Greys Draw The First Blood — But Not Much

It was a Grey day all day Saturday. The weather was hot and humid and the gray clouds hovered over the lake and the mountains. Mt. Tumbledown didn't make an appearance all day. However, the weather didn't hamper the BACON-WATSON GREYS as they swam to victory in the first Maroon-Grey competition of the season.

The Greys won the water meet 179 to 127 and when the score was read by Del Tracy at the Saturday night campfire, they were on top in the first scoring of the season by 162 points. Not even the experienced build-up of the veteran scorekeeper, however, could make this initial score seem other than a very modest little affair, as the score to date is Greys 1074 and the Maroons 912. As both teams know this is just the beginning and they are just "getting off the ground" in the battle for points as the season progresses.

However, to the BACON-WATSON GREYS, that modest difference, however small it was, meant victory to them for the week and as they gave their victory cheer you could see that they were determined to expand that difference this next week.

The O'BRIEN-TRACY MAROONS were not idle during the week however. They were busy in all departments and managed to break even in most of the reporting departments but Nature, where they were swamped by twenty-one first levels for the Greys and only sixteen to their credit. Their cheer to congratulate the Greys was jubilant but they knew that more work was needed this next week if they were to turn the tide in their direction.

For those to whom the term is unfamiliar, it should be explained that the "level" is the basic measure of all Kawanhee accomplishments. In all of the major departments, the work of each of the four age-groups is organized in three "Achievement Levels" of carefully graduated difficulty. On the completion of any level, points are awarded: 15 for the first level; 35 for the second level; and 50 for the third level. The Tennis Department has a different scoring procedure which includes four levels: first level 35 points; second level 50 points; third level 65 points; fourth level 150 points. These are the points which form the bulk of every team score.

Greys Take The First Swim Meet

Plenty of action took place, as the Maroons and Greys opened their water meet competition, Saturday, July 15. The meet started with a bang from the gun of the starter "Nick" and ended with several puffs as some of the boys found themselves somewhat out of condition.

The Greys held the advantage during the greater part of the afternoon, winning most of the first places; however, the Maroons were in there trying and managed to tally for several of the seconds, thirds, fourths, fifths and even sixths. Each boy received a point for finishing what he started.

The Greys took the lead by winning the 400 ft. relay for the 9 year olds and under. Kawanhee has had many excellent swimmers but none so young and so swift as Blas

Contreras, a nine-year-old, from the Falcon Lodge. Pete Drake, another nine-year-old, gave him a good race and tallied just a few feet behind him. The Greys took another first in the 100 foot crawl for 9 year olds and under as Blas, again, tallied a few feet before Pete Drake; however, Doug Wolfe, a nine year old Maroon, pushed the Greys as he tallied just behind Drake for a third place.

The 400 foot relay for the 10 and 11 year olds was a close race as we saw Phil Drake and Brad Coley swim it out. However, Brad had about a half-lap disadvantage to make up as he and Phil headed for home. Brad pushed Phil considerably, but just couldn't make up the advantage Drake had and settled for a second.

The 200 foot crawl was taken by Alan Hamwi to give the Greys another first with Randy Potts, tallying close behind for a second to put the Maroons in the scoring.

Wally Whitmyre, Jet Tremble, Tom Scott, and John MacDonald gave the Maroons their initial first of the meet in the 400 foot crawl for 13 year olds. Their time was 1:29.

The 400 foot crawl for the 12 and 13 year old boys proved the old Kawanhee spirit. Scott Paterson, a Grey, won the race with little effort, but to the crowd watching, Herb Erf, a Maroon, also made a name for himself. Herb swallowed some water on one of his laps and became somewhat exhausted, but he would not be pulled out of the race. He insisted on continuing. He finished far behind the other swimmers, but Herb had the quality that Kawanhee likes to see in a boy—he finished what he started. He was as pleased with himself as were the spectators as they gave him a round of applause for his accomplishment.

Nick Gill gave the Greys another first in the 200 breast stroke with John Tobin scoring second for the Maroons and Tod Tremble tallying a third for the Maroons. The Greys took the 400 foot crawl relay by a split second. Scott Tracy had a distance disadvantage to make up over Jim Proctor of the Greys, but just couldn't pull it out for a first and settled for a second tally.

