHEE serves as Camp Mother throughout the season. Many boys leaving home for the first time need motherly attention which men cannot administer; such as, sewing on buttons, patching torn trousers, making sails for a boat, or administering affection, where it is needed. She gives special attention to the smaller boys of camp in way of general cleanliness, putting them to bed and seeing that they have sufficient covers for the night, etc.

Parents may feel assured, in sending their boys to KAWANHEE, that they will be under the watchful eye of a mother who knows and loves boys.

**Camp "Dad"** The father of the Camp Directors is the Camp "Dad" at KAWANHEE. He is known as "Pop" throughout the camp, and is a real friend to all the boys. If you see him slipping quietly away from shore in a boat full of boys, it is safe to assume that they have coaxed him away from his work to go fishing with them. He does everything the boys do, except to dive off the high board. His principal duties involve the care of the property. Much of the credit, in fact, is due him for the excellent sanitary record made by the camp during the past two years.

**Camp Nurse** Competent medical attention is available in case of illness or emergency. A graduate nurse is always ready to meet the immediate needs of the campers. Her services, however, are seldom required. She travels to and from camp with the boys from the Central West. She refuses to take any risks. When in doubt, a doctor is summoned.

A special request is made of parents to be conservative in sending candy to camp. If sent at all, kindly mail it to the Directors, who will see that it reaches the nurse. Candy is rationed three times a week, following the noon meal.

**Hay-Fever** Weld is strongly recommended for boys who are predisposed to hay-fever and asthma. Cases are on record at camp of boys who have visited other sections of the country seeking relief (which never came) who were entirely free from all symptoms of the disease at KAWANHEE.

OFF FOR "ALDER BROOK"  
A Truck Load of Healthy Boys

## Camp Honors

**T**HE Point System of Camp Honors is so organized as to promote a live interest in the all-round activities. Each boy accomplishes something worth-while and definite during the summer. The classification by size and weight into Senior, Junior A, Junior B and Midget groups, makes the competition very keen for the medals given. Many realize too late that to receive honors from KAWANHEE, requires conscientious effort throughout the season. The camp emphasizes, however, that the boy who cultivates the ability to "stick" to the finish, though he may lose, at times, will eventually develop qualities that will make him a "winner" in years to come.

### Winners, 1923

#### Most Helpful Boy in Camp

*Senior*—Richard Spencer .....Columbus, Ohio  
Name to be engraved on "Crane Cup"

               Richard Manville .....Tuxedo Park, N. Y.  
*Midgets*—Robert Murray .....Englewood, N. J.

## *Parents Are Welcome to Kawanhee*

**I**T HAS always been the policy at KAWANHEE to encourage parents to visit their boys in camp. A special request is made, however, that all visits be deferred until after the first two weeks of the season, which time is considered essential for a boy to become acquainted with his counselor and familiar with his new surroundings. With few exceptions the camp has enjoyed fine co-operation from its parents, many of whom enter into the activities with as much enthusiasm as the boys.

Those wishing accommodations at camp should make application in advance, as a limited amount of room is available. If a longer stay than a few days is desired, we recommend the Weld Inn, located in the village about two and one-half miles from camp. The Inn is competently managed and the prices are very reasonable.

## *Adult and Hay Fever Camp*

**C**AMP KAWANHEE will remain open until October 1st, as an Adult and Hay Fever Camp, after the closing of the Boys' Camp in August. Those suffering from Hay Fever and Asthma are guaranteed relief. Arrangement may be made whereby special tutoring will be given during September, which will enable a boy to return to school without losing any academic work.

## Directions for Travel

**From Columbus:** Boys from Columbus and adjacent cities will leave Columbus in a special car June 29th on the 4:00 P. M. train, via Big Four Railroad by way of Cleveland, Buffalo and Albany to Boston. They will be joined by parties en route.

