

CAMP  
KAWANHEE  
*for Boys*

## TO PARENTS

HE purpose of this booklet is to give a comprehensive and fair idea of what CAMP KAWANHEE offers a boy. A visit at camp will convince you that we have not over-stated its advantages.

Men who have studied the problems of camp and boy life for years are giving their most earnest efforts to make Kawanhee the best possible place for a boy to spend his summer.

Each one is assured a clean, wholesome, useful vacation. He will have the companionship of the right kind of boys. He will be comfortably housed in a dry well-built cabin. He will be fed the finest of nourishing food and will live for eight weeks in a climate unsurpassed for its invigorating air and sunshine.

*The Camp is entirely free from hay fever  
and asthma. Many boys enroll each  
year for this reason alone.*

At Weld, Maine

# YOUR BOY

## *The Vacation Problem*

—Will his summer vacation increase or diminish his moral stability?

—Is he building up a fine, strong body by regular habits, abundant sleep, wholesome food and outdoor life?

—Is he encouraged to do things for himself, to rely on his own resources, to reach his goal? Does he give up easily?

—Are summer resorts, parties and automobiles too close to the heart of your boy? Has he lost interest in real things?

—Does he need the group contact with men and boys? Is he developing qualities of leadership that every parent longs to see in his boy? Can he stand on his own? Does he respond with a good sportsmanlike spirit in victory or defeat?

—Does he take orderly care of his clothes and personal belongings?

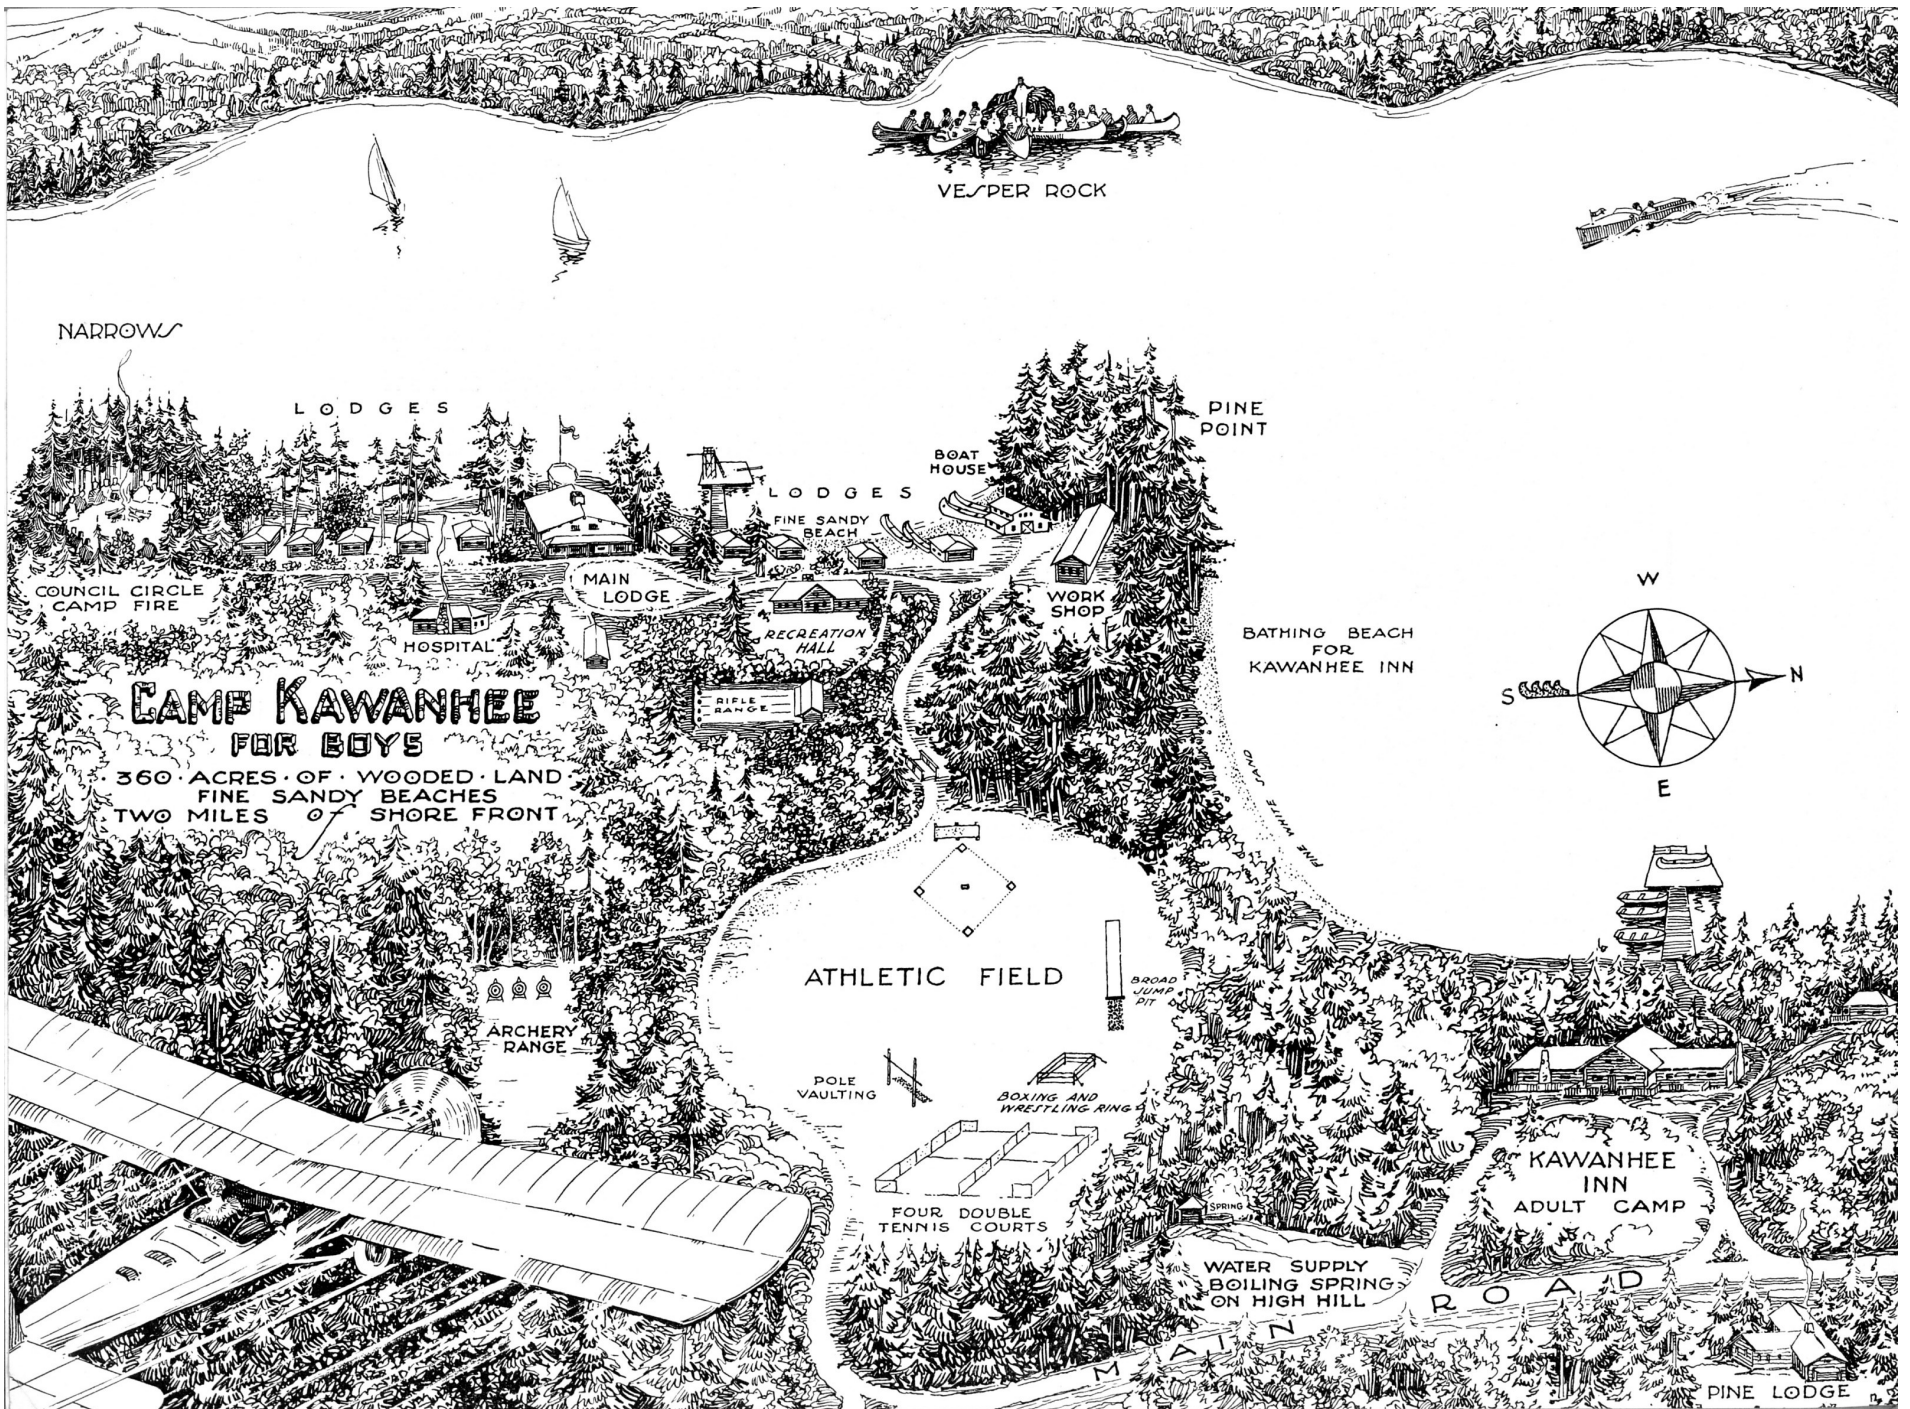

—Can he swim, manage a canoe, rescue a drowning companion, administer “first aid” in time of accident?

