GREY - 31,396 MAROON - 30,922

GREYS WIN TEAM COMPETITION!

For the first time in several years the Greys defeated the Maroons in the 1983 team competition.

On Saturday, August 13th, as BA Altmaier, Kawanhee scorekeeper, strode to the front of the awards ceremony there was much suspense in the air. At the last reading of the score the teams had been just a 100 points apart.

The teams moved to the edges of their collective seats as BA began to speak, but wait! The suspense must continue! First, a phone call from President Reagan. Then, slowly, the numbers of the final score was placed on the scoreboard. All but two numbers had been placed, when it was discovered they had been left on Bass Rock! Oh No! BA took a quick boat ride to retrieve the numbers as the crowd remained restless. Finally, the numbers were put on and the Greys had won! They out-scored the Maroons by a 1000 points to win the year's competition.

This year the competition was fun and close. Congratulations should go to team captains, Tim Duncan (of the Greys) and Eric DiPaolo (of the Maroons).

It was a great season for Kawanhee and this included another year of team competition! See you next year - who will win? The Maroons or Greys? Be here to find out!

AWARDS

HIGH POINT WINNERS

1. Pat Moran	1405
2. John Norian	1380
3. Andy Zechiel	1365
4. Bernie Gehret	1110
5. Joel Jeffrey	995
6. Bob Banasik	930
7. Mark Valore	880
8. Greg Perron	865
9. Jason Eldred	855
10. Al Fuster	830

NOT PICTURED-Alberto Acedo, Borja Arteaga, Bob Banasik, Tim Duncan, Fly McPeak, & Scott Norris.

SWIMMING

By Louisa van den Honert

No wonder they call us the most efficient department in camp! Looking back over the past seven weeks it seems we have done am-aaa-ing things...

Some campers arrive at Kawanhee not knowing how to swim at all. But do they leave that way??? Of course not! This year we have 5 brand new swimmers: John Donahey, Billy Weismann, Charles Lee, David Sel and Diana Belskis have all learned to swim and proved it by swimming a distance of at least 100' to $\frac{1}{4}$ of a mile. Good job guys!

We have also passed over 350 levels in swimming, with some campers managing to pass six or seven in **one** year. We have had a lot of good luck with the weather, but even on the few and far between days where even the swimming instructors thought it was too chilly to get wet, we had some hearty campers come out and brave the wind and the waves to pass levels. Now that's dedication!

On top of all this (I know it seems incredible there could be more) two lifesaving courses have been run. One, called BLS (basic lifesaving), is for boys 11 and older, who want to learn personal safety, self rescue, and non-swimming rescues of drowning victims. The main emphasis of this course, as with the advanced lifesaving course, is personal safety so you can be helpful to a drowning victim.

The ALS course is for boys 15 and over and is designed to teach them how to be Red Cross Certified lifeguards. After this 6 weeks course these boys can get a job anywhere across the country as lifeguards or go on to take the Red Cross Water Safety Instructor course and learn to teach the swimming and lifesaving courses themselves. We had 17 boys pass these 2 courses this year.

Not only the campers learned things on the waterfront this summer, we, the department have passed **all** our maintenance levels.

Our diving platform is more level and solid than ever (put a marble in the middle and it won't move), the runway is floating again after Hurricane Gertrude struck and blew it apart. Our white equipment box has a brand new set of hinges and we are generally in wonderful shape. It will be sad to take it down and store it for the winter, but John, Peter, and I are all looking forward to next June, when we will get up and do it again!

NATURE

By Billy Weismann (age 8)

ALS

WRESTLING

By Will Fleming

Another excellent summer in wrestling came to a close with the 1983 Final Tournament. Participation was outstanding. 110 boys wrestled at least one match. Results from the tournament can be

TRIPPING

By Josh Cook

As always, the last few weeks of tripping were well spent. We began open tripping which allows any boy to go on any of our trips. The groups were smaller in size, but much greater in quality. We ascended Mt. Bald, Mt. Blue, Mt. Blueberry, and one last trek up Mt. Tumbledown. The beauty of mountain climbing in August is that the blueberries and raspberries are so ripe that they fall off the plants with just a touch. Dave Jones, Alan McEwan, Scott Barnes, Andy Brown, Chris Klings, Todd Worthington and I picked enough berries atop Mt. Blueberry to make and bake 5 pies! These we also ate much to the envy of those who didn't go!

