THE SUMMER CAMP

A Message to Parents

THE SUMMER CAMP is recognized to-day as an educational necessity for growing boys. Many of our leading educators agree that, in these days of unnatural living conditions, the well organized Summer Camp is a positive element in the physical, mental and moral growth of boys during the adolescent period. Parents, too, are realizing as never before, that city life is unfavorable to the normal development and health of children, and that summer resorts, hotels, hot streets and vacant lots do not furnish the type of environment which makes for growth and happiness and the molding of manly character.

There is no form of organized summer outing that surpasses the joy and healthfulness of camping in the great out-of-doors, with its mountains, lakes and brooks; its invigorating air, picturesqueness and touch of wild life. Such an experience, day after day, makes a stronger appeal to a boy's finer instincts and imagination than anything that could be devised for the idle summer months. Each boy may here gain something of the craft and cunning of the Indians; something of the self-reliance and service-to-others spirit of the scouts; and a better understanding of himself in his association with others.

The Aim of Kawanhee

The aim of KAWANHEE is to reach the individual boy and give him a clean, wholesome, useful vacation. He is encouraged in building up a fine, strong body by regular habits, abundant sleep, wholesome diet and out-door life. He learns to rely on his resources and to experience the joy of achievement in work and play. Every tendency is to develop the manly side of his nature and to make him rise above all that is weak and effeminate. He is taught to know himself and trust himself; to know courage and to use it; and to understand the virtue of unselfishness among his fellows.

CRESCENT BEACH
Kawanhee Cove

CAMP BUGLERS

Location and Environment

CAMP KAWANHEE is located on the east shore of Webb Lake in the village Weld, Maine—eighty miles north of Portland and twelve miles from the nearest railroad. It comprises over one hundred and sixty acres of timber land situated at the entrance to the “Narrows” of the lake, which is about two miles from the center of the village. Its wooded shore line extends a half mile in length and includes a crescent beach of fine white sand, where a variety of water sports are held.

The Lake

Lake Webb is seven miles long and three miles wide, and is completely surrounded by mountains. It is considered, by many, to be Maine’s most beautiful lake. It is fed by springs and mountain brooks. White birches, pines and pointed firs mark the shore line. Its clear, pure water and clean bottom of sand and gravel, make ideal conditions for swimming and bathing. The water warms quickly and is never too cold for the early morning dip, which is very popular with many boys.

Real Boys’ Country

The wild and rugged country surrounding Weld offers experiences never-to-be-forgotten by the normal, wide-awake boy. There are caves and dens to explore, trails through the forests and over-night trips on the mountains. Many of the fur-bearing animals are in this vicinity. The beaver are fast increasing on the brooks and are sometimes seen playing near their dams at dusk. The deer, black bear and moose roam the forests unmolested. There is fishing of great variety, and sailing, rowing and canoeing to be enjoyed throughout the season. Best of all, however, is the opportunity to “kick-out,” rough it in the open, and grow big and strong in body and soul.

A TROUT STREAM
(Not far from Camp)

boy at KAWANHEE must do his share of the work about camp each morning and spend at least one forenoon a week in some definitely assigned task. Such duties are educational and constructive, placing most of the responsibility in the hands of the boys. The importance of a cheerful, willing obedience and good sportsmanship, are emphasized from the opening day of camp. Pampered and selfish spirits cannot long endure in such an atmosphere. Promptness in the performance of duties, neatness of person and lodge, observance of courtesy and purity of language are required at all times. The use of tobacco in any form is prohibited. One of our chief objectives is to instill in each boy a respect for clean thoughts and clean living.

Management and Supervision

Directors CAMP KAWANHEE is under the joint ownership and direction of George R. Frank, Columbus, Ohio, and his brother, Raymond C. Frank, Boy Scout and Club Leader, Englewood, N. J. They were born in Maine, and lived there for twenty years, and are trained workers with boys.

Counselors Among the outstanding features at KAWANHEE are its counselors of matured men. They are college bred and are men of fine personality and strong character. They are especially chosen because of their high ideals, their fondness for boys and their practical experience in some form of boys' work. Each man must measure up to the high standard of the camp. There is one counselor to every five boys in camp. Their average age is over 28 years.

The directors of KAWANHEE believe that the most potent factor in character development among boys lies in the personal example exerted by high-type men. Securing the right man with maturity of judgment and knowledge of boy life is the camp's major job.

