CAMP KAWANHEE WELD MAINE

## THE COMING OF THE CHIEF

BY: <sup>Age 12</sup> Gordon Scherer

It was a Saturday night and the bell rang. We all went to the rock hall for some background history of camp Kawanhee.

Camp Kawanhee was started by two brothers whose last names were Frank and they started this beautiful camp in 1920. They spent their summers in Maine, then one day George saw this area down here and thought would make a nice boys camp. So he and his brother came down here some time and looked around and decided that this area looked like a great spot for it! When the camp first started there were only two lodges: Eagle, and Falcon lodges and they decided to

Geoff Graham Age 10

Well after some more facts and stories we went to the Camp Fire area. There Mr. Birch called Chief Kawanhee and we dug up a message that the campers last year "left under the white snow of winter" to campers this year. The Indian Kawanhee told us to remember: Treat others as you want others to treat you. Then they lit the big fire. You could feel the heat all the way down at Bear Lodge. Then we were told to throw our sticks into the fire, after that he initiated us into camp Kawanhee. He then threw a big stick into the fire and left soon after. Then we started leaving slowly.

**The Trip to Monhegan Island**  
by Pablo de Grecia age 14

We finished our packing on Monday morning the 6th of July. We loaded the Bouncing Buggy and left at about 10:30 A.M. On the way to the boat we spent our time singing with Mr. Allen. At the port we loaded the Laura B and said goodbye to Josh Cook who drove us down. Then we sailed away towards Monhegan Island.

On Monhegan we divided into small groups, each with one counselor in charge. Then we were allowed to do what we wanted until 5:45 when we had dinner at the "Trailing Yew". After dinner we headed for the lighthouse where we put up our tents. This took some time and the sun was coming down, making Monhegan, the sea and the sky surrounding it a red-dish pink color. That night there was a little singing before taps and some children slept out in the open under the stars.

On the 7th after eating breakfast at the "Trailing Yew" we played horse shoes and then went hiking to the cliffs which were really fantastic. After that we picked up our picnic lunches and went to eat by the wreck of an old tug boat. Then we were free until dinner so we flew our kites. Then came dinner again and we played horseshoes again, a very enjoyable game. After that we had free time but most of us went to bed because we were going fishing the next day.

On the 8th, we ate breakfast and headed for the wharf where we waited for the fishing boat. Once we were on board we went on the other side of the cliffs for some fishing. It was very wavy so some children were sick but continued to fish anyway. This is proven by the catch which included a shark caught by Mr. Allen. I think we caught about 400 pounds!

When we got back, the second group took off and we went to have a picnic lunch. Then we packed and played until 4:00. At 4:00 we greeted the new group and took off. The journey was a long one back to Kawanhee but it was refreshed by a stop at McDonalds. We got back to camp at about 9:30 P.M.

**Ooh! Ahh! The 4th of July Extravaganza**

by David Fisher age 13

The 4th of July fireworks at Camp Kawanhee were spectacular. Some flew into the air, others just made noises and some threw sparks all around. There were helicopters that flew into the air spinning and throwing sparks all around. There were many Roman candles on the diving board that shot colored balls of light into the air. There were also giant bottle rockets that shot into the air and blew up. Also there were rockets that shot up and blew to make flower type designs in the air. Some of them had different colors in them. In the finale there was some of everything all at once. The whole cove was lit up for about 50 seconds.

Most of the fireworks had landed in the water but some were on the beach. Kids would run up and down the beach searching for used rockets to keep as souvenirs of one of their favorite events of the summer at Camp Kawanhee.

**RANGE REPORT**

by Bruce Birch

The first few weeks at the rifle range have been very busy ones. The boys initial two periods of the activity are concerned with range procedures, proper shooting techniques and safety lectures. When the boys complete their sighting test they are permitted to begin their shooting session at Kawanhee toward their National Life Association Awards.

No awards have been earned yet this season although many boys are very close to receiving some and most are doing quite well, especially the beginning shooters that are making considerable progress. We at the range stress a slow careful start so as to assure proper shooting techniques and safety first! Also, the Monhegan Trip greatly reduced our potential medal winners, however we are looking forward to many awards being received in the remaining weeks and much success for a great season.

