The Wigwam

Volume No. XXXVII, No. I | Camp Kawanhee, Weld, Maine | July 9, 1971

Big Season Launched in Record Time

No Kawanhee season ever took off to a faster start than this, the fifty-first. A full program of activities was in full swing the second day of the camp season. Swim tests were underway and the Little League program was started with its first game of the season. The third day found every department in full operation and things have been perking right along ever since.

All this-smoothly organized beginning and with a top enrollment — camp came about only as the result of long winter months of work and careful planning on the part of many of the Kawanhee staff.

This summers' staff shows a happy combination of the old and a few of the new — of counselors tried and found true in the administration of their departments through many Kawanhee seasons, and the newcomers who bring fresh ideas and fresh approaches to prevent any ossification of activities. This judicious mixture of seasoned timber and new sap — pardon the metaphor — promises much for the success of the summer.

Proctor and Williams Leaders for 1971

A matter of great interest was removed from the realm of speculation when Del Tracy announced the names of the captains at supper, July 5th. The quality of leadership provided by the team captains plays such a large part in setting the tone and morale of a season. The chosen ones for 1971 are Bill Proctor, Englewood, New Jersey, who will lead the Maroons for the season and Tim Williams, Bexley, Ohio, who will lead the Greys for the season. The size of the cheer welcoming this news endorsed the wisdom and proclaimed the popularity of the choice. Both boys are seasoned Kawanheeans and have much to offer their teammates as the summer-long competition for points begins. The time for predictions has certainly not yet arrived, and the race is about as wide open as it could possibly be for two enthusiastic teams under able captains who are ready to shoot the works.

Coos Canyon

Sunday afternoon Crow, Badger and Bear Lodges took a trip to Coos Canyon. We enjoyed gliding down rapids, leaping from the canyon ledges and exploring the waterfalls.

Some boys brought their skin diving masks and snorkels and chased the brook trout in the mountain-fed stream.

The weather was perfect for an afternoon trip and fun was enjoyed by all.

Boys making the trip were: John Schaffeld, Chris Charyk, Rich Hemry, John Duncan, Peter Wetherbee, Lee McCleave, Manuel Vinas, Juan Soto, Bill Dudley, Donald Long, Jeff Colon-Benett, Tom Benua, Craig Miller, Alan Sweet, Rich Darmanin, Doug Sensenbrenner, Ralph Tice, Jim Waligroski, Jim Estabrook, Ken Chapman, John McDonald, Mark Sengelmann, Ramon del Valle, Pablo Baez. They were supervised by Rich Davis, Mark Hoskett, Steve Fink and Jim Davis.

Veteran Counselor Staff

Camp Kawanhee is again favored with many familiar and well-tried names on its lists of staff members. These names appear year after year on the camp's roster and year after year these men have proved their loyalty to Kawanhee and its high ideals by their many years of service as campers and/or counselors.

It is not by chance that the 1971 staff is composed largely of counselors well-known to the camp. Due to the fine recruiting of Kawanhee's own GEORGE FRANK, The Camp Director, we have the finest group of campers and staff members ever. GR, as he is known to all, works diligently throughout the winter, seeking the best qualified men for each position at Kawanhee to insure a safe and purposeful summer for each boy entrusted to his care. His experience as teacher and principal of McGuffey Jr. High School, Columbus, Ohio, has given him much insight as to the likes and dislikes of young boys seeking a summer of fun.

George is ably assisted with his tremendous duties as Camp Director by his lovely wife, MARY, who herself, has had many years experience serving young people. She taught science at West High School, Columbus, Ohio, before her retirement and for 14 years was Director of the Nature Department at Kawanhee. So to "steal" a pun from a television program, "What do you get when you have a Mary married to a George?" Why, you get a Director and his assistant who think positively of making a summer filled with fun, but fun with a purpose for 134 boys who are spending their vacation on the shores of Lake Webb.

Director of Activities

Kawanhee and Tracy have been synonomous for the past seventeen years. First as Assistant in the Athletic Department, then Director of Athletics, score keeper and Assistant Director of Activities and for the past several years, Director of activities, Athletic Director and chief scribe of the score, a position most ably fulfilled by none other than Del Tracy —known to all as DEL. He has been a teacher in the Columbus, Ohio, school system for the past 23 years as a Social Studies teacher and visual aids coordinator. He is presently Chairman of the Social Studies Department at

Linden McKinley High School and teaches handicapped children after school hours — a position he has filled for 20 years.