—Can he control self-interest and find satisfaction in service to others, or is he inclined to be selfish and domineering?

—Is he timid and shy? Does he lack confidence in his own ability to “put across” what he secretly longs to accomplish?

—Does he know the great out-of-doors with its mountain trails and splashing brooks, the big bass or the scrappy trout, the canoe spills and glorious swims, the useful camp work and discipline, the religion of nature close to Nature’s heart?

**C***CAMP KAWANHEE will help parents to answer these questions satisfactorily through the training which the camp gives its boys.*

## An Ideal Location

*Safe, Healthy, and Thrilling for Growing Boys*

CAMP KAWANHEE is located on the east shore of Webb Lake, at Weld, Maine—eighty-five miles north of Portland and twelve miles from the nearest railroad. It comprises three hundred and sixty acres of timber land and has a shore line of woods and sandy beaches extending over a mile in length, on either side of the lake, from Vesper Rock and Pine Point to the outlet of the lake.

The exceptional location of the camp, at the entrance to the “Narrows” of the lake, has been pronounced by men qualified to judge camp sites, as one of the finest natural settings for a boy’s camp in the New England states. There is a protected cove and sandy beach for safe swimming, gravel subsoil and good drainage, pure drinking water from a hillside spring, miles of pines and pointed firs, an unsurpassed view of mountains, glorious sunsets, invigorating air, cool nights, and refreshing sleep.

Lake Webb is five miles long and two miles wide, and is completely surrounded by mountains. It is fed by springs and mountain brooks. The water is clear and pure and never too cold for the early morning plunge. During the past several seasons the temperature of the water has averaged between 72° and 78° at the eleven o’clock swim period.

The surrounding country is wild and rugged and appeals to the adventurous spirit of regular boys. Just to run, to swim, to shout like a wild Indian on the warpath, to follow trails over lofty peaks, to spy on deer and moose as they come to the lake to drink, to investigate beaver dams, to capture woodchucks and porcupines, to fish for trout in swirling rapids, to peep into lovely birds’ nests, to sit by glowing camp fires at night, or roll up in blankets under the stars and listen to strange noises of the deep woods—What a life! Such thrilling experiences make every fellow worth his “salt”—a bigger, better, more self-reliant man.

*Parents may feel assured in sending their boys to Karvanhee that they will be  
under the watchful eye of a mother who knows and loves boys*

*(Six)*

## Management

### *A Unique Family Organization*

**Directors** Camp Kawanhee is under the joint ownership and direction of two brothers, George R. Frank, Principal of McGuffey School, Columbus, Ohio—former Director of Manual Arts in the Columbus Schools and Raymond C. Frank, Director of Young People's activities at the First Presbyterian Church, Englewood, N. J. They were born and reared in Maine, and are trained workers with boys of early adolescent age.

**Camp Dietitian** Mrs. George Frank serves as Camp Dietitian. She has made dietetics, as it relates to the proper feeding of growing boys, a careful study for several years. It is because of her personal interest in the success of the camp that Kawanhee has always been noted for its excellent food and carefully balanced meals.

In addition to her duties at the boys' camp, she is resident manager and dietitian at Kawanhee Inn, Adult Camp, located one half mile from the boys' camp. See page 45.

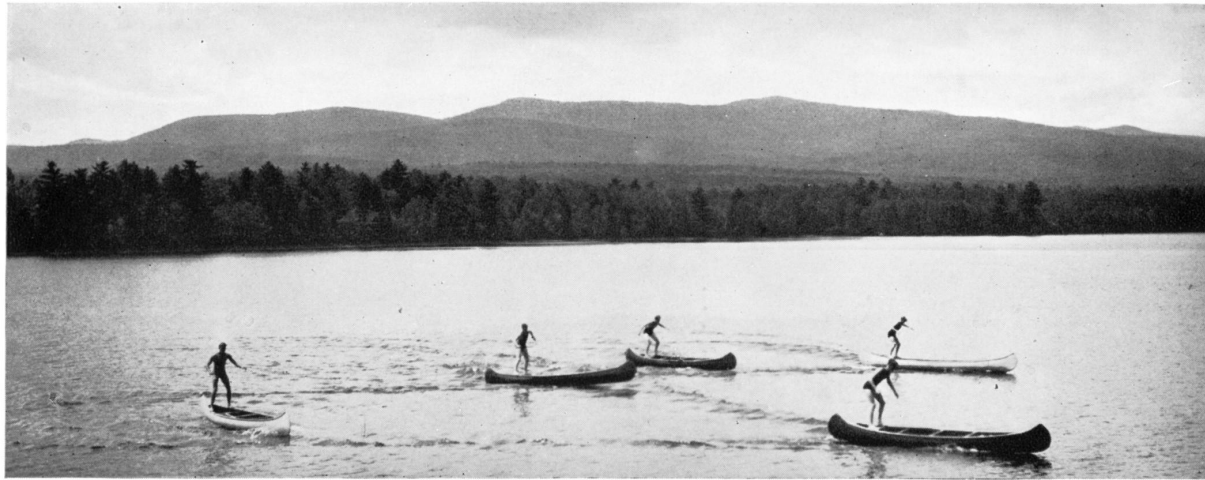

**Camp Mother** "Ma Frank, mother of the directors, has served as Camp Mother during the past twelve years. One reason for the success and popularity which the camp has always enjoyed may be attributed to the confidence which parents have had in Kawanhee because of her presence there. She gives special attention to the smaller boys in camp in way of general cleanliness, seeing that they have sufficient covers for the night, sewing on buttons, patching torn trousers, making sails for new boats, or administering affection where it is needed.

Her new cabin is one of the social centers of camp. Here, boys and counselors gather to talk things over with Ma. There is a comfortable lounging room with a large stone fireplace which adds cheer and comfort on rainy days and chilly evenings. The room is equipped with electric lights, comfortable chairs and reading lamps and Ma's electric sewing machine, which is worked to capacity throughout the season.

WALTER ESTABROOK—(*Archery*)—Columbus Academy, Columbus, Ohio.  
JOHN LANGER—(*Swimming*)—Horace Mann School.  
JOHN MARBLE—(*Athletics*)—Deering High School, Portland, Maine.

## Leadership

CAMP Kawanhee stands for one fundamental principle in the training of boys, namely, that boys learn more from close, intimate companionship with the right kind of adult advisers, than from any other source. *Boys love to imitate what they admire.* The camp puts its practice behind this theory by taking the greatest precaution in securing men with high ideals, camping experience, and a sympathetic understanding of boy-life. There is one man on the Kawanhee staff for every five boys enrolled. Their average age during the past year was thirty-two years.

Perhaps the keynote of Kawanhee's success may be summed up in a statement from a parent whose three boys have spent a total of twelve years at the camp. He said: "To me the best thing about Kawanhee is that the boys have the companionship of the right kind of men who encourage them to *do things* that they did not know or believe they could do, and as they acquire skill, they gain confidence in themselves and ease in the relation with other boys. They also learn that everything, even fun, has to be shared with the other fellow."

*Master Campers*—Of special interest to many parents and boys is the Master Camper group which was organized in 1931. Boys who have camped at Kawanhee are privileged to return to camp in their sixteenth year and join the "Master" group, which is the beginning of our counselor-training course. The boys serve as part-time assistants to the Senior Counsellors. A slight reduction is made in tuition.

## A Day at Kawanhee

**R**EVERILLE sounds at 7:30, after ten hours of refreshing sleep. Every fellow is up with a shout. There's a rush for the beach, a dive from the tower, and the morning dip is over in five minutes. Breakfast follows at 8:00 o'clock. And such a meal! There's fresh fruit, cereal, rich cream, cocoa, flap-jacks and bacon, served in quantities to meet the needs of the most ravenous of the Kawanhee tribe. Finicky appetites are soon forgotten. By 8:30 the department of the interior is completely satisfied and we are now ready for the day's program of work and play.

First of all, each boy does his bit in cleaning up for lodge inspection, which includes the condition of his bed, cleanliness of the floor under and around it, neatness of clothes and personal belongings on the wall, no wet towels or candy hidden away in trunks, and sweeping of porches and steps.