Camp Discipline Experience has shown that all play and no work and all work and no play are harmful policies. Every

"AUNT NELL," CAMP COOK
One of the reasons for healthy contented boys at "Kawanhee." Her specially prepared dishes are never forgotten, and her pancakes on a cool morning are a joy to the whole camp.

Health and Food

MANY parents are finding it is a good investment to send their sons into a more bracing climate for the summer months. To many boys physically weak, a season at KAWANHEE has proven to be the very experience they needed most.

Every boy receives a physical examination upon entering camp, which is the basis for all corrective work throughout the season. Round shoulders, deficient chest development, and poor carriage are given careful attention.

The camp is located on high dry ground with a gravel sub-soil, and on a lake nearly a thousand feet above sea level. The air is rich with resinous odors of pine and fir trees. The days are warm and the nights are cool. Blankets are a real comfort every night of the season.

Sanitation *It will be of interest to the camp's many friends and patrons, to know that KAWANHEE was one of few camps throughout the state, during the season of 1925, to receive the highest sanitary rating of "Class A" from the State Sanitary Inspector. The same rating has been given the camp for the past four years.*

Drinking water is secured from a mountain spring which has passed the most severe tests by the State authorities. Its purity is beyond question.

Chemical toilets, most approved by the Government, were installed in 1923.

Camp Dietitian CAMP KAWANHEE is noted for its excellent food and carefully balanced meals. The purchase of food and the planning of meals are under the supervision of a dietitian, wife of one of the Camp Directors. She is vitally interested in the success of the camp and understands the needs of growing boys. No expense is spared to make the food appetizing and nourishing. A special study is made of all boys under

weight. The average gain in weight during the season of 1925 was approximately four pounds per boy. Fresh meats and fruits are procured from nearby towns; while an abundance of rich milk and cream, from a tuberculin tested herd, butter, eggs, poultry, berries and vegetables are obtained from neighboring farms.

A BUSY PLACE

boys leaving home for the first time need motherly attention; such as, sewing on buttons, patching torn trousers, making sails for a boat, or administering affection, where it is needed. She gives special attention to the smaller boys in camp in way of general cleanliness, putting them to bed and seeing that they have sufficient covers for the night, etc.

Parents may feel assured, in sending their boys to KAWANHEE, that they will be under the watchful eye of a mother who knows and loves boys.

Camp "Dad" The father of the Camp Directors is the Camp "Dad" at KAWANHEE. He is known as "Pop" throughout the camp, and is a real friend to all the boys. He is especially interested in the care of the property. Much credit is due him for the excellent sanitary rating given the camp during the past four years.

Camp Nurse and Infirmary

Our new infirmary has all necessary conveniences, such as a room for ten beds, a room for first-aid treatments, and the headquarters for our graduate nurse and camp mother, who take charge of all cases needing special care.

A First Aid tent is located near the center of activities.

We endeavor in every way to prevent rather than cure illness and infection. In case of immediate need, a skillful physician is within a twenty-five minutes ride of the camp. There are good hospitals at Farmington and Rumford which can be reached in an hour by automobile. In any case of serious illness parents are notified at once by telegraph.

Camp Mother

The mother of the Directors of KAWANHEE serves as Camp Mother throughout the season. Many

INFIRMARY

Camp Life

CAMP life at KAWANHEE is never forgotten. The daily routine is organized on the flexible-program basis. "What's on for today?" is the familiar expression heard each morning, as the boys gather for a snappy setting-up drill, before breakfast. Type written copies of the day's activities are distributed to each lodge-group during the breakfast hour. No two days are alike, as variety and novelty are among the charms of camp life.

Most of the instruction activities take up the entire morning period. And what a variety of activities there are! It may be on the lake learning to handle a canoe; or sailing a new boat made in the shop; or down through the Narrows after big fish; or on the athletic field in a close game; or off in the woods with a bow and arrow; or learning to box and wrestle and how to shoot; or how to ride and manage a horse; how to cook a meal over an open fire and to build a lean-to from fir bows; or learning the trees, the birds and the flowers; or rolling a pack for an over-night trip; or developing a picture for dad and mother. Whether it be scheduled or an open period, each boy is kept busy.

The eleven o'clock swim comes just at the right time. Every one cools off after a strenuous morning in the open. The air is full of joyous shouts from happy youngsters. Some are learning to swim, others are mastering new strokes and dives, while a few are stretched out in the sun on the warm beach, hoping to look like young Indians before camp closes.

After a carefully prepared dinner of wholesome food, cooked especially for hungry boys, the camp rests for an hour in sleeping, reading and writing.