However, Tracy came back in the 400 foot crawl and gave the Maroons their second first of the meet with Mike Wolfe, a Grey, tallying second. The Greys captured the last event of the meet with Steve Fink tallying first in the 200 foot backstroke.

The final score of the meet was Greys 154; Maroons 127. The Greys received an additional 25 points for winning the meet. The Greys had 9 firsts to the Maroons 2.

The Maroons were of the opinion, you don't have to take a first all the time, settle for more of the seconds, thirds, fourths, fifths, and even sixths. It all adds up and more boys get a chance to compete. Each team was allowed two teams in the relays, but the Greys chose to enter just one as they had so many excellent swimmers.

The results of the meet are as follows:

400 FT. RELAY, 9 and under: *Winner:* Grey Team (Drake, Dargusch, Schroeder, Contreras); *Second:* Maroon Team A (Sweet, Ables, R. Smith, J. Schroeder); *Third:* Maroon Team B (G. Schroeder, Chapman, Erickson, Wolfe).

RANGE AWARDS

Mr. Roy Nickerson, affectionately known as Nick, is celebrating his silver anniversary at Kawanee this year and what better way to celebrate this occasion than to have his grandson, Mark Standen, win the highest award possible in range. Mark, a camper at Kawanee since he was in the Eagle Lodge, completed

his requirements for EXPERT RIFLEMAN this past week. Mark will be 15 years old this month and is a sophomore in school. His home town is Closter, New Jersey. Mark lettered in varsity wrestling at his high school as a freshman this past year.

Other awards in range are as follows:

Pro Marksman: Craig Blasutta, James Keny, Kevin Smith.

Marksman: Craig Blasutta.

Marksman First Class: Jose Benitez, Craig Blasutta.

Sharpshooter: Craig Blasutta, William McElwain, John Sisson, Phil Stewart, Steve Stewart.

Bar 1: Craig Blasutta, Paul Doege, Jack Doege, John Tobin.

Bar 3: Hank Hiser.

Bar 5: Mike Crane.

Bar 7: Bob Brinkerhoff.

Bar 9: Mike Standen.

Expert Rifleman: MARK STANDEN.

SAILING AWARDS

Novice: Steve Aeschbach, Craig Blasutta, Bruce Blaylock, Dave Bury, Rick Darmanin, Pete Drake, Bob Escher, Keith Erf, Peter Eudy, Barry Gidman, Dave Gordon, John Green, Alan Hamwi, Duke Karr, Andy Keintz, Jim Keny, Tim Keny, Rich Lake, Steve MacDonald, Randy Potts, Chris Schroeder, Jim Schroeder, John Schroeder, Kevin Smith.

Cove: Mark Schiewetz, John Schroeder, Jorge Suarez, Doug Wolfe.

Lake: Bob Beach, Bryan Blasutta, Chip Burgess, Brad Coley, Gordon Glidden, Bryan Haldi, Ian Hanigan, Andy Kauffman, Andy Keintz, Jim Keny, Tim Keny, Richard Lake, Steve MacDonald, Blake Paterson, Chris Schaefer, Jorge Suarez, Mark Standen, Jet Tremble, Tim Williams.

WATER SKIING

The water skiing department is living up to the name of "TOP" as they announce the following new water skiers this first few weeks of camp.

Andy Williams was the first new skier and he celebrated his fifteenth birthday by learning to ski that day. Rafael Gonzales, Dave Gordon, Gordon Glidden, Bob Escher, Alan Hamwi, Jim Keny, Tim Keny, Andy Keintz, Todd Taylor, Jet Tremble, Mike Standen and Tim Williams have learned to ski at Kawanhee this season.

Master Campers

A camp is just as good as its counselors. If a counselor does not do his job properly or is not trained properly for the position he is holding, the campers do not profit by their camping. Therefore, it is the policy at Kawanhee to have a counselor-training program to provide the older camper a program whereby he can find an activity in which he would like to help instruct. This not only improves his own ability in a particular activity, but it provides him with the training and experience necessary to become a Junior Counselor at Kawanhee.

This season we have 10 boys in the Master Camper group that are preparing as future counselors. Eight of the ten are former campers at Kawanhee, ranging from 3 to 5 years as previous campers.

With these fine prospective counselors and with the fine group that Kawanhee now has, we are sure that the Frank Brothers' goal of helping prepare a boy for manhood will be maintained at Kawanhee for many years to come.