Aquatics

RICH DAVIS, captain of the Maroons in 1966, returns to Kawanhee for his fourth season — this time as Co-Director of the Waterfront. He is a graduate of Ohio University, Athens, Ohio, and is in his second year of Dental School at Ohio State University. Rich is from Worthington, Ohio, but calls the Crows Nest Lodge home for the summer where he serves as the Sr. Counselor. He will also supervise various fishing expeditions throughout the summer, and assist with the Life-saving programs of the Camp.

JEFF MONROE, Oberlin, Ohio, returns to Kawanhee for his second year as Co-Director of the Swimming Department. He received his Water Safety Instructor's certificate from Ohio State University. He is a senior at Ohio State majoring in Physical Therapy where he is a member of the student trainer program for the Athletic Department of OSU. He is also a student member to the executive council of the School of Health, Physical Education and Recreation Department. His physical therapy training has come in very handy at Kawanhee this past week in assisting with various cuts and bruises sustained by the campers. Jeff is the Sr. Counselor in the Badger Lodge for the summer.

FRITZ MONROE, Oberlin, Ohio, comes to Kawanhee for his first season to lend an able assist in the Swimming Department. Fritz lettered in football and tennis at Oberlin High School and was president of his Freshman, Sophomore and Junior Class and was Vice-President of his Senior Class. He was also a member of the National Honor Society at Oberlin. He will enter Ohio State University, Columbus, Ohio, this fall, majoring in computer math. Wild Cat Lodge will be his home away from home for the summer where he is the second Sr. Counselor.

ANDY WILLIAMS, Bexley, Ohio, returns to Kawanhee for his 7th season; four as a camper and his third as a counselor. He is a sophomore at Rollins College in Winter Park, Florida, majoring in economics. Andy played varsity soccer as a goalie at Rollins. He calls Falcon Lodge home for the summer where he serves as the Senior Counselor and he also lends a helping hand to the Swimming Department as an instructor.

Archery

Once again the Archery Department will have Co-Directors. BOB "ZEKE" ZECHIEL, Merimack, New Hampshire, is a Kawanhee veteran of 6 seasons — two as a camper and four as a counselor. Bob is a junior at Ohio Wesleyan University, majoring in English. He holds the Robinhood Archer Award, an award he won at Kawanhee as a camper and he is an Eagle Scout. Bob also played soccer at OWU. He is the Sr. Counselor in the Lynx Lodge for the summer, and he will coach one of the Little League Baseball Teams this season.

JOHN MORR, Worthington, Ohio, returns to Kawanhee for his third season — one as a camper and his second as a counselor. He will Co-Direct the Archery Department and serve as the Sr. Cadet Counselor in the Moose Lodge. John will be a freshman at the University of Wyoming, Laramie, Wyoming, this fall. His hobby is that of a practicing magician.

Athletics

DEL TRACY, Kawanhee veteran of 17 summers returns as Director of Athletics. His other credentials are listed under Director of Activities.

MIKE MESEROLE, "KAWANHEE'S COMMISSIONER OF BASEBALL" returns for his 11th year at Kawanhee; five as a model camper (one as a former Grey Captain) and his sixth as a model counselor. Mike is a senior at Union College, Schenectady, New York, majoring in English. He writes a once-a-week newspaper column at college and he is also Chairman of the Schenectady branch of the Ron Swoboda Fan Club. His talents are shown in his weekly articles in the WIGWAM about Little League Baseball at Kawanhee. He also serves as Sr. Counselor in the Birch Lodge, organizer of the Jr.-Sr. Counselor ball games, director of the entire Little League Program at Kawanhee, and Chairman of the Wit Department.

JIM DAVIS, Worthington, Ohio, returns to Kawanhee, after a couple of years intermission, for his third year; one as a counselor and two as a camper. He is a recent college graduate and will be a freshman in the College of Dentistry at Ohio State University, Columbus, Ohio, this fall. He lettered in wrestling at Ohio University and received a B.S. in nutrition last spring at Ohio State. He is head of the Basketball Department and Sr. Counselor No. 2 in the Bear Lodge for the summer.

MIKE VANOST, Tenafly, New Jersey, a newcomer to Kawanhee, will lend a helping hand in the Swimming and Track Departments. He lettered in tennis, soccer, track and basketball in school. He made first team in doubles in the All League Squad and second team in singles in tennis and second team in soccer. He will serve as Sr. Cadet Counselor in the Panther Lodge for the summer.

MIKE STANDEN, "MR. BASEBALL", Closter, New Jersey, grew up at Kawanhee, you might say, as he has been here since he was a mere tyke — 12 years to be exact. He has risen through the lodges as a camper and has now joined the staff as a second-year Jr. Counselor assisting in baseball and in the Hawk Lodge. He lettered in wrestling, football and baseball in high school where he is a senior at Valley High School majoring in — what else — athletics. He is one of the managers for the Red Herring, Little League baseball team at Kawanhee.