Three afternoons each week the activities are carefully planned for the baseball league, water sports and athletic meets. On the remaining afternoons, from 2:00 to 4:00, the boys are encouraged to choose some activity, or hobby, in which they are especially interested. Each one must "sign up" with his counselor during rest period, and indicate where he's to be and what he's to do. The four o'clock swim is a necessity, especially after one of those tie games in baseball. Before a boy realizes it, another day has drawn to a close, full of experiences never-to-be-forgotten.

SAILING FLEET

CORNER OF RECREATION HALL

Nature Study

There are many boys in camp to whom nature study makes a special appeal. The country surrounding KAWANHEE is ideal for all phases of this interesting activity. Emblem requirements in all groups stress its importance. Junior "A" requirements are as follows:

- a. Exhibit in camp museum ten each of any five of the following: Flowers, mosses, stones, butterflies, leaves, insects, water life, or—
- b. Develop and print twelve pictures taken by yourself of birds and animals; at least three must be of wild life or assigned flora.
- c. Point out eight constellations.
- d. Collect specimens and identify twelve trees and describe by color and habit fifteen birds seen around camp.
- e. Plant a tree as directed, stamp your name on copper plate and tie on tree. (Pine or spruce trees preferred.)

AN EMBLEM REQUIREMENT

Construct a lean-to, sleep in it over night, cook breakfast over an open fire

"CHIEF KAWANHEE"
As he appears at "Council Rock" when
giving his blessing at the opening and
closing of Camp

Camp Fires

AS THE shadows lengthen and the stars appear, we gather for our camp fires at Council Rock.

The Firemaker (coveted rank held by a very few) has laid the logs earlier in the day. A simple ceremony marks the lighting of the fire. There is singing together. Happy and reverent camp songs, sung to the finest old tunes, which are treasured for this time alone.

It is here that the heart of camp life glows as boys and counselors in one happy family, sit before the blazing fire, enjoy their games and stunts, and recount the day's experiences.

Following a quiet story by the fire light, as the flames die down and the embers begin to glow, we rise, and in the stillness of the forest, sing

our good-night song (to the tune of taps) :

Day is done, gone the sun,
From the lake,
From the hills,
From the sky,
All is well, rest in peace,
God is nigh.

Such a gathering, day after day, becomes a living force in a boy's life.

Athletics and Aquatic Sports

LATTIMER IMPROVEMENT
CUP

On which is engraved the name of the boy showing the greatest physical improvement each year.

THE excellent physical improvement made by many boys at KAWANHEE can be attributed to the outdoor exercise with its keen element of competitive sports. There is good wholesome fun in all the games and races. The friendly rivalry experienced shows a boy how he measures up with his fellows in a general test and stimulates him to gain the things he lacks. Athletic meets are held each week.

Ample space is provided for tennis (four courts), basket and volley ball (two courts), three baseball diamonds, a ring for boxing and wrestling, horse-shoe courts, and parallel and horizontal bars. Boys eager to improve their athletic abilities have all the advantages of expert coaches and instruction. Our Director of Athletics is a professional swimmer and diver and a Certified Red Cross Examiner.

Swimming Water sports are among the most enjoyable activities at camp. Those who cannot swim are given special instruction in a place provided for them. With but one exception in five years, our instructors have never failed to teach a boy to swim during the season. Most of the beginners learn to swim within two or three weeks after camp opens, and acquire skill and self-reliance in the water. Unless swimming tests are passed, no boy is allowed to use boats, except in company with a counselor or expert swimmer.

Bathing conditions are ideal for small boys and non-swimmers. Crescent Beach slopes gradually into the water. There are no deep holes or shelves. The beach and cove are protected in rough weather from the full sweep of the lake by Pine Point Ridge, which forms a natural breakwater. Even when white-caps are running beyond the point, "KAWANHEE COVE" is comparatively calm. This element of safety assures the daily schedule of water events.

Aquatic meets are held each week involving row-boat and canoe races, swimming races, diving, water polo, canoe tilting, aqua planing, etc. Every boy in camp who can swim 25 yards is entered in some event.

The safety of all boys is most carefully guarded. To avoid any possibility of accident, the swimming instructors, or their aids, are always present in boats watching the boys and ready to give instant assistance should need arise. No boy is permitted to enter the water until the guards are in position and the whistle has blown. We may seem over-cautious at times, but eternal vigilance is the price we pay for the clean record we must have in the safety and health of our boys.