The real finale for tripping was the whitewater rafting trip down the Kennebec River Gorge. All boys 14 and over that are excellent swimmers were invited. We ended up with a group 23 strong. The scenery was spectacular, the steak lunch was great, but those were just bonuses because the trip was to find whitewater - and lots of it. We all got our share of big water and tremendous waves. This was a once in a lifetime experience I hope everyone can try at least once.

Until next year when it all starts again, Joshua.

SKIING

By Chris Yardley

Another super skiing season comes to a close. Ninety to 95% of the campers of 1983 skied this year. Many also tried the hydro-slide knee board. The campers became proficient at standing and sitting dock starts. Thanks to the diligent work of Lars Jensen and John Detrick, new accomplishments were achieved. A ski department beach was created and a slalom course was completed.

Some boys participated in a ski tournament on Clearwater Lake in Farmington, Maine. Lars Jensen, John Detrick, Josh Cook, Matt Kohler, Robert Studebaker, and Chad Bennett slashed up the buoys. Josh and Chad placed 2nd in their divisions.

Other 1983 memories include the best 4th of July ski show ever! Featured was a three-man pyramid. But the best memories held are those of the campers after they yell the infamous "Hit it!".

Ski ya in '84!!

ARCHERY

By Mike Duncan

Archery, one of Kawanhee's more productive and enjoyable activities, had a very fine year. One hundred ninety-eight pins were earned by the campers this season. Some fine archers like: Peter Sengelmann, Si Jeffrey, Scott Worthington and Andy Zechiel displayed great talent out at the archery range. Seventy-five campers earned pins this season, while ten of those boys earned five or more archery medals. Forty first-year campers earned two or more pins, showing that archery is a sport that can be easily learned with a little coaching. The final archery tournament of the year is underway at the present time. This tournament will reveal the best archers in their perspective age groups. The winners will be announced at the awards ceremony and ribbons will be passed out. Archery has had a fine season and expects to have an even better one next summer.

SOCCER

By Juan Fuster

There are two main things campers have to do during a soccer period. They can play a game, work for some units, or do both. Earning the units takes time like in every activity in camp, but it also takes skill which you have to practice a lot to achieve. Generally we make the kids play a soccer game for half of the period so that they can practice and get all their skills together. After this they start working on the units. There has been a lot of hard work done this year to earn the units. Those who worked hard consistently and practiced were able to succeed. We do not like to give the levels away.

The other big soccer activities in camp are the soccer leagues and the Spain vs America soccer matches, which are now very close. There are two soccer leagues, first for kids 12 and under and secondly for campers 16 and under. There were three teams in each league, but this year there was one team in each age division, which dominated easily. In the junior division, Jeffrey's Blue Thunder did not give a chance to either Marc's White Lightning or Bertani's Mooners. In the senior league, Fuster's Big Feet was also undefeated against Banasik's Bananas and Rector's Rockets. So congratulations to captains, Joel Jeffrey of Blue Thunder and Al Fuster of the Big Feet. Congratulations go also to the high scorers of each division, Jacobo Arteaga and Al Fuster. It has been a great season, but I'm sure it will be even better next year.

STANDINGS

JUNIOR LEAGUE

Jeffrey's Blue Thunder - 4-0
Bertani's Mooners - 1-3
Marc's White Lightning - 1-3

SENIOR LEAGUE

Fuster's Big Feet - 4-0
Banasik's Bananas - 2-2
Rector's Rockets - 0-4

Basketball WRAP-UP

By Mark Lung

With the many rainy days and lag days following, along with the late start, the Kawanhee Basketball season was kept short. However, many units were passed in the four weeks.

The senior and junior basketball leagues also enjoyed an exciting season. In the senior league the Miracle Whips went 4-0 to win first place. Petey's Frogs with 2-2 hold were second with Fly's Fleas bringing up third with 1-2. In the junior league, Whiting's Red Devils finished first at 3-0. Valore's Vikings have 2-1, while Rancan's Ranger's and Stud's Duds finished at a tie for third with 0-2 records.