SCOTT LEIPER, Berkeley, California, is a Kawanhee veteran of 8 years — six as a camper and his second year as a Jr. Counselor. He is a senior at Berkeley High School where he lettered in tennis. Scott holds the Robinhood Archery award, which he earned at Kawanhee as a camper. He will assist in the Falcon Lodge and in baseball for the summer.

NICK GILL, Bethesda, Maryland, returns to Kawanhee for his fifth summer. He is a junior at Landon High School in Maryland where he lettered in wrestling, cross country and baseball. Nick will assist in the baseball department and in the Pine Tree Lodge for the summer. He is also the manager of the Blue Crew Little League Baseball Team.

TIM "LOVER BOY" WILLIAMS, Bexley, Ohio, is a typical example of the true Kawanhee spirit. He has been a Kawanheean for 8 years and joins the staff as a first-year Jr. Counselor. He is a junior at the Columbus Academy, Columbus, Ohio, where he is a member of the Academy's first-year cheerleading squad, a job he filled with distinction and enthusiasm. Tim will lend a helping hand in the Track Department and Waterskiing Department while serving as the Jr. Counselor in the Eagle Lodge.

HANK HISER, Falls Church, Virginia, Captain of the 1970 Maroons, has been a Kawanheean for 8 years also — six as a camper and his second as a Jr. Counselor. He is a senior at Jeb Stuart High School, Falls Church, Virginia, where he lettered in Wrestling and Crew; was a member of the Honor Society and a member of the Key Club. Hank will assist in the baseball and basketball department, while serving as Jr. Counselor in the Beaver Lodge for the summer. He is also Assistant Manager of the Blue Crew Little League Baseball Team.

Boating

DOUG "WALRUS" MEANS, W. Simsbury, Conn., invades Kawanhee for his seventh exciting season — two as a model camper and his fifth as a model member of the staff. He will be Head Oar Master of the Boating Department, a position he has ably filled in previous years. Doug is the No. 1 Senior Counselor in charge of taming the "Wildcats" for the summer. He is a sophomore at the University of New Hampshire, where he is majoring in forestry. He is a member of the University's Outing Club, the Appalachian Mountain Club and the Mount Washington Observatory. He will lend a most able assist on the many trips that leave Kawanhee during the summer. In his spare time — well, you will find him most any place — any place where there is something going on.

STEVE FINK, "Poppa Bear No. 1", Mt. Kisco, New York, a Kawanhee veteran of six years — four as a counselor and two as a camper, returns to assume the task of Co-Director of the Boating Department. Steve is a junior at Brown University, Providence, Rhode Island, majoring in physics. He is a member of the Kawanhee Scuba Divers Club and one of the Sr. Counselors keeping the BEARS for the summer.

FERD SCHOEDINGER, Bexley, Ohio, a Kawanhee veteran of three summers, joins the staff for his first season as a Jr. Counselor, assisting in the Eagle Lodge and the Boating Department. He is a junior at Bexley High School.

Campcraft

The Campcraft Department will be Co-Directed by ED CHACE, Bridgeton, New Jersey, "Ole Chief Kawanhee" himself. He returns to Kawanhee for his 22nd season. Ed is now Headmaster of Pen Ryn Country Day School, Cornwells Heights, Pennsylvania. He will also serve as Assistant Director of Activities for the summer. He is a member of the Appalachian Mountain Club and the Polar Bear Club of Skunk Ridge. His authentic portrayal of Chief Kawanhee at the opening and closing ceremonies adds enthusiasm and reverence to the occasion.

REV. STANLEY "STAN" McCLEAVE, Hadden Heights, New Jersey, will serve as Co-Director of the Campcraft Department again this summer in addition to his duties as Camp Minister and Guidance Counselor. He is the minister of the Hadden Heights Methodist Church and is a Kawanhee veteran of 8 years. He will assist on the Mt. Washington trip that leaves the first week in August.

MARK HOSKETT, Yellow Springs, Ohio, comes to Kawanhee for his first summer as Sr. Counselor in the Badger Lodge. He is a sophomore at Utah State University, Logan, Utah, majoring in Outdoor Education and Recreation. He will lend a most able assist in the Campcraft Department for the summer.

