The Impossible Again Accomplished

Once again "Big John" Detrick and a crew of workers accomplished a major building task just in time for the opening of Camp Kawanhee's fifty-third productive season. As campers arrived and stepped off their busses, they found that a new full-sized wrestling building had been com-

The new Wrestling Building

pleted just in time (in record time, actually) for them to make use of it. The new facility also provides a useful and needed overflow space from the recreation hall on rainy days and is easily reached by ramp which connects it with the rec. hall. Laboring under indifferent weather conditions, Detrick's force of counselors worked ten hour days seven days a week to complete the project. Mark Standen, chief wrestling mentor, arrived with his brother to help with crucial wall and roofing details, and he became totally and enthusiastically involved as did the rest of the staff: Scott Getty, Fritz Monroe, Mike Standen, Bill Proctor, Dave Peyton, Kevin Morrin, and Jim Estabrook. Kudos to all concerned!

Captains Chosen For 1973

As camp got underway this season there was much animated speculation about Maroon-Grey competition which begins with the naming of the captains for both teams during the first week. The captains this year are John Duncan of Tenafly, New Jersey, for the Maroons, and Jeff Colon-Bennett of Bayamon, Puerto Rico, for the Greys. Both Duncan and Colon-Bennett achieved the coveted Junior Maine Guide status last season and both are veteran point getters. Neither leader made any prediction about the upcoming competition, but it is well known that Colon-Bennett, who is a gifted organizer, is quite anxious to revive the strength of the Grey team after its loss of last season.

Much of this depends upon the achievement of individual levels by each member of each team and it is up to Duncan and Colon-Bennett to get the most from their personnel.

Camp Director and Advisory Staff

WALTER ESTABROOK, camper and counselor at Kawanhee for many years is Managing Director for the 1973 season. After graduating from Wesleyan University, Middletown, Conn., he served overseas two years as athletic director of a U.S. Naval Air Base. Following military service he became Assistant Purchasing Agent of a large textile firm. For the past fifteen years he has been a sales representative for the Brown Steel Company, Columbus, Ohio. Walter's enthusiasm for Kawanhee influenced each of his three sons to become master campers and counselors, in addition, one of his sons was a team captain for the Maroons. Although he is a dedicated business man, Walter somehow finds time from his job to make visits to the camp and make sure that everything is going well. His wife, Jane, is Resident Manager of the Kawanhee Inn.

GEORGE FRANK has returned to Kawanhee for his 53rd remarkable season. In 1920, "G.R." and his late brother Raymond founded Kawanhee. Now, George is happily available as an advisor and lends his long years of experience as valuable advice for the betterment of Kawanhee. "Fun With a Purpose," G.R.'s motto, has endured for more than half a century, and G.R. himself will always be a part of Kawanhee.

MARY FRANK, wife of George Frank, is a familiar face around camp. She is a friendly influence to camper and counselor alike, and a lover of nature and wildlife.

JOHN DETRICK, Assistant Director and Head Counselor, has spent a total of nine years at Kawanhee as a camper or counselor. A graduate of Ohio Wesleyan, John has been a Physics and Mathematics Master at the Columbus Academy for the past eleven years. "Big John" is a master builder, fixer, innovator, and generally anything else that is needed. He has three sons at Kawanhee, with a total of nine years of Kawanhee experience under their collective belts. Among John's building accomplishments are last year's kitchen addition, and the fabulous wrestling building constructed early this June. His experience and success at pleasing all of the people all of the time will be and has been a great boon to Kawanhee.

CLARENCE BATEMAN, when everybody else is asleep and the sun is just beginning its trip over the mountains into sight, has already started his day. "Bates" is a great lover of nature, and has been an ecologist long before the word had any meaning to most people. For umpteen years, Bates has been a counselor at Kawanhee. In years past, no one has even considered taking a trip without Bates' advice and Bates' help. He has driven the camp truck-bus for so many years that it is now known simply as "Bates' Bouncing Buggy." Although camping on Monhegan Island

is strictly forbidden by the islanders, Kawanhee under Bates' supervision takes two trips to that Island a year, and is allowed to camp there by the Islanders who without exception know Bates and respect him. His wife, Florence Bateman, is in charge of the camp laundry, and provides sheets, blankets, pillows, pillowcases, washcloths, and towels for all of those who need them. Bates' better half, she is again a welcome addition to the Kawanhee staff.