Successful Season Guys! Until next year on the all-season courts - Mahalo!

BOATING '83 in RETROSPECTIVE or DON'T LOOK BACK

by John Bell

Wigwam articles are notorious for their cliché content; resistance and avoidance of them is nearly impossible when writing of Kawanhee happenings. They are in fact part of Kawanhee tradition, so why fight it!

The most popular, most fun, most exciting department in camp had perhaps its finest season ever in '83. Nearly every camper passed at least one of the 2 boating tests and all took advantage of their free time boating privileges. Some of my fondest memories have been of those free boating periods before lunch with those flotillas of campers happily boating around our beautiful cove.

While every boating period back at camp was an adventure in itself, boating also took to the road this past summer in collaboration with those crazy trippin' guys, Josh Cook and Dave Jones. The Kennebagog River was run for the first time, which was highlighted by 3 moose met along the way. The Androscoggin, a Kawanhee favorite, was conquered on two occasions. Other trips included a full days outing on Lake Webb with Eagle and Falcon and a whitewater rafting trip down the perilous Kennebec Gorge. Next year we will be again working closely together and will be scouting out some new

SAILING IN '83

Throughout the summer the boys have worked hard both at sailing and passing levels. The levels consist of learning sailing terms, theory, and knots. Fortunately the weather has been favorable this summer and we have been able to do a lot of sailing in addition to the level work. Many of the younger boys who are unable to take the small boats out in a heavy wind could go out with one of the counselors in the Cape Cod Knockabouts. These beautiful wooden boats were designed for ocean sailing and therefore handle very well in rough weather.

Now that camp is quickly coming to a close, the sailors of Kawanhee are entering into the Final Regatta. The regatta began with fifteen skippers. The first two elimination rounds gave us Andy Cano and Nick Botez. The third round is presently in progress and will give us our third and final skippers. These three skippers will then battle it out for the number, position, and one hundred points for their team. May the best man win! (congratulations Andy Coward!)

By Pete Hauser

Tennis INVITATIONAL

By O.J. Altmaier

On Friday, August 4th. the Camp Kawanhee Tennis Team participated in the Camp Wekela Invitational Tennis Tournament at Canton, Maine. The tournament was divided into two age categories - 13 years and younger, and 14-16 years old. There were six other camps involved in the exciting competition.

In the first round, Joel Jeffrey and Lex Brito posted victories, while Eric Krumm dropped a close match. Also participating were; Chad Bennett, Matt Kohler, Peter Juhng and the Doubles Team of Ross Whiting and Miguel Olazabal.

The senior double team of Al Fuster and Andy Coward fared the best. They fought their way to the semi-finals before being defeated by a tough team from Camp Winnebago. In singles action, both Alex Brito and Joel Jeffrey lost in later play. During our stay, Camp Wekela was extremely hospitable including treating us to lunch. It was an exciting time and good experience for young tennis players.

BASEBALL HIGHLIGHTS

GREEN BERETS - KLL CHAMPS

PLAYOFF TIME

By Scott Hanna

As we Kawanheesians come upon the sixth week of camp, tension in the baseball world becomes prevalent, for it's playoff time! Yes, as hard as it is to believe, the regular season has ended and we move into the four-team single elimination playoff system.

Despite a team's record at the end of the season, everyone makes the playoffs. The Kawanhee baseball staff tries to de-emphasize the importance of winning and strongly stress the significance of participating.

On the third of August the Green Berets played host to the Black MX. Despite a poor record during the regular season, the MX headed by (soon to be attorney) John White never gave up once. Doug Mueller hurled a two-hitter against the unbeaten Green Berets. Those two only hits were singles by Mike Probst and Greg Mullen. On a combined pitching trio of Joel Jeffrey, Eric Krumm and Jim Osborne the G. B. did not allow the M. X.'s a hit. Yes, that's right, a no hitter, one of the few ever recorded in KLL history. However, the statistics that tell it all are the LOB (men left on base). The Black MX had 9 LOB as compared to 2 for the G. B. The final score was 6-3 in favor of the unbeaten Green Berets.