Nature

For LYNNE BIRCH, Mrs. Brian Birch, St. Petersburg, Florida, this is just her second summer at Kawanhee where she will be Co-Director of the Nature Department. Lynne teaches Life Science at Largo Jr. High School, Largo, Flordia, during the winter. She is not an advocate of Women's Liberation, but she believes, and has proved beyond a doubt, that women can be a successful counselor and leader in a boy's camp. She and her husband, Brian, have a cottage near the Inn for the summer.

TIM McKEE, Bexley, Ohio, is another ex-camper with considerable Kawanhee history, totaling 9 years — five as a camper and four as a counselor. Tim will be the Co-Director of the Nature Department and the Sr. Counselor in the Panther Lodge. He will be a freshman at Kenyon College, Gambier, Ohio, this fall, majoring in graphic arts. Tim will be leading the nature trips and the mineral hikes this summer, a most welcome trip by the campers.

BOB ALTMAIER, Bexley, Ohio, a Kawanhee veteran of six years will assist in two departments this summer. He will instruct in nature and basketball, displaying excellent skills in both subjects. Bob is a second semester freshman at Franklin University, Columbus, Ohio, majoring in business administration. He is the Sr. Cadet Counselor in the Pine Tree Lodge for the summer.

BRUCE ANDRE, Rocky River, Ohio, resumes his Kawanhee career after a brief absence, as Sr. Cadet Counselor in the Deer Lodge and assisting in the Nature Department. Bruce was a camper for five years prior to joining the staff this summer. He is a sophomore at Denison University, Granville, Ohio, majoring in psychology.

Range

The Range Department is fortunate in the return of its seasoned counselor BRUCE BIRCH to Head the Department. Bruce was practically born at Kawanhee — this is his 16th year at the camp and he is just 22 years old now. He was just six months old when he first made his appearance at Kawanhee when his father joined the staff. He went up through the lodges as a camper advancing with pride to his present position of Sr. Counselor and Director of the Range. He graduated from Maryville College, Maryville, Tennessee, this past June as a Political Science major. He was a member of the college choir where he served as tour manager for the group. He is a member of Phi Mu Alpha Sinfonia, a national professional men's fraternity of music. His desire is to join the FBI if Uncle Sam doesn't join him first.

For TOM STEENLAND, Englewood, New Jersey, this is his 8th year at "Home on the Range." He is the Sr. Counselor in the Hawk Lodge and will serve as the Co-Director of the Range Department. Tom is a senior at Johns Hopkins University majoring in physics. He is a member of the glee club and serves as the President for the group. He is a member of the Goucher Chapel Choir, the Alpha Phi Omega National Science Organization and the rifle team at Johns Hopkins.

STEVE WOLF, Upper Arlington, Ohio, comes to the Range Department for his third year as a member of the Jr. Counselor staff lending a most able assist with the instruction. He is a senior at Watterson High School, Columbus, Ohio, where he is majoring in science.

Store

BILL BRUTSCHER, Columbus, Ohio, a Kawanhee veteran of three seasons, returns for his fourth to assume command of the busy and ever-popular store and mail room. He is a graduate of Munich University in Germany and is a retired steel consultant. He is in charge of the mail, the camp lodge inspections, the ordering of supplies and has assumed the task of writing the checks for the camp.

The daily inspection of the lodges has created a tremendous competitive atmosphere among the 15 lodges. After a week of perfect inspections, the campers receive a candy bar. This is not *just* a candy bar — this is a special candy bar, one that has been earned the hard way, but a fun way. Now the competition is underway to see which lodge can earn the most special mentions during the 56 days of camp.

Sailing

Sailing is another department assured of tried and true supervision, for TOM TAYLOR, Upper Arlington, Ohio, claims the helm for his 13th year at Kawanhee. Tom just

graduated from Ohio State University with an International Studies major. He was an exchange student in Quito, Ecuador in 1965-66, studied at the Universidad de las Americas in Mexico City, 1969, earned his Eagle Scout in 1964, Gold Palm 1967, and became Scout Master of Troop 185, Dublin, Ohio, in 1970. He led his troop on a 2-week trip to New Hampshire and Maine last month which included 4 days of hiking the cutline Presidential Range in New Hampshire. He is a member of the Yacht Racing Union, Ohio State University Sailing Club, Appalachian Mountain Club, Appalachian Mountain Club, Mt. Washington Observatory Association, Mid-West Collegiate Sailing Association and the Nautical Research Guild.

ROCKY SMITH, Doylestown, Pa., joins the Kawanhee staff as a first-year Jr. Counselor after going up through the ranks of the camp as a camper. Rocky is a senior at Central Bucks East High School, Buckingham, Pa., where he lettered in football and claimed the honor of being #1 in his Junior year, academically. He will serve as the sailing master's assistant and the Jr. Counselor in the Deer Lodge. He earned his skipper at Kawanhee as a camper.