THE REVEREND WILLIAM TAYLOR returns as a staff consultant midway through the season. He is Executive Director of the Franklin County Society for Crippled Children. His son Tom is a counselor in the Deer Lodge, as well as Commodore of Kawanhee Sailing, and two of his other sons have attended Kawanhee in years past. Bill is well known as one of Ohio's finest swimming coaches.

THE REVEREND STANLEY MCCLEAVE, who will join us soon in his eighth year at Kawanhee, will be working this year in campcraft. He is Minister of the First Methodist Church of Hadden Heights, New Jersey. He is an accomplished hiker and mountaineer, and has hiked large portions of the Appalachian trail.

Senior Sachems of '73

HERB BIRCH, of Tenaflly, New Jersey, returns for his 32nd year as director of shop and Kawanhee's Head Sachem. Leader of the Skunk Ridge Pack, Herb is best known for the popular sailboat building program, and is also a consummate tracer of lost or unreturned tools. Herb conducts campfires, evening movies, and assists with the worship at Kawanhee. One of Kawanhee's leading recruiters, Herb has taught industrial arts at Tenaflly Middle School for 39 years. His eldest son, Brian, returns to help in the shop.

ED CHACE will return to lead the Campcraft Department this season, which will be his twenty-fourth. Famous for his screeching chicken call, which is often heard early in the morning campwide, Ed is rumored to be the originator of the popular "Me for a Dip" slogan, and leads the Skunk Ridge Crowd to water every morning. On the serious side, Ed is an accomplished dramatist and story teller; he is in charge of preparing the Junior Maine Guide candidates for their test later in the summer and this program has been so successful, as a matter of fact, that Ed has been able to enlist the training assistance of several former campers who became JMG's under him. Ed is a member of the Appalachian Mountain Club, qualified as a group I leader, and a Charter member of the Skunk Ridge Condominium.

THE REVEREND STANLEY MCCLEAVE, whose merits have been expounded upon earlier, is another accomplished Skunk Ridger.

ROBERT DUFFEY, Bexley, Ohio, will be in his 19th year as a Kawanhee Counselor, although his first year was 1938. Bob is not actually a resident of Skunk Ridge, but has been known to indulge in an occasional cup of coffee with the notorious Ridgers, and is therefore included with them. Bob was formerly with the shop department, his many years as Industrial Arts instructor at Bexely High School provided his experience in that capacity. However, Bob has moved on to the Tennis Department where he will lend an experienced hand this year, and where he started at Kawanhee over thirty years ago.

Camp Mother and Father

Kawanhee welcomes a new Camp Mother and Father this year, Bill and Beanie Yardley. They are natives of Columbus, Ohio, although they are presently situated in Naples, Florida (imagine spending your summers in Maine and your winters in Florida!)

Bill, at least, is no stranger to Kawanhee. His first year at camp was 1938, and he was a camper and counselor up until World War II. In that war, he served as a pilot in the Air Force.

Bill and Beanie both attended Ohio State University, where Beanie once taught Physical Education.

For twenty three years Bill worked in the Student Personnel Department at the University of Houston. In 1970 he left that post (he was Vice President of Student Affairs) and is now in counseling work in Florida.

The Yardleys have two married daughters, another daughter who is working at the Kawanhee Inn. Their son Chris is in the Wildcat Lodge here at Kawanhee.

"Both of us are very pleased to be at Kawanhee," says Bill. "All campers and staff are welcome at our cabin."

A Feminine View of Kawanhee

I should have suspected something when I was brought to a boys' camp on my honeymoon. I'd been warned; I'd heard all the Kawanhee legends by then.

In 1966, we ventured north again to spend our first summer here, with Gail, 5, and Beth, 2. It was growing on us, and the next year we were back, with the addition of Susie, only 3 months old.

Now, six years later, we are back again. By now we are full-fledged campers, and I am a Girl Scout leader. We now have Gail, 12, Beth, 9, Susie, 6, and Ross, soon to be 3. This is Mitch's 10th year and my 3rd at Kawanhee.

The moral of this story is be prepared if you marry a former Kawanhee camper. This place gets in their blood. The mountains, the pine trees, draw them back year after year. They bring you along and eventually enroll their sons. Somewhere along the line, you'll watch the sun setting in the "gap", sing around a campfire, pray in the outdoor chapel, and discover that Kawanhee is in your blood, too.