**From Boston:** North Station, Boston & Maine Railroad, train is taken for Portland.

**From New York:** Boys from around New York will take the State of Maine Sleeper out of Grand Central Station on June 30th, arriving in Portland July 1st, where they will be joined by the western group.

**From Portland:** Over the Farmington Division, Maine Central Railroad, train is taken for Wilton, from which stage is taken for Weld and Camp.

Railroad tickets should be purchased round trip to Farmington, Me. Ninety-day tourist tickets are recommended. Boys under twelve, travel for half fare.

If desired, the Directors will take entire charge of purchasing tickets, making reservations, checking trunks, etc.

Final announcements regarding rates and traveling arrangements will be sent to parents in final letter of instructions, two weeks before leaving for Camp.

Counselors and Directors will travel to and from Camp with boys from Columbus, Worcester and Springfield, Mass., New York City, Boston and Portland.

## *Letters from Patrons, 1923*

**From W. R. ALBAN**  
Steubenville, Ohio

I sincerely note with pleasure how greatly Mrs. Alban and I consider the interest taken by you and others in charge, in your attention towards Fred. The short visit we had revealed the high standing of your Camp, which forbodes many valuable things for camp life, and it is unnecessary to state that any boy who has been at "Kawanhee" has a longing to return.

It is a great pleasure and relief to know that your boy is in efficient hands and I am sure, if Fred has his way, he will be enrolled next year.

**From MRS. EDWARD CONARD**  
Columbus, Ohio

I want you to know that we were more pleased than ever with the result of Field's third season in camp. He came home greatly benefitted, both physically and mentally. We are not only planning for his return the fourth season, but expect to enroll our younger boy in another year. I consider it a privilege to have my boys enrolled there.

**From EVERETT FERGUSON**  
Steubenville, Ohio

It gives me great pleasure to express to you my appreciation of "Camp Kawanhee" and the great benefit Everett, Junior, and Potter Brestle, his cousin, derived in the eight weeks spent there the past summer.

We consider that the boys had a most enjoyable and profitable season under the supervision of most able counsellors, in a well organized camp.

Our visit to "Kawanhee" and our mingling with those in charge have convinced us that we have selected the right place for the boys.

**From THOMAS C. FULTON**  
Lancaster, Ohio

After visiting "Camp Kawanhee" last summer Mrs. Fulton and myself were more than pleased with the manner in which the Camp is being conducted by you and your capable corps of assistants, and we were particularly impressed with the high type of young men you have surrounded yourself by as counselors, and the general morale and good fellowship among the boys.

We have no other thought now than enrolling Lupher for your Camp next summer, and will say here that he would indeed be a very

disappointed boy should anything intervene to make it impossible for him to attend "Camp Kawanhee". I say unhesitatingly that Lupher showed marked improvement and development in every way, and feel that the time and money spent for "Camp Kawanhee" have been a good investment.

**From GEORGE W. GILLETTE**  
Columbus, Ohio

"Camp Kawanhee" has had a splendid result with my son. Mrs. Gillette and I are very enthusiastic about it, and anxious to have our son return next summer. The boy feels the same way, only more so.

**From F. G. HATTON**  
Bexley, Ohio

Mrs. Hatton and I have been very enthusiastic about "Camp Kawanhee" after spending nearly a month there last summer.

Frederick and Bill came home in fine condition and are looking forward to returning for the coming season. It is needless to state that we not only intend to send them back, but are anticipating another summer in the Maine woods ourselves.

Frederick's two seasons at "Kawanhee" have proven beyond a doubt that we have really found a place where he is entirely free from hay fever.

**From MRS. HERMAN HOSTER**  
Columbus, Ohio

I thoroughly enjoyed my visit to "Camp Kawanhee" last summer. I consider your camp most competently managed. The boys are well cared for, both physically and morally. Your location is ideal. Herman was greatly benefited in every way by his summer at camp, and I intend to enroll him for the coming summer.