Shop

To Kawanhee it is just cause for celebration that for the 30th year HERB BIRCH is directing the work in the shop, which he has developed to its present high state of diversity and popularity. He spent the winter exposing the students of Tenafly Middle School, Tenafly, New Jersey, to the vocation of Industrial Arts, a task he has been enjoying for 38 years.

He is always busy teaching a camper a new shop project, rounding up shop equipment, borrowed but not returned, conducting the campfires or the church services, or showing a camp movie.

In addition to the stately pines at Kawanhee we have several "stately Birches" around, for which Kawanhee is very thankful. Namely, BRIAN BIRCH, St. Petersburg, Florida, the eldest "son of Birch", returns to assume his position as instructor in the ever-busy and popular shop. Brian grew up through the ranks of camper to counselor and is returning for his 13th season, 9 as a camper and his fourth as a counselor. He is a senior at the University of Tampa, Tampa, Florida, majoring in — what else — Industrial Arts.

Tennis

LOVE, PRAY, LOVE, PRAY — sounds like a Bible reading or a well-prepared sermon, but it refers to LARRY PRAY, Bath, Maine, who is returning to Kawanhee for his third season to Co-Direct the Tennis Department. Larry received his Master's Degree from Johns Hopkins University with a philosophy major. He was quite active in tennis while in school and is very capable of instructing the campers in the fine art of the masterful backhand. Larry hails from Verona, Wisconsin, but will call Bath home from now on as he will be teaching at Hyde School this fall. He and his new bride, Connie, the Camp Mother, are living in Ma Frank's cottage in the camp.

Now that the Tennis Department has new nets and new posts and all that, MIKE ALTMAIER, Bexley, Ohio, an 8-year Kawanhee veteran, is ready for action as Co-Director of the Department. Mike graduated from Otterbein College, Westerville, Ohio, this past June with a major in history. He lettered in tennis for the past three years at Otterbein and was co-captain of the team during his senior year. He was selected the M.V.P. of the varsity squad for 1971. He will serve as the Sr. Counselor in the Polecat Lodge for the summer.

KENT RIGSBY, Upper Arlington, Ohio, joins the staff of Kawanhee for his second season as an instructor in the Tennis Department and as the Sr. Cadet Counselor in the Beaver Lodge. He is a recent graduate of the Columbus Academy and will be a freshman this fall at Ohio Wesleyan University.

Trips

"When do we leave? How long is it until the trip, Bates? Where are we going?" Those are a few of the questions usually asked of CLARENCE BATEMAN "BATES", Director of the Trip Department, a position he has ably filled for 39 years. Bates and "The Bouncing Buggy", the camp truck, are ready and raring to go on their first excursion which is Monhegan Island and it leaves in about a week. But in the meantime, don't be surprised to find both Bates and the truck on a few side trips, especially when the weather is just right. Mr. Bateman is a retired teacher of Industrial Arts at West High School, Columbus, Ohio. He is a certified Maine Tree Farmer and has great pride in his farm at Byron, Maine.

JOHN DETRICK, Delaware, Ohio, and "Jack of all Trades", joins the Kawanhee staff for his fourth year, but his seventh on the shores of Lake Webb. He will be Co-Director of the Trip and Maintenance Department during the summer. He teaches math at the Columbus Academy, Gahanna, Ohio, a position he has held for 11 years.

TOM RUHLE, Tenafly, New Jersey, a Dartmouth College sophomore, returns to Kawanhee for his 9th season — five as a camper and his fourth as a counselor. He lettered in Kayaking at Dartmouth this past year and he will pass along his knowledge of Kayaking to any interested camper. He will serve as Trip Counselor. J.M.G. Instructor and will lend an able assist in the Campcraft Department when needed. He is the Sr. Counselor in the Pine Tree Lodge for the summer. Tom received his J.M.G. award when he was a camper at Kawanhee.

Waterskiing

DAVE ALEXANDER, BILL PROCTOR and the "GR" are synonymous at Kawanhee. Dave comes from Springfield, Ohio, to camp for his 6th season — two as a camper and his fourth as a counselor. He will serve as the Sr. Counselor in the Moose Lodge and Co-Director of the Water Skiing Department. He is a sophomore at Wittenberg, University, Springfield, Ohio, majoring in English. However, his major at Kawanhee, will be seeing that every camper interested will learn to water ski or will improve his techniques if he is a previous skier. He will also assist in the Sailing Department when the weather is not suitable for skiing. Whether it is sailing or skiing, Dave is at home on the water.

