Camp Kawanhee

Spring 1981

THANK YOU

A word of thanks to all campers, parents, & alumni who have helped to carry on the Kawanhee tradition! By referring Kawanhee to your friends you have assisted us in signing up new campers. Each summer we are fortunate in that our camper repeat factor is about 2/3; the remaining 1/3 consists of new campers each season. For this coming June we are filling up well, but still have openings. Please continue with your support by giving the names of prospective campers to any of the following area representatives:

LETTER FROM CHIP TRAYNER

Hello to all my Eagle friends & many others too! At present I am studying hard at Columbia University & hope to get into the field of medicine. Taking a lot of science & computer courses along with wrestling on the Columbia team. Kawanhee started me off in wrestling and then I pursued the sport further at Tenafly High School where I was on the team. Last December Eric & Lars Jensen, Tom Occhipinti, and I along with my brother Andy enjoyed a week of snow skiing on Stratton Mt., Vermont. In spite of sub-zero temperatures, we enjoyed every minute. The beautiful little town in Vermont reminded us of Weld, Maine and quenched our thirst to be back at Kawanhee this summer. I recall frequently the good times we had together & know that you think about them too. Come on back in June for more fun & happy experiences! Best to all, --Chip.

GREETINGS FROM KAWANHEE'S WINTER GUARDIAN ANGEL, "B.A." ALTMAIER

The sixth annual Kawanhee Thanksgiving was another big hit! Co-sponsors "B.A." and Mark Standen counted 25 bowed heads as the blessing was given. As usual, Tumbledown was "attacked" and partially conquered by some of the braves. A few weeks later, on New Year's Day, several Kawanheans (plus dogs) walked out to Bass Rock! Temperatures hit 25 to 30 below. There is still two and a half feet of ice on the lake, so it will be a while yet before we have Free Swims and "Peter in the Lake"--I'll see everyone in June and THINK KAWANHEE '81---"B.A."--

REPORT FROM PRESIDENT OF KAWANHEE'S POLAR BEAR CLUB--HERB BIRCH--

Mr. Birch wrote that his son Bruce spent a couple of days at Kawanhee two weeks before Christmas. At that time, Bruce reported that Lake Webb was a piece of ice 14 inches thick, 5 miles long, and two miles wide! The Moose were still at the bottom of the lake where the lake spills into the beginning of Webb River. The Moose have their winter rendezvous there and have their babies in the spring and enjoy wading in the shallow water feeding off the water plants throughout spring and summer. Mr. Birch has new project offerings for camp this summer--- wait 'till you see them--Wow! Also, Mr. Birch invites new members to join his polar bear club for the early morning plunge into beautiful Lake Webb. June 28 is right around the corner!

JON TRAYNER'S FAMOUS RIDE IN FERD SCHOEDINGER'S SKI BOAT

You can all recall how many times Ferd and Chris zipped across Lake Webb around Bass Rock and back to the ski dock. Well, try and imagine Ferd taking that boat to New York City, launching it in the Hudson River and zooming around Manhattan Island. You are right. That is exactly what happened. They went to the tip of Manhattan and stopped to take pictures of the Statue of Liberty, and then had a small race with the Staten Island Ferry. They made it all the way around Manhattan with only two tanks of gas. That's conservation! According to Jon Trayner none of them dared brave the water to go skiing---that was re-scheduled for June on Lake Webb.

THE TOPSHAM TRIO

Mark Standen, Mark Schiewetz, and John Bell share living quarters in Topsham, Maine. Mark Standen has been very busy teaching English, coaching J.V. soccer and basketball teams, and gearing up for the baseball season. Mark Schiewetz completed a 2,000 mile hike of the entire Appalachian Trail, beginning in Georgia and ending at the top of Mt. Katahdin in Maine's Baxter State Park. It took him from April until the end of August to accomplish this feat. John Bell is working at a famous restaurant in Brunswick. ALL THREE RETURN FOR '81. Other staff members planning to be with us are: "B.A.", Pete & Nan Belskis, Brian, Bruce, and Herb Birch, Ginny Brutscher (at Inn), Sue Buck, Sharon Cram (at Inn), "Big John" Detrick, Jane & Walter Estabrook, Sally Henkaline, R.N., Kristen Hosfeld, Amy Jordan, Becky Knowles, Danny Knowles, Betsy Perrin (at Inn), Pam Robinson, Mary Roziewski, Gary Saunders, Chris Stallman, Louisa van den Honert, Peter & Nancy van den Honert, Mike ("O.J.") Altmaier, Josh Cook, Eric Jensen, Mark Standen, Jon Trayner (at Inn), Dave Yale, Steve Yale, Tom Harrington, Jon Morgan, Will Fleming, Carter Messick, and a few other persons who have yet to give their final word on summer plans to Mr. Estabrook--Please do so soon.