At 9:00 o'clock the instruction activities begin and last for two one-hour periods. And what a variety of activities there are! It may be on the lake learning to row and paddle a canoe, or sailing a new boat made in the shop, or flying an airplane just completed, or down through the Narrows after big fish, or on the athletic field in a close game, or mastering a different stroke in tennis, or off in the woods with a bow and arrow, or learning to box and wrestle and how to shoot, or how to ride and manage a horse, how to cook a meal over an open fire and to build a lean-to or a log cabin, or learning the trees, the birds and the flowers, or completing merit tests in scouting, or rolling a pack for an over-night trip, or developing a picture for dad and mother.

The 11:00 o'clock swim comes just at the right time. Everyone cools off after a strenuous morning in the open. The air is full of joyous shouts of happy youngsters. Some are learning to swim, others are mastering new strokes and

(Ten)

## Boy Life at Its Best

dives, while a few are stretched out in the sun on the warm beach, hoping to look like young Indians before camp closes. By 11:30 the all-out whistle sounds, after which boys and counsellors return to their lodges for thirty minutes of rest and sleep.

Dinner at 12:30 is followed by a short rest period—just enough time to finish those chapters in “The Sea Hawk,” write a letter home, take a nap, or make final plans for a new cabin across the lake, or an over-night trip on the mountains.

Three afternoons each week are planned for the baseball league, water sports and athletic meet. On the remaining afternoons, boys may choose what they would like to do. The 4:00 o'clock swim is a necessity, especially after one of those tie games in baseball. Before a boy realizes it, the sunshine of another day draws to a close, full of happy experiences never to be forgotten.

Supper follows at 5:30, after which boating, fishing, riding, hikes to the village, baseball, tennis, capture the fort, and other interesting games are enjoyed.

As the shadows lengthen and the stars appear, we gather for our camp fires at Council Rock. A simple ceremony marks the lighting of the fire. There is singing together—happy and reverent songs, sung to the finest old tunes. It is here that the heart of camp life glows as boys and men sit before the blazing fire, enjoy their games and stunts, and recount the day's experiences.

Following a quiet story as the embers begin to glow, we rise, and in the stillness of the forest, sing our good-night song. Such a gathering, day after day, becomes a living force in a boy's life.

Taps, 8:00 Midgets, 9:00 Juniors, 9:30 Seniors.

## Food and Sanitation

### *Kawanhee A "Class A" Camp*

**Food** Camp Kawanhee has always been noted for its excellent food and carefully balanced meals.

The purchase of food and the planning of meals are under the supervision of a dietitian, wife of one of the directors. *All bread and pastries are made fresh each day in our camp kitchen.* Only the finest of fresh western meats are purchased. Fresh fruits and vegetables are procured from nearby markets and are served each day. Milk and cream, from a tested herd, are obtained from a neighboring farm.

Drinking water is secured from a hillside spring. Its sparkling purity is beyond question. Each year it passes the most severe tests by the State authorities.

**Sanitation** Our "*Class A*" *sanitary rating*, awarded by the State Sanitary Inspector, ranks among the highest for camps in Maine, and has been given Kawanhee for the past fifteen years in succession. This record merits careful consideration by parents who are interested in placing their boys in a safe camp for the summer. Flush toilets are a part of the equipment. Hot and cold shower baths were installed in 1932. In addition to the daily swim periods, each boy has two hot baths during the week with plenty of soap used.

"Pine Tree" Lodge

## Sleeping Lodges

Well Ventilated, Screened, Dry and Sanitary—A Safeguard to Good Health

**N**ESTLED among the trees by the shore of the lake are ten log cabins built in regular frontier style. They are absolutely free from dampness in rainy weather. Each is equipped with comfortable cots and mattresses and accommodates from seven to nine boys and a counselor.

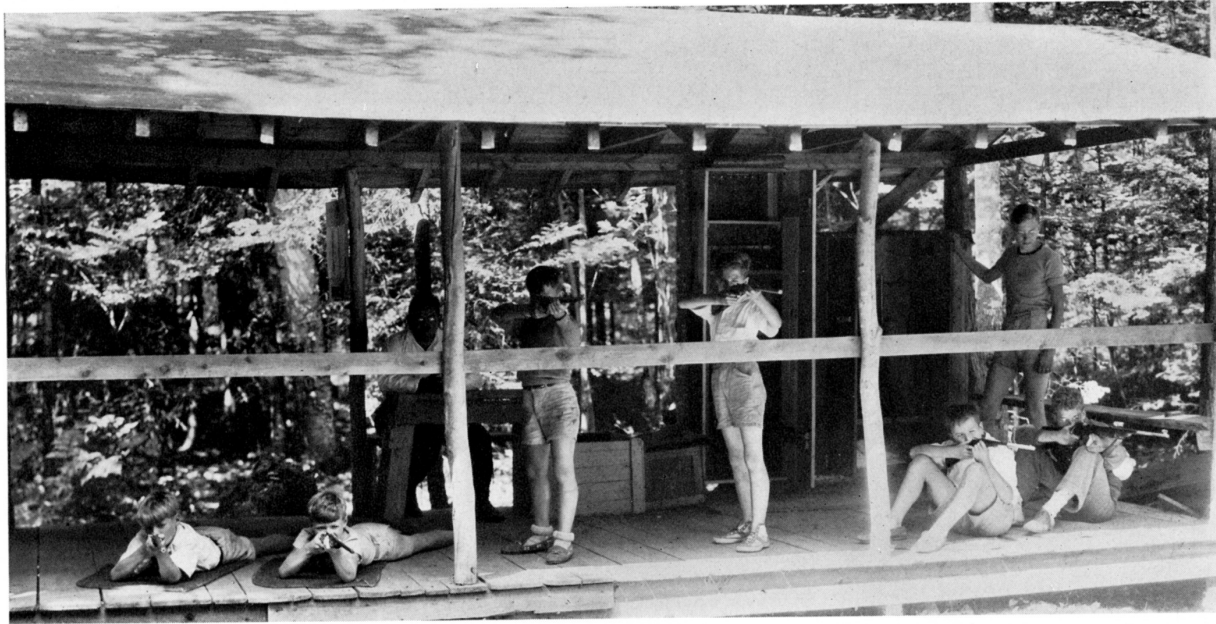

Kawanhee has never considered it advisable to sleep its

boys in tents, preferring instead, well-built lodges which are safe, comfortable and sanitary. It is interesting to note that Maine has recently discouraged the use of tents in boys' and girls' camps—the first state in the country to do so. Tent life is considered unsanitary and, in many instances, actually dangerous to the health of young boys and girls during periods of rainy weather.

Several High Medal Marksmen In This Group

*(Eighteen)*

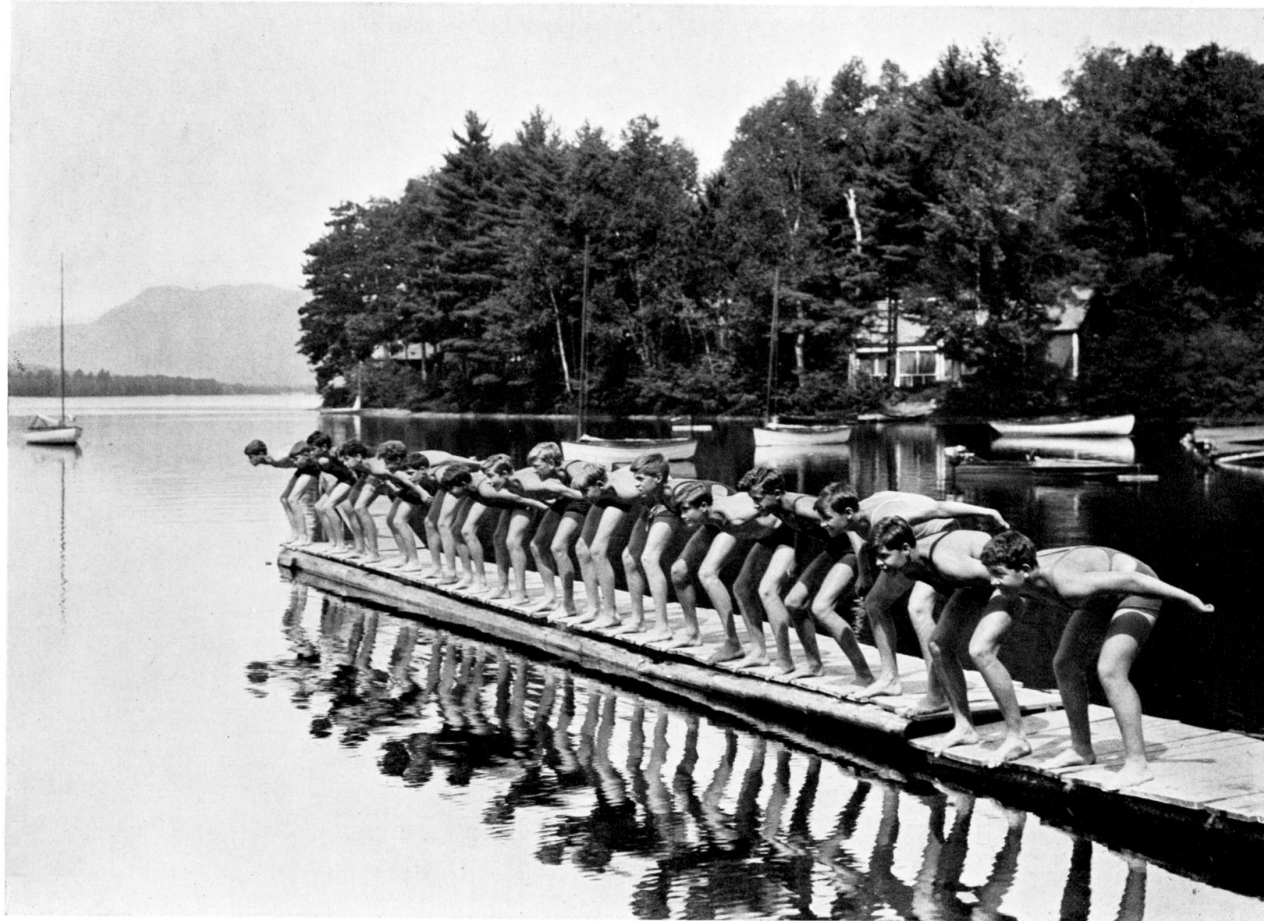

## Target Practice

NO wonder target practice, as it is taught at Kawanhee, is one of the most popular sports in camp. In every boy's heart there lurks a desire to fire a rifle. A thrill sweeps over you each time you pull the trigger and when you hit the bullseye, Oh Boy! Best of all, it is a sport that you can carry on through the winter right in your own cellar. Lots of fellows have ranges and keep shooting for their targets during the winter.