The Kawanhee Little League got off to a fast start this season as the weather has been exceptionally good the first 2 weeks of camp. Teams were selected with the traditionally four-team group opted for a better balanced three-team group. The teams selected were the Scarlet Fever, coached by Peter Kahn, & Malachi Connally; the Ganggreen, coached by Will Flemming & John Morgan and the Black Plague, coached by Gary Pryor, Doug Graham & Steve Minus.

### SCARLET FEVER COOL THE PLAGUE

In a seesaw opener at Chip Button Memorial Field the Scarlet Fever came up with three runs in their last chance at bat to edge the Black Plague 8 to 7. The lead changed hands three different times during the game with the Plague scoring twice in the bottom of the fourth to take what looked to be a convincing lead at the time. But the Fever were not to be denied as Bruce Hurley walked & Eric Krum hit a two-run homer to tie the game up at 7 all. This set the stage for Joel Jeffery's single. He promptly stole 2nd & 3rd, then came home with the winning run on a wild pitch. Eric Krum & Warren Cronin were the stars of the game as Eric's game-tying home run gave his team new life & Warren's 3 for 3 batting & clutch-relief pitching proved to be the difference in this one.

### GANG GREEN INFECT SCARLET FEVER

The Gang Green used the 2nd & 3rd innings to score all their runs in handing the Scarlet Fever their 1st setback of the young KLL Season 5 - 2. The Fever used a 6-hit attack, 2 by shortstop Peter Juhng, and singletons by Doug Mueller, Craig Uszak, Jim Norian and Ben King. For the Fever, Joel Jeffrey & Eric Krum were repeat hitters with two apiece. Keith Bertani chipping in with a single. Winning pitcher Taymore Larghami was credited with 11 strikeouts as he won his first game of the season. Losing pitcher Warren Cronin & Relief Ace Joel Jeffrey's were credited with striking out 10 Green batters. Cronin's pitching record dropped to 1 win and 1 loss on the season with Jeffrey's unable to register either a win or loss in the two games he has worked thus far. Both teams hurlers should be singled out for their fine pitching as only 2 walks were registered in the entire ballgame with the Fever pitchers not walking a single batter. Also Jeffrey's came in in the top of the 4th & blanked the Green the rest of the way allowing only a harmless single in the 10 batters he faced. This was a fine ballgame and both teams should be proud of their efforts given. The game ended with both teams giving a Kawanhee Cheer to their opponents as a gesture of Good Sportsmanship.

### GANG GREEN EXPLODE PAST PLAGUE

The Gang green coached by Will Flemming & John Morgan used a 7 run 1st inning uprising then relied on the stalwart pitching of Ace Peter Juhng to blank the Black Plague by a score of 12 - 0 in KLL action here on Monday, July 5. It seemed like the Green saved a little of Bruce Birches fireworks display for a little display of their own as they scored 10 runs on 6 hits aided by 3 Plague errors in the 1st 3 innings and were never tested the rest of the way. It was the Greens 2nd consecutive triumph of the young season which put them in sole possession of 1st place, but it is still too early to tell if a trend is in the works for a Green dominance of the League. The Wigwam was able to put such a question to Green Mentor Flemming but Flemming refused to make a prediction at this time for fear of giving the opposition an emotional incentive.

Green Ace, Peter Juhng was credited with striking out 12 Plague batters and also chipped in with two hits. He gave up only 1 hit to Plague 3rd baseman Jason Eldred. Doug Mueller of the Green was credited with 3 hits & also 3 runs scored. Bernie Gehret had 2 hits with Craig Uszak and Jim Norian getting each a single. The Plague were without the services of Alex Brito whom has shown no mercy for the oppositions pitchers to date. Alex was on the Famous Monhegan Island Trip. Alex was quoted as saying, "wait until next time, we'll Plague the Green to death".

#### INITIAL KLL STANDINGS

	WON	LOSS
Gang Green	2	0

Hank Aaron League action was off to a great start with Dunc's Drunks Bop's Flops and Shahan No-Names playing a total of 3 seesaw games.

Game 1 pitted Bop's Flops vs. Shahan's No-Names with the Ghost of Mike Meserole throwing out the first ball, which was an eye-catching experience.