Scouting at Kawanhee

The country surrounding KAWANHEE is ideal for all phases of scouting. In addition to the regular camp program it is possible for a boy over twelve years of age to join the Boy Scouts of America while in camp, or to continue his work if he is already a Scout. There are always Registered Scoutmasters in camp ready and willing to assist boys with their scouting requirements.

More interest was shown in scout work during the past season than in any previous year. Sixteen Merit Badges

were awarded in Angling, Public Health, Marksmanship, Swimming, Bird Study, Signalling, Firemanship and First Aid. In addition to these, there were seventy-two individual First Class, one hundred and twenty-one Second Class and six Tenderfoot tests passed during the season.

The camp considers it a privilege and honor to state that two brothers, Dwight, age 15, and John Hollenbeck, age 14 of Springfield, Ohio, became Eagle Scouts during the past season at KAWANHEE.

BOAT INSPECTION
Held Once Each Week

Boating

THERE is no pleasure in camp that surpasses rowing, sailing, canoeing or speeding in the "Pete", the fastest pleasure craft on the lake. Boat privileges are granted only to those who have passed their swimming tests. Careful instruction is given at regular class periods. Boats and canoes are divided among the lodge groups, who are held responsible for their condition at all times. Each

boat must be kept at its corresponding number on the beach.

The smaller boys of camp, whom the instructors believe are not strong enough to properly manage a boat or canoe, cannot take one out alone beyond the cove, even though they have passed the swimming contests. We believe that rigid rules should be enforced effecting the use of boats. "Safety First" is a capital stone in the camp's program.

SHOP WORK

Our shop is one of the busiest places in camp, especially on rainy days. Many happy and profitable hours are spent here during the season. An experienced teacher of Manual Training is in charge. A complete outfit of tools is furnished. No attempt is made to present a formal course. The boy-project is our chief concern. A "job well done" is emphasized in all instances.

A REAL ACCOMPLISHMENT

Planned and constructed by four boys during open periods on free afternoons. It represents initiative, sticktoitiveness, hard work and "heaps" of fun. The cabin was started, fully completed, including fir bow beds, and dedicated before the close of camp in 1925.

RECREATION HALL

THE INFIRMARY

assure absolute freedom from dampness in rainy weather. They are equipped with standard army cots and mattresses.

The Recreation Hall Is about 150 feet from the shore, facing the beach. It contains a large game and assembly room, and a library and dark room. Two massive nine foot fire places keep the building warm and cheerful on chilly evenings.

The Infirmary Building Was completed during the past year of 1925. It is on high ground and has plenty of fresh air and sunshine through the day. All necessary conveniences are provided, such as a room for ten beds, a room for first-aid treatment, and the headquarters for our nurse and camp mother.

Other Buildings and Equipment Near the end of Crescent Beach is the boat house, garage and shop combined.

A flotilla of eighteen canoes, ten row boats, two cat boats, a schooner and sailing canoe, two motor boats, diving tower, float with slide, and two large war-canoes tend to stimulate out-of-door life at KAWANHEE.

Buildings and Equipment

NO EXPENSE has been spared in the construction of buildings to make them strong and substantial, and large enough to meet the needs of the camp. The dining lodge and nine sleeping lodges are built of logs. They are within 15 feet of the shore.

The Dining Lodge Is 45 ft. wide and 55 ft. long. On the first floor is the main hall, facing the lake, and a well equipped kitchen, storage, refrigeration and cook room. On the second floor are to be found a lounging and reading room, nine bedrooms, available for guests, and a fully equipped bath.

The Sleeping Lodges Are on either side of the main lodge, extending along the shore. They accommodate from seven to nine boys and a counselor. Each cabin is built high from the ground and has double wood floors which

BASS—One at right, $3\frac{1}{2}$ lbs.

A $3\frac{1}{2}$ LB. PICKEREL

A MORNING'S CATCH—White Perch

A 3-LB. BASS

Fishing

EACH boy in camp has his "fill" of good fishing. Fine catches are made only a few feet from the shore. Farther down the lake, through the "Narrows," fish of the four and five pound variety are caught. Every now and then some boy lands a prize and becomes a hero throughout the camp. When the season is right, land-locked salmon, trout, pickerel, bass and white perch are found in abundance. Most of the fishing is done at stated times in regular camp groups, as a part of the morning program, but boys may go fishing whenever the "spirit moves" providing a counselor accompanies them and no camp activities are scheduled. Many boys enjoy fishing before breakfast, while others get heaps of fun catching "big strings" of perch in the evening. Each boy must clean the fish he catches.