**From M. B. KAUFFMAN**  
Columbus, Ohio

Mrs. Kauffman and I wish to congratulate you upon the conduct of "Camp Kawanhee". Our son Charles has been most enthusiastic. A camp like yours is a splendid and valuable part of a boy's education. His associations and camp life under the direction of your fine lot of counselors has been of much benefit to him; as he returned physically stronger, more mentally alert, and with higher ideals and purposes. We hope to be able to send him again next summer.

From O. L. KELLEY  
Springfield, Ohio

Jack arrived as per schedule, looking, to his parents at least, like a million dollars. He was glad to see us, but said he wished he was starting for camp, instead of coming home. We have never seen him so well. Our family physician, after going over him, said: "The money you paid that camp was certainly a most wonderful investment." We can see, too, that he has gained in self-reliance, self-restraint, and other qualities that make for manliness. Mrs. Kelly and I are very grateful to you and the other members of your organization for the exceptional care that he evidences having had.

We certainly hope that we will be able to send him back to "Kawanhee" next year.

From GEO. H. KITTREDGE  
Columbus, Ohio

First of all, I want you to reserve a place for George at the Camp this coming summer. I was so very well pleased with his physical and mental development while there, that I want him to have advantage of it another year.

Am very enthusiastic about "Camp Kawanhee," especially after my visit there this summer. I went to spend two days and enjoyed myself so much that I stayed nearly a week. Was very well impressed with your equipment and facilities, and especially with your organization.

From ROBT. LINDENBERG  
Columbus, Ohio

It gives me pleasure to express to you the great admiration Mrs. Lindenberg and I both have for "Camp Kawanhee".

Last summer Billy was away from his family for the first time for any extended period and we anticipated he would get homesick. When Mrs. Lindenberg and I visited the Camp we realized why he didn't want to go home. He had a wonderful time and was too busy and happy to get homesick.

Another great appeal your Camp has for me is the careful and constant supervision under which the boys live. I am expecting to send Billy back to you next summer and he is already looking forward to it.

From THEODORE LINDENBERG  
Grandview, Ohio

Just a line to inform you of the benefits Teddy derived from his experience at "Kawanhee" last summer.

He has been in unusually good health and spirits since his return from the north, and there is no doubt in my mind but that his stay at "Kawanhee" was of great benefit to him.

He is looking forward to his return to the Camp next season.

From ROY D. MOORE  
Marion, Ohio

The final physical record showing Bill's development and progress at "Camp Kawanhee" this summer is about the most gratifying tabulation I have ever seen.

Mrs. Moore and I feel that you and your fellows with the help of God's fresh air, the lake and pine trees have done more for Bill's mental and physical being than we as conscientious parents could ever have accomplished.

We want at least one more season of this up-building for our youngster, and we are hopeful that at least two of his buddies will be initiated in your camp next year.

At the risk of slopping over, I want to tell you that the benefits from contact with and the discipline of capable and high-minded men is not the least evidence of the value the boy has derived from his two camp seasons at "Kawanhee".

From H. W. MacKINNON  
Springfield, Ohio

It is with pleasure that I am writing you regarding Lachlan's summer at "Camp Kawanhee," Maine. Lachlan came back to us after his two months at your camp very much improved physically, showing a nice gain in his weight, a better appetite, and generally improved health. I find that he is much stronger, and keener for outdoor play. He has also developed a spirit for play, which well repays us for the expense of sending him to your camp this summer. Lachlan's first question after he returned was, "May I go back next year?". It is a little early to make a decision, but Mrs. MacKinnon and myself feel favorably inclined to have Lachlan return to "Camp Kawanhee" in 1924; and we hope that when you make your arrangements for next season you will reserve a place for him until we can definitely decide on our plans.

**From H. E. McFADDEN**  
Steubenville, Ohio

Henry returned from camp one week ago, and both Mrs. McFadden and I are very much pleased with his physical improvement. He left home weighing eighty pounds, and has not only gained close to ten pounds but he is solid all over. He is in better shape than ever before and is showing more interest in sports, which is no doubt due to his physical gain.