Ginny Greenawalt

Mitch Greenawalt attended Kawanhee in 1945 as a camper and was a master camper and Jr. Counselor through 1951. He worked as a unit director for a YMCA camp in Wisconsin in 1952-1953. In 1966 and 1967, he returned to Kawanhee and worked with the boating department.

For 14 years, he has been Junior High Band Director in the Copley, Ohio school system (Copley is a suburb of Akron). He is also assistant high school band director and a charter member of the Copley Lions Club.

This summer his wife, Ginny, is helping with the Wigwam. They live in the Pine Point house with Gail, 12, Beth, 9, Susie, 6, and Ross, almost 3.

The Kitchen Staff

Morale headquarters at Kawanhee is the Dining Hall, where striving, hungry spirits are made whole again, and a good meal can bring out the sun on a rainy day. At Kawanhee, festival fare is a normal ration, and total satiety

reigns after each meal. Presiding in the kitchen of this establishment are The Chef Leonard Taylor and Flora Burgess, who is the pastry cook and all that that implies. Camper and counselor alike come thrice daily to pay homage to their experience, often by acclamation.

One of the most important men in camp
Head Chef Leonard Taylor

CHEF LEANORD TAYLOR, master of the ladle and saucepan, was chef of the Lawrenceville School for 46 years; he is returning to Kawanhee for his sixth summer. During this time, his Sunday dinners, his hot rolls, his stews, the entire offering of his Kitchen have, in fact, been justly celebrated. The dining hall periodically resounds to the chant "We want the cook! We want the cook!" as another one of his meals becomes merely a fond memory.

Chef Taylor prepares for evening meal

FLORA BURGESS has been the pastry chef at Kawanhee for four years. She holds two baker's certificates, as well as a manager's certificate, and she has been the head pastry cook at Stephens High School, Rumford, Maine, for several years. Her prize winning blueberry pies are a legend, and her cakes and cobblers win cheers from campers. She is a priceless addition in the kitchen, as testified by Lorenzo Baker. [Additional Biographies of camp staff and personnel will appear in next issue.]—Ed.

Hank Aaron softball includes campers from the Lynx Lodge through those in Crow's Nest and Badger, and also first year Junior Counselors. It is a minor league proving ground for future Junior-Senior Counselor ball hopefuls.

Chip Button Memorial Field's first non-scrimmage game of the 1973 season proved a good one. It pitted the powerhouse of Frank Finetto's Family against the Big Name team of Jeff Morgan's Marauders.

The Family was up first, and quickly drew blood. Third baseman Pete Wetherbee smashed a double after leadoff batter Jim Markarian popped out to the third baseman. Mark Schiewetz then hit a shot that was pulled in by Dana Gregory, the Marauder shortfielder, who is a prime candidate for Barnum and Bailey with his circus catches. After Schiewetz's out, cleanup batter John Gill, of Kawanhee Little League fame, in his first official at bat on Button field in some three years, hit a double that scored Wetherbee. He went to third when the throw from the outfield went astray, and then scored on an error by the catcher. Captain-right fielder Frank Finetto then popped out to end the inning.

The Marauders missed their bid for revenge in the bottom of the first, and neither team scored in the second. The family was zipped in the top of the third, but in the bottom of that inning, with the help of three Family errors and a tremendous triple by Homer Hungry Sherm Hanna (he scored by virtue of an error by the catcher, who shall remain unnamed) and 1972 Babe Ruth League Most Valuable Player Stan The Man McCleave's single, the Marauders scored two.

The Family found the score tied at two when they came up in the fourth but did nothing in that inning to remedy the situation. The Marauders were likewise blanked in the fourth.

In the top of the fifth, the Family exploded for six runs. The inning included four Marauder errors, another Wetherbee double, and an unsuccessful appeal play. When the dust cleared and the ball was retrieved from the swamp, the Family had tallied six times, and led the game eight to two.

In the bottom of the fifth, an apparently overconfident Family committed a mere five errors, and with the aid of singles by Morgan himself and Dana Gregory, two runs scored.