A medal is awarded the boy catching the greatest variety of fish during the season, and a silver cup, given annually by "Pop" Frank, is awarded the boy catching the largest one for the season.

In our desire to encourage boys who do not excel on the athletic field or in aquatic sports, to feel that they are making their contribution in points won for their side (Grey's or Maroon's) and in winning points toward an emblem or medal, a system has been developed whereby points are awarded for all fish caught and cleaned. A large

chart is kept on which the kind and weight of fish caught by each boy is listed. The points given are as follows:

1 lb. of White Perch	1/2 point
1 lb. of Cat Fish	2 points
1 lb. of Bass	5 points
1 lb. of Pickerel	10 points
1 lb. of Salmon	15 points
1 lb. of Lake Trout	20 points

RANGE

Riding

Riding is a popular sport at KAWANHEE. The camp owns its horses and ponies. They have been carefully selected, and though spirited are free from all vicious traits. Every precaution is taken for the safe conduct of the boys when on or about their horses. Instruction in riding, bridling, saddling and care of a horse is given by an experienced rider and instructor. An extra charge is made for riding. See page 39.

Shooting

Target practice is open to all boys over ten years of age with the parents' consent. Rifles, targets and ammunition are supplied by the camp. They are kept under lock and key, however, and are used only at scheduled hours, under the careful supervision of a special instructor. The range is conducted under the rules and regulations of the Winchester Junior Rifle Corps. Medals are awarded throughout the season.

(Mt. Washington Trip)

blazed trail will be taken again during the coming season. This is a trip of special interest to boys who enjoy a hard climb in a wild and rugged country.

Special Trips

1. Mt. Washington trip of five days, open to Seniors and Juniors who qualify as good hikers.
2. A long canoe trip of over a hundred miles down the Androscoggin or Kennebeck rivers, open to Seniors and Juniors. The trip will take about four days. There are plenty of rapids. The scenery is unsurpassed.
3. Three days' trout fishing trip, eighty miles from camp in the heart of the Maine woods.

See page 39 for Extra Expenses.

Trips

TRIPS are looked forward to by every boy in camp. They are usually taken by lodge groups of six to eight boys and two or more counselors. There is something about rolling a pack, securing provisions and striking off for the hills and mountains or up the lake in a canoe that one never knows unless he has lived the life and experienced the thrills. It is something that wide-awake boys love to anticipate long before the season opens.

On such trips, each boy gains practical experience in making shelters, building fires in wind and rain, cooking, reading the compass, trail making and all the various means of overcoming the difficulties of life in the "open".

If we camp near a brook, speckled trout, of course, make up the main part of our meals. There are always berries in season, too, which never taste quite so good as on a camping trip. And where's the boy whose mouth doesn't water at the thought of sizzling bacon over an open fire, or the fellow who doesn't enjoy curling up in the hay for the night in some old barn, to wake up with the sun in the morning ready to do his part in preparing a real breakfast of fruit, cereal, flapjacks and cocoa! Such experiences are never forgotten by KAWANHEE boys.

Perhaps the most popular trips taken are visits to "The Devil's Kitchen," overnight trips on Tumbledown, with a crawl through "Fat Man's Misery," hikes up Blue and Bald Mountains, two days' trout fishing at Swift River, and shorter trips around the lake and woods. Several trips

up West Mountain over the newly

WHERE MEALS TASTE THE BEST
(Bald Mountain Trip)

VESPER SERVICE
At Bass Rock

AT COUNCIL ROCK

Religious and Social Influences

The camp is non-sectarian. The boys are under the influence of active Christian men. Sundays are spent quietly. The boys sleep half an hour longer. No competitive events are scheduled. In place of setting-up exercises, a short canoe trip is made to Sunday Beach, where a real soap and scrub bath are enjoyed. Simple devotional exercises are held in the morning at 10:30, among the trees at Council Rock, and Vesper services on the lake at twilight. We look forward to this service, perhaps, more than any other event of the day. The boys and counselors gather in boats and canoes at Bass Rock, about a mile from camp. Those who are to direct the

service take their places on the rock, while the boys arrange themselves comfortably in their boats. Voices rise in song. And for fifteen to twenty minutes we think serious thoughts in the fullness and beauty of God's great out-of-doors. Then the trip back to camp with boats in a group, gunwale to gunwale, and singing on the way, closes the day's program.

