Maroon Team Doubles Its Lead

The Maroons continued firmly in control of point-production at the end of the third week of the season. In the report of Saturday, July 23rd, the camp score stood: Maroons, 2961; Greys, 2206. In the preceding week, the Maroons had doubled their lead with approximately thirty points to spare, raising it from 363 to 755 points. They really rocked the pines on Council Point with the enthusiasm of their cheer.

The Maroons dominated the week's scoring, 1805 to 1413. In sports events, they had the edge 120 to 103, for the Greys' hard-won and spectacular victory of 78 to 70, plus the 25-point bonus, in the water meet had been wiped out by the Maroons' clean sweep, 50 points to 0, in the little touted sailing regatta. Achievement Levels, as usual, accounted for the bulk of the week's score. All of the major activities but two reported completed levels. The Boating Department was the most productive. There thirty-one levels worth 825 points, divided 515 to 310 in favor of the Maroons, were completed. Nature polished off one more level, but since no third levels were included in the thirty-two, the total only came to 600 points, split 350 to 250 for the Maroons. The Maroons also had advantages in Sailing, 130 to 30; in Tennis, 45 to 30; and in Wrestling, 255 to 225. The Greys had their innings in Shop, 310 to 245, and in Campcraft, 155 to 145.

Water Skiers Take off from New Float

The newest department at Kawanhee, Water Skiing, is now in full swing under the direction of Tony Hirsch with the assistance of Ed Kersten. This is the activity's third year. The department boasts a fourteen-foot Larson speed boat, a Johnson thirty-five horse power motor, two sets of skis, a slalom ski (specially designed for going on one ski), and a new float.

The float is located near the end of Pine Point and this is the new base of operations for the department. In previous years, all skiing has started from the big dock but, because this tended to interfere with swimming, boating and sailing operations, it seemed that a move to a less congested area would prove advantageous. It has!

As one boy is skiing, the next boy in line swims out to the float. When the first skier comes back, he gives his equipment to the second skier. The course is around Dee-Dee, a reef directly in front of camp, and takes about three minutes. Every boy must have swum the lake before skiing and must wear a life belt.

The camp is a member of the National Water Skiing Association of Odessa, Florida. The department uses the N. W. S. A.'s methods of teaching. Water skiing, however, is so dependent on the weather (If the lake is choppy, the

novice skier has a rough time or, if it is chilly, being pulled behind the boat can be a bit on the uncomfortable side!) and the time is so limited that the levels set up by the Association will not be used.

There are three periods of skiing a day. They are at 9:00 A.M., 2:00 P.M. and 3:00 P.M. The first eight boys who sign up are the ones accepted for each period.

The instructors hope to get every boy in camp who is interested and who qualifies up on skis this year.

Why You Should Never Leave a Fishing Lure on Your Bed

You should never leave a fishing lure on your bed because if you get onto your bed you might lie on it and get cut pretty badly and have to go to the infirmary or you might have to go to the hospital and have to have stitches. The same thing could happen to your friend. It could also hurt your counselor and make him mad at you, too. He might even take away your fishing privileges. You might even get a punishment like writing one hundred words why you should not do what you did.

J. HIVELY, JUNIOR B

The above opus is the first fine fruit of the Fishing Department's venture into the field of literary composition. During the week, Mr. Schofield announced an essay contest, possibly punitive in intent, for all those guilty of leaving fishing tackle improperly stowed away. It is the consensus of camp opinion that J. Hively has covered the subject so succinctly as to render further efforts superfluous. Ed.

Kawanhee Softball Triumph over Mitigwa

Kawanhee's short-order softball team came through to edge out a traveling ball club from Camp Mitigwa from the Rangeley Lakes area on Monday, July 18th. The Kawanhee unit was excellent considering that the first notice of the ballgame came on the day of the event. A practice was called that morning and a starting team of boys from thirteen years of age to sixteen was selected.

The ballgame was characterized by some terrific fielding by both sides, although lapses caused some glaring errors also. The Kawanhees were having some trouble with the oversize ball. On the whole, however, our boys adapted themselves very well as they emerged on top by a 7-5 count.

After a scoreless first inning, the Mitigwa ball club began to look tough in the second as they stroked four hits and capitalized on several costly Kawanhee errors. Three runs were scored before the uprising was stifled. Kawanhee retaliated in their half of the inning with three hits in a row by Bill Hartog, Brad Welton and Don O'Hare after two were out. The rally ended as O'Hare relaxed after driving in a run and Mitigwa pulled a good pick-off play.

The bottom of the third inning produced a more solid Kawanhee comeback as Randy Vockel singled and was advanced on back-to-back bingles by Jim Holden and Bruce Connor. Four tallies resulted to give Kawanhee a 5-3 advantage. This lead increased in the fifth as a mighty triple by Bruce Connor sent Randy Evans across the plate.