CRAIG BLASUTTA, a junior at Whetstone High School, Columbus, Ohio, comes to Kawanhee for his first year. He was a member of the high school golf team and plans to be a candidate for the baseball team next year. His hobbies are sports and sleeping. I can't imagine the two being compatible, but that is what he listed under hobbies. He is a camper in the Crow's Nest Lodge for the summer, and is lending a helping hand in the Sailing Department.

BOB BRINCKERHOFF returns to Kawanhee for his second summer and is a camper in the Crow's Nest Lodge. He is a junior at the Englewood School for Boys in Englewood, New Jersey, where he is a member of the varsity cross-country team, which was 9-1 and second in Class B states. He plays varsity hockey as defense man and participated in J. V. baseball this past year. During his next school year, he plans to be a member of the varsity soccer, hockey, tennis and rifle teams. He is helping in the range department for the summer.

RICH ESTABROOK, an old Kawanhee veteran of seven years, hails from Bexley, Ohio. He is a sophomore at the Columbus Academy, Columbus, Ohio, where he was a member of the basketball and track teams this past year. Rich is an avid tennis player and can be found on the courts trying to improve his game. He is lending a helping hand in the nature department for the summer and calls the Badger Lodge home.

DAVE GORDON, a rookie to Kawanhee, hails from Upper Arlington, Ohio. He is a junior at the Upper Arlington High School where he was a member of the football and track teams which finished high in the final state ratings. He lettered as a freshman in football, basketball and track. His hobbies, naturally, are sports and writing. Dave is a very able assistant in the athletic department, specializing in track. He is a camper in the Crow's Nest Lodge for the summer.

TIM McKEE, a five-year Kawanhee veteran, hails from Bexley, Ohio. He is a sophomore at Columbus Academy, Columbus, Ohio, where he played freshman football. He lists his hobbies as mineral collecting, automobile enthusiast-historian, and organ playing. He plays the electric piano for the SQUIRES, a rock 'n roll group from Bexley. Tim has won the outstanding nature award for the past two summers. He will assist in the nature department and call the Badger Lodge home for the summer.

DOUG MEANS, West Simsbury, Connecticut, returns to Kawanhee for his third summer as a Master Camper in the Crow's Nest Lodge. He attends Simsbury High School where he lettered in freshman football and plans to be varsity tackle this coming fall. He plans to participate in basketball and track during the coming year. Doug is an avid snow skier and travels to Vermont during the winter for skiing. He is a member of the Appalachian Mountain Club and helps out on mountain trips as a member of the Campcraft Department. He will also assist in the boating department when needed.

HAROLD SLOCUM, Columbus, Ohio, returns to Kawanhee for his third season to lend a helping hand in the Boating Department for his counselor-in-training program. He is a sophomore at the Whetstone High School, Columbus, Ohio, where his favorite subjects are math, science, and industrial arts. Hal's hobbies are building projects. His grandfather is a retired math professor at Ohio State University, so he comes by his math ability from the best line possible.

STEVE STEWART returns to Kawanhee for his third season. His home town is Hilliards, Ohio. Steve is a junior at the Hilliards High School where he participated in basketball. His hobby is playing the guitar and weight lifting. He is a Master Camper in the Crow's Nest Lodge for the summer and will lend a helping hand in the Archery Department for his counselor-in-training.

ANDY WILLIAMS, a four-year veteran at Kawanhee, lives in Bexley, Ohio, and attends the Columbus Academy where he will be a sophomore come fall. He played freshman football as an end; was one of the managers for the basketball team and was the reserve catcher for the baseball team. His listed hobby is watching girls walk down the

halls of the Academy. This must be very boring to Andy, as the Academy is a boys school. Maybe he is just hoping...

Andy calls the Badger Lodge home for the summer and will lend a helping hand in the Nature Department. He might even find some very interesting butterflies in Weld—that is, if he can make it without running into Del. Andy learned to water ski on his fifteenth birthday this past week.

Premier Clowns At Kawanhee

Kawanhee was most fortunate this past Saturday to have the most famous company of divers give the campers a demonstration in diving, not the proper techniques of diving, but how *NOT* to dive and stay healthy.