KAWANHEE is represented by some of the finest boys from the central and eastern states. The broadening influence of this intermingling of boys from widely separated localities results in many new acquaintances and enduring friendships. Only boys from Christian homes are enrolled.

BOXING INSTRUCTION

Camp Honors

THE Point System of Camp Honors is so organized as to promote a live interest in the all-round activities. Each boy accomplishes something worthwhile and definite during the summer. The classification by size and weight into Senior A, Senior B, Junior A, Junior B and Midget groups, makes the competition very keen for the medals and emblems given. Many realize too late that to win camp honors, requires patience and sticktoitiveness throughout the season. An emblem cannot be won in the

last three or four weeks of camp. Conscientious effort is required from the beginning.

The winning of medals and emblems, however, is not the chief objective of KAWANHEE. Greater emphasis is placed on the importance of group loyalty, of working for the glory of the team (Maroons or Greys); that the big things are the thrill of the contest, of doing one's best, of sticking to the finish, and the honor of winning or losing with a smile.

Parents Are Welcome At Kawanhee

WAR CANOE RACE
A Good Tonic Before Breakfast

crowded cities. Facilities for rowing, canoeing, fishing, and mountain climbing are enjoyed by all. The best of food is served. The scenery is unsurpassed. The camp is noted for its freedom from hay fever and asthma.

We shall be pleased to quote names, on request, of parents from the central and eastern states who visited KAWANHEE during the past season. Many remained in the vicinity of camp for several days and have first-hand information of its location, organization and development.

Weekly Camp Paper Last year was the first in the history of the camp that a weekly paper was written and edited by the boys. It was known as "THE KAWANIAN" and was prepared by a staff composed of the Editor-in-Chief, Campbell Scarlett, Senior A, and a corps of reporters, one appointed from each lodge. The paper was a big success from the start, and added much to the general spirit and tone of the camp.

CAMP KAWANHEE SONG

Set to the University of Michigan Colors

Hail to Kawanhee on Webb's wooded shore,
Hurrah for the Grey and Maroon.
Grey are the stretches of sand where we rove,
And grey mists encircle the moon.
Grey are the ribbons of road on the hills,
And grey silver grey gleam the birches in the wood. Hail!
Hail to Kawanhee the camp that we love,
Hurrah for the Grey and Maroon.

Hail to Kawanhee on Webb's wooded shore,
Hurrah for the Grey and Maroon.
Winding bound trails thru the forest around,
Lead on toward hills color bound.
Bound with Maroon in the morning's first light,

And bound with Maroon when the sunset brings the night.
Hail!

Hail to Kawanhee the camp that we love,
Hurrah for the Grey and Maroon.

Hail to Kawanhee on Webb's wooded shore,
Hurrah for the Grey and Maroon.
Mingled in woodland and mingled in sky,
And mingled in memory too.
Contests are kinder and friendships more true.
And warmer the hearts beats Maroon and Grey for you.
Hail!

Hail to Kawanhee the camp that we love,
Hurrah for the Grey and Maroon.