A walk, an error, a hit and a fielder's choice combined in the sixth for two Mitigwa runs which put them back in contention. Kawanhee, however, stretched its advantage to two runs in its half with four consecutive errors contributing a tally. The Kawanhee men held the 7-5 lead

for two frames as Bill Hartog's steady pitching enabled the fielders to work on the outs.

The Kawanhee hitters were led by Welton, O'Hare and Connor with two apiece. Connor's double and triple were the only extra-base blows of the contest.

Bald, Blue and Tumbledown Scaled

The bright, windy weather of Thursday, July 21st, threw the Trip Department, Mountain-climbing Division, into high gear. Expeditions to the three most popular mountains of the Webb Lake region had more than seventy boys testing their leg muscles and their wind in the course of the day.

The Eagles, Falcons and Panthers took Mt. Bald as their objective, making the ascent under the leadership of John Bobb, George Benua and Bill Boothby, with Camp Photographer Tony Hirsch along on special assignment to cover the climb pictorially. Lunch was enthusiastically dispatched on the rocky summit and further sustenance was provided by the unlimited supply of blueberries which were found ripe on all sides above the timberline.

Meanwhile the Polecats and the Pine Trees were climbing Mt. Blue with Dan Spivey and Dave Hoch. This group enjoyed the best view of the day from the fire tower on Blue's lofty peak. Since no ranger was on duty, the observation platform at the top of the tower was locked but, from the lower stages, the boys had a clean sweep of forty or fifty miles in every direction. A visit to the spring a third of the way up, and an encounter with an exploring party from a girls' camp near Denmark, Maine, also featured the trip.

With Pete Schofield and Bill Keating, campers from the Birch and Beaver lodges took off for Tumbledown early in the afternoon. They climbed the familiar Parker's Ridge Trail from the Maranacook base camp to the lake between the peaks. There they had a swim and ate their supper before going up the first peak from which, in the clear atmosphere, they could "see clear into next week" according to one of the leaders. Retracing their steps, they found Bates and the truck awaiting them at the foot of the trail and were back in camp for *Taps*.

Mineralogists Visit Newry and Perham's

At 10:00 A.M. Friday, July 22nd, the first mineral trip of the season left camp. This group consisted of boys from the Bear, Beaver and Birch lodges with Dan Spivey as the counselor in charge. We were headed for the abandoned mine dumps on Mt. Plumbago at Newry, Maine.

The trip was very eventful and we reached the top of the mountain at 12:30 P.M. Right after lunch we started to look for minerals. The minerals found were pink, green, blue and black tourmaline, different kinds of quartz, feldspar and lepidolite. We met some mineral collectors from Virginia who were also searching for minerals in the quarries. On the way down the mountain we saw many kinds of flowers and birds. A white-throated sparrow seemed to keep us company all the time we were on the mountain.

Before returning to Kawanhee we drove to West Paris, Maine, and stopped at Perham's famous mineral store. There the boys bought minerals which they could not find in the quarry. The trip back to camp was the same as the trip up. We arrived at Kawanhee at 4:30 P.M. and everyone was ready for supper.

Field Trip to Center Hill and Swift River

Piloted by Bates in the Bouncing Buggy and accompanied by Mary Baker, some of the bug and bird hunters of Kawanhee toured favorite spots of the region Friday afternoon, July 22nd.

The first stop was at Center Hill. Here barn swallows flew about or rested on the wires. In Mr. Stolpin's garage were several mud nests of the swallows. We could see that bits of mud, carried in the beaks of the birds, had been plastered together into substantial structures and fastened to the large ceiling beams. White-throated sparrows were sighted fluttering about piles of stacked wood. The insect hunters scoured nearby fields here for coveted specimens.

Another stop at the west end of Lake Webb yielded two large crows and a large flock of starlings. Farther on a humming bird was sighted as it rested on a wire and a northern yellowthroat (one of the warblers) hopped from a fence post into the bushes. A respectable list of nineteen kinds of birds was tallied on the trip.

A heavy shower sent the birds and the viewers into cover for a time but by the time we reached Mr. Bateman's cabins on the Byron road the sun came out and stayed out long enough for a hike down to Swift River and a bountiful lunch with hot dogs cooked over a campfire for a finish. Boys on the trip were B. Birch, J. Duffey, E. Melcher, G. Lamb, T. Ferguson, J. Osborne, G. Noble, P. Connor and F. Ball.

Little League Tied up at Three All

The half-way mark of the Little League season found all three teams tied with three wins and three losses apiece. The most notable event of the week was the collapse of the league-leading Red Sox who lost all three games that they played during the period.