The No-Names got off to a quick start with a 4-run second inning which included solid singles by Andy Delong & Chris Newborg, as well as a triple by Andy Coward. The No-Names lead seemed awesome insurmountable as Ish Detrick was pitching no-hit ball going into the third inning. However, the Flop's bats came alive led by Captain Tom "Bopper" Johnson, who went 3 for 4 on the day. The Flops picked up a total of five runs in the next two innings with impressive hitting performances by Co-captain Andy Seifert & Peter Kahn, Junior Counselor Peter Kahn, and former Little League Star Mark Mitchell, which helped to tie the score at 5 a piece after 4.

In the following frames though, the No-Names proved to be durable against any Flop assaults - as well as consistent offensively - every No-Name player got on base during the game, with only one not getting a hit. All of which contributed to the eventual 9 to 5 triumph for the No-Names.

Game #2 at Chip Button Memorial Field saw Dunc's Drunks vs. Bop's Flops playing on a very pleasant summer evening.

The Flops got off to a lightening start with 3 runs in the top of the first, with hits coming off the bats of Little League substitute (due to Monhegan) Warren Cronin and the quick hands of Peter Kahn. The Drunks, who, for some reason also like to be called the Ragnaraks???, answered the Flops with a couple of runs in the first themselves, with screamers coming off the bats of the Drunk himself, Tim Duncan and powerman Mike Wallace, (3 for 3 on the day). Sloppy fielding by the Flops only aided the DRUNKS hitting binge. After some quick innings with swamped fielding procedures by each team the real action brewed.

The Flops started off the fourth inning with Center-fielder Pete Schuck hitting a neat two bagger up the hole. Bringing him in for the score was another Little Leaguer substitute Bruce Elliot with a bit of help from Warran Cronin as well. The Flops ended the fourth with 2 more earned runs and a 5 - 3 lead. The tension was mounting.

The Drunks now feeling a little sobered by the Flops taking the lead, quickly woke up in the fifth with some hot hitting by Mike Wallace and Greg Fulda. Some confusion on the part of the Flops as to where the ball should go each play helped to give the Drunks the added belt they needed to squeek ahead 6 to 5.

The Drama pulsed in the top of the seventh as the Flops, with their last chance to pull it out had a man on second and third with only one out. Drunk's pitcher Tim Duncan wheeled back on the first batter - strike one, strike two, strike three, - Beautiful. "One more" - the Dunc's whispered to the ump. "don't blow it" he replied. Sure enough the Dunc's pitch to Peter Schuck was grounded out to the short-stop Kurt Goodman whose throw to get the force-play at first for final out seemed to be taking it's time flowing through the air with the Flop's fate in its course with the final inspiring win by the Drunks. Final score 6 - 5.

Game #3 - Dunc's Drunks vs. Shahan's No-Names turned out to be quite a lopsided affair. The Drunks batting display was truly impressive. The team batting average on this day was well over 400 as five players got 2 hits or more, 11 of 12 were singles. Major contributors to the Drunk's scoring which starting in the third were Mike Wallace, Tim Duncan, Greg Fulda, Jose Villanueav and Jason McMahon. All toll the Drunks sponged up 9 runs from the No-Names who were caught in a no-hit syndrome. In fact the No-Names only had 5 hits in four different innings. The only bright spot for the No-Names was a nice triple by Ish Detrick. Final score Dunc's Drunks 9 - Shahan No-Names 1.

Clearly Hank Aaron softball is moving along well with some good competitive action. As of week #2--

Bop's Flops - 0-2

Shahan's No-Names - 1-1

What makes you "distinguished" this early into the camp season?

**Gordon:** Well, I got up on water skis for the 1st time.

How long had you been trying?

**Gordon:** About 5 times.

Do you like it?

**Gordon:** I love it.

What does it feel like?

**Gordon:** Well, at first its kind of scary I guess. But after you get up its a lot of fun.

Who or what helped you the most in accomplishing this great feat?

**Gordon:** Chris Yardley, my instructor.

What will your next achievement be?