In the twilight game of the sixth week playoff mania, the Purple Cows were host to the Agent Orange. This particular game meant something bigger than the mere fact that a winner goes on to the World Series. For in this game, which, may I add, was the wildest

Bertani. Likewise, Valore pitched a heck of a game. He gave up singles to Peter Sengelmann, Jeff Rancan and Scott Barnes. Jimbo Norian had the only extra base hit for the P.C. Now back to the inspirational stuff. The P.C.'s were trailing by two runs in the bottom of the sixth. When a clever base running move by Robbie Ryder led to an incorrect call by an umpire which subsequently enabled all three runners to score. Thus the P.C.'s were victorious 8-7. However after long heated debates the coaches (Mike Duncan and Eric Sengelmann) acknowledged the fact that due to an inexperienced umpire the game should not be concluded on such a sour note. Both teams felt that in order to maintain the spirit of Kawanhee they should come back the next night and start where the original mistake was made. The Agent Orange were the eventual winners 8-6. How 'bout that Kawanhee fans!!

AGENT ORANGE - KLL RUNNER-UP

A FINAL SWING

By Pete Belskis

Well it seems almost impossible that another camp season at Kawanhee is coming to a close. I would like to take this opportunity to thank all who made this season in baseball a successful one. Thanks to my co-workers, Scott Hanna and Tim Duncan whose tireless efforts in coaching, umpiring, and instruction, made for a smooth working department. I am hopeful they will both return next year. Next I would like to thank all the Little League and Hank Aaron League coaches for the giving of their free time to coach a team. Appreciation must go to all campers who volunteered as scorers and umpires. A special thanks to Herb Birch and the shop for their help in the construction of the annual baseball special awards and the new 36 hole bat rack. Last, but not least, thank-you

MINUTEMEN - HAL CHAMPS

THE MEN TAKE THE CROWN

By Tim Duncan

The last two weeks of Kawanhee softball were fast paced and exciting. All three teams gave everything they had in order to become the champions. Yet, in the end, Nachman's Minutemen came out on top.

The action began on Friday the 5th when the Wizards met the MM for the final game of the regular season. Bob Byrnes and Mark Nachman got key hits in the first inning to get the Men to take the early lead. The Wizards fought desperately to come from behind. In the fourth inning the Wizards loaded up the bases and threatened to tie the score; Yet, defense came through for the Men. "Zeke" Zechiel made an outstanding catch to get the first out; Then it was the powerful pitching of Tim Duncan that halted the Wizard's attack. He struck out the next two batters to end the inning. The Wizzies were too stunned to rebound back. Final score, Minutemen - 5, Wizards - 2.

The regular season ended with the Men on top. Double Trouble and the Wizards finished in second and third respectively. Therefore, it was decided, the playoff game would consist of teams 2 and 3 with the winner going against the Minutemen in the championship game.

On Saturday, August 6, the semi-final game was played. Double Trouble was up against the blood thirsty Wizards, who had lost just the night before. Withington's team came out roaring; they scored six runs on seven hits. The Troubles slowly came back. By the end of the game, they had scored eleven runs, but the Wizards ended up with 17 to take the victory. Although Peter Brown, Greg Fulda, Andy Coward and company had had a fun season, it was finally over. The Wizards were off to the championship game.

The final game was a hair-raising thriller. The W's scored 4 in the first on Alan McEwan's double. The MM came right back getting 4 runs on 6 hits. In the top of the second inning, Andrew Shahan hit a high-flying triple to put the Wizards back in front 6-4. The MM rallied back and scored three more. The Wizzies tried to bounce back but couldn't get back on the track. The game was a great battle between two great teams, but in the end the Minutemen became the champs by a score of 8-6.

Signing off,

FLASH CUTBACK

SCOOP O' JOY

Wouldn't you know it. Just after I get done saying how the SC locomotive has derailed, they come back and trash the JC's 12-3. This is not good for my credibility. I've got a wife and three kids to feed! And now, I must tell you about it? Here goes...