In the sixth, the Family continued to show the Marauders up, with four more runs on five errors and hits by Wetherbee, Schiewetz, and Tim Harrison. The Marauders managed five of their own in the bottom of the inning, a triple by McCleave being the initial spark of the inning. The five Marauder runs didn't help them a bit, as the Family topped off the game with a final three runs in the seventh. Four singles in the inning spurred the runs.

At any rate, the Family came out on top fifteen to nine. The third team of the league, Ireland's Raiders, will face off against the victorious Family sometime after the Monsoon season ends. It may be a good game.

Juniors Threaten Senior Supremacy

The Kawanhee Counselor Softball Series began Saturday. In a year of revolutionary activities (a new soccer field, "Hello" name tags, and a Henry Aaron League) the traditional Junior Counselors vs. The Seniors game has been dumped. The Senior Counselors, at least on paper, were clearly superior. Bill Proctor, Hank Hiser, B. A. Altmaier, and Fritz Monroe, the mainstays of last year's Junior squad, qualified this year to play with the veterans. Riggsby and Leiper had difficulty negotiating contracts and are playing another game, leaving only "Le Grande Orange" Baker and Nick Gill as the remaining starters of last year's team eligible to play for the Juniors again.

To insure a close series a committee of player representatives drew up sides that closely resembled last year's matchups. Bill Proctor, however, in a quick and humble manner, made known his desire to leave the Junior team. B. A. also plays for the Seniors, joining his better half, Bob Zechiel. Pete Wetherbee, John Gill, Mark Sengleemann, John Duncan, Jeff Colon-Bennett, and Sherm Hanna, fill the gaps as newcomers for the Juniors, and Mike Harrison and Kirk Neiswander are rookies for the Senior squad. The "irreplacable" Scotty McMinn provides bench strength for the Juniors.

While most of the camp sighed in awe at the deluge that swamped suburban Weld and Camp Kawanhee in the first week of camp, the inspired Button Field Maintenance Crew challenged the forces of nature and succeeded in transforming a field of mud and well distributed water into a playable diamond in the Kawanhee Tradition. New additions to the diamond are funky foul poles of refreshing deep blue.

At game time, it looked as though the big First Game might be postponed by the weather. But whether or not the inexperience of the Juniors would fatally handicap a chance for J. C. victory was not determined by any overcast or rain filled skies. It was, in fact, determined by the first pitch. B. A.'s first pitch as an old man was smacked by Nick Gill for a single. Mike Standen and John Gill followed with a single and a double, respectively, which produced two quick runs. These gave the Juniors that spark of confidence that often turns games around. But the undaunted seniors, unworried by the Junior outburst, scored two runs of their own in the bottom of the first. By the top of the sixth, they had mounted a 5-2 lead.

"Oh," said the Juniors, and promptly scored five runs in a devastating sixth inning, capped by Pete Wetherbee's two run single, which put them ahead to stay. As a result of hazardous weather conditions, the game ended one inning short of regulation time. At the end of eight innings, the final score of the all-important first game stood at Juniors 12, Seniors 6.

—Note: The Counselor Series will be played this year without it's most . . . colorful . . . figure of the last decade. Mike Meserole, for many years commissioner of baseball Kawanheewide, is now a sportswriter for the Pulitzer Prize winning Berkshire Eagle, and resides in Pittsfield, Massachusetts. His absence is a great loss to Kawanhee, and especially to the Seniors who may never win again.

Kawanhee Yacht Club Racing Season Begins, Ireland Sweeps First Regatta of '73

At 2:20 on Saturday, June 30, despite tricky winds and the steadily rising water level of Lake Webb, the gun sounded signifying the start of the first race of the KYC summer series. The boats were Tech dinghys, sporting new blue chevrons on old white sails. The skippers were Martin Frey, Tim Harrison, and John Ireland.

It was a close start, and Ireland barely edged out Harrison and Frey to be first across the line. The wind provided some difficulty, especially on the last leg, but Ireland proved his sailing prowess by mastering the southerly gusts and crossing the finish line first. Harrison and Frey took second and third, respectively.

George Pierce decided to race in the second race as a late entry, but he didn't even last to the starting gun. He had to be towed in due to boat difficulty. Harrison also encountered a similar fate.

This left only Ireland and Frey, and although Martin at times gave Ireland a run for his money, John was able to take advantage of the open waters and cruised across first in the remaining three races for an easy triumph in the first Kawanhee regatta on Lake Webb in ten months.