At Kawanhee, target practice is open to all boys over

eight years of age. Rifles are furnished by the camp. Boys are privileged to bring their own guns to camp, however, but they must be kept in the gun case with the camp equipment except during the regular range periods.

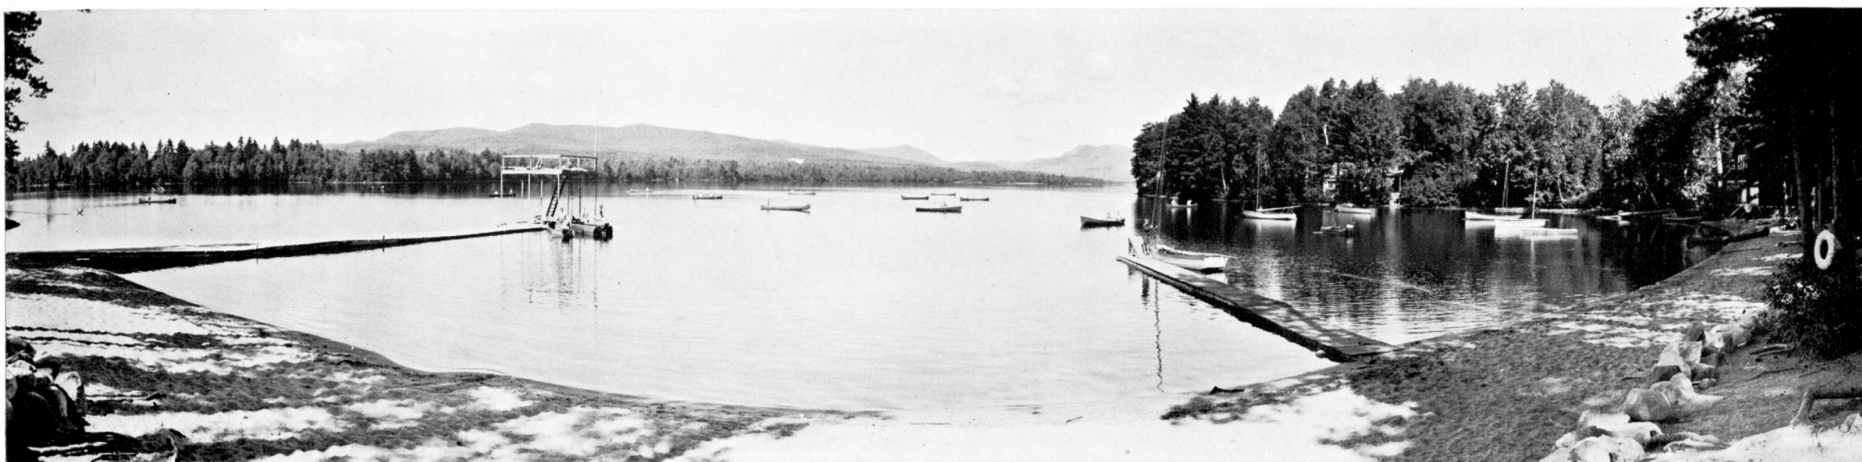

The range is conducted under the rules and regulations of the National Rifle Association of America. Rivalry is keen for pro-marksman, marksman, sharpshooter and expert riflemen medals which are awarded each week to the winners at the Saturday night camp fire.

#### On Your Mark

Swimming has always been one of the major sports at Kawanhee. Skillful instruction is provided and many excellent swimmers are developed each year

*(Twenty)*

The Swimming and Boating Area  
Perfectly safe for non-swimmers. A fine sandy beach, slopes gently into the water

## Water Sports

The cool clear waters of Lake Webb form an ideal setting for every conceivable type of fresh water sport. The principal swimming area is confined between two docks spaced 35 yards apart. The larger of the docks is 8 feet wide and extends from the shore to a double-deck diving tower in 12 feet of water.

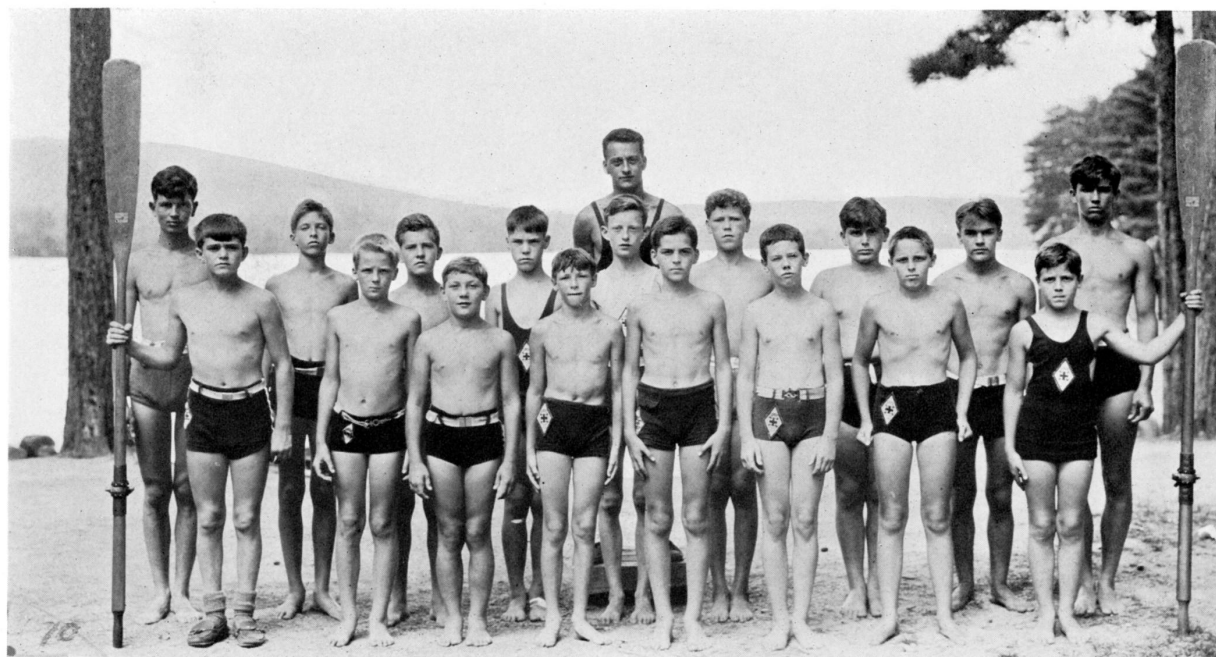

Every boy in camp learns to swim. The morning period, beginning at 11:00 o'clock, lasts for a half hour and is used for special instruction in new strokes, diving, Red Cross tests, etc. Non-swimmers receive careful instruction in small groups in a roped-off area of shallow water, and learn to swim within two or three weeks after camp opens. The 4:00 o'clock period is used as a free-for-all swim, aqua-planing, water polo and for lake-swimming tests (a  $\frac{1}{2}$  mile swim).

*During swim periods*, men are stationed on the docks, diving tower, beach, and at least two in patrol boats, ready

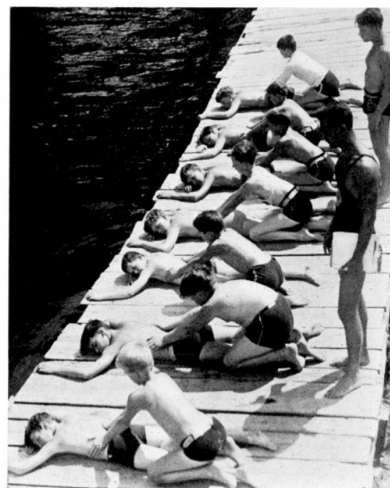

to give instant assistance should need arise. No boy is permitted to enter the water until the guards are in position and the whistle has blown. Absolute obedience is required.

Next to swimming, boating ranks among the finest sport in camp. It is a pleasure to which every boy looks forward long before camp opens. No boy is considered competent to use a boat until carefully graded tests in swimming are passed. Instruction in rowing, and the safe methods of handling a canoe are given each morning in regular class periods.