BILL PROCTOR, Englewood, New Jersey, a seven-year Kawanhee veteran will Co-Direct the Water Skiing Department. He is a recent graduate of Englewood High School and will enter Unity College, Quaker Hill, Unity, Maine, this fall, majoring in forestry. He will assist in the campcraft department whenever needed.

Wrestling

MARK STANDEN, Closter, New Jersey, beginning his 13th season on the shores of Lake Webb, brings with him vast experience in the art of wrestling. Mark, a sophomore at Springfield College in Massachusetts, is majoring in outdoor recreation. He has won numerous letters in wrestling, both in high school and college and his experience will be invaluable to the campers. Mark is a Sr. Counselor in the Eagle Lodge for the summer and is Co-Manager of the Red Herring Little League Baseball Team.

WALKER PUTNAM, Bexley, Ohio, is relatively new to Kawanhee but not new to wrestling. He begins his second

season as a member of the staff assisting in wrestling. Walker is a senior at the Columbus Academy where he lettered in football, wrestling and track. He was co-captain of the wrestling team for the 1970-71 year.

LORENZO "BAKO" BAKER, Bexley, Ohio, a veteran of four seasons on the shores of Lake Webb, will assist in the Wrestling Department. He joins the ranks of a staff member for his first year as Jr. Counselor in the Pole Cat Lodge. He had the honor of earning his letter in varsity football as a freshman at Bexley High School this past season. He will also lend an assist in the football conditioning program for those campers interested in getting into shape for the coming football season.

Distaff Branch

Kawanhee proudly welcomes a newcomer to the ranks of the staff. A newcomer in person to the staff, but one who certainly fills her position with dignity and interest. CONNIE PRAY, Bath, Maine, the new Camp Mother, has won a place in the hearts of the camp in a mere two weeks time. She is never too busy to talk to a camper or to work with him in the field of art, checkers, coloring or just friendly talking. We could say "Camp mother: has personality, will use it to help campers feel at home". Connie is a graduate of Oakland University, Baltimore, Maryland, majoring in philosophy.

MRS. ANN GANNON, Grandview, Ohio, joins the distaff branch of the camp for her first season as the Camp Nurse. She has been a very busy and necessary cog in the wheels of Kawanhee this past week with her many chores of patching scratched knees, stubbed toes and mosquito bites. Ann is bubbling with energy and eagerness to help the campers stay healthy so that they can enjoy their summer in Maine. She graduated from St. Thomas Hospital, Akron, Ohio, receiving her degree in nursing.

FLORENCE BATEMAN, a Kawanhee veteran of some 30 years, assumes her duties of helping assist with the laundry services of the campers. She sees that all the campers have proper bedding and sees that their laundry gets to the laundry in good shape to minimize the lost-clothing list. She is a graduate of Ohio University, majoring in education.

The author of these pages, JANE TRACY, Upper Arlington, Ohio, is officially designated as Editor of the WIGWAM and the Camp Secretary, and I am beginning my 17th season on the shores of Lake Webb. I am a teacher for the Columbus, Ohio, Board of Education, teaching the handicapped, a position I have held for 13 years. I hope to bridge the gap between parents and campers in reporting the various activities and accomplishments of your sons, via the WIGWAM each week.

Gormet Department

Counselors and campers are undoubtedly important to the success of any season, but those wise in the ways of Kawanhee count a few other individuals as the ones who are really indispensable to the welfare and happiness of the camp. The kitchen is placed at the head of this list.

Returning tribesman found a sincere welcome awaiting them in the kitchen, for there was LEONARD TAYLOR, the chef, and FLORA BURGESS, the pastry cook at their usual posts fixing delicacies.

LEONARD TAYLOR, Mays Landing, New Jersey, returns to Kawanhee for his fourth year as the chef in charge of spoiling stomachs by getting them used to such gormet dishes as turkey, dressing, salads, hot rolls, stews, soups, scrumptuous roast beef, etc. Leonard worked at the Lawrenceville School for Boys in New Jersey for 46 years. He retired from this post this past year with the honor of never missing a meal in his 46 year career. He enjoys cooking very much and his greatest delight is to see the boys happy. And happy they are for the chant "we want the cook" can be heard echoing throughout the dining hall. In fact, this past Sunday, it was heard for both the noon and evening meals. He baked 800 hot rolls for noon and 100 pizzas for the evening meal. How about that for pleasing the appetites of boys and adults? We hope he has 46 years at Kawanhee and we hope *we* don't miss a meal, Leonard.