The team of Tim Bell as Dizzy Nod, Dave Bohnke, as Issy Nod, and Bill Taylor as Alfonso No-Can-Do, treated the campers to some fancy clown diving—a skill that takes precision timing or it may be injurious.

Some of the fancy dives included the Broken Wing Swan, Jump Rope Squat, Half Jack, Full Twisting Side, Elevator, Double Jack (one eye closed), the Fountain, Spankie Somersault, Stumble Bum, Sweet Smelling Toe Jam Dive, Rumford Dying Duck Dive and the Stopette Dive. The latter dive was recently changed from the Coca Cola Dive to the Stopette because the last time that Alfonso performed the dive it was a little "smelly", thus the name change.

To prove that Alfonso was a better swimmer than anyone he challenged Junior Counselor Scott Tracy to a swim. The object was to see who could reach the small dock in the least amount of time. When the starting signal was given, both swimmers dived from the dock; however, Alfonso didn't seem to make any headway. Scott Tracy was half way to the other dock and Alfonso was swimming vigorously but gaining no territory. On the jump Alfonso missed the water and dived onto the low diving board and began to swim. When he discovered his mistake, he immediately accused Tracy of cheating by pulling the water out from under him. Needless to say, the campers enjoyed this exhibition tremendously and hope to see more of this before the summer is over.

To provide a more serious atmosphere to diving, Dan Greening, a Senior Cadet Counselor, gave the correct techniques in diving by doing a front dive, 1½ tuck in a tuck position and the 1½ pike, which would have given him a 10-10-10 in any competition.

JT

First Mineral Trip

July 14 saw the Kawanhee Nature Department sponsor its first mineral trip of the 1967 season. After an enjoyable (?) hour ride in the Bouncing Buggy with chauffeuring by Bates and Glen Schroeder, the rockhounds began their ascent of Mt. Plumbago. In about forty-five minutes they reached the feldspar quarries. Here a variety of specimens were collected, with special attention given to mica, feldspar and lepidolite.

Moving on to greater heights and better collecting, they climbed to the upper quarry. The collecting improved here; excellent specimens of rubellite, indicolite, tourmaline, and aquamarine were unearthed.

After returning to the truck, the boys were taken to Perham's Maine Mineral Store. Here they could view excellent displays and purchase specimens for their collections.

The boys climbing were Dan Blaylock, John Clausen, Nick Gill, John Green, Ian Hanigan, Duncan Hill, Rich Lake, Steve MacDonald, Bill MacElwaine, Lloyd McDonald, Rocky Smith and John Tobin. Assisting in the counseling were Forrest Dexter, Fred Ball, Tom Smith, Bob Altmaier, and Andy Williams.

FRED BALL

Crows Invade Tumbledown

Seven healthy Crows attacked Mt. Tumbledown Thursday and Friday of this past week; however, no damage was reported as these were the friendly and constructive species of Crows.

The Crows in question were the members of the Crow's Nest Lodge of Camp Kawanhee. The boys left Camp at 2:00 p.m. on a very sunny Thursday afternoon and thanks to Bates and the Bouncing Buggy, we were starting our climb up Parker's Ridge an hour later.

The trip up was very pleasant, thanks to some five or ten odd stops for a refreshing drink from the stream flowing down the mountain. The peak was finally reached around 4:45 p.m. and the descent to Crater Lake ended a very tiresome but enjoyable hike. A campsite was chosen and our camp was set up with expert efficiency. Dinner was served by 6:00 p.m., thus leaving the rest of the evening for swimming in Crater Lake, fishing, taking showers under the waterfall, and other miscellaneous explorations.

That night pandemonium broke out as the rain poured down; however, we managed to dry out quickly and retire by 11:00 p.m. It is a most rewarding experience to spend the night on top of a mountain.

Most of the Crows were awakened the next morning by a harmonious chorus of "OH WHAT A BEAUTIFUL MORNING" and breakfast was served by 8:00 a.m. The remainder of morning was spent exploring and cleaning up our campsite.

The hike back, which was hampered by various injuries such as blisters, burned fingers or toes, etc., took much less time than was expected and the Crows were down the mountain before noon.

The trip was a total success, mainly due to the excellent supervision of leaders Doug Means and Ron Pavesi. The trip was almost repeated; however, as on the way down several girls were spotted on their way up. The problem was easily solved by tying Ron to a tree as the girls passed by.