*The big aquatic meet* of the week is held Wednesday afternoon. This is the time when every fellow "struts his stuff," as Greys and Maroons compete for honors. There's swimming, diving, rowing and canoeing (singles and doubles), canoe bobbing, war canoe races, aqua-planing, water polo, sailing, exhibitions of Red Cross Life Saving, fancy diving and special clowning stunts by counselors.

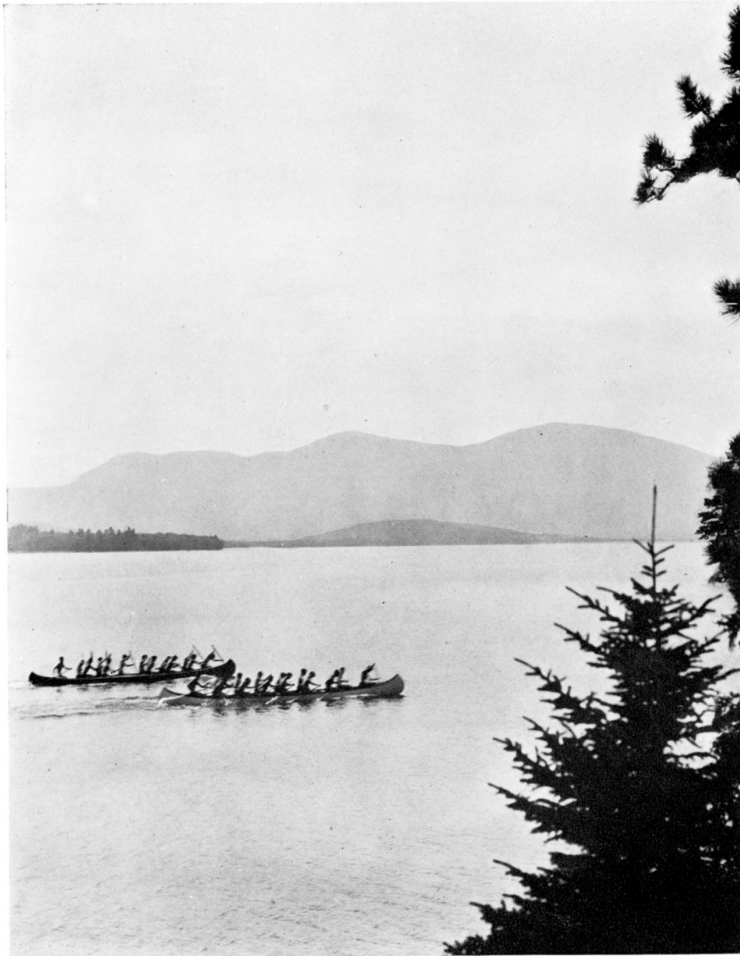

Junior Red Cross Emblem Winners — 1935

Life Saving Lesson In Resuscitation

(Twenty-two)

The Final Race of The Season

The Winning Crew — "Greys"

*From the standpoint of pure exhilaration, sailing on Webb Lake is a joy and pleasure long to be remembered. The camp training boat, "Sea Gull," on the right, is a sturdy eighteen footer with a five-foot, six-inch beam*

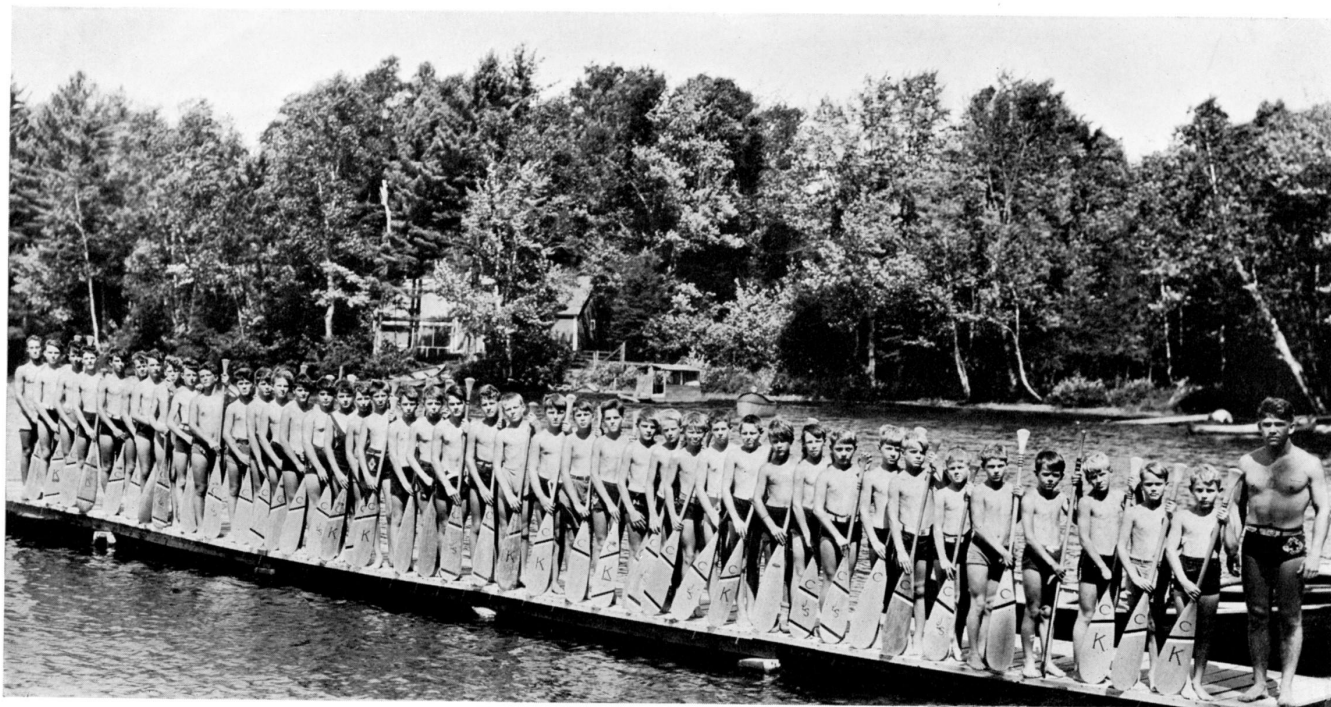

*Aqua-planing behind the "Devil Cat"—The thrill of a life-time enjoyed by good swimmers. Breath-taking skids fling you far out in lightning circles that call for perfect balance and exact control of muscles*

Ready to Push Off

Rigid rules are enforced affecting the use of boats. A beach guard is on duty throughout the day. Those desiring to use a boat must report to the guard, who has a list of the swimming tests passed by each boy, and the boat privileges each has won.

Boys Who Won a Paddle and Canoe Privileges — 1935

**CANOEING.** It means something to become a canoeman at Kawanhee. Each boy must submit to the rigid discipline of preliminaries and win his right to a paddle. He must be trustworthy and demonstrate his willingness to follow directions. Swimming tests and the elementary test in the safe handling of a canoe must be passed. Hard work and obedience is required, but shot through the entire program is the fun of the sport and the thrill of mastery.

To win his "C" he swims the cove,  $\frac{1}{8}$  mile, and may then use a canoe in the cove, only. If he swims the lake in front of the camp,  $\frac{1}{2}$  mile, he receives a gray and maroon bar painted diagonally at the top of the blade. After passing the advanced canoe test, two bars at the bottom are added which give him the privilege to use the canoe on any part of the lake. Junior Life Savers and Camp Emblem winners receive a "J. L. S." and a "K" between the top and bottom bars.

A Slide To Second

Three Strikes — You're Out

The Cincinnati Team

The New York Team

## American and National League Baseball Winners—1936

*With six teams in each league, every boy had an opportunity to play the great national game. The rivalry was keen but good natured.*

(Twenty-eight)

**SHOPWORK.** Our new shop is the busiest place in camp. On rainy days it is filled to capacity. Many happy and profitable hours are spent here during the season. Two experienced teachers of manual arts devote their full time to the work. The shop is open from 9:00 A. M. to 4:00 P. M. daily, and accommodates sixty-five boys at a time.

It is a pleasure and revelation to observe a room full of boys at work on a busy day. From one corner of the shop comes the sound of the forge and the ring of the anvil, as some young enthusiast fashions a hunting knife, wrought from bar-steel of finest quality. Across the room, other youngsters are making copper nut bowls and pewter plates for mother, ash trays for dad, lanterns, paper knives and

beautiful book ends, etched or pierced in heavy brass and pewter. In the larger section reserved for wood work, racing yachts and speed motor boats are taking shape, which the builders hope to finish in time for the big regatta, held the last week of camp. There are lemon wood bows, with horn tips, receiving a final polish, and rustic tables, birch-bark bird houses, canoe paddles, and a variety of hand carved boxes. In another section devoted exclusively to leather work, belts, bill-folders, moccasins, key holders with many of the pieces hand tooled with initials and special designs, are in the process of completion. This is indeed a wonderful place, where surplus energy is burned up in creative thinking and worth-while doing.

