MR. MYERS GIVES SUNDAY
TALK TO KAWANHEE BOYS

Because of the inclement weather, the Sunday morning service was held in the Recreation Hall. Mr. Myers talked about Christian principles in modern business. He urged the boys to become as good Christians as they could and to stick to their principles of right when they go out into business. Furthermore, he proved that honest business pays. Follow Christian principles in business and one will be paid back with good -- concluded Mr. Myers.

COUNSELLORS TAKE GAME
FROM FIGHTING JUNIORS

After two games that ended in ties, the counsellors finally defeated the junior counsellors last Saturday night. Although the junior counsellors started off with a 5-0 lead in the first inning, the counsellors began to bat in order to come up and beat them. The game was featured by the home run hitting of Luke Ward and R. Patterson. Luke and the Dean swear that the juniors won't take a game this season. How about it?

GREYS ON TOP OF PILE
AT MIDSEASON POINT

The season is progressing, and so is the score. The two teams have managed to keep unusually close, for half the summer is gone, and there are only $9\frac{1}{2}$ points difference between them. As strange as it may seem fishing is playing a major part in the scoring. The score to date:

MAROONS $906\frac{1}{2}$ GREYS 916

ON THE DIAMONDS

by P. Rose, M.C.

It seems that the National League fight is between Philadelphia and the Chicago Cubs. Both clubs have won three and lost none.

The American League offers more excitement as there is a three way tie for first.

The Yanks are the only team that has caught on to Bob Patterson's pitching. Handsome Bob was battered around quite a bit.

Little Tommy Bateman the star right fielder of the Giants got a hit Monday. It was a tremendous drive, down the third base line for a clean single.

J.L.S. CLASSES BEGUN
STEW SMITH IN CHARGE

This year, as in former years, Stew Smith has the Junior Life Saving classes. Many boys turned out for the first day of the class. Stew is now teaching us surface dives, approaches, carrying, breaking of grips and artificial respiration. In a week or so, after he has taught us to do these things quite well, he will give us the tests. After that, those of us who pass will be able to wear the emblem entitling us to membership in that great service.

AT THE WATER MEET

It is with the keenest anticipation of pleasure that we look upon the water meet situation this year. Never before has there been such close rivalry between a Maroon and a Grey team upon the water. Last Wednesday's score was 89 to 91 in favor of the Maroons and it was decided by that little two inch edge which the Maroon war canoe had over its Grey opponent.

Stew Smith might well be called Kawanhee's most original man when it comes to thinking up weird events for a water meet. From the spectators' view-point, this is a good thing, but personally, we would rather see a meet more like the last one, in which the events were more of a true test of strength, skill, and endurance. This four man table-spoon stuff might be all right for the Inn-mates, but give us the real intercollegiate events.

Brains played nearly as large a part as did brawn in the Indian rescue race. Since the hair carry was featured in this event, it was essential that the victims of the various teams have long hair. The Patterson-Brown and the Wiggin-Metcalf

QUALITIES OF GENTLEMAN DEFINED BY DEAN MILLER

Sunday evening, Dean Miller stated, with the aid of three Bible Stories, three qualities of a gentleman. The first quality was courage, not only physical courage, but also mental and spiritual courage. The second story, illustrating the quality of friendship, was the story of Jonathan's friendship with David. The last story dealt with Jonathan's loyalty to his father. These three qualities, said the Dean, combine to make the perfect gentleman.

combinations used only brawn (the victims having almost no hair at all), and they finished last and next to last respectively. Bob Lawlis, on the other hand picked Murray Chism for his victim, a lad who has a fine shock of hair, and his outfit came in second.

In the midget hand-paddling tug-of-war, Donnie Wambaugh was smarter than the average run of spectator thought he was. He was paddling for all he was worth, with the result that he was filling his canoe with Lake Webb. This was severely criticized at first, but Don was merely making his canoe harder to pull by making it heavier.

FOOTLIGHT KNIGHTS

Last Thursday, the Footlight Knights came forth with another tremendous production entitled, "The Customer is always right". As usual, the entire program was very enjoyable and included several numbers from the orchestra and the Moose Lodge stunt, The Kawanhee orchestra presented as its new number the popular song, "Is It True What They Say About Dixie?" The Moose Lodge stunt was a very funny take-off on a trial.

In the show, Whit Murphy's fine players reached new heights of dramatic skill. This was by far the largest and longest production that the Camp has seen this season. It was very humorous and was exceedingly well acted.

CHICAGO AND PHILADELPHIA LEAD NATIONAL TRIPLE TIE FOR TOP OF AMERICAN LEAGUE

by P. Rose, M.C,

In the National League the Chicago Cubs continued driving in runs to defeat Boston 25-8. It was another easy win for Chicago as the Whit Murphy Bees had won none and lost 3. Batteries.