We are delighted with "Camp Kawanhee". Your counselors are not only high class men, but they seem to thoroughly understand boys.

It is our intention to have Henry attend the 1924 camp.

**From ALLEN A. NOLTE**  
Springfield, Ohio

Jack arrived home safely and we were very well pleased with his physical condition. We are sure that we made no mistake in sending him to "Kawanhee". Jack's report on the camp and the fine lot of fellows there made a very interesting story. His esteem of all of the counselors and those in charge, show that you have successfully carried out what is most dear to the heart of a real live boy.

Mrs. Nolte joins me in thanking you for the interest shown toward Jack and for the wonderful summer he has had. We know the future of "Camp Kawanhee" is assured, and we hope Jack may enjoy its pleasures again.

**From MRS. HARRY H. PRICE**  
Columbus, Ohio

After careful examination of other camps I feel "Kawanhee" is superior to others in general camp conditions and excellent counselors. We are not only planning for Richard's return next summer, but expect to send Junior, who will be ten years old while he is in Camp.

I am sure any boy caring for a summer in camp will be happy at "Kawanhee," and knowing the personnel of your staff, eliminates any worry on our part while they will be with you.

**From G. EDWIN SMITH**  
Grandview, Ohio

I am indeed glad of the opportunity to express myself in relation to "Camp Kawanhee". My son Laird attended this camp during the 1922 and 1923 periods, and is most enthusiastic in his story of the good times he had and the benefit he received in connection with the work and responsibility put up to him while there.

I can most heartily recommend "Kawanhee" as a camp to which

any parent may send his boy, with positive assurance that he will be cared for in a manner that will result not only in the boy having the finest kind of a time, but under such supervision as will safeguard him in every way.

**From HENRY L. SCARLETT**  
Bexley, Ohio

As Campbell's case of hay-fever and hay-asthma has been pronounced by several specialists as the most aggravated in their experience, it was most gratifying that he not only escaped entirely at "Kawanhee" last summer, but also gained over seven pounds in weight during August and September. This surpassed our prior experiences in Nova Scotia, where he barely escaped hay fever but without any gain. Count on Campbell for next summer.

During the month spent in and near "Kawanhee", I became a very enthusiastic supporter of your camp. The location, with its combination of lake, woods and mountains, is ideal; and your cabins, larger buildings, boats and other equipment are of excellent quality and well maintained. I desire especially to commend the personnel of your whole organization and the high morale of the camp.

**From R. M. SPENCER**  
Grandview, Ohio

Since returning from our visit to "Kawanhee," it is easy for Mrs. Spencer and myself to understand why Richard returned the previous season so enthusiastic and robust.

We are for "Kawanhee," which we believe approaches the perfect Camp for a healthful, enjoyable summer season. We enjoyed the wholesome, well balanced meals served to all in Camp, and were glad to find our son surrounded by such a splendid corps of counselors and campers.

Our visit at Camp was delightful, and the many courtesies extended to us were very greatly appreciated.

"Kawanhee" is a sacred word in our household.

**From C. E. WOOLMAN**  
Columbus, Ohio

I would like you to know how pleased I am with John's experience at "Camp Kawanhee" this past summer. He seemed to enjoy every minute of his time there, and is looking forward with a great deal of pleasure to being with you next year.

Mrs. Woolman and I both feel he was greatly benefited, and we are expecting to have him return next season.

**From C. A. CRANE**  
51 Chambers St., New York City

I want to take this opportunity to say how well pleased Mrs. Crane and I are with your Camp, and the very great benefits Warren has received there under your charge. I would not have the least hesitancy in recommending it as "the best camp in the country".