The campers were Craig Blasutta, Bob Brinckerhoff, Dave Gordon, Hal Slocum and Steve Stewart.

Soccer Invades Kawanhee

Keeping up with the popular trend towards soccer, Kawanhee has organized two soccer leagues, a junior and a senior league.

Tuesday, July 11th, the junior league met for the first time with the San Francisco Bay Bombers victorious over the Chicago Spurs in a close three-to-two battle. Bobby Escher scored the first goal of the season in the third quarter for the Spurs and Phil Drake followed up shortly afterwards to give the Spurs a two-goal lead. The Bombers, however, bounced back in the fourth quarter with a goal by Duke Karr. Brad Coley clinched the game for the Bombers with two goals in the closing minutes of the fast moving game.

Thursday, July 13th, the senior league clashed with Steve Fink's team, a two to one victor over Jack Pray's team. The senior league's first goal was scored by Tom Scott in the second quarter for Pray. Hank Hiser bounced back for Fink in the third quarter with a penalty kick and Nick Gill scored the winning goal in the fourth quarter with an assist from Hank Hiser.

Barons Fall To Macks Guns

Kicking off the second active week of the K. L. L., the two clubs that failed to play in the first week, the Blue Macks and the Red Barons, did battle which resulted in the young season's first slugfest. The Macks routed the Barons 13-1.

Pitcher Pete Haines who went 3 for 3, Chris Schroeder, who got two hits, and Jet Tremble who homered, paced the winning Blues. Haines enroute to his first win, fanned ten and allowed a meager two hits. Converted-catcher Frank Erickson took the loss for the Red, and accounted for both Baron safeties.

Following a blank first inning, the Blue Macks jumped on Erickson for five quick runs. Chris Schroeder, Mike Hall and Dave Adriance loaded the bases and with two out, Al Drewes, Barry Gidman, Pete Haines, Jet Tremble and Schroeder, batting for the second time, followed consecutively to tally the five runs.

Tim Williams scored for the Reds in the bottom of the second to pull within four runs. The Blues duplicated the second inning feat in the third with walks to Hall, Gidman, Haines, and a single by Dave Adriance and a booming home run off the bat of first baseman Jet Tremble.

One and a half innings of nothing followed with the Macks sticking Erickson for three more runs. Haines, Gidman and Schroeder scored on two singles and two Red errors. Erickson's triple in the Baron half of the fifth shone as the lone bright spot in a dismal picture for the Barons.

Barons Bombarded Again

Due to a Wednesday wash-out the two first round losers, the Black Knights and the Red Barons, played Friday night, July 14, under threatening skies. The Barons fell to the Knights by the lopsided score of 14-3.

Youngsters Brad Coley, Phil Stewart and Scott Sartorius sparked the winning drive while Hank Hiser won it for the Blacks. Frank Erickson absorbed his second loss of the season but shined at the plate, homering and driving in two.

Though the visiting Barons failed to score in the opening trio of frames, the Knights let none of the "proverbial grass grow beneath their sneakers". In the first inning, John Schroeder, Brad Coley, Hank Hiser, and Phil Stewart all scored on three walks, Coley's single and one Red's error.

Coley, Hiser and Stewart again scored in the second. Two free passes and a single by Stewart and a double off Scott Sartorius' bat accounted for the Black outburst. In the third the Knights upped their total from seven to thirteen. Successive singles by John Schroeder and Brad Coley highlighted the six-run seige which saw four walks and three Baron errors.

The struggling Barons finally broke open in the top of the fourth scoring one run. Outfielder Tim Keny singled to left, stole his way to third and scored on Johnny Dargusch's infield safety. Not to be outdone, the Black came back in the bottom half and added their fourteenth run. Phil Stewart knocked in Brad Coley for his second RBI of the game.

Following a zero fifth, the Reds gamely attempted to come back on their last chance in the sixth. Tim Keny singled and Erickson laced a four bagger to deep center, but the rally ended there.

Junior-Senior Counselor Game

The Senior Counselors are finding it very difficult to win a softball game this year as the Junior Counselors are "loaded" with power hitters, precision outfielders, and good pitchers.

The Seniors won the first game, with Del Tracy knocking in the winning run; however, the Juniors came back the next week and swamped the Seniors 8-4. Bob Zechiel and his fast ball proved too much for the Seniors.