Written August, 1925

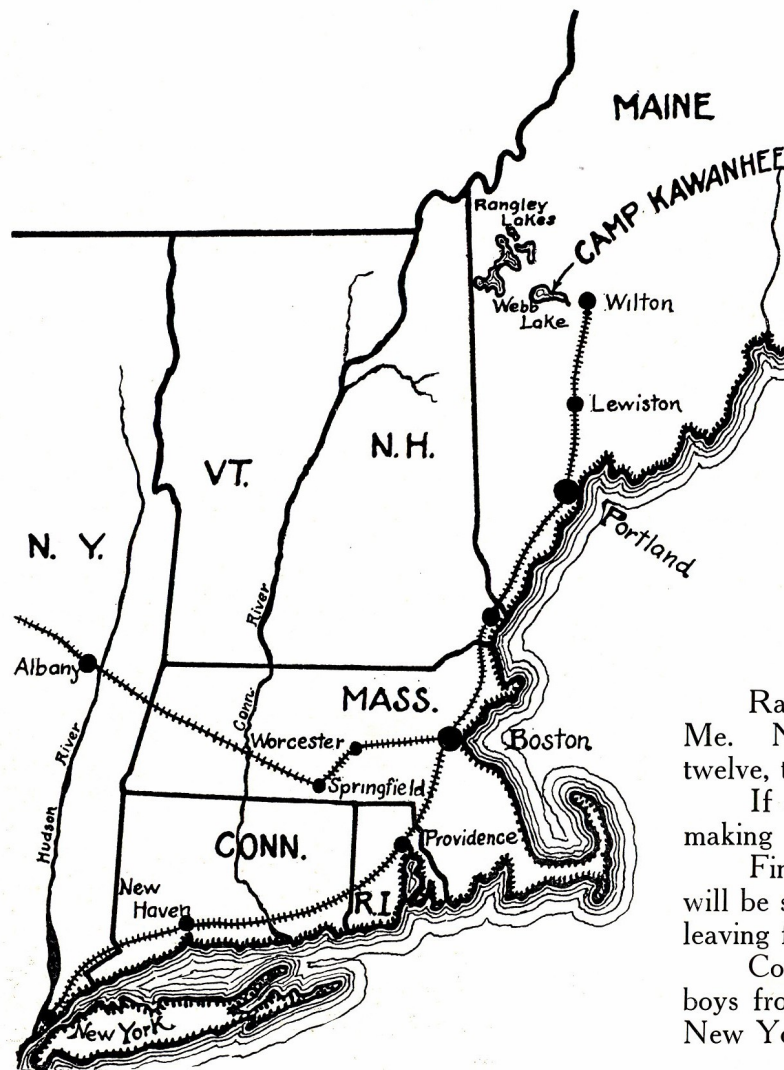

H. C. Marshall, Counselor

We encourage parents to visit their boys in camp. Visits should be deferred, however, until after the first two or three weeks of the season, which time is considered essential for a boy to become acquainted with his counselor and familiar with his new surroundings.

For those wishing to remain near camp over-night or for a period of days, adequate hotel accommodations or private cottages can be secured. Parents and friends desiring to remain at camp will be accommodated during the post-camp season from August 26th to October 1st. KAWANHEE is an ideal spot for tired business men and women to enjoy a complete rest and relaxation after a strenuous summer in the hot and

BEAVER DAM
(West Brook)

Directions for Travel

From Columbus: Boys from Columbus and adjacent cities will leave Columbus in a special car June 29th on the 5:20 P. M. train, via Big Four Railroad by way of Cleveland, Buffalo and Albany to Boston. They will be joined by parties en route.

From Boston: North Station, Boston & Maine Railroad, train is taken for Portland.

From New York: Boys from around New York will take the State of Maine Sleeper out of Grand Central Station on June 30th, arriving in Portland July 1st, where they will be joined by the western group.

From Portland: Over the Farmington Division, Maine Central Railroad, train is taken for Wilton, from which stage is taken for Weld and Camp.

Railroad tickets should be purchased round trip to Farmington, Me. Ninety-day tourist tickets are recommended. Boys under twelve, travel for half fare.

If desired, the Directors will take charge of purchasing tickets, making reservations, checking trunks, etc.

Final announcements regarding rates and traveling arrangements will be sent to parents in final letter of instructions, two weeks before leaving for camp.

Counselors and Directors will travel to and from Camp with boys from Columbus, Cleveland, Worcester and Springfield, Mass., New York City, Boston and Portland.

Special Information

Camp opens July 1st and closes August 26th

Pre-Camp season June 16th to June 30th

Post-camp season August 26th to October 1st

General Expenses

Camp Fee—Full season of eight weeks.....	\$300.00
Camp Fee—Half season of four weeks.....	175.00
Pre-Camp and Post-Camp Season, by the week.....	25.00

A deposit fee of \$10.00 is required with the application. The remaining tuition should be paid on or before June 16th.

Make checks payable to Camp Kawanhee.

Tuition Includes All phases of camp life with the exception of the items listed under "Incidentals and Spending Money" and "Extra Expenses", which are optional. While many boys enjoy the special features, the regular camp program provides a happy and profitable summer's experience for the average boy.

Incidentals and Spending Money It is recommended that not less than \$15.00 be deposited with the camp for incidentals, such as: laundry, hair cuts, weekly allowance of 25c, stationery, camera dark room and shop supplies, etc. If more money is needed, it should be sent to the Directors. All boys are required to keep their extra spending money in the Camp Bank.

Extra Expenses

1. Horseback Riding—term of 32 hours.....	\$50.00
For shorter terms, \$1.50 per hour.	
2. Canoe Trip— with guides.....	25.00
3. White Mountain Trip—for good hikers.....	25.00
4. Trout Fishing Trip.....	15.00
5. Tutoring—by competent instructors, per hour.....	1.50

It is possible for boys to make up work in which they have failed, or to do advanced work.