**From H. H. FIELD**  
Phillips, Maine

Your splendid location, well managed camps, good food, carefully prepared program to keep the boys busy and happy all the time, under the supervision of high grade counselors with the personal interest you and your people take in each boy make it, to my mind, all that can be desired for a boy's camp.

Please send me one of your new catalogues. I now expect to send Norman over to you in 1925.

**From SILAS FISH**  
402 W. 118th St., New York City

I wish to assure you that I got nothing but favorable impressions on my visit to "Camp Kawanhee" last summer, and that it is our present purpose to have David return to you next season.

The equipment of the camp seemed to me very ample and satisfactory. However, I will leave this discussion to others and stress what to me seems the larger point. "Camp Kawanhee" was selected by us because of recommendation based on the type, character, and general fitness of those in charge, a recommendation which proved to be fully warranted and one which I am glad to confirm.

**From J. HOWARD JONES**  
Springfield, Mass.

Mrs. Jones and I have been most satisfied with our choice of "Camp Kawanhee" for Arnold. The location of the Camp, its sanitation and general equipment impressed us very much, and the supervision which is exercised is a very favorable thing from parents' point of view. We have every expectation that Arnold will be back there next year. Please make such references to us as you wish.

**From IRENE M. GREENE**  
New Rochelle, N. Y.

Just a few lines to thank you for your care of Edward during the past summer. He is improved in both health and spirits, and I am quite sure the lessons he learned at "Kawanhee" will be lasting ones.

**From CHESTER A. JORDAN**  
Portland, Maine

Will you please send to me a few of your camp booklets for the season of 1924?

I wish to take this opportunity to express on behalf of both my wife and myself our appreciation of your camp regime, as we have observed its great benefit to Jack since his return. Our frequent visits to camp during the summer and observation of the conscientious, even solicitous, oversight of the boys both day and night, inspired ever increasing confidence.

**From RALPH LYON**  
530 W. 27th St., New York

Mrs. Lyon and I have every intention of entering our boy for another season at "Camp Kawanhee".

In visiting the camp this past summer we were delighted to find that in every particular the camp went beyond our expectations.

Certainly, little is to be desired with a healthful location, complete modern equipment, good food, days made up of well regulated play and recreation, and most important of all, able counselors, trained in giving individual attention where needed.

**From A. M. MANVILLE**  
Tuxedo Park, N. Y.

Dick came home to us in fine shape and very enthusiastic over the good times at "Kawanhee" this summer. He already is talking about next summer there. We feel that it has done him good in more ways than one.

**From J. N. MURRAY**  
Englewood, N. J.

When I visited "Camp Kawanhee" last summer, I was very pleasantly surprised that both the location and arrangement of the camp, as well as the accommodation for the boys, were as nearly ideal as possible.

I feel that the boys must derive the maximum possible benefit from the associations, and with the organization that you have, they are in the best possible hands.

It is my expectation to send my boy back next summer, and feel that he will be benefited considerably more even than he was this year.

One has only to see the boys thoroughly enjoying themselves under the supervision and care of the able counselors, to realize that no better possible influence could be exercised on both young and old boys.

## *The Call of Kawanhee*

Oh come, come away to the land of Kawanhee!  
Hike over the hills, tramp the trails of the mountains.  
Learn the lure of the forest, sleep under the stars  
On a bed, hand-made, of soft fir boughs.  
Cook the trout that you caught in the cool of the morning  
From foam-crested pools, where dark shadows lie;  
Learn camp-life and nature, the bird calls, the flowers,  
Experience the joys of achievement worth while;  
Boat building, kite making, the bow and the arrow;  
To be a good sportsman at both work and play;  
With character first in the great game of living.  
Kawanhee, the Boy-land, dependable, true,  
In training for manhood, awaits to serve you.

—H. L. Berry

PLENTY OF BOATS FOR ALL IN CAMP

## Special Information

Camp opens July 1st and closes August 25th

The pre-camp season opens June 1st

### General Expenses

Camp Fee—Full season of eight weeks.....	\$300.00
Camp Fee—Half season of four weeks.....	175.00
Pre-Camp and Post-Camp Season, by the week.....	25.00

A deposit fee of \$10.00 is required with the application. The remaining tuition should be paid on or before June 16th.