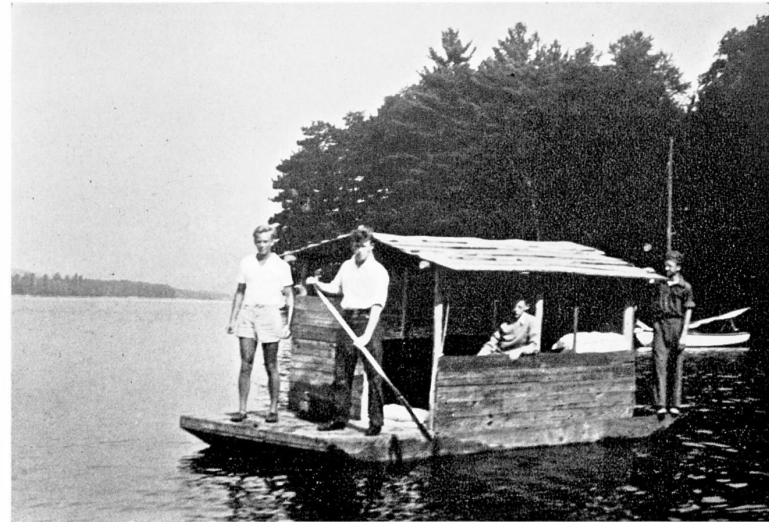

### The Narrows

The surrounding country is wild and rugged. It is unsurpassed as a camp site for growing boys

A clean spill—five points for the winning side. Skill and good balance required. Each boy is a lake swimmer, and passed his Red Cross life-saving requirement.

The house-boat shown above was planned and constructed by Master Campers. It is thoroughly calked and water-tight and is equipped with four bunks.

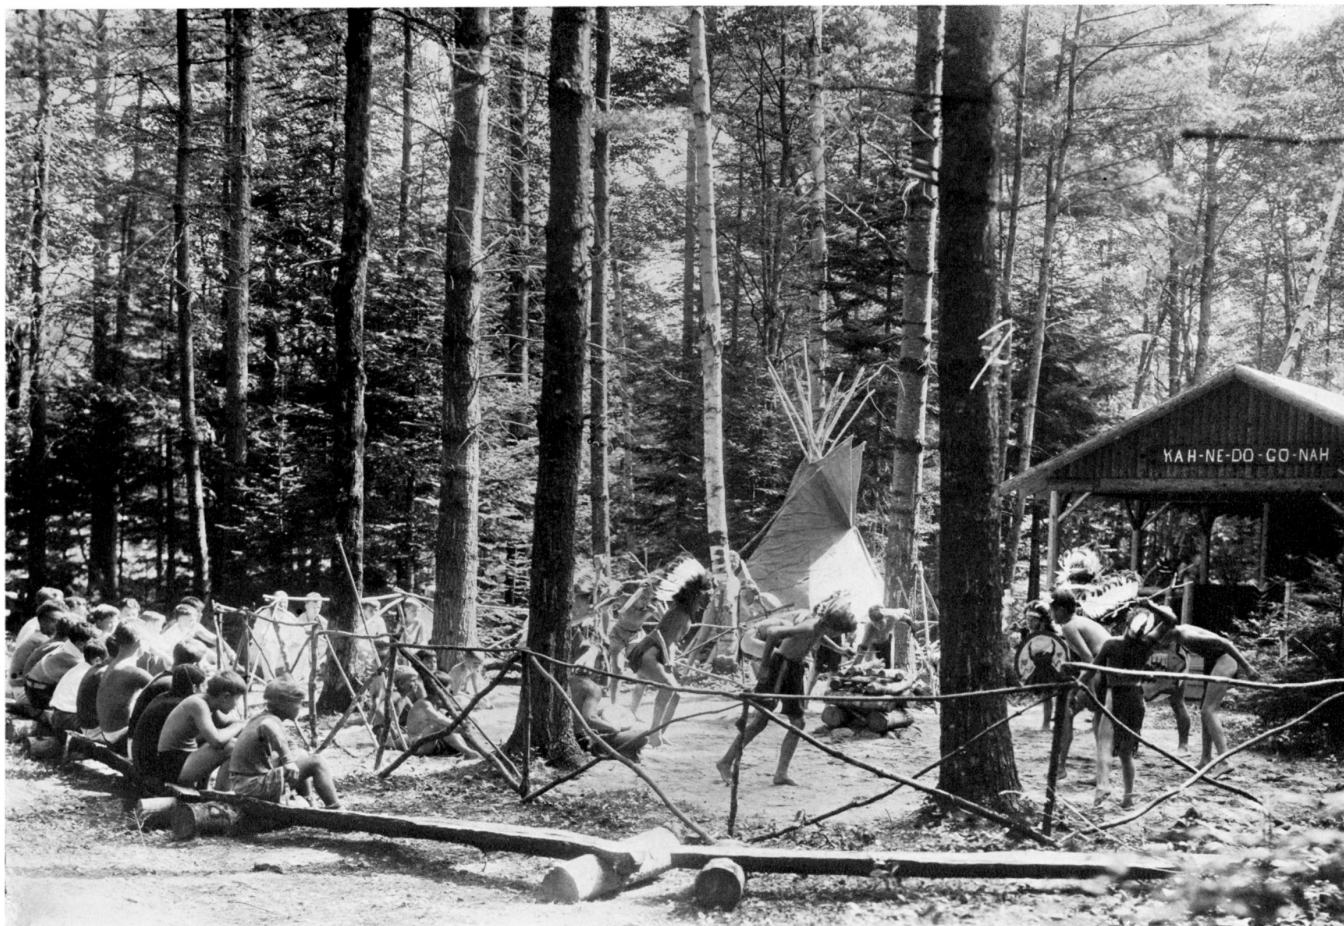

## Sailing

**S**AILING has been adopted as one of the major activities at Kawanhee. It is a part of the regular camp program and is one of the most enjoyable sports in camp. It is elected by many boys as one of their chief objectives for the summer.

Instruction is given in groups. Each boy takes his turn at the tiller and sheet. He is taught to go to a sail boat lying at her moorings, get her under way, sail her around a prescribed course, pick up moorings, tie up, and leave the boat in shipshape condition as to sails, center board, etc. He receives a thorough grounding in how to meet the unusual

situation, such as a sudden squall or a difficult landing. Advancement in the course depends upon his ability to take orders from the Sailing Master and execute them skillfully and without delay.

The entire month of July is devoted to group instruction each morning. Individual instruction and sailing for pleasure are confined to afternoons. August will see the beginning of crew racing by those who pass their individual tests. We anticipate the keenest kind of rivalry among the boys as to who will receive the silver medals awarded to the most skillful racing skippers at the close of camp.

### Our New Scout Cabin "Kah-Ne-Do-Go-Nah"

*The new Scout cabin is twenty ft. wide and thirty-four ft. long. It was completed during the past season by Katwanhee Scouts (Troup name "Kah-Ne-Do-Go-Nah") under the direction of a boss carpenter. The building is open on three sides and has a large rock fireplace at the closed end. It is a valuable addition to the camp equipment which has been rated for several years as the finest in the state for gentile boys.*

*(Thirty-four)*

## Scouting

THE country surrounding Kawanhee is ideal for all phases of Boy Scout work. There are choice spots in the deep woods to build cabins and bridges, required for the pioneer Merit Badge; to build fires, pass cooking, tracking, judging and nature requirements, etc.; while on the lake, each boy is coached in passing rowing, canoeing, sailing, swimming, diving and life saving tests.

Every scout enrolling at Kawanhee advances in the work during the season. Some devote their entire time in passing merit-badge requirements. Several boys each year join the scouts while in camp and pass many tests before returning to their home troops in the fall. During the past five years, nine boys have qualified for their Eagle badge.

Merit badge work is divided among the counselors, several of whom are trained scout leaders and Eagle Scouts. Mr. R. C. Frank is a Scout Executive in Englewood, New Jersey. Each boy is coached and passes his tests before an expert in preparation for his appearance before the camp Board of Review.

During the past season scout meetings were held weekly which consisted of games, stories, talks, singing, studying Indian lore and roasting marshmallows. The program reached its highest point at the Indian pow wow put on the last week of camp.

With our new scout cabin, which will be the center of all scout work, scouts will have the right to look forward to a greater season than ever with more fun, more sturdy, harder work and greater achievement than has been experienced at Kawanhee in the past.

## Sundays

The religious life of Camp Kawanhee is non-sectarian. Sundays are spent quietly. At 10:45 we assemble in our outdoor chapel by the shore of the lake. The service is simple and deals directly with the problems of a boy's daily life. Boys of Catholic faith attend church at Wilton, twelve miles from camp.

Following the noon meal of chicken and all the "fixings", a short rest hour is observed. Letters are written home and plans are made for short trips, sailing, tennis, riding, etc.

Our Camp Chaplain understands the spiritual needs of boyhood and enters into the physical and social life of the camp as one of its strongest leaders.