Now that we have been thoroughly spoiled with the meal, Flora Burgess comes along and treats us with a baked delicacy that makes everything complete. Flora has been the pastry cook at Kawanhee for three years and brings with her vast experience as she has been the head pastry cook at Stephens High School, Rumford, Maine, for several years. She holds two baker's certificates and one manager's certificate. She has many blue ribbons for blueberry pies and she can practice any time that she wishes on the campers and the staff. We welcome it. She enjoys working with young people and especially enjoys seeing them enjoy her pastries. Her speciality is congo bars and cookies.

TED LEWIT, West Peru, Maine, returns to help Leonard for his third year. Ted is a freshman at the University of Maine, majoring in electronics. He received a scholarship for his outstanding achievement this past year.

SCOTT PRATT, Weld, Maine, a sophomore at Mt. Blue High School, Farmington, Maine is majoring in Industrial Arts. He is a cooks helper.

DONNIE CHILD, West Peru, Maine, returns to Kawanhee for his second year as head waiter. He is a senior at Dirigo High School, Dixfield, Maine, majoring in business. He lettered in football, basketball and was co-captain of the basketball team this past season. He was the high school foul shooting champion for 1971.

MIKE McPHERSON, Mexico, Maine, a sophomore at Mexico High School, Mexico, Maine, is lending a helping hand in the dining room as the Assistant Head Waiter.

MARK WHITNEY, Weld, Maine, returns to Kawanhee for his second season as counselor for the kitchen staff and the camp truck driver. Mark received two scholarships this past year and will be entering SMUII in Portland, Maine, this fall, majoring in electronics.

JOEY BIOTTE, Mexico, Maine, is a newcomer to Kawanhee. He is a sophomore at Mexico High School and will lend a helping hand in the kitchen.

CHIP CARVER, a junior at Mexico High School, Mexico, Maine, lettered in wrestling this past year. He will assist with the dishwashing for the season.

MIKE CHIASSON, a junior at Mexico High School comes to Kawanhee for his second year to help with the dishwashing.

JOHN MILLIGAN, Rumford, Maine, comes to Kawanhee for his second year to lend a helping hand as a dishwasher.

GREG WAITE, Mexico High School sophomore returns to Kawanhee for his second year as a kitchen boy assisting with the many chores.

Kawanhee Little League

The 1971 edition of The Kawanhee Little League is out, and after a year of unprecedented expansion which saw The League swell to six teams and two divisions, The KLL has returned to its normal size of four clubs.

Last summer, with the age limit lifted to thirteen, the league experienced one of its greatest seasons ever with two tight division pennant races and a thrilling World Series that saw The Red Skeltons best The Black Market 2 games to 1. This season, though, the KLL is back to a 4-team

set up. There will be another camp World Series that will see the first and second place regular season finishers battle it out for the championship. As last year, there will be an all-star game at mid-season, but instead of division versus division, the opponents will be the teams currently in first and fourth place playing against the clubs in second and third.

Six coaches have returned from last seasons record-breaking baseball campaign to head up this summer's new teams. Mark and Mike Standen, the managers of last years series finalists, The Skeltons and The Market, have teamed up to lead The Red Herring, while Bob Zechiel and Bob Altmaier, who ran the Gang-Green and Blue Gene outfits last season in the now defunct Mike Hertz Division, have joined forces to handle The Green Gestapo. The man who led the camp champion Red Ants of two years ago, Nick Gill, has a new ball club this year which he shares with the only coach in recent league history to lead a team to absolutely no victories, Hank Hiser of the Hapless Purple Lepidolites. Their joint venture is The new Blue Crew. And finally, the largest coaching staff in camp, other than the Sailing Department, is in charge of The Orange Sox, featuring former league mentors Scott Leiper and Tom Ruhle, basketball chieftan Jim Davis, former KLL all-star John Duncan and anchorman, Lorenzo Baker, le grand orange himself.

After the first week of play, The Blue Crew, led by the no-hit pitching of Hollis Macomber, and the Orange Sox, paced by the hitting and pitching of Chip Harrison led the league with victory over The Green Gestapo and The Red Herring, respectively.

Kawanhee Inn

Kawanhee Inn was opened for the convenience of parents when they wanted to visit their camper sons. The staff has always strived to make it a "home away from home" for all the visitors that wish to spend a few leisure days or weeks relaxing in the fresh mountain air of Maine. JANE ESTABROOK, Mrs. Walter Estabrook, Bexley, Ohio, has assumed the helm once again as Resident Manager, and is eagerly envolved in various new ideas that will make the Inn even more attractive and pleasurable than before. Any task of this size cannot be achieved by just one person; therefore, she has put together a sterling group of staff members who have the same goal in mind — more comfort, more conveniences, and better food, for their guests. They are:

BEA GOLDEN, head chef, brings with her experience invaluable to pleasing the gormet appetites of any age. She supervises the lunch program for 300 children at the Phillips, Maine, school. She enjoys working with and cooking for young people and agrees that she has a grand group of staff members at Kawanhee Inn this season.