Make checks payable to CAMP KAWANHEE.

**Tuition Includes** Laundry, shooting, shop work, developing material in dark room, boating, regular camp trips and picture shows.

**Special Reduction** For two boys from same family, \$15.00 per boy, if full season is completed.

**Spending Money** It is recommended that \$10.00 be deposited with the camp for incidentals, such as: hair cuts, weekly allowance of 25c, stationery, camera supplies, etc. If more money is needed, it should be sent to the Directors. All boys are required to keep their extra spending money in the Camp Bank.

### Extra Expenses

1. Horseback Riding—term of 32 hours.....	\$50.00
For shorter terms, \$1.75 per hour.	
2. Rangely Lake Canoe Trip—with guides.....	25.00
3. White Mountain Trip—for good hikers.....	25.00
4. Trout Fishing Trip.....	15.00
5. Tutoring—by competent instructors, per hour.....	1.75

It is possible for boys to make up work in which they have failed, or to do advanced work.

### Personal Equipment (Suggested)

1 Pillow	2 Pairs Pajamas
2 Pillow Cases	Extra Pair Trousers
3 Sheets (Narrow)	Extra Coat
3 Heavy Blankets (One Army blanket for hikes)	Long Black Stockings
4 Bath Towels	2 Flannel Shirts
2 Laundry Bags	Underwear
1 Sweater or Jersey	1 Bathing Suit
1 Rubber Poncho or Raincoat	Camping Kit ( <b>very important</b> )
1 Pair Rubber Boots or Rubbers	Camera and Films
1 Pair Hiking Shoes	Tennis Racket and Balls
2 Pairs White Sneaks	Baseball Gloves
Collars	Fishing Tackle
Toilet Articles	Knife
Stamps and Stationery	Flash Light
	Musical Instruments

**First Night in Camp** Each boy must be provided with blankets, sheets and pillow. These articles and clothes for immediate change after reaching camp, should be sent a week in advance by **American Railway Express to Wilton, Maine, Franklin Co., care "Camp Kawanhee"**.

**For Sundays** To make it possible for boys to dress alike on Sundays and special occasions, a white duck outfit is recommended.

**Camp Uniform** The regular KAWANHEE Uniform is most suitable for camp. It is made by our official outfitters, The Chas. H. Dudley, Inc. of Hanover, New Hampshire, and 927 Little Building, Boston, Mass.

- 1 Grey Hat, Maroon Band with Monogram
- 1 Sleeveless Grey and Maroon Jersey
- 1 V-Neck Grey Sweater, with Monogram
- 3 Pairs Khaki Running Pants
- 3 Pairs Rolled Grey Stockings
- 2 Pairs Tennis Shoes (Sneakers)
- Base Moccasins for Hiking

**Trunk** Steamer type preferred. Have two keys, one to be mailed to Director for use in case the other is lost. List contents—post on inside of lid. Mark all clothing, full name—*very important*.

## WHY

*Parents can safely select "Kawanhee" as a camp for their sons*

1. A family interest is taken in each boy, equalled by few camps in the country.  
See Pages 29, 30.
2. All boys from American Christian homes.
3. "Kawanhee" does not advertise. Each boy personally recommended by former patrons or friends.
4. Only matured men engaged as counselors. (Average age, over 28 years.)
5. A counselor for each five boys, (not including two directors).
6. Free from Hay Fever and Asthma.
7. Sanitary conditions, excellent. One of four camps in Maine to receive *Class A* rating by State Health Officer, during season of 1923. "Kawanhee" has received this rating for the past two years.
8. Boys carefully supervised on trip to and from camp—accompanied by directors, counselors and trained nurse (with western boys).