Vesper Service on Bass Rock  
Held on the Lake at Twilight

Junior Sachems — Lodge Leaders — 1935

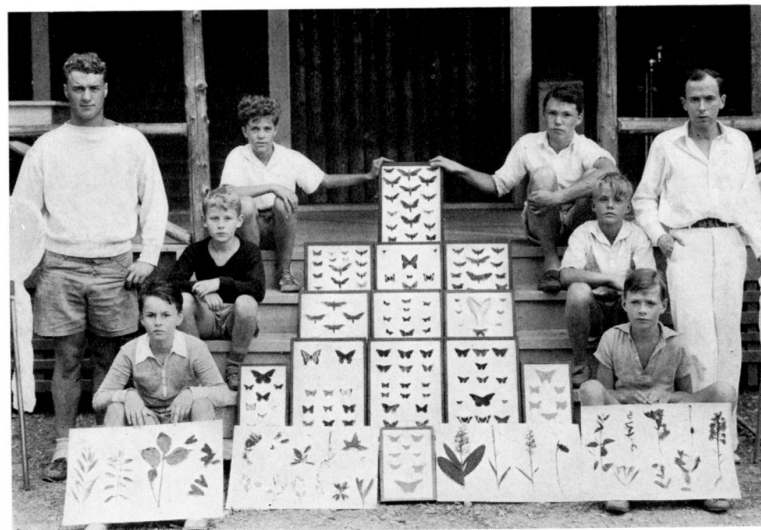

**SACHEMS.** Any boy at Kawanhee may feel justly proud to be elected by his lodge mates to represent them in the "Sachem" group. Two boys are chosen from each lodge the second week of camp and serve the entire season.

Senior Sachems — Lodge Leaders — 1935

The Nature Museum

A Fine Collection

## Nature

**K**AWANHEE is a treasure house of Nature. Fragrant orchids and graceful ferns grow in the woods. The lake furnishes many interesting specimens and the upland meadows are rich in insect life.

In the Swift River valley, a colony of beavers are living. A series of dams in a mountain stream show their remarkable skill as construction engineers. Their hillside food store, mortar beds and early morning dip are sights which place the observer among the privileged few who have seen beavers at home.

The beginner learns the common trees, flowering plants, insects and birds. The boy who is farther advanced may collect and study in detail any of these groups.

Amid such natural opportunities the camper sees and ap-

preciates the wonderful Plan of Nature, which functions so efficiently all about him.

A Nature Trail extends a half mile in length through a beautiful section of the Camp property. As one enters the trail and for half its length, the trees, bushes and shrubs are carefully marked with painted signs.

To many Kawanhee boys, the Nature Museum is one of the most interesting places in camp. Here, individual aquariums are kept, rock collections identified and labeled, moths, butterflies and insects prepared for mounting in the latest approved method. Several boys each year devote much of their time to the "Samuel Fessenden Clark" Wild Flower Competition, for which a ten dollar gold piece is awarded the boys with the largest and most neatly pressed and mounted collection.

Camp Fire Group At Council Rock  
It is here that the heart of camp life glows.

*(Thirty-eight)*

## Healthy Life In the Maine Woods

*The lean-to shown in the lower cut was made by boys eleven and twelve years of age. The roof and sides are covered with large sheets of birch bark which make it a cozy place to sleep, even in rainy weather. Several groups spent the night here during the past season—cooking their supper and breakfast over the open fire.*

Lean-to Made by the Boys

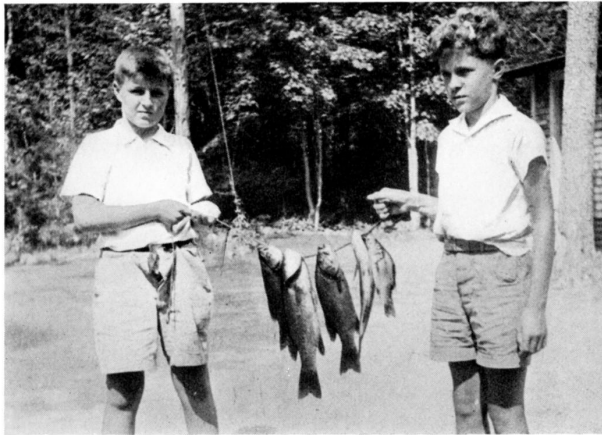

Cabin Under Construction

## Camp Craft

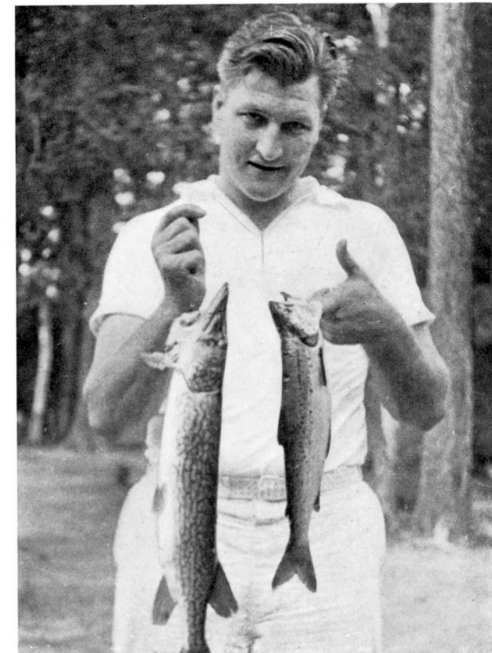

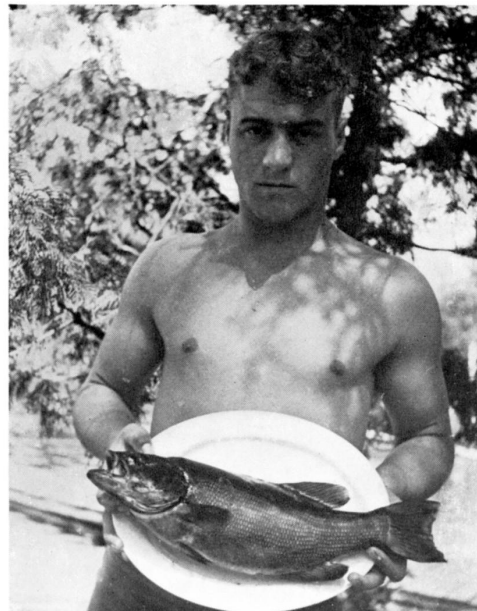

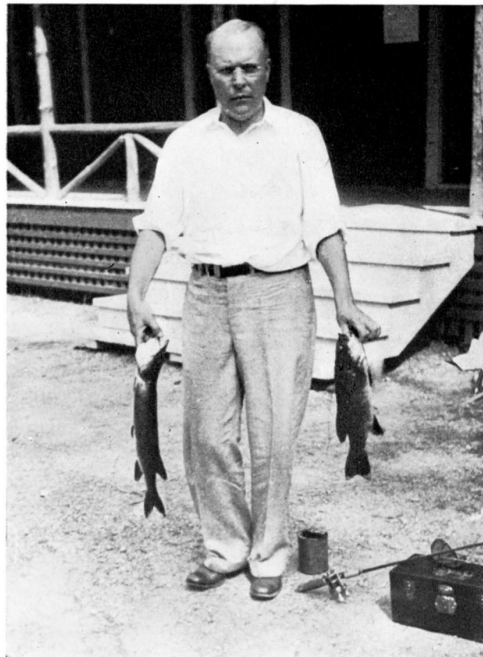

*Camp craft in its most vigorous forms is encouraged at Karwanhee. There is ample room on our three hundred and sixty acres of timber land to construct a great variety of cabins. The above cabin was built entirely by the boys, including felling the trees, notching the logs, and rolling them into place. A stone fireplace was constructed at the entrance to the cabin.*

(Thirty-nine)

## Fishing Is Good

*Catches of white perch, salmon, bass and pickerel, shown on this page were caught in Webb Lake*

Along the Shore

nahunk Stream. A hike of two miles over good trails brings us to "York's" Camps at the foot of the mountains, where we stay for the night, preparatory to the climb on the following day. Boys who do not climb the mountain, fish in the Sourdnehunk, famous for its swift water and hard fighting trout.

**"Tim Pond" Trout Fishing Trip — Three Days** — Of special interest to the boy who enjoys the sport of catching trout is the three days' fishing trip to Tim Pond, about 85 miles from camp. The trip includes a four-mile hike over a mountain trail.

Fishing is done from 5:00 to 7:00 o'clock each night and fly-fishing, only, is permitted. Inexperienced fishermen quite frequently catch two, and sometimes three ten-inch trout with one cast.

(Forty-one)

## Local and Special Trips

*The very vastness of the country makes it inexhaustible for trips of every description.*

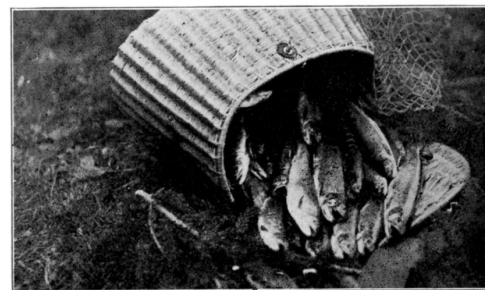

**T**HERE is something about rolling a pack, securing provisions, and striking off for the hills and mountains, or up the lake in a canoe, that one never knows unless he has lived the life and experienced the thrills.

Among the interesting local trips which will be taken for the coming season are visits to "The Devil's Kitchen," over-night trips on Tumbledown Mt., with a crawl through "Fat Man's Misery," and hikes up Blue and Bald Mountains.

In addition to several trips to Swift River Canyon, where delightful swimming and delicious steak suppers are enjoyed, one of the most spectacular mountain trips in the East will be made—the Mt. Katahdin trip.