Monday, July 18th, the Red Sox and the Blue Blades fought to a 5-5 deadlock for four innings. The game was resumed the following Saturday. In the top of the fifth inning Chuck McGee and Bill Lawrence both reached base safely for the Sox. McGee, however, was tagged in a run-down at homeplate for the third out. In the bottom of the same inning with two out, Tom Fischgrund and Tim Ferguson received walks for the Blue Blades. Fischgrund then scored the game-winning run on a Texas-league base hit to right field by John Gladfelder.

The sad decline of the Red Sox began on Sunday, July 17th, in the play-off of an unfinished game originally scheduled for July 13th. In this battle the Blue Blades shellacked the Sox, 23 to 10. The downward way of the Red Sox continued on July 20th when they were blanked, 4-0, by the Green Thunderbirds. In the remaining game of the week, the Thunderbirds took a tight pitcher's battle from the Blue Blades, 1-0, on Friday, July 22nd.

The only contest in the Babe Ruth League featured the Giants in a 14-2 rout of the Indians on Thursday, July 21st. The Giants tagged the Tribe's hurlers for a dozen hits which intermingled with numerous walks to produce a volume of runs. Seven of the Giants scored at least once with two players tallying three times. The victory squared the Giants' record at 2-2 and dropped the Indians to 0-3.

Friday, July 22nd, the Apaches defeated the Mohawks 3-1 in the only Midget Softball League tilt of the week.

The triumph moved the Apaches into first place followed by the Mohawks and the Chippewas.

Greys Down Maroons in Water Meet

The Greys captured an exciting water meet from the Maroons on Saturday, July 23rd, by the score of 78 to 70. The concluding water polo game again decided the afternoon's victory and, on this occasion, provided a rousing climax of interest as well when new specifications for scoring prolonged and intensified the action to the audible satisfaction of the large assembly of spectators on the shore.

The Greys started strong by winning the Cross Country Relay. This conglomerate event opened with Junior B Cubs J. Sullivan and J. King foot-racing a dead heat to the Rec Hall to trigger off Dave Hoch and Bill Boothby on the next overland lap to the Shop. When next the race hove into view, two Junior B's running neck and neck, were carrying the batons out onto Pine Point. There Junior A canoe teams took up the race. Greys B. Birch and J. Magabgab in this lap were the first to reach rowboats stationed in midcove, so that Tim Hirsch had a slight advantage, which he improved, in the final swim to the beach. This affair and the victory of Dean Yantes in the Junior B Backstroke gave the Greys a lead of sufficient solidity to absorb Maroon firsts in the next three races. These included J. King's surge from behind in the second lap of the Junior B Cub Pajama Relay to nullify the advantage gained by the superior wriggle-and-squirm performance of J. Glidden and W. Dargusch in doffing and donning that all too adhesive suit of wet pajamas.

After an intermission enlivened by an exhibition of water-skiing on the part of Randy Evans and another display of Bill Keating's skilled diving, the Maroons began to bear down. In the Senior Freestyle Relay they pulled up within two points, 54 to 56, of their rivals as K. Love and H. Tichnor easily dominated the second and third laps. This threat the Greys staved off in the Junior A Medley Relay, a seesaw event which saw W. Hartog of the Greys lead the backstroke lap, Maroon R. Larcomb pull far ahead in the breaststroke stint, and Grey R. Evans come from behind in the freestyle. The Maroons, however, finally edged out in front in the Junior B Cub Freestyle with H. Heindel and G. Brainard tagging the finish line one-two. This put the Maroons ahead, 70 to 68, with the water polo game still to be played.

A bit of basketball was grafted onto this contest with the introduction of a rule requiring that the ball, in order to score, be tossed, dropped or otherwise placed in a tub standing on the dock. This innovation pepped up the play

notably over the old system of merely touching the ball to the dock, and resulted in many more passes and in much more vigorous scrimmage. Indeed, for a while it appeared unlikely that the passes and scrimmage of the first period could ever be terminated by the new method of scoring, until Tim Hirsch of the Greys tipped in the ball for the first tally. K. Love scored the next goal for the Maroons, and Hirsch flipped in the final one to give the game to the Greys and to win the meet, 78 to 70, plus the standard victors' bonus of 25 points.