The game of July 15 found the Seniors on top again with Fred Ball getting the first hit of the game to get the spirit going. Several distance hits were made by the Seniors but unfortunately right into the glove of Dan Greening, left field, John Bacon, center field, or Scott Tracy, right field. The fielding of Frank Stewart, Tom Hartman, and Bill Taylor cost the Juniors some good hits, too.

Jim Proctor, the pitcher for the Juniors, pitched an excellent game as did Del Tracy for the Seniors. Rick Whitmyre got a three bagger to start the Junior rally, but Bill Taylor was the hero of the game as he singled to short center for a base hit, bringing home the winning run for the Seniors. The final score was 4-3.

Saturday Campfire

The weather during the week was the topic of frequent comment as we had a little of everything: rain, sun and cloudiness. However, the temperature remained pleasant and the weather did not hinder the many activities of the camp.

The Saturday-night campfire was held on council point, overlooking the lake. This campfire is the finale of the week as the entire camp gathers around the huge campfire, prepared by Frank Stewart and the campcraft department, to learn of their accomplishments of the week. It is an honor for a boy to hear his name read before the council fire, and he stands with pride as the entire camp pays tribute to him for his accomplishments.

Before the levels were read, Mitch Greenawalt led the campers in several songs, such as "Roar Wildcat Roar" and their favorite "The Deacon Went Down." The campers added several new verses to the Deacon, such as "Oh you can't get to heaven in Barnes's shirt because Barnes's shirt stops at every skirt." It was all in fun and the campers are busy writing new lyrics for next week's campfire. Who knows, we might find hidden talent before the season is over!

Frank Stewart gave a book review on VALLEY OF CREATION, which met with the campers approval as was shown by their attentiveness.

Taps concluded the evening program.

Kawanhee Inn Guest List

Kawanhee Inn was host to the following guests this past week: Mr. JOSE AMADOR, Rio Piedras, Puerto Rico; Mr. and Mrs. RICHARD S. BURINGTON, Arlington, Virginia; Mr. and Mrs. SWEN A. LARSEN & Family,

Fairfax, Virginia, visiting Kurt of the Birch Lodge; Mr. and Mrs. JOHN LAKE and Family, Palisades Park, New Jersey, visiting Richard of the Lynx Lodge; Mr. and Mrs. WALTER ESTABROOK and KATIE, Columbus, Ohio, visiting Rich of the Badger Lodge and Jim of the Birch Lodge.

Sunday Service

Due to the inclement weather, the worship service of Sunday, July 16, was forced indoors. Mitch Greenawalt directed the Kawanhee Octet as they sang "Holy, Holy, Holy." Dick Morton read the scripture and John Staker read a special prayer written by the late Dean Miller, our former Chaplain.

Rev. Bill Taylor based his sermon on the old saying "TIME AND TIDE WAIT FOR NO MAN." He discussed the similarity of man's life with the flow of the tide. "The adjustment of life's ups and downs must be made, just as the tide adjusts to the movement of the earth, the sun and the moon." He suggested that the boys "swim the tide of life and to grow and to swim out of a crisis — not drown. The ups are easy but the downs take courage. Without change, a person would not be motivated and it is God's plan to give us challenges to make us grow stronger. To swim through the difficult tides of life, one need not have a lot of ability but he must have a lot of desire."

Sunday evening the camp gathered in the Rec Hall for songs, games, and a talk about Maine animals.

Mitch Greenawalt directed the Kawanhee Octet as they sang a magnificent arrangement of "Green Fields." Bill Lawrence and Mike O'Brien played guitar duets rendering such old favorites as "The Drinking Gourd" and "The Fox."

Rev. Taylor talked to the campers about their listening ability. To further his point he had the entire camp remain perfectly still and quiet so they could hear their own heart beat. However, it is almost an impossibility to get 140 boys to remain that quiet for any length of time. The silence of about two seconds was broken by a snicker which broke the spell. However, he had made his point: "To learn you must be able to listen."

Mr. Mike Moulton, a Ranger for the State of Maine, gave a short talk about the animals of the state. He had the skins of several specimens for the boys to observe.

The benediction and TAPS concluded the evening and brought to close a very busy week at Kawanhee.