ALTHEA LEE, Weld, Maine, adds to the delicious food by adding mouth-watering pastries to the menu. If you find that Althea can't make it, then it isn't worth making.

LYDIA DETRICH, Delaware, Ohio, assists in supervising the planning of the menus so that they will be balanced according to any dietitians handbook. Lydia teaches preschool at the Worthington Presbyterian Church. Her sons, Sam and John, are Kawanhee campers; her husband, John, is Trip Director at Kawanhee and Louann and Andrew are junior members of the staff at the Inn.

JOAN MILLER AND DICK MILLER, New Haven, Conn., have joined the staff of Kawanhee Inn for their first year. Mrs. Miller assists in the many chores of the office. She is a former elementary school teacher and has worked for the Hotel Taft in New Haven. Dr. Miller is an economist and Associate Professor at Wesleyan University, Middle-

town, Conn. They have three children — Carol at Camp Arcadia; Jean and Eric are junior Inn staff members.

In addition to office managers, cooks and pastry cooks an establishment of this size needs waiters, waitresses, cabin boys, cleaning women, cocktail mixers, and dishwashers to make it a well-organized established business. Kawanhee Inn has just the right staff in this department also. They are: RICHARD ESTABROOK, Bexley, Ohio, a sophomore at Wesleyan University, Middletown, Conn., KIM MERCHANT, Freshman at Loving, New Mexico; ADGIE HILL, Hiram College junior; ANN HAVENER, Upper Arlington, Ohio, a Hiram College junior; LYNN PALING, Wilton, Maine, a Mt. Blue High School senior; PAUL MERCHANT, Loving, New Mexico, an Eastern New Mexico University sophomore majoring in physical education; MICHAEL PETTINGILL, Heath, Mass., a Mohawk Trail Regional junior; NANCY MURPHY, W. Hartford, Conn., Washington University sophomore; CINDY McINTIRE, Weld, Maine, Plus-Grays School of Business freshman; and LES GARDNER, Columbus, Ohio, a Brigham Young University freshman.

Combine all the above carefully selected personnel and you have Kawanhee Inn, a great place to relax and enjoy the most delicious food available in the state.

Weekend at Kawanhee

The first campfire of the 1971 season was held without a fire. Due to the brisk breeze and the various activities around the fire, it was deemed necessary to dispense with the blaze. Even without the blaze, the festivities in the council ring were impressive as the campers had competitive games between lodges. Francis Dono and Rees Tulloss of the Eagle Lodge gave Robert Marcucci and Willie Rigsby a run for their money in their "monkey" race, and the Eagles came out top man on the totem pole.

The "nail driving" contest between the Beaver and the Moose proved that Mr. Birch will have to give a little more practice hitting the nail on the head. However, Artemio Rivera and Bruce Benua had the idea down pat as they went into competition against Angel Franco and Frank Finetto of the Moose Lodge. Angel decided that two hands were better than one while hitting that little head and proceeded without delay to drive his nail home within a few strokes; however, in vain, as the Moose Lodge emerged victorious in the contest. After a few songs, the campers retired to their cabins for the night.

Sunday the campers awakened to a beautiful, brisk morning with bright sunshine to warm things up. Old Mt. Tumbledown was towering gracefully in the background with all her beauty. Church services were held in the Chapel on the Point with Ed Chace and Herb Birch conducting the service.

Trips into town for goodies, a swim at Coos Canyon for the older boys, free water skiing and a free swim provided the entertainment for the afternoon.

Sunday evening "suppah" heard the chant of "we want the cooks" again for the second time during the day. Pizza, potato chips, salad, milk and orange drink topped with chocolate cake made up the menu.

After a short Vesper Service in the Rec Hall, the campers gathered on the beach for a display of fireworks presented by Bruce Birch, Tom Steenland and Steve Wolf. The camp purchased some of the fireworks and Mark Schiewetz brought a large box with him from South Carolina. The campers were delighted and excited with the exciting display.

As TAPS echoed throughout the camp, it brought to close the first week of the 1971 camp season. A week filled with excitement, adventure and achievement at Camp Kawanhee, nestled in the mountains of Maine.