The Summary:
CROSS COUNTRY RELAY—Winner: Grey Team (J. Sullivan, D. Hoch, B. Birch, J. Magabgab, D. Savage, F. Hirsch).
JUNIOR B BACKSTROKE RACE—First: D. Yantes (G); Second: W. Matchner (M); Third: T. Nolan (G).
JUNIOR B CUB PAJAMA RELAY—First: D. Schirmer, J. King (M); Second: J. Glidden, W. Dargusch (G); Third: P. Sullivan, J. Sullivan (G).
SENIOR IN-AND-OUT CANOE RACE—First: R. Larcomb, G. Compher (M); Second: L. Brainard, D. Savage (G); Third: W. Hartog, J. Holden (G).
JUNIOR A LIFESAVER'S SIDESTROKE RACE—First: H. Cory (M); Second: R. Barnes (G); Third: R. Carrick (M).
JUNIOR B UNDERWATER SWIM—First: D. Nimkin (G); Second: J. Wells (M); Third: tie: D. DelValle (G), R. Poor (G).
SENIOR FREESTYLE RELAY—Winner: Maroon Team (B. Connor, K. Love, R. Tichnor).
JUNIOR A MEDLEY RELAY—Winner: Grey Team (W. Hartog, backstroke; R. Barnes, breaststroke; R. Evans, freestyle).
JUNIOR B CUB FREESTYLE—First: G. Heindel (M); Second: G. Brainard (M); Third: D. Poor (G).
JUNIOR A, SENIOR WATER POLO—Winner: Grey Team (L. Brainard, R. Evans, W. Hartog, T. Hirsch, D. Hoch, J. Holden, G. Lamb, J. Osborne), 2-1.

Pointwise, the bloom was completely rubbed off the Greys' water-meet triumph by the results of the Sailing regatta which was in progress simultaneously, its scudding white hulls and whipping sails out on the lake frequently forming a handsome background to the events inside the cove. This contest the Maroons captured 50 to 0. Two classes of races were sailed, with 25 points riding on the best two out of three races in each class. In the Cape Cods, R. Liddell took two straight from R. Wells, while in the Tech Dinghies W. Park captured two out of three from R. McGee.

Week End Brings Newcomer and Fair Skies

The week end found all hands on deck save for the Junior Maine Guide candidates who, on Friday, paddled forth with John Fulda in heavily laden canoes to establish their wilderness camp below the Narrows. From time to time during the next three days the expedition sent back woods-toughened scouts to survey with rugged superiority such effete Kawanhee amenities as sheets, hot water and stove-cooked meals. The roster of campers in the Birch Lodge was reinforced by the arrival of Jim Nicholas of Englewood, N. J. A shift of lodge assignments added

Senior Counselor Fred Johnson to the command of Wildcat Lodge, and put Ed Kersten into Pine Tree as Junior Counselor.

After a grey and unpromising morning Saturday, July 23rd, the weather took a decided turn for the better, providing an ideal if somewhat gusty climate for the afternoon's water meet and allowing the Senior Counselor nine to continue on their ruthless way by defeating the Junior Counselors, 3 to 1, in the weekly intrastaff baseball game after supper. The campfire on Council Point came to order as Ben McCoy, Bob Guthrie, Charlie Clarke and Dave Hoch kindled the fires of the Four Winds. Dean Miller saved the ceremony from falling into a rut by announcing that he was lighting "the fire of the Great Central Spirit", and Fred Johnson added a note of "Say-that-again" to the reporting of awards by naming "W. Cumbersome" as one of the week's lake swimmers. The ever imaginative Archery Department, with a great flourish, instituted a new award for outstanding "benefactors of archery", conferring a whole Junior Yeoman Pin certificate on George Frank and Raymond Frank to be shared between them.

Hal Myers Preaches at Sunday Service

A stiff breeze whisked the Sunday morning congregation into the Recreation Hall, there to hear an old and very good friend of Kawanhee, the Reverend Harold Myers, Minister of the Presbyterian Church of Moorstown, N. J. deliver a lucid and most absorbing sermon based on the story of Samuel's call out of the darkness. Herb Birch read the scripture lesson and Dave Fergus led the prayer. The choir, led by Raymond Frank, sang a stirring version of *Onward, Christian Soldiers*.

The afternoon was devoted in the main to the traditional lodge hikes to Weld, and the evening to another vesper session in the Recreation Hall. The occasion was made notable by several solo performances. Jim Smith's virtuoso attack on the drums stirred up a great response and Tom Smith's piano presentation of Sonatina No. 6 was most enthusiastically received. Wade Rockafellow's harmonica had every foot tapping with *Oh, Susanna* and *Dixie*. The Glee Club, backed up by Bob Angerer's piano, featured *He's Got the Whole World in His Hand* and *Happy Wanderer*, and the evening closed with a short film on the Annapolis Naval Academy.

Monday morning, July 25th, a new week took off to an auspicious start as fifteen boys from the Moose, Beaver, Birch, Deer and Hawk lodges, with Pete Schofield, Fred Hoster and Dave Hoch, rolled out of camp in the truck, canoe-trailer bobbling behind, on the first Chain of Ponds trip.