Personal Equipment (Suggested)

1 Pillow	Toilet Articles
2 Pillow Cases	Stamps and Stationery
3 Sheets (Narrow)	2 Pairs Pajamas
4 Heavy Blankets (One Army blanket for hikes)	2 Flannel Shirts
4 Bath Towels	Underwear
2 Laundry Bags	1 Bathing Suit
1 Sweater	Camping Kit (very important)
1 Rubber Poncho or Raincoat	Camera and Films
1 Pair Rubber Boots or Rubbers	Tennis Racket and Balls
1 Pair Hiking Shoes	Baseball Gloves
1 Pair White Sneaks	Fishing Tackle
Collars	Knife
	Flash Light
	Musical Instruments

First Night in Camp Each boy must be provided with blankets, sheets and pillow. These articles and clothes for immediate change after reaching camp, should be sent a week in advance by *American Railway Express to Wilton, Maine, Franklin Co., care "Camp Kawanhee"*.

For Sundays To make it possible for boys to dress alike on Sundays and special occasions, a white duck or linen outfit is recommended.

Camp Uniform The regular KAWANHEE Uniform is most suitable for camp. It is made by our official outfitters, The Chas. H. Dudley, Inc. of Hanover, New Hampshire, and 927 Little Building, Boston, Mass.

- 1 Grey Hat, Maroon Band and Monogram
- 2 Sleeveless Grey and Maroon Jerseys
- 1 V-Neck Grey Sweater, with Monogram
- 3 Pairs Khaki Running Pants
- 1 Pair Tennis Shoes (Sneakers)
- Bass Moccasins for Hiking

Trunks Steamer type preferred. Have two keys, one to be mailed to Director for use in case the other is lost. List contents—post on inside of lid. Mark all clothing with name tapes (full name). It is very important that the tape be sewed on securely.

WHY

Kawanhee is a Safe Camp for Your Boy

1. *Our Objective*—the physical, mental and moral development of boys.
2. *Joint Directorship*—two brothers. One from the East and one from the West. Each vitally interested in the boys from his section. Both have had long experience in boys' work.
3. Sanitary conditions, Class A. One of few camps in Maine to receive this rating by State Health Officer, during season of 1925. "KAWANHEE" has received this rating for the past four years. Mountain spring water used. Absolutely pure. Tested by State.
4. A family interest is taken in each boy, equalled by few camps in the country.
5. All boys from American Christian homes.
6. "KAWANHEE" does not advertise. Each boy personally recommended by former patrons or friends.
7. Only matured men engaged as counselors. (Average age, over 28 years.)
8. A counselor for each five boys, (not including two directors).
9. Free from Hay Fever and Asthma. Boys and adults having suffered with this disease for years are entirely relieved at "KAWANHEE".
10. Boys not allowed to over-tax their strength.
11. A Boy Scout Troop. Ideal surroundings for passing tests. Several scout masters among our counselors.
12. Boys carefully supervised on trip to and from camp—accompanied by directors, counselors and trained nurse (with western boys).

THE NARROWS

Application Camp Kawanhee, 1926

*Full Season, July 1st to August 25th, \$300.00
Application Fee, \$10.00*

I wish to enter my son in Camp Kawanhee for the full season of 1926. Enclosed find the sum of ten dollars (\$10.00) to be applied on tuition, the same to be forfeited in the event of non-attendance.

As a precaution against the admission or undesirable boys, it is distinctly understood that the parent or guardian signing this application certifies that his boy is amenable to discipline and free from vicious or immoral habits, and agrees that he shall remain until the end of the period reserved, unless dismissed for misconduct.

In case of dismissal, or departure on account of voluntary withdrawal, or other unsatisfactory excuse, there will be no refund of camp fees for the time reserved.

Name in full..... Age.....

Residence

School last attended..... Grade.....

Church affiliation.....

Do you wish your son to participate in the following regular activities? Kindly state "YES" or "NO".

1. Canoeing as per Camp requirements.....
2. Sailing — with Counselor only
3. Target practice
4. Boxing
5. Wrestling

In addition to the regular Camp activities, I desire my son to enter the following extra features: (Please check). See page 39 of booklet.

1. Tutoring..... No. hrs. per week..... Subjects.....
2. Riding, full course of 32 hrs.....
3. Riding by the hour, No. hrs.....
4. Canoe Trip,
5. Trout Fishing Trip,
6. White Mountain Trip,

This application has my approval.