It is the job of every good reporter to be at the event he is covering. I was at the event. To find out what happened in the game and

went 4 of 5 as did John Bell. With the efforts of these men, the SC's had no problem nullifying the JC offensive, which was hardly existent anyhow. However, Pete "Killer" Kahn did manage to go 3 of 4 for the complacent JC's. I would mention something about the diving catches, stolen bases and double-plays, but since I wasn't at the game, I can't. Scott Hanna was and is sure to give you an insightful and guile look at the game.

Well, that's it. The SC-JC rivalry is over for 1983. The JC's pulled out the 6 game series 4-2. It will be ten moons, or so, until those Titans of Turf return to action. I know I will loose sleep in anticipation of the buffoonery. Hold tight, Pete Belskis and his friends will surely be back to amaze you in '84. For now, this is Scoop O' Joy signing off.

SCOTT NORRIS

A KAWANHEE FIRST!

At 9:54 on the morning of August 11, Scott Norris stepped into the waters of Lake Webb from a beach at the head of the lake. Two hours and forty minutes later he waded out through the mud where the Webb River begins - a distance of 7 miles. Scott is only the third camper to attempt this feat, but the other two stopped at camp. Scott is the first camper to swim the entire length of the lake. CONGRATULATIONS SCOTT!

Counselors in TRAINING

To a great degree the strength of the program at Kawanhee is dependent upon the competency of its counselors. To insure quality leadership the older boys (usually 15 and older) may opt to participate in the CIT program which if successfully completed insures them a junior counselor and possibly a senior counselor position later on. The first few weeks of the summer are spent in preparatory sessions with the Director of Activities. The latter part of the summer is spent working in a particular activity. Eventually

JMG - KEVIN HUMPHREY

IN THE WILDERNESS FOR A WEEK

By Bob Withington

There were six candidates that went out for Junior Maine Guide. We had two campsites which had three people each. During each meal we had to impress the guides with a good campsite, good wood supply and good food. The candidates that went out for JMG all set their goals high hoping for the best. We tried our hardest to please the guides in the way they wanted.

We learned a lot from the guides - small secrets that would help you in the woods. Working with a compass and map is all part of the test. When you achieve your JMG you really know your stuff. There are no short cuts that you can take in this program. If you might have a future plan in working out of doors, this would be a good program for you. It teaches all the things you need to know to live in the out of doors.

WHAT A BEAU TI FUL MORNING!

By Herb Birch

Counselors of Skunk Ridge, older men who do not have lodges, have been dipping at first bell for nearly 25 years. About 5 years ago Herb Birch was the sole member of Skunk Ridge who continued to dip.

Herb got the bright idea of inviting the campers to dip with him and the idea grew. As an incentive the name Polar Bear was given to the early morning dippers and any campers dipping 10 mornings or more during the camping season officially becomes a member of the club and gets a wide white stripe painted on the shaft of his canoe paddle.

Usually we have about 12 morning dippers, but this summer have gone over 20 three times. The following boys have become official members of the Polar Bear Club this past summer: Gordon Scherer, Jason Krumm, Keith Bertani, Jason Banasik, Silas Jeffrey, Peter Sengelmann, Patrick Moran, Andy Coward, Doug Mueller, Jim Osborn, and Robert Studebaker.

SATURDAY MUD BATH

On your mark, get set, GO!! Through the tires, over the benches, up and over the backstop, run, run, run, mail a letter and back to the starting line!! The annual Grey and Maroon obstacle course had begun. But it didn't end until almost every camper volunteered to run the second half of the course, too, at least the mud bath! It was great fun and a terrific way to make the best of a soggy Saturday!! Victory went to the Maroon who along with the Greys enjoyed a much needed FREE swim after the rousing cheer!

HUGS FOR HERB

Swimming claims, as does every other department in camp, to be the most efficient and most popular in camp, but without a doubt the most helpful and the most giving of their time is the shop. Sending each boy home with a beautifully finished project is no small accomplishment. In addition to the regularly scheduled hours with the campers, Herb and Brian Birch, give many evening hours to our boys. They are also called upon and willingly respond to calls for help from the various departments and staff members. Several of our staff people again this year are returning home with a wooden memento of their summer on Lake Webb. Thank-you to two people who truly exemplify the spirit of Kawanhee - teaching our campers by example the values for which Kawanhee stands.