**Mt. Katahdin Trip — Three Days** — For the boy with a venturesome spirit and a genuine love of the wilds, there is no trip in New England that surpasses the one to Mt. Katahdin, Maine's highest mountain, and declared by experienced climbers *the most spectacular and beautiful elevation east of the Rockies.*

The trip covers a distance of approximately 372 miles. Our first lap is to Greenville, on Moosehead Lake, 117 miles from camp. From here a side trip of 45 miles is made to Chesuncook Lake, at Ripogenus Dam. We then penetrate for 22 miles into the very heart of Maine's virgin timber land to the end of the road at Sourd-

**"Speckled Beauties"**  
Every boy catches trout on the Tim Pond Trip

## An Interesting Program

### Camp Honors.

The Point System of Camp Honors is so organized that each boy accomplishes something definite and worth while during the summer. The classification by age and weight into Senior A, Senior B, Junior A, Junior B, and Midget groups, makes for healthy competition and promotes a live interest in all-round activities.

It is our desire that each boy enrolled may find something in which he can excel, and in that accomplishment learn not only the value of initiative, but also how to apply himself to get effective results.

While each boy is urged for his own best interests to undertake a schedule which will keep him fairly busy, yet no activity at camp is compulsory. For instance, if a boy does not like baseball or shop work, he is not required to participate in them. There are plenty of other things he may do, making it possible for him to have a worthwhile summer learning and enjoying the sports and activities which he prefers.

One of the most prized moments of the camper's life is when, at the formal camp fires on Saturday nights, boys who have won prominent honors during the week have the various emblems, medals and ribbons presented to them, with the whole camp singing and cheering in their honor.

### Special Cup and Plaque Winners—1935

#### Most Helpful Boy in Camp

(Decided by vote of boys; name engraved on "Crane" Cup)

1. Tom Devoe.....Washington, N. J.

#### Highest Point Winner

(Name engraved on Camp Plaque)

2. Malcolm Lowe.....Tenafly, N. J.

#### Greatest Physical Improvement

(Name engraved on "Lattimer" Cup)

3. Ralph Lucas.....Columbus, Ohio

#### Greatest Athletic Improvement

(Name engraved on "Benua" Cup)

4. Stuart Johnson.....Staten Island, N. Y.

#### Greatest Improvement in Swimming

(Name engraved on "Shepard" Cup)

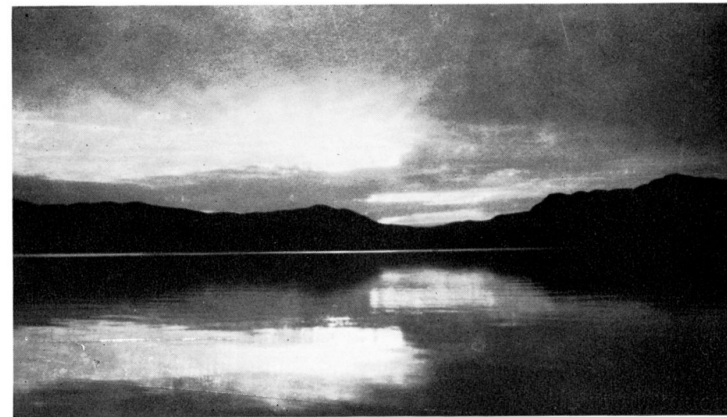

5. Joe Lincoln.....Scottsdale, Ariz.

### Achievement Levels.

In place of the Camp Emblems, with its varied requirements, which has been awarded at Kawanee for the past several years, a series of definite Achievement Levels was established during the past season of 1935. A marked improvement in interest and general accomplishment was noted.

A boy completing the first level in three activities receives a beautiful leather plaque—in the shape of an Indian arrow head, upon which are listed in colored leather bars, his accomplishments in the activities in which he has participated.

On the opposite page are listed the names of the boys who worked for Achievement Levels. Several boys in camp whose names do not appear in the list and others who won but one or two levels, devoted the majority of their time to such activities as Scouting, Red Cross Life Saving, Tennis, Fishing and Trips.

Near the Close of Day

Webb Lake, With Its Pine Clad Mountains on Every Side, Is Considered by Many Tourists To Be Maine's Most Beautiful Lake

Maine's Finest Nine-Hole Golf Course

Overlooks Lake and Mountains—Only Twenty-five Minutes' Drive from  
Kawanhee Adult Camp

*(Forty-four)*

## Fine Accommodations for Parents

AT  
**KAWANHEE INN ADULT CAMP**

One-half mile from the Boys' Camp

Exceptional accommodations are provided for parents who wish to visit their boys in camp, or for professional men and women of refined taste, who long for complete rest and relaxation. Here, nerves that have tightened for years slowly relax under the spell of lake and mountains, and the health-giving qualities of a Maine summer. *There is absolute freedom from hayfever and asthma.*

The Adult Camp is not a fashionable summer resort. Our guests dress in comfortable camp clothes and live a simple life. Due to a limited enrollment, there is a homelike atmosphere that everyone enjoys.

The new Inn has all modern conveniences including large lounging rooms, massive fireplaces, a screen dining porch accommodating forty-five guests, fourteen bed rooms—some with running water and private bath, electric lights, and many other comforts.

The finest of home cooked food is served, and in quantities that has gained the Inn an enviable reputation. Guests may order extra portions of any part of the menu without additional expense. Our most popular specialties are: Maryland Fried Chicken, "Webber" Duck, Choice Tenderloin Steak, Delicious Spring Lamb Chops, Southern Cured Ham and Shore Dinners of clams and lobster.

For those who enjoy a program of activities, there is lake fishing of great variety including salmon, bass, pickerel and perch, trout fishing in mountain streams, and swimming (fine white sandy beach), riding, tennis, rowing, canoeing, sailing, and mountain climbing. A fine golf course is within easy riding distance of camp.

The camp opens June 15th and closes October 1st. Reservations may be made by the week, month or the entire season. Prices are reasonable, ranging from \$21.00 to \$40.00 per week with board.

As our capacity is limited, those desiring accommodations should consult the directors of Camp Kawanhee as soon as possible for detailed information and reservations. *A beautifully illustrated booklet will be mailed upon request.*

## Special Information

### GENERAL EXPENSES

The camp fee for the entire season of eight weeks, from July 1 to Aug. 26, is \$300.00. Of this amount, \$10.00 is due with the application and the balance in equal payments on June 25 and July 25. The half season rate of four weeks is \$165.00 payable in advance. A weekly rate of \$25.00 per boy is charged for those who enroll for the pre-camp or post-camp season.

The camp fee includes all regular camp activities, the finest of board and lodging, all local lake and mountain trips and the use of the entire camp equipment.

**Spending Money.** It is recommended that not less than \$25.00 be deposited in the camp bank and credited to the camper for incidentals and spending money, such as: weekly allowance of 25c for Junior B's and Midgets, and 50c for Junior A's and Seniors, laundry, hair cuts, stationery, shop and photographic supplies, fishing tackle, candy, etc.

**Tutoring.** Under the direct supervision of experienced teachers we are able to handle all grade and high school subjects. The rate is \$1.50 per hour. Each year finds a few boys doing advanced work, while others are making up work in which they failed during the previous school term.

**Riding** will be offered under safe and competent instruction at \$35.00 for twenty-eight lessons or \$25.00 for fifteen lessons of one hour each, providing twenty or more boys enroll for it.

**Special Trips.** The following trips are offered this year at very attractive rates. (See page 41 for details.)

The Mt. Washington Trip.....	Three days	\$20.00
The Mt. Katahdin Trip.....	Three days	20.00
The Tim Pond Trout Fishing Trip.	Three days	15.00

**Camp Uniform and Equipment.** The camp uniform recommended at Kawanhee is very simple and inexpensive. It consists of two sleeveless jerseys in gray and maroon colors, and three pairs of gray drill running pants. The total cost does not exceed \$11.00. A. G. Spalding & Bros. of New York City are our official outfitters. Order and measurement blanks and printed suggestions of the general equipment which each boy needs will be mailed upon request and to all boys who enroll for the coming season.

**The Postoffice and Telegraph** address is Camp Kawanhee, Franklin County, Weld, Me. There is a long-distance telephone in camp.

**Distance From Camp.** Only *24 hours* from Columbus. Only *12 hours* from New York City.

**Letters Home.** Each boy must write a letter home on Wednesdays and Sundays. These letters are collected as the boys file into supper. No letter, no supper, is understood by every fellow in camp.

**Girls' Camp.** One of Maine's finest camps for girls is located at Wilton, Maine, only twelve miles from Kawanhee. Booklets describing the camp will be furnished upon request.

# APPLICATION

## Camp Kawanhee - 1936

Full Season—July 1st to August 26th

Application Fee, \$10.00

I wish to enter my son in CAMP KAWANHEE for the season of 1936. Enclosed find the application Fee of ten dollars (\$10.00) to be applied on the tuition.

In case of dismissal, or departure on account of voluntary withdrawal, there will be no refund of camp fees for the time reserved. If, however, unforeseen circumstances, such as sickness or accident, make it necessary for a camper to withdraw before the expiration of the term for which he is enrolled, the tuition loss will be shared equally by the camp with the parent.