**Gordon:** Would you believe to get up on one ski?

## KAYAKING!!

The Bell rings for another end of Second period at KawanHee. Now its free time campers can play Four Square, tether Ball, or go to free ski or other fun things like that.

Another fun thing to do on free time is to kayak. I am one of the many privileged campers able to take out a kayak. Before you can take out a kayak you have to learn how to use the kayak. Also you have to know some safety. For instance, a wet exit you have to flip the kayak, pull the skirt or wet covering off and escape from the kayak if in danger. So next time you want to kayak. Just ask Mark Standen the Director of Activities. Don't forget, A kayak Adventure is a very cool thing!

## EAGLE

reported by Jeremy Myers

Our Lodge is Eagle Lodge. The counselors are Greg Fulda and Will Fleming. The campers like them alot. In our cabin there are 7 kids. Here they are: Adam Brown - he likes to play jokes; Andy Brown - he likes to play jokes too; John Martin - he likes to be nice; Mark Hoffman - he likes to play baseball; Paul Bloomfield - he likes boating; Jason Banasik - he likes going on hikes and then there's me, Jeremy, and I love Kawanhee!

## FALCON

reported by Andrew Graham

I have 9 people in my lodge and they are all 9 years old and we have 2 counselors, Carter Messick and Peter Bowers. They are nice. All the campers in my lodge are good at activities.

One camper is me, Andrew Graham, the others are: Keith Bertani, Andy Cano, Dave Bloomfield, Tommy Greene, Jose Vazquez and Alberto Villanueva. I was the only one who went to Monhegan. Carter Messick, our counselor, works at campcraft and helps build the campfire. Peter Bowers works at range and helps people get their medals quicker.

## PINE TREE

reported by Ben Jacobson

These are the kids in my cabin: Duncan Burnham, me-Ben Jacobson, Geoffrey Graham, Derek Barnes, Bruce Hurley, Mark Banasik, David Sel, Pedro Zapata, Miguel Olazabal and Alvaro Caprile. My counselors are John White and Malachi Connolly.

We've taken a few trips this year. Our 1st trip was climbing Mt. Bald and most of us went to Monhegan Island. The people on the 2nd trip to Monhegan Island missed a trip to Coos Canyon. One day Mark Banasik scored 6 goals in one day and I scored none! But I'm pretty good at playing baseball.

## HAWK

### CROW

reported by all members of the Lodge

Crow lodge this year has a wide variety of personalities and nationalities in spite of its occupancy of only 5 campers. Contributing to the international flavor is Manuel Ruiz from Spain. Manuel likes Spanish Rock n' Roll and putting sugar in his milk. Jose Villanueva is from Puerto Rico. Jose likes to eat, hear music and walk on top of cars.

There are two Andys in Crow this year: Shahan and DeLong. They are both North Americans who enjoy playing indoor and outdoor baseball. Joe Banks is another native of the United States who has size 13 feet.

Among the 3 counselors in Crow, there is Rick Fuster from Spain. Rick doesn't like sleeping outside on the ground in a sleeping bag, but he still manages to smell pretty. Doug Graham, in spite of his red hair, is half-Brazilian. When he is not playing soccer, banding birds in the Amazon, or doing other crazy things, he's not doing much. And rounding out the list of personalities in Crow this year is Gary Pryor. Gary chews tobacco, drives a jeep and has recently installed an earring; all prerequisites for being a banker in New York.

### BADGER

reported by all of Badger Lodge

This year's counselors in Badger Lodge include Rees Tulloss, a

Grand River Academy in Austinburg, Ohio and is returning for his second season at Kawanhee; Tom Johnson, coming back for his sixth season, who is from Englewood, New Jersey and is a sophomore at Salisbury School in Salisbury, Connecticut; Tim Duncan, returning for his seventh season from Tenaflly, New Jersey who is going to be a sophomore at Tenaflly High School (Tim owns a 15-year old dog); Jim Ottley who also comes from Tenaflly is going to be a junior at The Choate School in Connecticut and returning to Kawanhee for his 4th season.

Andrew Detrick from Columbus, Ohio and Edgar Fleming from Omaha, Nebraska have been chosen as this year's captains for the Greys and Maroons respectively. Both are Kawanhee veterans of many years, second-generation Kawanhees, and good friends.
